The Board of Supervisors
County of York, Virginia

Dear Members of the Board:

On behalf of the staff, I am pleased to submit to you York County's Comprehensive Annual Financial Report for the fiscal year ended June 30, 2018, as required by the Code of Virginia. The Finance Department has prepared this report in accordance with generally accepted accounting principles (GAAP) in the United States, the standards of financial reporting prescribed by the Governmental Accounting Standards Board, and those of the Auditor of Public Accounts of the Commonwealth of Virginia. Cherry Bekaert LLP, an independent certified public accounting firm, has audited the financial statements and the firm's opinions are contained within this report.

Responsibility for both the accuracy of the presented data and the fairness of the presentation, including all disclosures, rests with the County. As such, and after detailed review, we believe the data, as presented, is accurate in all material respects; that it is presented in a manner designed to fairly set forth the financial position and the results of operations of the various funds of the County; and that all disclosures necessary to enable the reader to gain maximum understanding of the County's financial activity have been included.

The County government is required to undergo an annual single audit to conform with the provisions of the Single Audit Act Amendments of 1996 and Title 2 in the Code of Federal Regulations (CFR) Part 200, *Uniform Administrative Requirements, Cost Principles and Audit Requirements for Federal Awards*. Information related to this single audit, including the schedule of expenditures of Federal awards, findings and questioned costs, and auditors' reports on internal control and compliance with applicable laws and regulations are included in the compliance section of this report.

As a political entity, York County provides a wide range of municipal services including general government administration, judicial services, public safety, management services, education, human services, public works, and community services. In addition, the County operates and maintains a solid waste disposal program and a sewer utility system, which service geographically dispersed areas of the jurisdiction.

Three discretely presented component units are included in the County's financial statements. Discretely presented component units are entities that are legally separate from the County, but for which the County is financially accountable, or whose relationships with the County are such that exclusion would cause the County's financial statements to be misleading or incomplete. In York County, these are the School Division, the Economic Development Authority (EDA), and the Marquis Community Development Authority (MCDA).

224 Ballard Street • P.O. Box 532 • Yorktown, Virginia 23690-0532 • (757) 890-3320

Fax: (757) 890-4002 • TDD (757) 890-3621 • Email: bos@yorkcounty.gov

A Hampton Roads Community

GAAP require that management provide a narrative introduction, overview, and analysis to accompany the basic financial statements in the form of Management's Discussion and Analysis (MD&A). This letter of transmittal is designed to complement MD&A and should be read in conjunction with it. The County's MD&A can be found immediately following the report of the independent auditors, beginning on page C-1 of this report.

PROFILE OF THE GOVERNMENT

York County was established in 1634 and thrived for decades as a colonial seaport. However, it is best-known as the site of the final major battle of the American Revolution when on October 19, 1781; British troops under the command of Lord Cornwallis surrendered to the combined American and French forces under the leadership of General George Washington. The County is located in the Virginia coastal plain on the peninsula formed by the James and York Rivers and the Chesapeake Bay. It consists of 108 square miles and is bounded by James City County and the Cities of Poquoson, Hampton, Newport News, and Williamsburg, and by the York River. The County land area is effectively split into two distinct sections by a large area of federal landholdings, including the Coast Guard Training Center, the Colonial National Historical Park, and the U.S. Naval Weapons Station. In addition, the U.S. Navy's Cheatham Annex, Camp Peary, and the U.S. Air Force's Landings at Langley Housing Complex (Langley Air Force Base) with its associated reservoir bring the total non-taxable federal landholdings to approximately 40% of the County's total land area. The County is empowered to levy a property tax on both real and personal properties located within its boundaries.

York County is organized under the traditional form of government (as defined under Virginia Law), with the elected Board of Supervisors (heretofore referred to as *the Board*) establishing laws and policies for the administration of the municipality. The Board is comprised of five members: one member from each of five districts, elected for a four-year term by the voters of the district in which the member resides. The Board appoints a County Administrator to act as the administrative head of the County.

York County provides a full range of services, including law enforcement and fire protection. It also is financially accountable for the legally separate School Division, Economic Development Authority, and the financial reporting for the Marquis Community Development Authority (discretely presented component units as mentioned above). Additional information on each of these legally separate entities can be found in Note 1 in the notes to the financial statements.

The annual budget serves as the foundation for the County's financial planning and control, with all departments and agencies required to submit requests for appropriation to the County Administrator each November. These requests are utilized as a starting point for developing a proposed budget for presentation to the Board for review in March. The Board is required to hold public hearings on the proposed budget and to adopt a final budget by May 1, or within thirty days of the receipt by the County of the estimates of state funds, whichever shall later occur.

The budget is prepared by fund and function (e.g. public safety). The County Administrator may make transfers of appropriations within functions. Budget to actual comparisons are provided in this report for each individual governmental fund for which an appropriated annual budget has been adopted. For the general fund and the tourism fund, a major special revenue fund, this comparison is presented on pages G-2 through G-7 as part of the required supplementary information other than management's discussion and analysis. For governmental funds with appropriated budgets, other than the general and tourism funds, this comparison is presented beginning on page H-4, in the other supplementary information subsection of this report.

ECONOMIC CONDITION AND OUTLOOK

The significant tourism base continues to contribute to the County's improving financial position. The combined effects of the Board's fiscal stewardship, the reprieve in the decommissioning of two generating units at the Yorktown Power Station, the restoration of one-time revenue, and the prudent use of prior-year surpluses, puts York County in a better financial position than it has experienced since before the Great Recession. With the additional revenue from Senate Bill 942, the Amended Budget for FY2019 reflects the priorities of investment in schools, public safety, employee compensation, and progress in cash funding (pay-go funding) of capital projects. The FY2019 Adopted Budget amended on July 17, 2018, continues to represent a carefully considered fiscal plan that invests in all of the Board's strategic priorities (see *Strategic Priorities*) without a tax rate increase or fee increase. In addition, careful monitoring of revenues and expenditures ensured that the County ended the fiscal year in sound financial condition.

STRATEGIC PRIORITIES

The Board developed the following Strategic Priorities in January of 2016 that guided and influenced the development of the fiscal year 2019 budget and funding decisions.

1. Develop leadership and resources necessary to ensure and sustain EXEMPLARY PUBLIC SAFETY functions.
2. Facilitate QUALITY EDUCATIONAL OPPORTUNITIES for all County citizens.
3. Facilitate QUALITY ECONOMIC DEVELOPMENT that is sensitive to community character and the environment.
4. Institutionalize EFFECTIVE and OUTSTANDING COMMUNICATIONS and CIVIC ENGAGEMENT opportunities amongst and between the Board of Supervisors, citizens, boards and commissions, and County staff.
5. Instill EXCELLENT CUSTOMER SERVICE as an organizational value, expectation, and outcome.
6. Protect and respect the County's natural and built attributes through balanced and cost-effective ENVIRONMENTAL STEWARDSHIP.

Specific budgetary initiatives that relate to the Priorities include: increased funding to support the School Division; employee compensation adjustments; support for Fire and Life Safety, Sheriff, and Emergency Communications operations and initiatives; support for customer service; and allowing more projects to be cash-funded rather than debt-financed and supporting all strategic priorities through much-needed investments in capital assets, information technology enhancements, and infrastructure.

Operations

The Comprehensive Plan, *Charting the Course to 2035*, is the long-range plan for the physical development of the County. The plan was adopted in September 2013 after an extensive review process involving citizens and civic and business groups, the Planning Commission, and the Board of Supervisors. The goals and implementation strategies set out in the Comprehensive Plan also inform and influence the budget, as well as various County programs and operations. For example, the Economic Development Authority's focus on revitalization of strategic development nodes on the Route 17 corridor is consistent with objectives identified in the Comprehensive Plan. Other initiatives that link back to the Comprehensive Plan include development management that encourages a balance of quality residential and commercial growth, financial and cooperative services support for the

County's School Division, and a capital improvements program that devotes significant resources to public safety (emergency response and emergency communications) and utility infrastructure improvements (sewer, water and stormwater management). The next 5-year review process for the Comprehensive Plan has begun and will continue through 2019.

Economic Development

During Fiscal Year 2018, the Board of Supervisors re-affirmed its commitment to economic development by adopting the following as one of its six Strategic Priorities – *Facilitate QUALITY ECONOMIC DEVELOPMENT that is sensitive to community character and the environment*. In support of this objective, the Economic Development Authority (EDA), the Office of Economic Development (OED), and the entire County organization pursued and made significant strides on several initiatives, including:

- **Rt. 17 Revitalization Program.** This program officially endorsed and authorized by the Board features a property acquisition element aimed at stimulating private investment in unique restaurant or retail offerings in the corridor. Targeted properties, once acquired, will be utilized to leverage parcel assemblage and development. The EDA acquired two parcels located at 7120 and 7124 George Washington Memorial Highway in April 2017. One year later, the EDA began negotiating a Letter of Intent (LOI) for a unique restaurant development on the combined properties. At the conclusion of the fiscal year, the LOI was being finalized with the property closing targeted for early 2019.
- **Home-Based Business Support.** The Office of Economic Development, in partnership with the Economic Development Authority and York County Chamber of Commerce, co-hosted the third Home-Based Business Resource Fair & Conference in November (coming to York County in March 2019). This successful event boasted over 100 attendees, 15 speakers, and 20 exhibitors. The conference highlighted the County's continuing focus on nurturing and growing its extensive home-based business sector. Another successful effort in the entrepreneurial arena was the 6th annual Peninsula-wide business plan competition, START Peninsula, which was held in FY2018 (November 2017) at the Stryker Center in Williamsburg. A total of 28 people pitched their business ideas and three startups were awarded a combined total of \$22,500 and free space in local business incubators.
- **Regional Economic Development.** The Greater Williamsburg Partnership (GWP), the regional economic development marketing organization for York, James City County and Williamsburg, responded to 18 prospect opportunities during FY2018, and at the end of the fiscal year were still pursuing 11 of these leads. Currently, the three member localities are working to consolidate the GWP within the umbrella of the Greater Williamsburg Chamber and Tourism Alliance Business Council to enhance the effectiveness of this important regional initiative.

Development activity, which had slowed substantially in the post-recession years, rebounded strongly in FY2018. Investment in new residential projects like Whittaker's Mill and Arbordale led to an increase in residential building permit values, from \$38.5 million in FY2017 to \$88.7 million in FY2018. A total of 213 single family detached homes and townhouses were permitted. This is reflective of the continued pent-up demand for new housing in York County.

Commercial building permit values also more than doubled in FY2018; totaling \$63.3 million compared to \$26.3 million in FY2017. New commercial construction totaled \$21.5 million significantly contributing to the growth of the County's tax base. A great deal of this investment was related to healthcare, as Virginia Health Systems continued work on its new three-story assisted living addition to the York Convalescent Center complex, and Riverside Hospital broke ground on a new Rehabilitation and Convalescent Hospital off Rt. 17 in lower York County. The Snow Companies major renovation of its 38,000 square foot Waller Mill Office Building also buoyed the commercial building permit values.

In April 2018, the Peninsula and Gloucester economic development offices were awarded a GO Virginia grant of \$150,000. The project working group, named the Peninsula Economic Resource Team (PERT), won the grant to fund the formation of a Regional Industrial Facility Authority (RIFA), and develop plans for an unmanned systems testing/demonstration facility, with an adjacent light industrial park, on the former Cheatham Annex Fuel Depot site in York County. The RIFA is a milestone achievement, as it provides the legal structure for the participating localities to share investment costs, and the resulting tax revenue from their joint economic development efforts. The RIFA is a key first step in promulgating meaningful, regional economic development.

Capital Improvements Program

Growth in the County's population is projected to continue on a gradual upward trend. Along with this growth, the County can anticipate an increased demand for government services. The County's six-year capital improvements program (CIP) indicates that a major emphasis will continue to be placed on the expansion of sewer facilities, renovation and expansion of school facilities, maintenance of buildings, emergency services and communications, and drainage improvements.

