Elements of a Business Plan

1. Cover sheet

2. Statement of purpose

3. Table of contents

I. The Business

- A. Description of business
- B. Marketing
- C. Competition
- D. Operating procedures
- E. Personnel
- F. Business insurance

II. Financial Data

- A. Loan applications
- B. Capital equipment and supply list
- C. Balance sheet
- D. Breakeven analysis
- E. Pro-forma income projections (profit & loss statements)
 - i. Three-year summary
 - ii. Detail by month, first year
 - iii. Detail by quarters, second and third years
 - iv. Assumptions upon which projections were based
- F. Pro-forma cash flow

III. Supporting Documents

- A. Tax returns of principals for last three years personal financial statement (all banks have these forms)
- B. For franchised businesses, a copy of franchise contract and all supporting documents provided by the franchisor
- C. Copy of proposed lease or purchase agreement for building space
- D. Copy of licenses and other legal documents
- E. Copy of resumes of all principals
- F. Copies of letters of intent from suppliers, etc.

Addenda should include an executive summary, supporting documents, and financial projections.

Business Structures

Listed below are some common forms of business structure. Individuals should select a structure that best fits their needs. Legal and tax considerations enter into this decision. All of these structures have advantages and disadvantages and there are several variations of these forms. It is advisable to consult an attorney or a certified public accountant to ensure that the form of organization you choose will best meet your needs.

Sole Proprietorship – A business owned by an individual who is solely responsible for all aspects of the business. Under a sole proprietorship the owner is liable for the debts of the business.

Partnership – A legal entity that two or more people jointly own. Each partner is jointly and severely liable for the debts of the partnership and for the business conduct of each partner. Formal partnership agreement is recommended.

Limited Partnership – Similar to a partnership, but some partners have limited liability. The business is operated by a general partner who is liable for all debt. The general partner can be an individual or other business such as a corporation. The limited partner is liable only for the amount that partner has agreed to invest. Formal written partnership agreement is required.

Corporation – A legal entity formed for the purpose of engaging in business activities for the profit of the shareholders. A corporation functions as a person pursuant to Virginia law; therefore a corporation may own property, sue or be sued, and enter into other agreements like an individual. **S-Corporations** and **C-Corporations** have greatly differing tax structures.

Limited Liability Company – An unincorporated association that offers the advantages of limited personal liability and, in some cases, taxing benefits similar to a partnership. Legal and accounting counsel is highly recommended in order to establish your company to meet the specific requirements to qualify for the special taxing benefits.

If you decide to incorporate, create a limited liability company, or create a limited partnership, you must proceed through the State Corporation Commission.

Permits and Requirements

Permits & Requirements

Development Facilitator

York County's Environmental & Development Services Department has on staff a Development Facilitator, whose job is to assist developers and business owners through the entire development review and permitting processes.

Anyone considering commercial development in the County should contact **Milissa Story** at 757-890-3561 for assistance.

Federal Requirements

Taxpayer Identification Number

Businesses must have a Taxpayer Identification Number so the Internal Revenue Service (IRS) can process tax returns. These identification numbers are your Social Security Number (SSN) and/or your Employer Identification Number (EIN). Corporations, Partnerships, and Limited Liability Companies, by their nature, will have EIN's assigned by the IRS upon registration.

An EIN is needed if:

- You pay wages to one or more employees
- Or
- You file pension or excise tax returns

903 Gateway Boulevard	757-262-4007
Hampton, VA 23666	www.irs.gov

Business Taxes

All businesses are affected to some degree by local, state, and federal tax laws. Business activities that operate for a profit may produce a tax liability, whether the enterprise is a sole proprietorship, a partnership, a corporation, or a limited liability company. The assistance of an accountant is recommended in determining which taxes your business will be responsible for paying.

State Sales Tax, Withholding Tax, Corporate Income Tax, & Other Non-Property Tax

For businesses that are required to collect sales tax, the Virginia Department of Taxation issues a Certificate of Registration, which allows you to collect and remit sales tax to the state.

Every corporation organized under the laws of Virginia, or having income from Virginia sources, must file a corporation income tax return with the Virginia Department of Taxation.

State regulations also require registration with the Virginia Department of Taxation by businesses subject to litter tax, consumer use tax, and tire tax, as well as those required to withhold income tax from employees or to collect sales tax. In addition to the above named taxes, there are others that pertain to specific products. It is recommended that you consult a licensed professional or the Virginia Department of Taxation for more information.

