

Head Start staff ready to kick off a great school year

August 21, 2009

FOR RELEASE AT WILL

The York County Head Start Express pulled into the station yesterday at 8:15 a.m. “It was so nice to see all the smiling faces on board for another successful school year,” said Sheri Newcomb, Manager of Children and Family Services for York County. “I just want to blow the train whistle and say this is such a great, dedicated crew to have on board and this is going to be a great school year.”

Head Start children start class on Monday, Sept. 14.

“That’s when our work of shaping the future begins,” Newcomb said.
