

Docking at Riverwalk

37° 14' N

76° 30' W

Contact: Dockmaster Paul Gapcynski at dockmaster@yorkcounty.gov

Address: 425 Water Street, P.O. Box 219, Yorktown, VA 23690

Phone: (757) 890-3370

FAX: (757) 890-3371

The large 395-foot boat pier, located at the foot of Ballard Street, provides ample space for tall ships, large and small motor and sailing vessels and regional cruise lines. The pier width is 20 feet. The depths at dockside range from 27' to 50' on well over 1000 feet of dock frontage space.

The second pier is located behind *Nick's Riverwalk Restaurant* and between the larger pier and the Coleman Bridge. The smaller pier accommodates smaller craft such as day-trippers and pleasure boaters visiting the village shops and restaurants.

The piers provide the ability for overnight stays. The concrete floating pier system allows for a constant 28" above-water elevation. Electrical service, water and sewer pump out facilities are available pier side. Restroom and shower facilities are available for overnight boaters. Trash pick up and disposal is part of the waterfront operations and is also available. Bag ice is available for a small fee.

There are also nine (9) mooring balls located just East of the two piers as part of the Riverwalk Landing docking options. The overnight fee for use of a mooring ball is \$25 per night. Contact the Dockmaster as listed above to reserve a mooring ball.
