

Water Projects

Water projects installed by York County as a part of the *Utilities Strategic Capital Plan* to provide or improve water service to existing residential or commercial areas in the County.

ES-445 Burts Road

To provide public water service and fire protection for the residents along Burts Road. Once completed, this project will provide fire protection to 18 residential properties and enhanced fire protection to commercial properties along the west side of Route 17 at a total estimated cost of \$650,000.