Virginia Department of Taxation	
Office of Customer Services PO Box 1115 Richmond, VA 23218	804-367-8031 www.tax.virginia.gov

State Occupational Permits and Licenses

The Commonwealth of Virginia regulates certain businesses. In general, businesses regulated by licensing or permitting requirements are involved in the areas relating to public health or safety, such as engineering, architecture, health professions, environmental hazards, building codes, and financial services, such as CPAs, real estate agents, surveyors, and employment agencies. Contact the Virginia Department of Professional and Occupational Regulation to find out if your business is subject to licensing or permitting requirements.

Virginia Department of Professional and Occupational Regulation

State Contractors/Tradesmen Licenses

Persons, firms, or corporations engaging in the construction of new structures or new additions to existing structures, or those involved in remodeling, repair, or demolition of existing structures are required to be licensed in the Commonwealth of Virginia, as well as being properly registered in York County. This requirement is applicable to (but not limited to) building contractors, residential contractors, and subcontractors (electrical, plumbing, mechanical, masonry, etc.). Fees for licenses vary according to the type of license issued.

Food Manufacture and Wholesale Food Distributors

All businesses that engage in the manufacture or distribution of foods, beverages, and/or additives of any type are required to be registered with the Commonwealth of Virginia Department of Health. Should you intend to engage in a food-related business of this type, please contact the Commonwealth of Virginia Health Department. The agency will provide you with an information packet containing food related business information and regulatory requirements. These businesses may also be required to obtain a permit from the Virginia Department of Commerce.

County Requirements

Refer to the County's Developer's Guide document for more specific development procedures, contacts, and current License/Permit fees.

Assumed Names, Trade Names, and DBA's

New businesses with trade names are required to file a Fictitious Name Certificate with the Clerk of Circuit Court prior to applying for a business license. Please call (757) 890-3350 for forms and additional information.

Business Licenses & Required Procedures (Please allow sufficient time for your Business License application to be processed)

- **Home Based Businesses**
 - Certain home-based occupations are permitted by the Zoning Ordinance, while others require a Special Use Permit or are prohibited altogether. Certain restrictions apply. Please contact the Development and Compliance Division at (757) 890-3524 to ensure your business meets zoning requirements.
 - "Zoning Clearance for Home Occupation Statements/Applications" must be submitted. Contact the Commissioner of the Revenue's Office. (757) 890-3383.
 - Apply for a Business License. Commissioner of the Revenue. (757) 890-3383.
- **Buying an Existing Business (Change of Ownership)**
 - Apply for a Business License in the Commissioner of the Revenue's Office. (757) 890-3383. The following are required for approval of the license:
 - Zoning Certification
 - Fire Marshall Inspection
 - Building Official Inspection

York County Commissioner of Revenue	
Ann Thomas, Commissioner	757-890-3383
Tamra Ratliffe, Business Tax Administrator	www.yorkcounty.gov
Carl Campbell, Business Tax Compliance Officer	

For new construction, building renovations, or changes in current use of an existing building or site, refer to the detailed Developer's Guide, as additional steps are required.

- **Moving into an Existing Structure**
 - Prior to purchasing or leasing property, contact Development and Compliance at (757) 890-3524 to ensure your business meets zoning requirements.
 - Once property is leased/purchased, apply for Certificate of Use and Occupancy in the Building Regulations Division. (757) 890-3522.
 - Apply for a Business License in the Commissioner of the Revenue's Office. (757) 890-3383. The following are required for approval of the license:
 - Zoning Certification
 - Fire Inspection
 - Building Official Inspection

- **Renovating and/or Additions to an Existing Structure**

Consult the “Developer’s Guide” for more detailed steps and procedures required for renovations.