The Stormwater Maintenance Program continues to address ongoing drainage maintenance within County easements. The Stormwater Capital Improvements Program includes: Greensprings (Stream Restoration), Tabb Lakes/Kings Bottom, Victory Industrial Park, Goodwin Neck/Rosewood, Wormley Creek Edgehill Outfall Culverts, Marlbank Cove Ravine, Larkin Woods (Stream Restoration), Queens Lakes Ravines, Seige Lane, Middlewood Lane, Brightwood (Stream Restoration), Charles Brown Park (Stream Restoration), Newport News Waterworks BMP Pond, Panther Paw (Stream Restoration), Brick Church Road BMP Pond and In-House Stormwater Construction and Maintenance Projects.

The Upper County Newport News Waterworks Water Extension nearing completion represents a significant investment with widespread benefits. Also, the major sewer construction project in the Queen's Lake subdivision and the Phase I rehabilitation projects of the Hollywood subdivision and the Lackey area have been completed.

The York County School Division has several major building renovation and classroom addition projects planned in its six-year Capital Improvement Program. The emphasis continues to be on reinvesting in the system's physical plant and incrementally increasing capacity especially at the elementary level.

Regional and Joint Cooperation

Regional Jail

Along with James City County and the Cities of Williamsburg and Poquoson, the County is a member of the Virginia Peninsula Regional Jail Authority. The Authority was created in 1993 for the purpose of

constructing and operating a single jail for the participating localities. The project was developed to relieve the severely overcrowded conditions at existing facilities in the County and other jurisdictions.

Juvenile Jail Facility

A regional coalition was created involving 16 counties and 2 cities, of which the County is a voting member, to secure a juvenile detention facility. A 48-bed facility was opened in December 1997 to meet the demand for secure juvenile detention placements among the member jurisdictions.

Other Projects

The County continues to participate in a number of entities intended to address regional activities such as transportation, economic development, and planning. The number of studies and planning projects done regionally will likely increase over time as localities within Hampton Roads recognize their shared future. The operation of the Regional Radio System includes James City County and Gloucester County as partners and various other public and institutional participants as "tenants" on the system. Additional investments in this state of the art system continue.

FINANCIAL INFORMATION

The County's accounting records for general governmental operations are maintained on the modified accrual basis. This essentially involves the recording of revenues when they become measurable and available and the recording of expenditures when the goods and/or services are received or related fund liability is incurred. Accounting records for the County's enterprise (utility systems) and internal service (motor vehicle pool and health/dental insurance) funds are maintained on the accrual basis.

In developing and evaluating the County's accounting system, consideration is given to the adequacy of internal accounting controls. Internal accounting controls are a system of methods, practices, and procedures designed to provide reasonable, but not absolute, assurance regarding: (1) the safeguarding of assets against loss from unauthorized use or disposition; and (2) the reliability of financial records for preparing financial statements and maintaining accountability for assets. The concept of reasonable assurance recognizes that: (1) the cost of a control should not exceed the benefits likely to be derived therefrom; and (2) the evaluation of costs and benefits requires estimates and judgments by management.

All internal accounting control evaluations occur within the above framework. We believe that our system of internal accounting control adequately safeguards assets and provides reasonable assurance for the proper recording of financial transactions. Budgetary controls are maintained to ensure compliance with the budget approved by the Board of Supervisors. The approved budget is used as a tool to monitor general government expenditures within the limits adopted by the Board. Encumbrances are used to reserve a portion of the applicable appropriation for purchase orders, contracts, and commitments of the County. Open encumbrances are reported in the governmental funds as a component of restricted, committed, and assigned fund balances, as applicable, at year-end.

POLICIES/SIGNIFICANT CHANGES

The Governmental Accounting Standards Board (GASB) Statement No. 75, *Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions*, is effective for fiscal year 2018 financial reporting. Accordingly, the County's net OPEB liability and its proportionate share of OPEB expense appear as line items in the FY2018 CAFR. In addition, disclosures have been made about the County's financial reporting for postemployment benefits other than pensions.

In FY2018, York County staff attended training for the new financial software system, Munis offered by Tyler Technologies. Shortly after the close of FY2018, Phase I went “live” for the County, School Division and Colonial Behavioral Health. Phase I included the chart of accounts, general ledger, projects and grants, procurement, accounts payable, cash management, fixed assets, accounts receivable, and general billing. Recently, the County held the official kick-off of Phase II (Human Resources and Payroll phase), incorporating employees from the County, Social Services, School Division, and Colonial Behavioral Health.

INDEPENDENT AUDIT

The Code of Virginia and the Commonwealth’s Auditor of Public Accounts require an annual audit of the books of account, financial records, and the transactions of all administrative departments, agencies, and activities of the County by an independent certified public accountant selected by the Board of Supervisors. This requirement has been complied with and the report of independent auditors has been included in the financial section of this report.

In addition to meeting the requirements set forth in State statutes and regulations, the audit was also designed to meet the requirements of the Single Audit Act Amendments of 1996 and Title 2 in the Code of Federal Regulations (CFR) Part 200, *Uniform Administrative Requirements, Cost Principles and Audit Requirements for Federal Awards*. The reports of the independent auditors that relate specifically to the single audit are also included in the compliance section of this report.

CERTIFICATE OF ACHIEVEMENT

The Government Finance Officers’ Association of the United States and Canada (GFOA) awarded the Certificate of Achievement for Excellence in Financial Reporting to York County for its Comprehensive Annual Financial Report (CAFR) for the fiscal year ended June 30, 2017. This was the 32nd consecutive year that the County has achieved this prestigious award. In order to be awarded a Certificate of Achievement, a government unit must publish an easily readable and efficiently organized CAFR. This report must satisfy both accounting principles generally accepted in the United States of America and applicable legal requirements. A Certificate of Achievement is valid for a period of one year only. We believe that our current CAFR continues to meet the Certificate of Achievement Program requirements, and we are submitting it to the GFOA to determine its eligibility for another certificate.

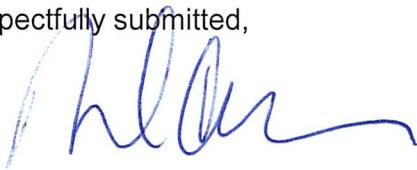

DISTINGUISHED BUDGET PRESENTATION

The GFOA presented a Distinguished Budget Presentation Award to York County for its annual budget for the fiscal year beginning July 1, 2017. This was the 15th consecutive year that the County has achieved this prestigious award. In order to receive this award, a governmental entity must publish a budget document that meets program criteria as a policy document, as an operations guide, as a financial plan, and as a communications device. This award is valid for a period of one year only. We believe that our current budget continues to conform to program requirements and it has been submitted to the GFOA to determine its eligibility for another award.

ACKNOWLEDGMENTS

The preparation of this report could not have been accomplished without the efficient and dedicated services of the staff of the Finance Department, in particular the divisions of Accounting and Financial Reporting, Budget, and Fiscal Accounting Services, as well as the Office of the Treasurer, the School Division, and York-Poquoson Social Services. I would like to express my appreciation to the employees who assisted with and contributed to its preparation. I would also like to thank the members of the Board of Supervisors who, both individually and collectively, provided the guidance and support essential to the conduct of the financial operations of the County in a responsible and progressive manner.

Respectfully submitted,

Neil A. Morgan

Report of Independent Auditor

To the Honorable Members of the Board of Supervisors
County of York, Virginia

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the County of York, Virginia (the "County"), as of and for the year ended June 30, 2018, and the related notes to the financial statements, which collectively comprise the County's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America, the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, and the *Specifications for Audits of Counties, Cities, and Towns*, issued by the Auditor of Public Accounts of the Commonwealth of Virginia. Those standards and specifications require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the County of York, Virginia, as of June 30, 2018, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Change in Accounting Principle

As described in Note 14 to the financial statements, the County adopted new accounting guidance, Governmental Accounting Standards Board (GASB) Statement No. 75, *Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions*, effective July 1, 2017. Our opinions are not modified with respect to this matter.

OTHER MATTERS

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and required supplementary information, as listed in the table of contents, be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the County's basic financial statements. The Introductory Section, Other Supplementary Information and Statistical Section, as listed in the table of contents, are presented for purposes of additional analysis and are not a required part of the basic financial statements. The schedule of expenditures of federal awards is presented for purposes of additional analysis as required by Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*, and is also not a required part of the basic financial statements.

The Other Supplementary Information and the schedule of expenditures of federal awards are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, this information is fairly stated in all material respects in relation to the basic financial statements as a whole.

The Introductory and Statistical Sections have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on them.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated November 30, 2018 on our consideration of the County's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the County's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the County's internal control over financial reporting and compliance.

MANAGEMENT'S DISCUSSION AND ANALYSIS

This section of the County of York's (the "County's") comprehensive annual financial report presents management's discussion and analysis of the County's financial performance during the fiscal year ended June 30, 2018. Please read it in conjunction with the transmittal letter on pages A-1 through A-7 at the front of this report and the County's basic financial statements, which begin on page D-1.

FINANCIAL HIGHLIGHTS FOR FISCAL YEAR 2018 (FY2018)

- The assets and deferred outflows of resources of the County on a government-wide basis, excluding component units, exceeded its liabilities and deferred inflows of resources as of June 30, 2018 by \$157,101,317 (net position). Under Virginia law, School Divisions hold title to all school property and local governments incur financial obligations for school property. The assets are reported on the School Division's Statement of Net Position and the related debt is reported on the County's Statement of Net Position. Consequently, the County reports \$69,812,399 in school debt without the related assets.
- The County's total net position increased by \$7,948,647. Governmental activities increased by \$3,691,927, primarily due to reductions in recording liabilities for pension obligations offset by recording liabilities for OPEB obligations and an increase in property tax revenues. Business-type activities increased by \$4,256,720, mainly attributable to increases in charges for services and capital contributions.
- As of June 30, 2018, the County's governmental funds reported combined ending fund balances of \$71,354,800, an increase of \$5,348,194 from the prior year. Unassigned fund balance totaled \$13,093,061 and is available for spending at the County's discretion. This amount reflects a General Fund unassigned fund balance of \$17,040,240, or 13.8% of total General Fund expenditures and an unassigned fund deficit of \$3,947,179 in the Yorktown Capital Improvements Fund, attributable to a long-term advance payable to another fund.
- The County's net OPEB liability, net pension liability and noncurrent liabilities at June 30, 2018 were \$145,756,673, which is a decrease of \$100,075 from the prior year. The key factors in this decrease was a reduction in the net pension liability offset by the increase for the GASB 75 requirement to report the net OPEB liability, the issuance of new debt for the School Division capital projects and the issuance of new debt for fire apparatus, Grafton fire station and Carver Gardens.

OVERVIEW OF THE FINANCIAL STATEMENTS

The Comprehensive Annual Financial Report consists of three (3) sections: introductory, financial and statistical. The financial section includes the basic financial statements consisting of three components: 1) Government-wide financial statements; 2) Fund financial statements; and 3) Notes to the basic financial statements. Required Supplementary Information as well as Other Supplementary Information is included in addition to the basic financial statements.

Government-wide Statements - The government-wide financial statements are designed to provide the reader with a broad overview of the County's finances, in a manner similar to a private-sector business. One of the most frequently asked questions about the County's finances is, "Is the County as a whole better off or worse off as a result of this year's activities?" The Statement of Net Position and the Statement of Activities report information about the County as a whole and about its activities in a way that helps answer this question. These statements include all of the assets and liabilities using the accrual basis of accounting, which is similar to the accounting used by most private-sector companies.

All of the current year's revenues and expenses are taken into account regardless of when cash is received or paid.

These two statements report the County's net position and the changes in them. One can think of the County's net position - the difference between assets + deferred outflows of resources less liabilities + deferred inflows of resources - as one way to measure the County's financial health or financial position. Over time, increases or decreases in the County's net position is one indicator of whether its financial health is improving or deteriorating. However, other non-financial factors will need to be considered, such as changes in the County property tax base, to assess the overall health of the County.

