- **Tires** (\$1.50/tire rim removed; \$3.00/tire with rim; additional fees apply for oversized tires)
- **Large (vehicle-type) Batteries and Utility Batteries**

GUIDELINES

- Collection Containers are clearly labeled. All items must be placed in the proper container. Placing other materials in the containers may render the entire load unmarketable. Additional white, color, and computer paper collection boxes are located inside the bay area of the Waste Management Center building. *PLEASE DO NOT PUT ANYTHING OTHER THAN WHITE, COLORED, OR MIXED OFFICE PAPER INTO THE APPROPRIATELY LABELLED BOX.*
- Cardboard may be placed on the floor of the bay area or the large wire container designated for cardboard (if available). Please make sure that the cardboard does not contain any wood, Styrofoam, straps, paper, or trash – otherwise it cannot be recycled. Packing paper only may be placed in one or more of the boxes or in the paper container located outside. **Please note: we cannot recycle cardboard that is coated in wax, oil, food, other contaminants, or is soaking wet.**
- Large quantities of cardboard can be delivered throughout the week; however, we request that such deliveries be made before noon on Fridays and Saturdays.
- Please see attendant for assistance with hard-bound books.