- Prior to purchasing or leasing property, contact Development and Compliance at (757) 890-3524 to ensure your business meets zoning requirements.
- A Site Plan may need to be prepared in accordance with the York County Zoning Ordinance and submitted to Development and Compliance Division. The site plan must show parking spaces, building locations, lot lines, locations of dumpsters, traffic circulation, erosion and sediment control, stormwater management, landscaping, utilities, water main sizes, fire hydrants, etc. The ordinance can be found online and County employees can be contacted for further explanation of the details of site plan requirements. (757) 890-3531. www.yorkcounty.gov/eds
- A Building Permit is required for all proposed renovations/alterations of existing buildings. Three (3) sets of plans must first be submitted for review and approval. A fee, based on square footage for new construction, or a percentage of value for renovations, must be paid before issuance of the permit. When all County departments, the Health Department, and the Virginia Department of Transportation have approved the site plan and building plans, you can obtain a building permit to begin construction.
- During construction, several inspections must be made to ensure that the work underway meets County Building Code requirements. Renovated buildings may not be occupied until all inspections have been made and a Certificate of Occupancy has been issued. Contact Building Regulation. (757) 890-3522. www.yorkcounty.gov/eds
- Land Disturbing Activity Permits pertain to erosion and sedimentation control and are required when the area of land disturbance will exceed 2,500 square feet. For details, contact the Department of Environmental and Development Services. (757) 890-3750. www.yorkcounty.gov/eds
- If water and sewer lines need to be extended to your site, you must contact Utilities Operations and Engineering Division. (757) 890-3752. www.yorkcounty.gov/eds
- Once the project is completed, apply for a Certificate of Use and Occupancy in the Building Regulation Division. (757) 890-3522.
- Apply for a Business License in the Commissioner of the Revenue’s Office. (757) 890-3383. The following are required for approval of the license:
 - Zoning Certification
 - Fire Inspection
 - Building Official Inspection

- **Developing a New Structure**

Consult the “Developer’s Guide” and the “Commercial Checklist for Construction Permits and/or Certificates” (below) for more detailed steps and procedures required for new developments.

- Prior to purchasing or leasing property, contact Development and Compliance at (757) 890-3524 to ensure your business meets zoning requirements.
- A Site Plan will need to be prepared according to the York County Zoning Ordinance and submitted to Development and Compliance. The site plan must show parking spaces, building locations, lot lines, locations of dumpsters, traffic circulation, erosion and sediment control, stormwater management, landscaping, utilities, water main sizes, fire hydrants, etc. The ordinance can be found online and County employees can be contacted for further explanation of the details of site plan requirements. (757) 890-3531. www.yorkcounty.gov/eds
- A Building Permit is required for all proposed new construction. Three (3) sets of plans must first be submitted for review and approval. A fee, based on square footage for new construction, or a percentage of value for renovations, must be paid before issuance of the permit. When all County departments, the Health Department, and the Virginia Department of Transportation have approved the site plan and building plans, you can obtain a building permit to begin construction.
- During construction, several inspections must be made to ensure that the work underway meets County Building Code requirements. New buildings may not be occupied until all inspections have been made and a Certificate of Occupancy has been issued. Contact Building Regulation Division. (757) 890-3522. www.yorkcounty.gov/eds
- Land Disturbing Activity Permits pertain to erosion and sediment control and are required when the area of land disturbance will exceed 2,500 square feet. For details, contact the Department of Environmental and Development Services. (757) 890-3750. www.yorkcounty.gov/eds
- If water and sewer lines need to be extended to your site, you must contact Utilities Operations and Engineering. (757) 890-3752. www.yorkcounty.gov/eds
- Once the project is completed, apply for Certificate of Use and Occupancy in the Building Regulation Division. (757) 890-3522.
- Apply for a Business License in the Commissioner of the Revenue’s Office. (757) 890-3383. The following are required for approval of the license:

Zoning

Prior to purchasing or leasing property, contact Development and Compliance Division at (757) 890-3524 to ensure your business meets zoning requirements. The Zoning Ordinance can be reviewed at www.yorkcounty.gov/code or purchased from the Planning Division. (757) 890-3404.

Fire Code

York County follows the Virginia Statewide Fire Prevention Code with local amendments. The Department of Fire and Life Safety, Prevention Division, conducts inspections of County businesses for compliance with the code. New developments and renovated structures must also pass building and fire code inspections in order to receive a Business License and a Certificate of Occupancy.

Sign Permits

Any sign that is erected, altered, expanded, reconstructed, replaced, or relocated on any property in York County must be in conformance with the provisions in the Zoning Ordinance, Article VII. See the table contained in Article VII of the Zoning Ordinance for allowable sign types and maximum allowable sign size in the businesses’ zoning designation.