In the Statement of Net Position and the Statement of Activities, the County is divided into three kinds of activities:

- Governmental activities - Most of the County's basic services are reported here, including general government, judicial services, public safety, management services including finance and planning, education, human services, public works, and community services. Property taxes, other local taxes, and state and federal grants finance most of these activities.
- Business-type activities - The County charges a fee to customers to help cover the majority of the costs of services it provides. The County's water and sewer utilities, solid waste, Yorktown operations, the two Sanitary Districts, and Regional Radio System operations are reported here.
- Component units - The County includes three separate legal entities in its report - the York County School Division, the Economic Development Authority of York County and the Marquis Community Development Authority. Although legally separate, the County is financially accountable for the School Division and the Economic Development Authority component units and provides operating and capital funding. The County provides the financial reporting for the Marquis Community Development Authority.

The government-wide financial statements can be found on pages D-1 through D-2 of this report.

Fund Financial Statements - Traditional users of government financial statements will find the fund statement presentation more familiar, although the focus is only on the County's most significant funds. The County uses fund accounting to ensure and demonstrate compliance with finance related legal requirements.

The County has three kinds of funds:

- Governmental funds - Most of the County's basic services are reported in governmental funds, which focus on (1) how cash and other financial assets that can readily be converted to cash flow in and out; and (2) the balances left at year-end that are available for spending. Consequently, the governmental funds statements provide a detailed, short-term view of the County's general government operations and the basic services it provides.

Governmental fund information helps the reader determine whether there are more or fewer financial resources that can be spent in the future to finance the County's programs. Because this information does not address the long-term focus of the government-wide statements, additional information is provided after the governmental funds statements that explains the relationship (or differences) between the fund financial statements and the government-wide financial statements. The basic governmental fund financial statements can be found on pages E-1 through E-4 of this report. The County maintains eleven individual governmental funds. Information is presented separately in the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances for the General Fund, Tourism Fund, Yorktown Capital Improvements Fund, County Capital Fund and Education Debt Service Fund, all of which are considered to be major funds.

Data from the other six governmental funds are combined into a single, aggregated presentation. Individual fund data for each of these non-major governmental funds is provided in the form of combining statements on pages H-2 through H-6 of this report.

- Proprietary funds - Services for which the County charges customers a fee are generally reported in proprietary funds. Proprietary funds, like the government-wide statements, provide both long and short-term financial information.

In fact, the County's enterprise funds (one type of proprietary fund) are its business-type activities, but the fund financial statements provide more detail and additional information, such as cash flow. The basic proprietary fund financial statements can be found on pages E-5 through E-7 of this report. The County maintains eight individual enterprise funds. Information is presented separately in the proprietary fund statement of net position, the proprietary fund statement of revenues, expenses and changes in fund net position and the proprietary fund statement of cash flows for the Sewer Utility Fund, which is a major fund. Data for the other seven enterprise funds are combined into a single, aggregated presentation. Individual fund data for each of these non-major enterprise funds is provided in the form of combining statements on pages I-2 through I-4 of this report.

During fiscal year 2018, the County used two internal service funds (the other type of proprietary fund) to report activities that provide supplies and services for the County's other programs and activities. The Vehicle Maintenance Fund provides for the accumulation of resources to replace capital equipment and maintenance services for the County's vehicle fleet and the Health and Dental Insurance fund provides for the revenues and expenses of the health and dental programs. The internal service funds are presented as a separate column in the proprietary fund financial statements, on pages E-5 through E-7 of this report. Individual fund data for each of these internal service funds is provided in the form of combining statements on pages J-2 through J-4 of this report.

- Fiduciary funds – The County's fiduciary activities are reported in an Other Postemployment Benefit Trust Fund and agency fund statements of fiduciary net position and changes in fiduciary net position. The County excludes these activities from the County's government-wide statements because the County cannot use these assets to finance its operations. The OPEB Trust Fund is irrevocable and agency funds are County custodial funds used to provide accountability of client monies for which the County is the custodian. The OPEB Trust Fund accounts for future benefits payable for eligible retirees of the County towards health insurance coverage in a plan sponsored by the County.

The Statement of Fiduciary Net Position and Statement of Changes in Fiduciary Net Position can be found on pages E-8 to E-9 of this report. Individual fund data for the agency funds is provided in the form of combining statements on pages K-2 through K-3 of this report.

Notes to the Basic Financial Statements - The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes to the financial statements can be found on pages F-1 through F-94 of this report.

Other information - In addition to the basic financial statements and accompanying notes, this report also presents certain required supplementary information concerning the County's General Fund and Tourism Fund budgets and progress in funding its obligations to provide pension benefits and other postemployment benefits to its employees and contributions for other postemployment benefits and for the single-employer defined benefit pension plan of the School Division. Required supplementary information can be found beginning on page G-2 of this report.

The combining statements for nonmajor governmental funds are presented immediately following the required supplementary information. Combining statements can be found on pages H-2 through K-3 of this report.

GOVERNMENT-WIDE FINANCIAL ANALYSIS

Net position:						
Net investment in capital assets	\$ 54,032,029	\$ 59,070,221	\$ 114,520,731	\$ 108,482,250	\$ 168,552,760	\$ 167,552,471
Restricted	8,608,459	1,979,403	117,043	105,906	8,725,502	2,085,309
Unrestricted (deficit)	<u>(26,289,614)</u>	<u>(28,390,677)</u>	<u>6,112,669</u>	<u>7,905,567</u>	<u>(20,176,945)</u>	<u>(20,485,110)</u>
Total net position	<u>\$ 36,350,874</u>	<u>\$ 32,658,947</u>	<u>\$ 120,750,443</u>	<u>\$ 116,493,723</u>	<u>\$ 157,101,317</u>	<u>\$ 149,152,670</u>

The County's net position totaled \$157,101,317, an increase of \$7,948,647. This result is comprised of an increase of net position in governmental activities of \$3,691,927, and an increase of \$4,256,720 in business-type activities. The increase in governmental activities was primarily due to reductions in recording liabilities for pension obligations offset by recording liabilities for OPEB obligations and an increase in property tax revenues. The increase for business-type activities was mainly attributable to increases in charges for services and capital contributions for the sewer infrastructure. FY2017 was restated due to the implementation of GASB Statement No. 75, *Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions* (additional information can be found on page F-92).

Approximately 5.5% of net position represented resources that are subject to external restrictions. Restrictions do not significantly affect the availability of fund resources for future use. The majority of the County's net position reflected its investment in capital assets, less any related debt used to acquire those assets that were still outstanding. These assets are used to provide services to citizens and consequently are not available for future spending. At June 30, 2018, the County reported an unrestricted deficit of \$20,176,945. The decrease in the unrestricted deficit of \$688,439 is primarily due to reductions in pension expense.

Under Virginia law, School Divisions hold title to all school property, except when the governing bodies of the local government and school division agree that title may vest in the locality. Since Virginia school divisions do not have taxing authority, local governments incur financial obligations for school property. In June 2003, the York County Board of Supervisors passed a resolution electing not to acquire tenancy in common of school property as allowed for under GAAP. The County borrows funds to finance the acquisition, construction, and improvement of school property and the School Division holds title to this property.

With the County opting out of Senate Bill 276, the asset values are reported on the School Division's Statement of Net Position and the related debt or liability are reported on the County's Statement of Net Position. Consequently, the County reports \$69,812,399 in school debt without the related assets.

Governmental Activities - For the fiscal year ended June 30, 2018, revenues from governmental activities totaled \$153,756,978. FY2017 was restated due to the implementation of GASB Statement No. 75, *Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions* (additional information can be found on page F-92). The \$2,172,354 increase from fiscal year 2017 in property taxes is comprised primarily of two revenue sources: real estate and personal property tax revenues. Real estate tax revenue, the County's largest revenue source, was \$74,949,001. The County's assessed real property tax base for calendar year 2018 was \$9,103,775,170. The County's second largest revenue source is personal property taxes, with total current year collections of \$23,547,252. The Commonwealth of Virginia provides a constant \$8,741,680 as an entitlement grant under the provisions of the Personal Property Tax Relief Act (PPTRA), which is included in the total current year collections.

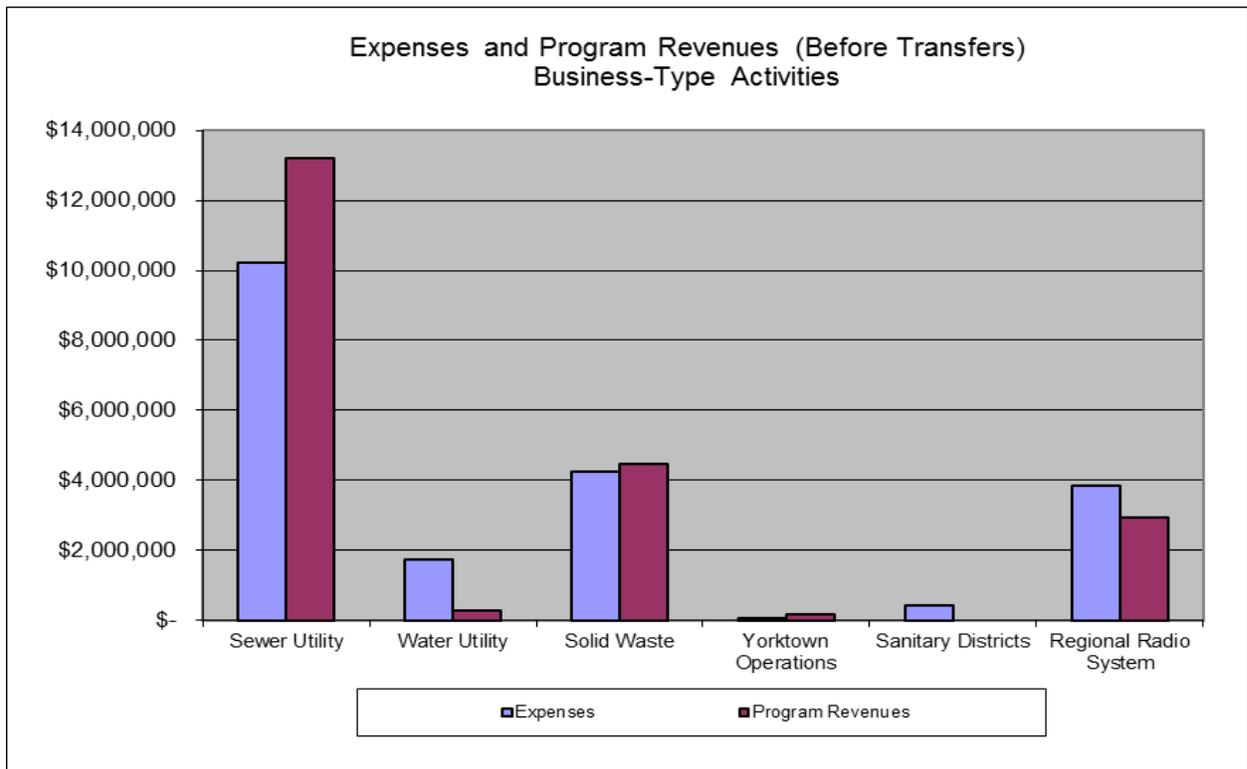

Other taxes decreased by \$1,164,534 from the prior year as a result of increases in local sales and use tax revenue, hotel and motel room tax revenue and business license taxes offset by a reduction in restaurant food tax revenue due to the accounting for a portion of the tax being directly coded to the Sewer Fund in FY2018, whereas, previously the tax was transferred out of the General Fund and into the Sewer Fund.

