

2001-02 ANNUAL REPORT

YORK COUNTY PLANNING COMMISSION

MESSAGE FROM THE CHAIR

As Chair of the York County Planning Commission for the past two years, I once again have the privilege and honor of reporting to the Board of Supervisors on the Commission's recent activities. Although we're calling it an "annual report," this year the Commission is providing a "year-and-a-half" report covering the period from January 2001 to July 2002 so that we can begin reporting to the Board on a fiscal-year rather than a calendar-year basis, consistent with the members' terms, which run from July to June.

The past 18 months have been one of the busiest periods in the Commission's recent history as measured not just by the number of rezoning and Special Use Permit applications we reviewed but also by the number of special projects in which we participated. Major projects include a series of Comprehensive Plan amendments for protecting the Chesapeake Bay, Zoning Ordinance amendments related to eating facilities in marinas, and the proposed Yorktown Historic District and Architectural Design Guidelines. The Commission conducted six special meetings and work sessions in addition to its regular meeting schedule.

The 2002-03 year promises to be another busy one as the Commission takes up the revised Yorktown Design Guidelines and various other challenges. As always, we appreciate the opportunity to serve the Board of Supervisors and the citizens of York County, and we are grateful for the Board's continued support.

Spencer W. Semmes

Chair, 2001-02

Planning Commission Applications

PLANNING COMMISSION ACTIVITIES AND HIGHLIGHTS, 2001-02

➤ Applications

Reviewed 49 Special Use Permit, Zoning Map amendment, YVA (Yorktown Village Activity) and Planned Development applications.

➤ Marinas Zoning Text Amendment

Reviewed Zoning Ordinance amendments regarding marinas. The ad hoc Marinas Text Amendment Citizens Committee, chaired by Mr. Semmes, met four times, and the Commission conducted two public hearings and two work-sessions on this issue. As a result, Sections 24.1-104, Definitions, 24.1-462, Standards for marina, dock or boating facility (commercial), and 24.1-463, Standards for marina, dock or boating facility (private or club), were amended to revise the definition of "marina" and to establish performance standards for "eating facilities" associated with marinas.

➤ Housekeeping Amendments

Various sections of the Zoning Ordinance were amended through so-called "housekeeping amendments" that were needed either to keep the ordinance consistent with recent State Code changes or to correct problems that have emerged during the day-to-day administration of the ordinance. The changes are too numerous to list here, but here are some highlights:

- Amended 24.1-104, Definitions to amend and clarify the definitions of accessory apartments, nightclubs, and surface mines.
- Amended Section 24.1-115(c)1 to define what has to be done to establish a use authorized by Special Use Permit.
- Amended Section 24.1-260 to require the use of full cut-off luminaries/fixtures in most new lighting applications.
- Amended Section 24.1-306, Table of Land Uses, to add specific listings for the following uses: bingo hall, catering kitchens/service, nightclub, commercial reception hall/conference center, taxi/limousine service, towing service/auto storage or impound yard.

➤ Comprehensive Plan Amendments

Reviewed and recommended approval of a series of Comprehensive Plan amendments for consistency with Chesapeake Bay Preservation Act and Regulations.

➤ Yorktown Historic Design Guidelines

Mr. Simasek, Mr. Heavner, and Ms. White represented the Commission on a Yorktown Historic District and Architectural Design Guidelines Review Committee to review and recommend revisions to the draft design guidelines for a proposed Yorktown Historic District. This committee included three Yorktown residents and held more than a dozen meetings.