Before submitting an application for a sign, it is strongly recommended that you call the **Development and Compliance Division** to explore your options and to determine if your proposal is feasible. (757) 890-3523/3524.

An application for a sign permit should consist of a drawing depicting the proposal that includes:

- Size of the sign (in square footage)
- Artistic rendering of the sign
- Height of the sign from finished grade
- A depiction of the landscaped area at the base of the sign

The applicant should also:

- Include a plot plan with a drawing of the proposed placement area, showing the distance in feet that the sign will be from all property lines. *Note: The minimum distance of a sign from property lines is 10 feet.*
- Indicate whether or not the sign will be lighted either internally or externally. If so, the applicant should identify the electrical firm responsible for the lighting.

Applications should be submitted to the **Building Regulation Division** located in the Department of Environmental and Development Services at 103 Service Drive in Yorktown. The application will be forwarded to the **Development and Compliance Division** for review. The **Development and Compliance Division** staff will return the signed application to the **Building Regulation Division** if it is approved and will consult with the applicant if it is denied.

Building Permit Procedure

A building permit is required for most improvements made to real property, including alterations and repairs to structures.

STEP 1

Submit application to the **Building Regulation Division** of Environmental and Development Services, located at 103 Service Drive. (757) 890-3522

In addition to the application, the following must be submitted for building permits:

NEW COMMERCIAL AND OTHER USES REQUIRING SITE PLANS -

- Approved Site Plan and applicable receipts and documentation
- Approved Land Disturbing permit
- Department of Fire & Life Safety review and approval of site plan and building plans and, where applicable, fire suppression, protection and/or fire alarm systems.
- Septic system permit from State Health Department or receipts of payment to HRSD and for York County tap fees
- Three (3) sets of plans signed and sealed by the engineer or architect responsible for the design or four (4) sets of plans if the building contains a commercial food preparation area
- VDOT Land Use Permit

ADDITIONS, ALTERATIONS, ACCESSORY BUILDING, ETC. -

- Two (2) sets of plans
- Department of Fire & Life Safety review and approval of site plan and building plans
- Property plot plan showing location of proposed construction
- Septic system permit for additions and detached buildings

The plans will be reviewed by the Plans Examiner and Fire Department staff for compliance with the applicable building codes (copies of codes can be purchased from the Building Regulation Division). In addition, receipts and documentation will be checked to ensure all other required fees have been paid and permits issued.

TIME - Depending on complexity - five (5) to twenty-four (24) days is required to review plans. When plans have been approved and permits issued, construction can begin.

STEP 2

Begin construction

STEP 3

When all work is *completely* ready for inspection, call for all required inspections. The 24-hour automated inspection request line is (757) 890-3910. Routine inspections are carried out as soon as possible, normally on the same working day that the call is placed. More extensive inspections and system inspections typically require two (2) day notice. The **Building Regulation Division** will provide you with a list of inspections that must be made during the course of construction.

STEP 4

When all work is completed, and before calling for the final building inspection, call for the following other final inspections:

1. Site/landscaping inspection
2. Erosion/sediment control and grading/drainage
3. Highway entrance by VDOT
4. Health Department
5. Department of Fire and Life Safety – fire alarms, fire suppression and control systems
6. Environmental considerations
7. Overall Fire Inspection Final for life safety aspects of the building code – exits, egress requirements, fire extinguishers, etc.

When all inspections are completed and approved, a CERTIFICATE OF OCCUPANCY will be issued.

STEP 5

MOVE IN!

Site Plan Procedure

A site plan is required for all proposed land uses **except**:

- Single-family detached and individual duplex dwellings
- Agricultural operations
- Filling and grading where no impervious structures or improvements will be installed and no clearing undertaken (Zoning Ordinance Section 24.1-501). An approved site plan is required before issuance of building or land disturbing permits

STEP 1

It is strongly recommended that a pre-submission meeting be scheduled with a staff member of the **Development and Compliance Division** of the Department of Environmental and Development Services. The office is located at 105 Service Drive in Yorktown. **(757) 890-3531**.