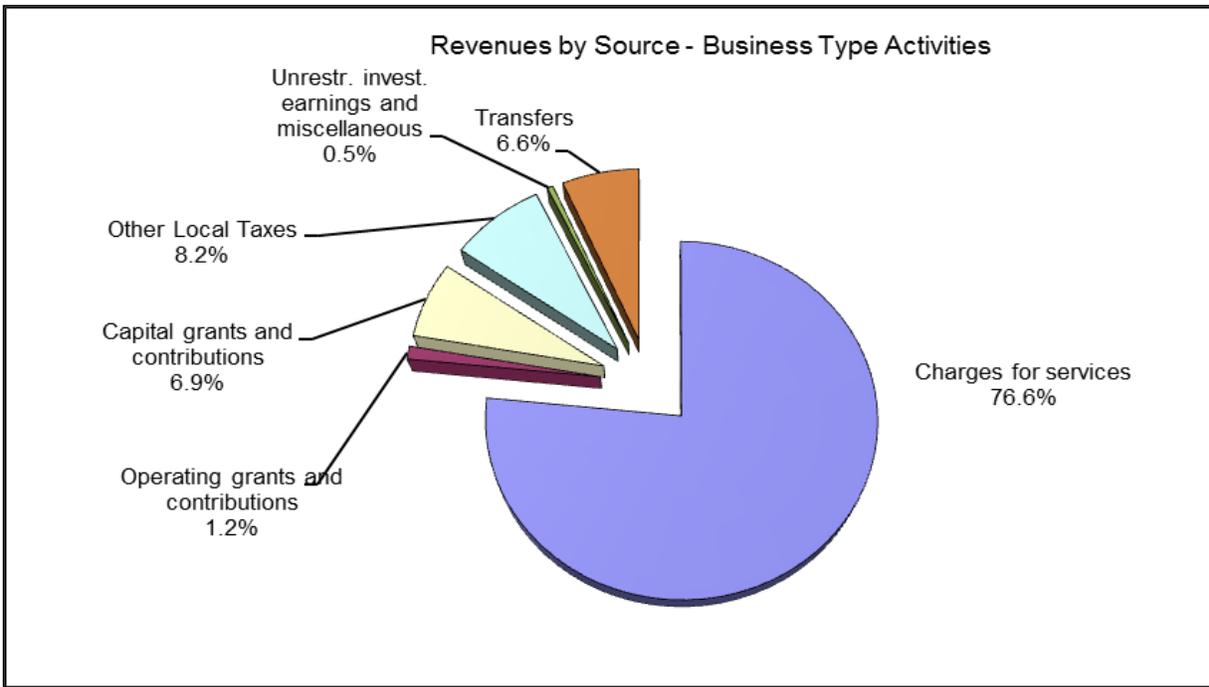

For the fiscal year ended June 30, 2018, expenses for governmental activities totaled \$148,429,523, including the following payments to the component unit - School Division: \$54,396,611 for operations and capital projects; the component unit - Economic Development Authority: \$314,160 for operations and capital, and the component unit - Community Development Authority: \$1,001,936 in incremental taxes and special assessments. For further discussion on changes from the prior year for the governmental funds, see page C-12.

Business-type Activities - Business-type activities increased the County's net position by \$4,256,720 for the fiscal year ended June 30, 2018. This increase is primarily attributable to capital contributions and increase in charges for services revenues. The portion of the restaurant food tax revenue applicable to the Sewer Fund is directly accounted for in this fund beginning in FY2018, whereas, previously it was accounted for as a transfer in from the General Fund. Significant transfers include \$600,000 from the County Debt Service Fund to support the Carver Gardens water project and \$1,059,114 for the maintenance on the emergency radio system in the Regional Radio System Fund.

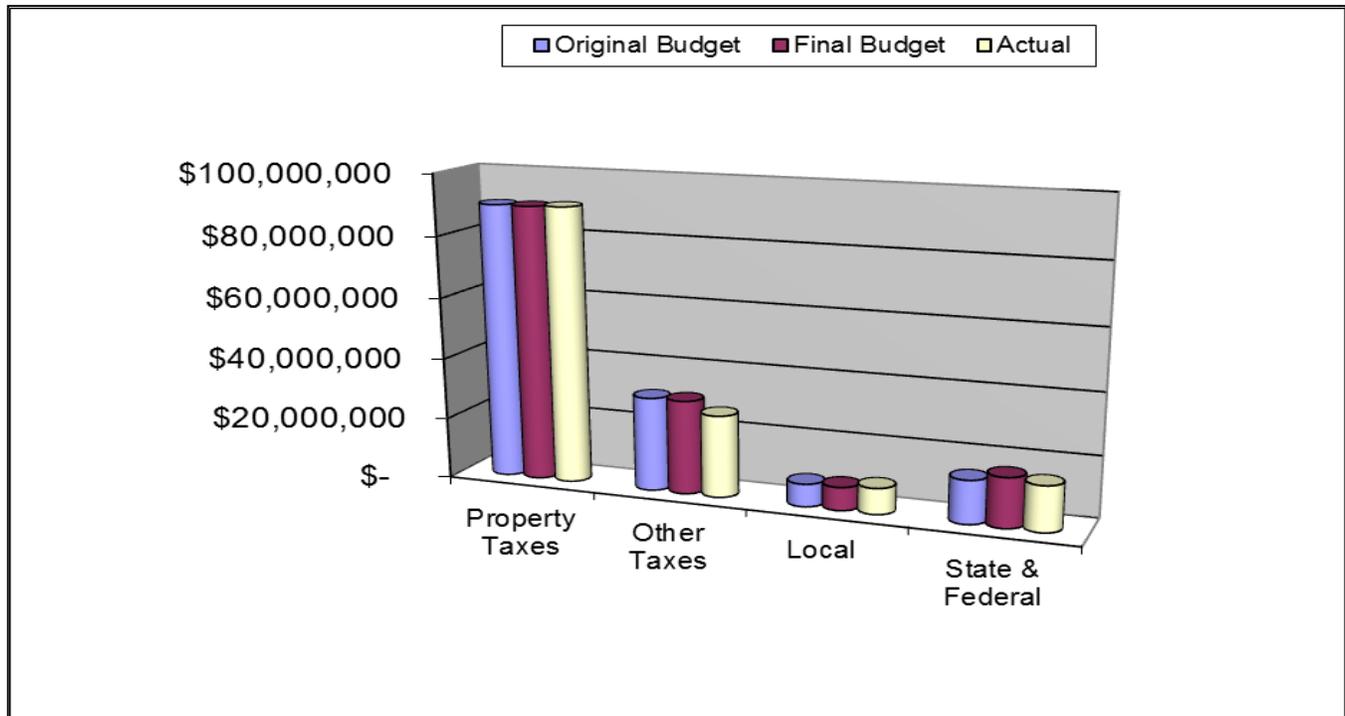

GENERAL FUND

As of June 30, 2018, the County's governmental funds reported combined ending fund balances of \$71,354,800, an increase of \$5,348,194 from the prior year. Unassigned fund balance totaled \$13,093,061 and is available for spending at the County's discretion. Of the remainder of fund balance, \$7,298,700 is nonspendable, \$8,608,459 is restricted, \$19,089,517 is committed and \$23,265,063 is assigned. The General Fund is the chief operating fund of the County. At the end of the current fiscal year, unassigned fund balance of the General Fund was \$17,040,240, and total fund balance was \$46,628,594. As a measure of the General Fund's liquidity, it may be useful to compare both unassigned fund balance and total fund balance to total fund expenditures. Unassigned fund balance represents 13.8% of total General Fund expenditures while total fund balance represents 37.8% of the same amount.

During the year, the Board of Supervisors approved various budget revisions. The following chart shows the original approved budget, the revised budget at the end of the fiscal year and the actual amounts for both revenues and expenditures in the General Fund.

General Fund Revenue - Comparison of Budget to Actual

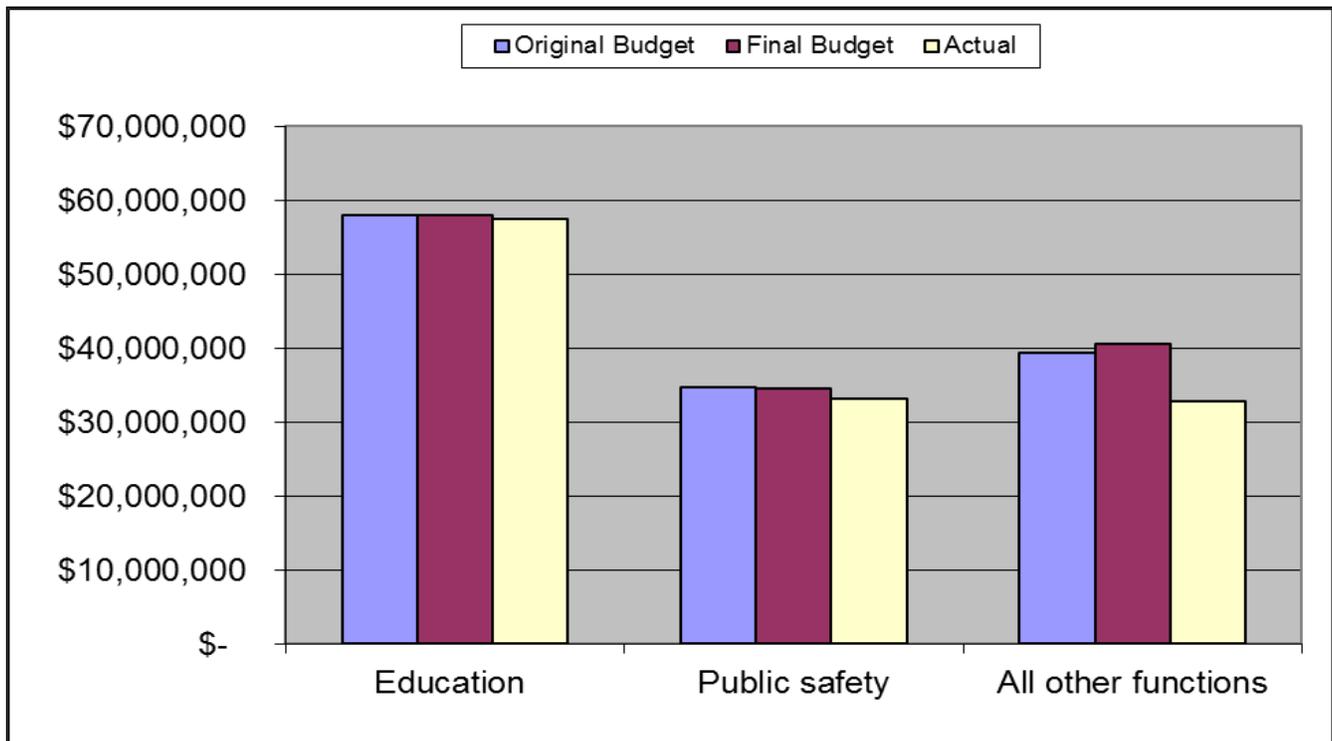

The total change in General Fund final budgeted revenues were \$2,200,018 or 1.6% over the original budget. The majority of the increase was driven by federal and state grants appropriated during the year.

The total General Fund actual revenues were \$3,883,197 or 2.7% under the final budget. Significant variances include the following:

- General property taxes were moderately higher than the final budget by \$356,330 or .4%, which was primarily driven by higher than anticipated public service corporation property tax collections.
- Other local taxes were lower than the final budget by \$3,812,820 or 12.4%, which was primarily driven by a decrease for hotel and motel room taxes and restaurant food taxes resulting from a change in the method of accounting for these taxes. Instead of accounting for a transfer to the Tourism fund for 3/5 of the hotel and motel room taxes and a transfer to the Sewer and Stormwater funds for half of the restaurant food taxes, the proportionate share of revenue is directly posted to the applicable funds. The budgeted amounts accounted for the revenue collections occurring in the General Fund and the applicable transfers occurring as expenditures from the General Fund, thus the difference between budget and actual.
- Charges for services were higher than the final budget by \$147,234 or 3.7%, mainly due to increases in collections from medic recovery fees.

General Fund Expenditures - Comparison of Budget to Actual

The total change in General Fund final budgeted expenditures were \$1,035,045 or 0.7% over the original budget. The majority of the increase was driven by federal and state grants and donations appropriated during the year.

The total General Fund actual expenditures were \$15,047,585 or 9.4% under the final budget. A portion of the variance, \$529,260 is attributable to outstanding encumbrances at June 30, 2018, which are not reflected in the budgetary comparison schedule. Other significant variances include the following:

- Education: the payment to the School Division is under budget due to the return of unspent funds to the County per State code.
- Public Safety: the functional area of Public Safety was under budget due to grants and donations that had not been fully expended at year-end.
- All Other Functions with significant variances:
 - Judicial Services: The Circuit Court, the Clerk of the Court, and the Commonwealth's Attorney were under budget as a result of vacancies. The Commonwealth's Attorney office also realized savings due to grants not fully expended at year-end.
 - Management Services: these departments were under budget due to vacancies and the majority of savings from funds set aside for economic incentives yet to occur.
 - Public Works: this department realized savings from an unspent grant as well as in operations and personnel due to turnover and vacancies.

- Community Services: the department had savings from unspent grant funds, turnover and vacancies.
- Capital Outlay: the budget underage was due to the timing of projects.
- Transfers Out: the transfers out were under budget as a result of a change in the method of accounting for the hotel and motel room taxes and restaurant food taxes as noted above in the other local tax revenue variance comment. Instead of accounting for a transfer to the Tourism fund for 3/5 of the hotel and motel room taxes and a transfer to the Sewer and Stormwater funds for half of the restaurant food taxes in the General Fund, the proportionate share of revenue is posted directly to the applicable funds. The budgeted amounts accounted for revenue collections occurring in the General Fund and the applicable transfers occurring as expenditures from the General Fund, thus the difference between budget and actual. Thus, savings resulted from the budgeted transfers that were no longer necessary from the General Fund.

GOVERNMENTAL FUNDS

The County maintains eleven individual governmental funds. Information is presented separately in the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances for the General, Tourism, Yorktown Capital Improvements, County Capital and the Education Debt Service Funds, all of which are considered to be major funds.

The General Fund decreased by \$3,031,471 primarily due to one-time transfers for capital expenditures, education, public safety, public works and other future projects.

The Tourism Fund accounts for transactions related to the lodging tax restricted by the State for tourism activities. The Yorktown Capital Improvements and County Capital Funds account for major capital improvements. The Education Debt Service Fund accounts for debt service payments for School Division capital projects for which debt was issued.

For fiscal year ended June 30, 2018, the Tourism Fund had a decrease in fund balance of \$448,870. The Yorktown Capital Improvements Fund had an increase in fund balance of \$789,546, mainly due to transfers in. The increase in fund balance was used to pay down the advance from the tourism fund resulting in the year-end deficit being reduced to \$3,947,179. The County Capital Fund had an increase in fund balance of \$8,820,309 as a result of a transfer of bond proceeds from the Debt Service Fund for the replacement of fire apparatus and the Grafton fire station construction project.

PROPRIETARY FUNDS

The County reported operations for eight enterprise funds and two internal service funds. The enterprise funds provide the means to account for the operations of the County-operated utilities, the two sanitary districts, the County solid waste disposal activity, the operations at Yorktown and the operations of the Regional Radio System.

During fiscal year 2018, the internal service funds were used to account for the operation of the centralized motor vehicle pool and for health and dental insurance programs.

The Sewer Utility Fund earned \$11,194,581 through charges for services and \$1,538,440 from restaurant food taxes. The Vehicle Maintenance Fund (internal service fund) collects its revenues through charges for services imposed on the various County departments to which fleet vehicles are assigned. The expenses relate directly to the maintenance and depreciation of the County's fleet of vehicles. The Health and Dental Insurance Fund, accounts for the health and dental insurance claims,

payments to the insurance providers and the IRS as required by the Affordable Care Act, and the contributions from the County and employees.

The enterprise funds in the aggregate had an increase in net position during the fiscal period of \$4,256,720, and the internal service funds reported an increase in net position of \$3,437,617. The net position for the enterprise funds and internal service funds were \$120,750,443 and \$10,045,066, respectively, at the end of the fiscal year.

CAPITAL ASSETS AND DEBT ADMINISTRATION

Capital Assets

At the end of fiscal year 2018, the County's investment in capital assets for its governmental and business-type activities amounts to \$216,966,381 (net of accumulated depreciation and amortization). This investment in capital assets includes land, easements, construction in progress, land improvements, buildings and improvements, infrastructure, equipment, vehicles and computer software. The increase in governmental activities is mainly attributable to equipment associated with a capital lease.

The County does not own its roads and they are therefore not included in the capital assets. In addition, the School Division owns school buildings and the related debt is County debt. For this reason, the assets are reflected in the Statement of Net Position of the component unit School Division, while the related debt is reflected in the Statement of Net Position of the County.

The increase in capital assets for business-type activities is driven by developers donating sewer systems to the County, the completion of Carver Gardens and additional phases of Queens Lake, and Lackey and Hollywood Sewer projects, captured in construction in progress.

Governmental Activities and Business-Type Activities - Capital Assets, Net of Depreciation and Amortization

Capital Project Funds

The capital project funds are used by the County to acquire and construct major capital projects.

Yorktown Capital Improvements Fund

For fiscal year 2018, \$778,503 was transferred to the Yorktown Capital Improvements Fund from the Tourism Fund to pay down an advance. This fund had a \$3,947,179 deficit at June 30, 2018, resulting from advances from the Tourism Fund.

County Capital Fund

For fiscal year 2018, a transfer of \$4,632,159 was from the General Fund for future projects and a transfer of \$7,537,587 was from the Debt Service Fund for fire apparatus and the Grafton fire station. Capital expenditures of \$5,540,878 included the following: fire station replacement, fire apparatus replacement, mobile command vehicle, security equipment, financial software upgrade, work management software, video services equipment; tennis and basketball court repairs, heating and air conditioning repairs/replacement; roof, building, parking lot and grounds repairs/maintenance.

Additional information on the County's capital assets can be found in note 5 beginning on page F-17 of this report.

Governmental Activities and Business-type Activities - Long-term Debt

At the end of the fiscal year, the County had total bonded debt of \$117,993,779. Capital leases, compensated absences, claims liabilities, net pension liability and net OPEB obligation are not included in these figures.

	<u>Governmental Activities</u>		<u>Business-type Activities</u>		<u>Total</u>	
	<u>FY2018</u>	<u>FY2017</u>	<u>FY2018</u>	<u>FY2017</u>	<u>FY2018</u>	<u>FY2017</u>
Bonds payable	\$ 97,377,592	\$ 87,638,991	\$ 20,616,187	\$ 21,254,301	\$ 117,993,779	\$ 108,893,292
Total	\$ 97,377,592	\$ 87,638,991	\$ 20,616,187	\$ 21,254,301	\$ 117,993,779	\$ 108,893,292

Under Virginia state law, school divisions do not have the authority to issue debt. Therefore, all school debt is issued by and is a liability of the County. In fiscal year 2018, the County paid debt service of \$4,595,000 and \$2,610,722 for education related principal and interest and fiscal charges, respectively, through the Education Debt Service Fund.

The County continues to maintain an excellent bond rating for local governmental jurisdictions of its type and size. The rating assigned by Standard & Poor's Corporation is AAA and the Moody's rating is Aa1 for the lease revenue bonds issued in December 2008.

Additional information on the County's long-term debt can be found in note 7 beginning on page F-21 of this report.

ECONOMIC FACTORS AND NEXT YEAR'S BUDGETS AND TAX RATES

The County's staff and Board of Supervisors considered many factors when developing the fiscal year 2019 budget. The fiscal year 2019 approved budget amended on July 17, 2018 for the General Fund is \$142,002,000, a .1% increase from the fiscal year 2018 budget. Local revenue, which includes property tax, sales, lodging, and occupational license taxes were expected to decrease from fiscal year 2018 by .1%. State revenues are expected to be less by \$90,000 or 0.7%. Federal revenues are projected to decrease by \$6,500 or 1.5%.

The fiscal year 2019 Budget represents a carefully considered fiscal plan. It reflects a plan that invests in all of the Board's strategic priorities as outlined in the Letter of Transmittal without a tax rate or fee increases and addresses staffing needs in the Sheriff's office and Fire & Life Safety. In addition, it fully funds the School Division's request and provides a favorable compensation package for County staff.

REQUESTS FOR INFORMATION

This financial report is designed to provide our citizens, taxpayers, customers, and investors and creditors with a general overview of the County's finances and to demonstrate the County's accountability for the money it receives. Questions concerning this report or requests for additional financial information should be directed to Theresa S. Owens, CPA, Finance Director, P.O. Box 532, Yorktown, VA 23690, telephone (757) 890-3700.

The accompanying notes are an integral part of the basic financial statements.

COUNTY OF YORK, VIRGINIA
 Reconciliation of the Statement of Revenues, Expenditures and Changes
 in Fund Balances of Governmental Funds to the Statement of Activities
 For the Year Ended June 30, 2018

Net change in fund balances - total governmental funds \$ 5,348,194

Amounts reported for governmental activities in the Statement of Activities are different because:

Governmental funds report capital outlays as expenditures. In the Statement of Activities, the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense. Capital outlay expenditures, depreciation and amortization expenses and the loss on disposal of capital assets in the current period are provided below.

Capital outlay expenditures	\$ 4,913,306	
Depreciation and amortization expenses	(5,435,674)	
Loss on disposal of capital assets	<u>(84,707)</u>	(607,075)

Revenues in the Statement of Activities that do not provide current financial resources are not reported as revenues in the funds. Unavailable revenues changed by this amount in the current year.

(533,470)

The issuance of long-term debt provides current financial resources to governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction has an effect on net position. Governmental funds report the effect of premiums, discounts and similar items when debt is issued, whereas these amounts are deferred and amortized in the Statement of Activities. This amount is the net effect of those differences in the treatment of long-term debt and related items.

Principal repayments	\$ 8,649,276	
Issuance of debt	(15,405,000)	
Premium on issuance of noncurrent debt, net	(1,178,493)	
Amortization of premium on issuance of noncurrent debt	494,892	
Amortization of deferred charge on refunded debt	<u>(159,432)</u>	(7,598,757)

Some expenses reported in the Statement of Activities do not require the use of current financial resources and; therefore, are not reported as expenditures in governmental funds. Retirement liabilities, accrued interest and compensated absences changed by the amounts provided below in the current year.

Accrued interest payable	\$ 120,518	
Net OPEB liability	1,114,478	
Net pension liability and related outflows/inflows	2,664,763	
Compensated absences	<u>(254,341)</u>	3,645,418

The internal service funds are used by management to charge the costs of certain activities to individual funds. The net income of the internal service funds are reported with governmental activities.

3,437,617

Change in net position of governmental activities

\$ 3,691,927

The accompanying notes are an integral part of the basic financial statements.

COUNTY OF YORK, VIRGINIA
Notes to Basic Financial Statements
June 30, 2018

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

York County, which was originally named Charles River County, was one of Virginia's eight original "shires" formed in 1634. It was renamed nine years later in 1643 when the river that determines the County's character was also given the name of the then Duke of York. York County has played a major role in the development of this nation. Most importantly, it was the location of the culminating battle of the Revolutionary War and the subsequent surrender of Lord Cornwallis and his British army on October 19, 1781.

The County of York, Virginia (the County) is organized under the traditional form of government (as defined under Virginia Law). The governing body of the County is the Board of Supervisors that establishes policies for the administration of the County. The Board of Supervisors comprises five members: one member from each of five districts, elected for a four-year term by the voters of the district in which the member resides. The Board of Supervisors appoints a County Administrator to act as the administrative head of the County.

The financial statements of the County have been prepared in conformity with accounting principles generally accepted in the United States of America (GAAP) as applied to government units. The Governmental Accounting Standards Board (GASB) is the accepted primary standard-setting body for establishing governmental accounting and financial reporting principles. The County's significant accounting and reporting policies are described below.

In fiscal year 2018, the County adopted the provisions of a new GASB statement: GASB Statement No. 75 ("GASB 75"), *Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions*, which provides guidance for improving accounting and financial reporting by state and local governments for postemployment benefits other than pensions (other postemployment benefits or OPEB). It also improves information provided by state and local governmental employers about financial support for OPEB that is provided by other entities.

The Reporting Entity

The County's financial reporting entity is defined and its financial statements are presented in accordance with GAAP where in it defines the distinction between the County as a Primary Government and its related entities. The financial reporting entity consists of the Primary Government and its discretely presented component units, which are legally, separate organizations for which the elected officials of the Primary Government are financially accountable. Financial accountability is defined as appointment of a voting majority of the component unit's board, and either a) the ability to impose will by the Primary Government, or b) the possibility that the component unit will provide a financial benefit or impose a financial burden on the Primary Government. The Primary Government may also be financially accountable if the component unit is fiscally dependent on the Primary Government regardless of whether the component unit has a separately elected governing board.