Points to cover at the meeting:

1. Check zoning of property to determine if the proposed use is permitted as a matter of right under current zoning classification. If not, you may be referred to the **Planning Division** - see "Rezoning/Special Use Permit" in the Developer's Guide for procedure
2. Review your proposed development for the site. You should bring with you any information, plats, or plans you have that will aid in the review and illustrate your proposal
3. Information regarding fire hydrants, water line sizes/requirements, and fire suppression systems will aid in a more efficient review.
4. Learn about County plans, policies, and ordinances that may affect your proposed development. Ask about the pre-application review process if you are interested in expediting your project
5. Determine if a traffic analysis, water quality impact study, environmental inventory or archaeological study will be required for your proposed use
6. Obtain applications, checklist, and ordinances

STEP 2

Have plan prepared by engineer, architect, landscape architect or land surveyor who is registered by the State of Virginia. See Article V - Site Plans of the Zoning Ordinance for detailed information on plan preparation. SEE ALSO: Article II - General Regulations, Article IV – Performance Standards for Uses, Article VI - Off-Street Parking and Loading, and Article VIII - Signs.

STEP 3

Submit application, thirteen (13) **folded** copies of the Site Plan, four (4) copies of the drainage calculations and drainage area map, four (4) copies of the water quality impact analysis, five (5) copies of the traffic impact analysis (if required), and review fee. Incomplete submissions will not be accepted. The staff will determine if the submission is complete and, if so, will begin the review process.

The applicant may deliver copies to the Virginia Department of Transportation (VDOT) and the Virginia State Health Department (VSHD) after they have been received by the **Development and Compliance Division**. This is recommended as VDOT and VSHD reviews often result in delays and direct delivery expedites these reviews.

In general, site plans are reviewed by County agencies and comments are returned to the **Development and Compliance Division** within two (2) weeks unless the plan is extremely complex or there is an extraordinary workload. State agencies are asked to observe the same review period and to notify the **Development and Compliance Division**, which will identify any major areas of conflict or inconsistency and resolve them, if possible, before forwarding comments to the engineer and developer.

STEP 4

Make changes to site plan as per comments and resubmit thirteen (13) **folded** copies along with marked plan, copy of initialed comments, and/or letter which describes how each comment was addressed or why comment was not addressed.

STEP 5

Once the plans have been approved, proceed by paying applicable fees and obtaining permits. (See Developer's Guide: EROSION AND SEDIMENT CONTROL PROCEDURE and BUILDING PERMIT PROCEDURE)

TIME - A maximum of 21 days for each submission or resubmission is the goal for completing the review process for priority projects. Subordinate projects may take up to 60 days to complete, depending on the workload.

TERM - Approval expires in five (5) years unless building permits have been issued, in which case, approval runs concurrently with the validity of the building permits (Zoning Ordinance Section 24.1-805).

"Going Out of Business" Sales

Any business wishing to advertise or conduct a special sale for the purpose of discontinuing a retail business or to modify the word "sale" in any advertisement with the words "going out of business" must first obtain a license to hold/advertise the sale.

To obtain a license, an application must be filed with the Commissioner of the Revenue at least fourteen (14) days prior to the date of the sale. A fee of sixty-five dollars (\$65.00) must accompany the application. (757) 890-3383.

See the County Code, Section 14-29 for complete details and requirements.

*Marketing
Resources*

Marketing Resources

York County Government Website

When a new business applies for a business license, their new business name will be listed on the County's Economic Development home page at www.yesyorkcounty.com. This free publicity is helpful for any new business and it allows citizens to see what new businesses have recently opened. Business names will remain on the website for one year. Business can also submit news stories about their company to econdev@yorkcounty.gov to be posted on the site.

Local Chambers of Commerce

There are four local Chambers of Commerce that serve York County: The York County Chamber of Commerce, The Greater Williamsburg Chamber & Tourism Alliance, The Virginia Peninsula Chamber of Commerce, and The Hampton Roads Hispanic Chamber of Commerce. These organizations are there to serve the local businesses. Each offers numerous events, activities, sponsorship, advertising, networking, and educational opportunities to its members, all of which are excellent ways to market your business. Examples include Monthly Business After Hours networking events, Golf Tournament sponsorship opportunities, BNI Business Networking groups, Referral Groups, Discount Coupon Programs for other Chamber members, and much more. See the different Chamber websites for specific event and marketing details.

Local Media

Local media contacts are listed in the Ribbon Cutting portion of this guide. Free publicity is an excellent marketing tool. If you believe you have a newsworthy story or event regarding your business, contact the media, via a phone call or press release, to attempt to get coverage.