COUNTY OF YORK, VIRGINIA
Notes to Basic Financial Statements
June 30, 2018

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

As such, the York County School Division (the School Division), the Economic Development Authority of York County (EDA) and the Marquis Community Development Authority (CDA) are reported as separate and discretely presented component units in the County's reporting entity. The Primary Government is hereafter referred to as the "County" and the reporting entity, which includes the County and its component units, is hereafter referred to as the "Reporting Entity."

As required by GAAP, the accompanying basic financial statements include all activities of the County. The component unit columns in the basic financial statements include the financial data of the County's three discretely presented component units. The discretely presented component units are reported in separate columns in the government-wide financial statements to emphasize that they are legally separate from the primary discretely presented component units follows:

The **York County School Division (the School Division)** is a separate legal entity that is responsible for elementary and secondary education within the County. Since January 1, 1996, the citizens of the County have elected the members of the School Board; however, the School Division is fiscally dependent upon the County because the Board of Supervisors approves the School Division's annual budget and levies the necessary taxes to finance the School Division's operations. The Board of Supervisors makes an annual appropriation to the School Division, but is prohibited from exercising any control over specific expenditures of the School Division's operating funds. The School Division may not issue debt, so the Board of Supervisors borrows funds to finance the acquisition, construction, and improvement of School Division property. The School Division holds title to this property, while the County remains responsible for repayment of the debt. The majority of the School Division's funding is from the County and the Commonwealth of Virginia. Separate audited financial statements are available from the School Division at 302 Dare Road, Yorktown, Virginia, 23692.

The **Economic Development Authority of York County (EDA)** was originally established under the Industrial Development and Revenue Bond Act - *Code of Virginia* (Code). The 2004 General Assembly amended the Code 15.2-4903 to allow localities to change the name of their Industrial Development Authorities if so authorized by the local governing body and the EDA took such action. A separate board appointed by the Board of Supervisors governs the EDA. The EDA is fiscally dependent upon the County because substantially all of its income is derived from an appropriation from the County. The EDA has the responsibility to promote industry and develop trade by inducing manufacturing, industrial and commercial enterprises to locate or to remain in the County. Separate audited financial statements are available from the EDA at P.O. Box 612, Yorktown, Virginia, 23690.

The **Marquis Community Development Authority (CDA)** was created pursuant to the Virginia Water and Waste Authorities Act (the "Act"), beginning with 15.2-5100 *et. seq.* of the Code of Virginia, 1950, by an ordinance adopted by the County's Board of Supervisors on December 19, 2006. The Marquis Development Authority District (the "District") consists of a land area of approximately 222.85 acres in York County, Virginia just outside of the City of Williamsburg, Virginia. The Act provides that the Authority may issue bonds to finance infrastructure improvements located within or benefiting the District and the Board of Supervisors, at the request of the Authority, may levy and collect special assessments within the District and appropriate such sums to the Authority for use in paying the administrative expenses and debt service requirement in connection with any such bonds.

COUNTY OF YORK, VIRGINIA
Notes to Basic Financial Statements
June 30, 2018

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES *(Continued)*

The CDA is fiscally dependent upon the County for the remittance of the incremental tax revenues to fund the CDA's debt service requirements. On November 28, 2007, the Authority issued \$32,860,000 Revenue Bonds, Series 2007 which were restructured on March 1, 2012. On October 27, 2015, the CDA issued convertible capital appreciation revenue bonds. The principal of and the interest on the 2007 bonds do not constitute a pledge of the faith and credit of the County and therefore the faith and credit of the County have not been pledged to the payment of the principal of or interest on the 2007 bonds. The issuance of the bonds does not directly, indirectly or contingently obligate the County to levy any taxes or to make any appropriation for their payment except from the revenues and receipts pledged therefore. Pursuant to the Act, the County is expressly precluded from paying the principal of or interest on the bonds except from the special assessments and the incremental tax revenues. A separate board appointed by the Board of Supervisors governs the CDA. Separate audited financial statements are available from Theresa S. Owens, Marquis Community Development Authority at 120 Alexander Hamilton Boulevard, Yorktown, Virginia 23690.

Joint Venture Government Organizations

The County does not include in the basic financial statements certain authorities created as separate governments under the laws of the Commonwealth of Virginia. These authorities are separate legal entities having governmental character and sufficient autonomy in the management of their own affairs to distinguish them as separate from the administrative organization of the County although the County Board of Supervisors appoints certain members of their governing bodies. While the County may have some reversionary interest in the assets of these entities in the event they are dissolved, the nature and extent of that interest would be subject to negotiation at the time of dissolution. The County does not include these entities as component units because they do not meet the criteria as set forth in GAAP.

The **Virginia Peninsulas Public Service Authority (VPPSA)** was established under the Code, Virginia Water and Sewer Authorities Act. A separate ten-member board of which the County appoints one representative governs VPPSA. VPPSA was formed for the purpose of developing regional refuse collection, waste reduction and disposal alternatives with the ultimate goal of acquiring, financing, constructing and/or operating and maintaining a residential, commercial and industrial garbage and refuse collection and disposal system or systems. VPPSA is fiscally independent of the County because substantially all of its income is generated through the collection of user fees. Separate audited financial statements are available from VPPSA at 300 McLaws Circle, Suite 200, Williamsburg, Virginia 23185.

The **Virginia Peninsula Regional Jail Authority (Jail Authority)** was created pursuant to Article 3.1, Chapter 3, Title 53.1 of the Code to finance, acquire, construct, equip, maintain and operate a regional jail. A separate seven-member board of which the County Sheriff serves as a member and the County appoints one representative governs the Jail Authority. The Jail Authority is fiscally independent of the County because substantially all of its income is generated from payments by the member jurisdictions and reimbursements from the Commonwealth of Virginia for a portion of the capital costs, a portion of salaries and benefits of certain regional jail employees and a charge for prisoners housed at the jail. Separate audited financial statements are available from the Jail Authority, c/o the County of James City at P.O. Box 8784, Williamsburg, Virginia 23187-8784.

COUNTY OF YORK, VIRGINIA
Notes to Basic Financial Statements
June 30, 2018

SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES *(Continued)*

The **Middle Peninsula Juvenile Detention Commission (the Commission)** was created to enhance the region for the protection of the citizens by the construction, equipping, maintenance and operation of a new juvenile detention facility serving the eighteen member jurisdictions of which the Director of Community Services serves as the County's representative on the board. The Commission is fiscally independent of the County because substantially all of its income will be generated from per diem payments from the member jurisdictions and reimbursements from the Commonwealth of Virginia for a portion of the capital costs. Separate audited financial statements are available from the Commission, c/o the County of James City at P. O. Box 8784, Williamsburg, Virginia 23187-8784.

Government-wide and Fund Financial Statements

The basic financial statements are composed of both government-wide and fund financial statements. The government-wide statements, the Statement of Net Position and the Statement of Activities report information on all of the nonfiduciary activities of the County and its component units.

Generally, the effect of interfund activity has been removed from these statements. Governmental activities, which are normally supported by taxes and intergovernmental revenues, are reported separately from business-type activities, which rely primarily on fees and charges for services. The Primary Government is reported separately from certain legally separate component units for which the Primary Government is financially accountable.

The Statement of Net Position provides information on assets and deferred outflows of resources, liabilities and deferred inflows of resources and the net position. The Statement of Activities presents a comparison between direct expenses of a function and program revenues. Direct expenses are those that are specifically associated with a specific function or segment. Program revenues include fees, fines and charges paid by the recipients of goods or services offered by the function or segment; and grants and contributions that are restricted to meet the operations or capital requirements of a particular function or segment. Revenues that are not classified as program revenues, including all taxes, are presented as general revenues. Separate financial statements are provided for governmental funds, proprietary funds and fiduciary funds, even though the latter are excluded from the government-wide financial statements. Major individual governmental funds and major individual enterprise funds are reported as separate columns in the fund financial statements.

Measurement Focus, Basis of Accounting, Financial Statement Presentation

The government-wide, proprietary and fiduciary fund financial statements are reported using the economic resources measurement focus and the accrual basis of accounting, except for agency funds, which are custodial in nature (assets and liabilities) and have no measurement focus. Revenues are recorded when earned and expenses are recorded at the time liabilities are incurred, regardless of when the related cash flows take place. Nonexchange transactions, in which the County gives (or receives) value without directly receiving (or giving) equal value in exchange, include property taxes, grants, entitlements and donations. On an accrual basis, revenue from property taxes is recognized in the fiscal year for which the taxes are levied. Revenue from grants, entitlements and donations is recognized in the fiscal year in which all eligibility requirements have been satisfied.

COUNTY OF YORK, VIRGINIA
Notes to Basic Financial Statements
June 30, 2018

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES *(Continued)*

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Under this method, revenues are recognized when measurable and available. Revenues are generally considered available to be used to pay liabilities of the current period if they are collectible within the current period or within 45 days thereafter, or within 90 days thereafter for intergovernmental reimbursement grants. The primary revenues susceptible to accrual include property taxes, sales taxes, other local taxes and intergovernmental revenues. In applying the susceptible to accrual concept to intergovernmental revenues, the legal and contractual requirements of the individual programs are used as guidance. Expenditures are generally recorded when the related fund liability is incurred. Debt service expenditures, as well as compensated absences and claims and judgments, are recorded when payment is due.

The County reports the following major governmental funds:

General Fund: The County's primary operating fund; accounts for revenue sources and expenditures not required to be accounted for in other funds.

Tourism Fund: Accounts for the receipt and disbursement of 3% of the lodging tax and the \$2.00 additional tax restricted by the Commonwealth of Virginia for tourism activities.

Yorktown Capital Improvements Fund: Accounts for revenue and expenditures related to capital improvements in the historical Yorktown area.

County Capital Fund: Accounts for revenue and expenditures related to construction or acquisition of facilities and equipment in general governmental areas (other than those financed by proprietary funds).

Education Debt Service Fund: Accounts for the receipt and payment of bonds and loans issued for the construction and maintenance of educational facilities and equipment.

The County reports the following nonmajor governmental funds:

Special Revenue Funds: The Children and Family Services, Virginia Public Assistance, Law Library and Community Development Authority Revenue Account Funds are used to account for the proceeds of federal, state, and local sources that are legally restricted to expenditures for specified purposes.

County Debt Service Fund: Accounts for the receipt and payment of bonds and loans issued for the construction and maintenance of County facilities and equipment.

Stormwater Capital Projects Fund: Accounts for revenue and expenditures related to the drainage maintenance projects.

The County reports the following major enterprise fund:

Sewer Utility Fund: Accounts for the operations of the County's sewer utility systems.

COUNTY OF YORK, VIRGINIA
Notes to Basic Financial Statements
June 30, 2018

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

The County reports the following nonmajor enterprise funds:

Yorktown Operations Fund: Accounts for the operations at the Yorktown waterfront.

York Sanitary District Fund: Accounts for the capital assets as of January 1, 1992 of the Sanitary District No. 1 utility systems.

Upper County Utility Fund: Accounts for the capital assets as of January 1, 1992 of the upper County utility systems.

Solid Waste Fund: Accounts for the operations of the County's solid waste disposal system.

Water Utility Fund: Accounts for operations of the County's water utility systems.

Sanitary District No. 2 Fund: Accounts for the capital assets as of January 1, 1992 of the Sanitary District No. 2 utility systems.

Regional Radio System Fund: Accounts for the County's joint emergency communication system with James City County and Gloucester County.

The County reports the following additional fund types:

Internal Service Funds: The Vehicle Maintenance Fund accounts for the operation of the vehicle maintenance and replacement services provided to County departments on a cost reimbursement basis. The Health and Dental Insurance Fund accounts for the payment of claims and other expenses related to medical and dental benefits provided to employees and retirees.

Fiduciary Funds:

Agency Funds: The County's agency funds account for fiscal funds held for the Colonial Behavioral Health; the Colonial Group Home Commission; the Special Welfare Board; regional projects, the Peninsula Public Sports Facility Authority, the Darby-Firby Neighborhood Corporation, and the Library Board.

Other Postemployment Benefits (OPEB) Trust Fund: Accounts for the resources held in trust for members and beneficiaries other postemployment benefits.

Proprietary funds distinguish *operating* revenues and expenses from *nonoperating* revenues and expenses. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. As a general rule, the effect of interfund activity has been eliminated from the government-wide financial statements. Exceptions to this general rule are charges between the government's Sewer Utility and various other functions of the government; elimination of these charges would distort the direct costs and program revenues reported for the various functions concerned. When both restricted and unrestricted resources are available for use, it is the government's policy to use restricted resources first, then unrestricted on an as needed basis.

COUNTY OF YORK, VIRGINIA
Notes to Basic Financial Statements

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES *(Continued)*

Property Taxes

The two major sources of property taxes are described below:

Real Estate: The County levies real estate taxes on all real estate within its boundaries, except that exempted by statute, each year as of January 1 on the estimated market value of the property. All real estate property is assessed biennially.

Real estate taxes are billed in semi-annual installments due June 25 and December 5. Liens are placed on the property on the date real estate taxes are delinquent, June 26 and December 6, and must be satisfied prior to the sale or transfer of the property. Real estate taxes reported as revenue are for the assessment due December 5, 2017 and June 25, 2018, less an allowance for uncollectible amounts and taxes not collected within 45 days after year-end. The tax rate for calendar year 2017 and 2018 was \$0.795, per \$100 of assessed value.

Personal Property: The County levies personal property taxes on motor vehicles and tangible personal business property. These levies are made each year as of January 1. Personal property taxes are billed in equal semi-annual installments due June 25 and December 5. Personal property taxes do not create a lien on property. The personal property taxes reported as revenue are for the levies due December 5, 2017, and June 25, 2018, less an allowance for uncollectible amounts and taxes not collected within 45 days after year-end. The tax rate for calendar years 2017 and 2018 was \$4.00 per \$100 of assessed value.

The County's property tax collection records show that 97.24% of the property taxes due for the current tax year were collected.

Allowance for Uncollectible Amounts

Provision for uncollectible property taxes is based upon a historical percentage of accounts written off applied to the total levies of all years carried in taxes receivable and, in certain cases, specific account analysis. Provision for uncollectible solid waste, water and sewer service bills is based upon a historical analysis of uncollected accounts and, in certain cases, specific account analysis.

Cash and Temporary Investments

The County utilizes the pooled cash investment method. Income from the investment of pooled cash is allocated to the various funds based on the percentage of cash and temporary investments of each fund to the total pooled cash and temporary investments. See Note 2 for description of cash and temporary investment policies. Investments are stated at fair value.

COUNTY OF YORK, VIRGINIA
Notes to Basic Financial Statements
June 30, 2018

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES *(Continued)*

Inventories

Inventories consist of materials and supplies held for future consumption and are stated at cost using the first-in, first-out method. Inventory is accounted for under the purchase method.

Prepays

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items in the basic financial statements. Prepaid items are recorded as expenditures when consumed.

Advances

Advances to other funds as reported in the General Fund, net advances from other funds, is offset by a fund balance nonspendable account, to indicate that they are not available for appropriation and are not expendable available financial resources.

Capital Assets

Capital assets include land, land improvements, buildings and improvements, infrastructure, equipment, and vehicles. Intangible assets include easements and computer software. Infrastructure acquired prior to 2002 that meets the County's capitalization threshold has been reported. All acquisitions of land and easements; land improvements, infrastructure, equipment, and computer software that individually costs \$5,000 or more; vehicles that individually cost \$10,000 or more; and buildings and improvements that individually cost \$30,000 or more and with useful lives greater than one year are reported in the applicable governmental or business-type activities column in the government-wide financial statements. Such assets are recorded at historical cost or estimated historical cost if constructed or purchased. Donated capital assets are recorded at acquisition value at the date of donation. Capital and intangible assets are depreciated and amortized over their estimated useful lives using the straight-line, half-year convention method. Land and permanent easements have an indefinite life. Temporary easements are amortized over the period of time the easement covers. The estimated useful lives of other capital and intangible assets are as follows: land improvements (15 - 20), buildings and improvements (10 - 50), infrastructure (10 - 50), equipment (3 - 20), vehicles (3 - 20), and computer software (3 - 7).

Compensated Absences

County employees are granted vacation and sick pay in varying amounts as services are provided. They may accumulate, subject to certain limitations, unused vacation and sick pay earned and, upon retirement, termination or death, may be compensated for certain amounts at their then current rates of pay. A liability for these amounts is reported in governmental funds only if they have matured, for the reasons stated above. The current and noncurrent liability for accrued vacation and sick leave benefits at June 30, 2018 has been reported in the government-wide statements, representing the County's commitment to fund such costs from future operations. In the proprietary funds, the amount of compensated absences recognized is the amount earned. Such benefits are included in the government-wide statements. The amount due within one year has been estimated based on historic trends.

COUNTY OF YORK, VIRGINIA
Notes to Basic Financial Statements
June 30, 2018

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, (Continued)

Deferred Outflows and Inflows of Resources

Deferred outflows of resources represent a consumption of net position that applies to a future period and so will not be recognized as an expense or expenditure until then. The County's deferred outflows of resources consist of the amount by which the principal and premium of a refunding bond exceed the net carrying amount of the refunded debt and the amount related to pension costs. The deferred outflow associated with the refunded debt is being amortized over the remaining life of the refunded debt. Additionally, employer contributions subsequent to the measurement date will be recognized as a reduction of the liability in the next fiscal year. Changes of assumptions for pensions and postemployment benefits other than pensions, differences between projected and actual earnings on pension plan investments, and changes in proportion and differences between employer contributions and proportionate share of contributions on pension plan investments are actuarially determined and recorded as deferred outflows.

Deferred inflows of resources represent an acquisition of net position that applies to a future period and so will not be recognized as revenue until then. Under the modified accrual basis of accounting, the County has revenues, which are applicable to a future period, and will not be recognized until the period they become available. These amounts are recorded on the governmental funds' Balance Sheet as a deferred inflow of resources. Additionally, amounts related to pension costs and postemployment benefits other than pensions are actuarially determined and recorded as deferred inflows in the government-wide financial statements and proprietary funds' Balance Sheet. Deferred revenue for prepaid taxes, fees and receivables are recorded as deferred inflows in the government-wide financial statements.

Fund Balances

In the governmental fund financial statements, fund balances have been classified to reflect the limitations and restrictions placed on the respective funds as follows:

Nonspendable: Amounts that cannot be spent because they are not in spendable form, or are legally or contractually required to be maintained intact.

Restricted: Amounts that can be spent only for the specific purposes stipulated by constitution, external resource providers or through enabling legislation.

Committed: Amounts that can be used only for the specific purposes determined by a formal action of the County's highest level of decision making authority, the Board of Supervisors, whom can commit funds, by adoption of an ordinance (establishing rates and fees earmarked for a specific purpose). Once adopted, the limitation cannot be used for any other purpose unless the Board of Supervisors removes or changes the specified use by taking the same type of action (ordinance) it employed to previously commit those amounts. In contrast to fund balance that is restricted by enabling legislation, committed fund balance may be redeployed for other purposes with appropriate due process.

Assigned: Amounts that are intended to be used for specific purposes, but do not meet the criteria as restricted or committed. In governmental funds other than the General Fund, assigned fund balance represents the remaining amount that is not restricted or committed. In the General Fund, assigned amounts represent intended uses established by the Board of Supervisors, or as delegated to the County Administrator. The Board of Supervisors has by resolution authorized the County Administrator to assign fund balance. Unlike commitments, assignments generally only exist temporarily and an additional action is not normally required

COUNTY OF YORK, VIRGINIA
Notes to Basic Financial Statements
June 30, 2018

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES *(Continued)*

Fund Balances *(Continued)*

to be taken for the removal of an assignment. Conversely, as discussed above, an additional action is essential to either remove or revise a commitment.

Unassigned: The residual classification for the County's General Fund and includes all spendable amounts not contained in other classifications.

The County's policy is to apply expenditures against restricted resources first when either restricted or unrestricted amounts are available. Within unrestricted fund balance, it is the County's policy to apply expenditures against committed amounts first, followed by assigned, and then unassigned amounts. In a governmental fund other than the General Fund, a negative unassigned fund balance could result if expenditures incurred for a specific purpose exceeds the amounts in the fund that are restricted, committed, and assigned for that purpose.

Net Position

Net position in government-wide and proprietary fund financial statements are classified as net investment in capital assets, restricted and unrestricted. Restricted net position represent constraints on resources that are either externally imposed by creditors, grantors, contributors, laws and regulations of other governments or imposed by law through state statute.

Statement of Cash Flows

For purposes of the Statement of Cash Flows, cash and temporary investments with original maturities of three months or less are considered to be cash and cash equivalents.

Use of Estimates

Management of the County has made a number of estimates and assumptions relating to the reporting of assets and liabilities and the disclosure of contingent assets and liabilities to prepare these financial statements in conformity with GAAP. Any differences between these estimates and actual results should immaterially affect the County's reporting of its financial position.

Credit Risk

The assessed value of real estate and personal property for the County's ten largest taxpayers comprises 12.03% of the County's tax base. Concentration of credit risk with respect to receivables is limited due to the large number of customers comprising the County's customer base. The *Code of Virginia (Code)*, as amended, requires the election of a County Treasurer. The County's Treasurer is the custodian of cash and investments for the County, EDA and School Division. Oversight for investment activity is the responsibility of the Treasurer.

2. DEPOSITS AND INVESTMENTS

Deposits with banks are covered by the Federal Deposit Insurance Corporation (FDIC) and collateralized in accordance with the Virginia Security for Public Deposits Act ("the Act") Section 2.2-4400 et. seq. of the Code. Under the Act, banks and savings institutions holding public deposits in excess of the amount insured by the FDIC must pledge collateral to the Commonwealth of Virginia Treasury Board. Financial Institutions may choose between two collateralization methodologies and depending upon that choice, will pledge collateral that

COUNTY OF YORK, VIRGINIA
Notes to Basic Financial Statements
June 30, 2018

2. DEPOSITS AND INVESTMENTS *(Continued)*

ranges in the amounts from 50% to 130% of excess deposits. Accordingly, all deposits are considered fully collateralized.

Statutes authorize the County to invest in obligations of the United States or agencies thereof, obligations of the Commonwealth of Virginia or political subdivisions thereof, obligations of the International Bank for Reconstruction and Development (World Bank), the Asian Development Bank, the African Development Bank, "prime quality" commercial paper and certain corporate notes, banker's acceptances, repurchase agreements and the State Treasurer's Local Government Investment Pool (LGIP). The Treasury Board of the Commonwealth of Virginia has regulatory oversight of the LGIP. It is managed in a manner consistent with the "2a7 like pool" risk limiting requirements of GAAP with the portfolio securities valued by the amortized cost method. Investments with a maturity date of one year or less are stated at amortized cost. The fair value of the County's position in the LGIP is the same as the value of the pool shares. All other investments are stated at fair value.

The County and the School Division are participates in the Virginia Pooled OPEB Trust administered by the VML/VACo Finance Program. Funds of participating jurisdictions are pooled and invested in the name of the Virginia Pooled OPEB Trust. The County and School Division's investment amounts are reported on the Fiduciary Fund statements on pages E-8 and E-9. The Board of Trustees of the Virginia Pooled OPEB Trust have adopted an investment policy to maximize total long-term rate of return with reasonable risk by seeking capital appreciation and, secondarily, principal protection. Investments are structured to achieve a compound annualized total expected rate of return over a market cycle, including current income and capital appreciation, of 7.5%. Investment decisions for the fund's assets are made by the Board of Trustees. The Board of Trustees establishes investment objectives, risk tolerance, and asset allocation policies in light of market and economic conditions and generally prevailing prudent investment practices. The Board of Trustees also monitors the investments through the appointment and oversight of investment managers and ensures adherence to the adopted policies and guidelines. Specific investment information and written investment policies for the Virginia Pooled OPEB Trust can be obtained by writing to VML/VACo Finance Program, 919 E. Main Street, Suite 1100, Richmond, VA 23219.