Selling to the Government

Businesses wishing to sell their products/services to the local, state, or federal government will need to register their business at the respective websites to receive bid announcements.

 - h. Company President/Manager
3. Speaker introduction(s) – Company representative
4. Brief congratulatory remarks from speaker(s) – Usually a dignitary and/or chamber representative
5. Description of business & introduction of attending staff – Company representative
6. Cut ribbon – Done by company, government, and chamber representatives - Photo opportunity
7. Closing remarks – Company representative
8. Offer attendees a tour of the facility (optional) and/or refreshments (optional)

Grand Opening/Ribbon Cutting Reminders and Tips

1. Remember the Ribbon – it should be a large ribbon that will show up in photographs. If York County is assisting with your ceremony, the ribbon will be provided for you at no charge, as will the large ceremonial scissors.
2. Remember to bring real scissors – the large promotional ribbon cutting scissors do not always cut well. Another option is to pre-cut the ribbon and connect it with a small piece of tape.
3. Be creative. For example, banks sometimes use paper currency for the ribbon and then donate it to a local charity.
4. Ribbon cutters should stand behind the ribbon, in front of the door, facing the crowd.
5. Temporary signage is allowed, but requires a free permit from the Building Regulation Office. Please be aware that the York County Zoning Ordinance has regulations regarding certain types of promotional items (Banners, Balloons, etc.). For additional information on utilizing these types of items, please contact the Building Regulation office at 757-890-3522.
6. Weekday morning events are easier to draw attendance.
7. Contact the media to get publicity and coverage of the event and business (Media contact list enclosed). It is often difficult to attract the media to ribbon cuttings, therefore it is beneficial to also send out a press release and photo to the enclosed contacts after the event.
8. Contact a local chamber for further promotion of the event via their email contact lists. York County is represented by three Chambers of Commerce (Contact lists enclosed.)
9. Mail invitations at least 2 – 3 weeks in advance and follow up with an email reminder the week of the event. (Suggested Ribbon Cutting invitation list is enclosed)
10. Contact the Office of Economic Development at 757-890-3317 at least 2 – 3 weeks in advance of the event to arrange for a speaker from the Board of Supervisors and/or local chamber.
11. If an outdoor event is planned, please note that any tent larger than 900 square feet and/or 50 person occupancy requires a permit. Permits can be obtained in the Building Regulation Office.
11. Don't forget your camera!

Press Release Template

Contact person
Contact person's title
Company name
Telephone number
Email address
Web site address

Headline or Title

Date

FOR IMMEDIATE RELEASE

Lead sentence should contain the most important information, ideally in 25 words or less.

Body of the release should answer who, what, where, when, why. Also include information about your business and the services you provide. If you choose, you can add a quote from the company owner or store manager.

Always include "for more information" contact information, even though it is listed at the top of the release.

End with a brief corporate background summary, boilerplate info about the company, if you have it.

###

(this indicates the press release is finished)

Notes for writing a press release:

- In the "FOR IMMEDIATE RELEASE" field of the release, you can also designate "FOR RELEASE AT WILL" if the event is several weeks away, or "MEDIA INVITATION" if the release is solely meant to invite the media to the ceremony.

- Copy and paste the text of your release into the body of an email, instead of sending it as an attachment. Reporters are wary of opening attachments from email addresses they may not know.

Crossroads Ribbon Cutting set for Oct. 30

October 21, 2008

FOR RELEASE AT WILL

York County is pleased to announce the grand opening of the new Crossroads Community Youth Home, a residential facility for at-risk youth in need of help developing self-control and discipline, and forming healthy relationships with themselves and others.

The grand opening will be held on Oct. 30, 2008 from 2-4 p.m. at the new facility, located at 5684 Mooretown Road. Representatives from the various agencies involved in this project, including the counties of York, Gloucester and James City, as well as the City of Williamsburg, will be on-hand for the official ribbon cutting, which will be followed by a reception and tours of the facility.

The public and media are invited and encouraged to attend this event. For more information, contact Public Information Officer Christie Phillips at 890-3300.

Crossroads Community Youth Home is a state licensed co-ed residential facility that houses up to 16 youth. Formerly located on Longhill Road, the new facility is a state-of-the art building equipped with high-tech security and monitoring capabilities. For more information about the facility and the services provided, visit www.yorkcounty.gov/comser/juvsvc/crossroads.htm.