The carrying amount of the County's cash and investments at June 30, 2018 is as follows:

	Amount
Restricted cash	\$ 9,515,174
Investments	60,630,416
Deposits with financial institutions	29,415,105
Petty cash	4,355
Total cash and investments	\$ 99,565,050

COUNTY OF YORK, VIRGINIA
Notes to Basic Financial Statements
June 30, 2018

2. DEPOSITS AND INVESTMENTS (Continued)

A reconciliation to the basic financial statements is as follows:

	Primary Government	School Division Component Unit	Economic Development Authority Component Unit	Community Development Authority Component Unit	Total
Cash and investments	\$ 86,100,770	\$ 23,888,777	\$ 650,352	\$ -	\$ 110,639,899
Restricted cash	9,515,174	-	14,510	1,314,593	10,844,277
Fiduciary funds:					
Restricted cash	-	80,232	-	-	80,232
Restricted investments	-	1,662,273	-	-	1,662,273
Agency funds	3,949,106	1,634,840	-	-	5,583,946
Total cash and investments	\$ 99,565,050	\$ 27,266,122	\$ 664,862	\$ 1,314,593	\$ 128,810,627

Restricted Cash

The County's restricted cash of \$9,515,174 at June 30, 2018 consisted of the following: \$5,000 of surety deposits for junkyards held in the County and junkyards' names; \$12,812 of surety deposits for developments; \$7,591,054 for debt reserves on the 2018 bonds; \$1,645,043 for debt reserves on the 2010 sewer revenue bonds; and \$261,265 for funds held in escrow for retainage.

Credit Risk

As required by state statute, the policy requires that commercial paper be rated "prime quality" by at least two nationally recognized statistical rating organizations (A-1 by both Standard & Poor's and Moody's Investor Service) and corporate notes and bonds must be rated in the AAA or AA categories by both Standard & Poor's and Moody's Investor Service. The County's policy further limits credit risk by limiting investments in securities that have higher credit risks. As of June 30, 2018, the County's investments as rated by Standard & Poor's were as follows:

Investment Type	AAA	AA	Unrated
LGIP	\$ 14,890,566	\$ -	\$ -
Money market	-	-	1,655,226
Federal agency bonds and notes	-	34,468,124	-
Corporate obligations	2,037,120	7,579,380	-
Total investments	\$ 16,927,686	\$ 42,047,504	\$ 1,655,226

Concentration of Credit Risk

State statute limits the percentage of the portfolio that can be invested in any one issuer, excluding the U.S. Government, U.S. Government Agencies, the Commonwealth of Virginia and its authorities, mutual funds and pooled investment funds. Furthermore, no more than 35% of total available funds may be invested in commercial paper.

COUNTY OF YORK, VIRGINIA
Notes to Basic Financial Statements
June 30, 2018

2. DEPOSITS AND INVESTMENTS (Continued)

Interest Rate Risk

As a means of limiting exposure to fair value losses arising from rising interest rates, the County's policy limits the investment portfolio holdings to no more than 24 months, unless approved by the Treasurer. As of June 30, 2018, the carrying values and weighted average maturity of the County's investments were as follows:

<u>Investment Type</u>	<u>Fair Value</u>	<u>Weighted Average Maturity in Years</u>
Money market-LGIP	\$ 14,890,566	0.02
Money market	1,655,226	0.02
Federal agency bonds and notes	34,468,124	1.74
Corporate obligations	9,616,500	1.87
Total investments	<u>\$ 60,630,416</u>	
Weighted average of portfolio		<u>1.29</u>

Custodial Credit Risk

The policy requires that all investment securities purchased by the County be held by an independent third-party custodian and evidenced by safekeeping receipts in the County's name. As of June 30, 2018, all of the County's investments were held in a bank's trust department in the County's name.

Fair Value Hierarchy

GAAP establishes a hierarchy (3 Levels) of valuation techniques used to measure fair value. The hierarchy is based on the valuation inputs used to measure the fair value of an asset. Level 1 inputs are quoted prices in active markets for identical assets. Level 2 inputs are inputs other than quoted prices that are observable either directly or indirectly. Level 3 inputs are unobservable inputs. The County has the following fair value measurements as of June 30, 2018:

Fair Value Measurements Using

<u>Investments- At fair value</u>	<u>June 30, 2018</u>	<u>Quoted Prices in Active Markets for Identical Assets (Level 1)</u>	<u>Significant Other Observable Inputs (Level 2)</u>
Money market	\$ 1,655,226	\$ 1,655,226	\$ -
Federal agency bonds and notes	34,468,123	8,311,207	26,156,916
Corporate obligations	9,616,500	-	9,616,500
Total investments	<u>\$ 45,739,849</u>	<u>\$ 9,966,433</u>	<u>\$ 35,773,416</u>

COUNTY OF YORK, VIRGINIA
Notes to Basic Financial Statements
June 30, 2018

2. DEPOSITS AND INVESTMENTS (Continued)

In addition, investments held by the Virginia Pooled OPEB Trust Fund in the pool in which the County and the School Division participate (Portfolio I) are Level 1 inputs as reported by the Fund's investment advisor, Asset Consulting Group. Total investments of the pool at June 30, 2018 are \$832.8 million, of which the County and the School Division have \$16,278,704 invested.

Discretely Presented Component Units

At June 30, 2018, and excluding fiduciary funds of \$3,377,344 not held by the County Treasurer, the School Division had investments of \$169,247 with LGIP, rated AAA by Standard and Poor's.

At June 30, 2018, the EDA had bank deposits of \$259,144 (\$14,510 of which was restricted for tenant security deposits) and investments in LGIP of \$405,718, rated AAAM by Standard & Poor's.

The CDA's restricted cash and investments of \$1,314,593 at June 30, 2018, consisted of unspent bond proceeds. The total amount was invested in the U.S. Treasury money market funds. The U.S. Treasury money market funds are rated AAAM by Standard & Poor's and were stated at cost, which approximates fair value.

3. RECEIVABLES

At June 30, 2018, receivables were as follows:

	<u>General</u>	<u>Tourism</u>	<u>Yorktown Capital Imps</u>	<u>County Capital</u>	<u>Nonmajor Governmental Funds</u>	<u>Sewer Utility</u>	<u>Nonmajor Enterprise Funds</u>	<u>Internal Service Funds</u>
Property taxes	\$ 4,593,305	\$ -	\$ -	\$ -	\$ 10,270	\$ -	\$ -	\$ -

COUNTY OF YORK, VIRGINIA
Notes to Basic Financial Statements
June 30, 2018

4. INTERFUND AND COMPONENT UNIT TRANSACTIONS

The composition of interfund balances as of June 30, 2018 is as follows:

<u>Advance from Fund</u>	<u>Advance to Fund</u>	<u>Purpose</u>	<u>Amount</u>
General	Tourism	Infrastructure	\$ 4,691,310
	Nonmajor Enterprise Funds	Land purchase	<u>2,500,000</u>
Total Advances to other funds			<u>\$ 7,191,310</u>
Tourism	Yorktown Capital Improvements	Infrastructure	<u>\$ 4,691,310</u>

The advances from the General Fund and Tourism Fund were capital project loans and are not expected to be fully repaid in the subsequent year. Repayments for the infrastructure loan have begun from the lodging tax revenue generated by tourism. Repayments for the land purchase have also begun, from net rental income generated by the tenant operations managed by the EDA. Repayments in both instances are expected to continue until the advances are fully liquidated.

<u>Due from Entity</u>	<u>Due to Entity</u>	<u>Purpose</u>	<u>Amount</u>
County of York	School Division	Operations	<u>\$ 8,001,329</u>
County of York	EDA	Operations	<u>\$ 18,250</u>
EDA	County of York	Riverwalk Landing lease	<u>\$ 18,715</u>
County of York	CDA	Incremental tax revenues	<u>\$ 343,482</u>

COUNTY OF YORK, VIRGINIA
Notes to Basic Financial Statements

6. UNEARNED REVENUE AND DEFERRED INFLOWS

Unearned revenue represents amounts for which asset recognition criteria have been met, but for which revenue recognition criteria have not been met. Under the modified accrual basis of accounting, unearned revenue reflects amounts that are measurable, but not available. Deferred inflows represent an acquisition of net position that will not be recognized as revenue until a future period. At June 30, 2018, unearned revenues and deferred inflows are provided in the table below.

	<u>General</u>	<u>County</u>	<u>Nonmajor</u>	<u>Sewer</u>	<u>Nonmajor</u>

7. LONG-TERM DEBT (Continued)

Arbitrage

Arbitrage is the difference between the yield on an issuer's tax-exempt bonds and the investment income earned on the proceeds. Arbitrage restrictions imposed by the federal government prohibit an issuer from retaining arbitrage profits when investing bond proceeds at a yield that exceeds the yield on the bonds. Any excess arbitrage must be rebated to the U.S. Treasury. As of June 30, 2018, there was no rebate liability.

General Obligation Bonds

General obligations bonds (GOB) are backed by the full faith and credit of the County. There are no sinking fund requirements. Outstanding general obligation bonds at June 30, 2018 of the Primary Government governmental activities are as follows:

GOB Series	Purpose	Bond Date	Maturity Date	Interest Rate	Balance June 30, 2018

	<u>\$ 19,490,000</u>	<u>\$ 16,225,509</u>

Virginia Peninsula Regional Jail Authority

In June 2003, the Virginia Peninsula Regional Jail Authority (Jail Authority), of which the County is a member jurisdiction as discussed in Note 1, issued \$21,655,000 of Regional Jail Facility Refunding Revenue Bonds, Series 2003. The original bonds were issued for the purpose of acquiring, constructing and equipping a Regional Jail Facility to serve its member jurisdictions. The bonds bear interest at 2% to 5%, paid semi-annually. The bonds mature in amounts ranging from \$570,000 on October 1, 2003 to \$2,765,000 on October 1, 2018. The outstanding balance at June 30, 2018 was \$2,765,000. The bonds are limited obligations of the Jail Authority, and do not constitute a general obligation debt or pledge of the faith and credit of any member jurisdiction, nor do they obligate any member jurisdiction to levy or pledge any form of taxation. However, the County has entered into a non-binding moral obligation pledge of the member jurisdictions in which the member jurisdictions have agreed to pay their proportionate share of the debt service on the bonds and any debt service funding requirements if the Jail Authority lacks sufficient funds to do so. The County's proportionate share is 34%.

7. LONG-TERM DEBT (Continued)

Economic Development Authority

In November 2012, the Authority executed a property lease for the Riverwalk Restaurant and an adjacent vacant space for another restaurant to a new private company. As part of the negotiations, the Authority also entered into an equipment lease. The lease is for \$200,000, with repayments starting on May 1, 2013 for 120 months and with interest on the outstanding balance of 3.14% per annum. The balance at June 30, 2018 is \$96,667.

Marquis Community Development Authority

On November 27, 2007, the CDA issued special obligation bonds for \$32,860,000 to finance the construction of public infrastructure improvements located within the District. On March 1, 2012, the Bonds were restructured and reissued pursuant to a Restructuring Memorandum of Understanding. Under the restructuring and reissuance terms, the original 2007 Bonds have been restructured and \$2,805,000 of the original Bonds has been redeemed.

Interest on the bonds is payable each March 1 and September 1. Interest is computed on the basis of a year of 360 days and twelve 30-day months. Interest rates range from 5.1% - 5.625%. The following is a summary of the repayment schedules for fiscal years:

Year Ending June 30,	Series A Bonds 5.100%		Series B Bonds 5.625%		Series C Bonds 5.625%	
	Principal	Interest	Principal	Interest	Principal	Interest
2019	\$ -	\$ 289,425	\$ -	\$ 939,375	\$ -	\$ -
2020	-	289,425	-	939,375	-	-
2021	-	289,425	-	939,375	-	-
2022	-	289,425	-	939,375	-	-
2023	-	289,425	-	939,375	-	-
2024-2028	815,000	1,406,198	-	4,696,875	-	-
2029-2033	2,430,000	941,715	2,340,000	4,566,938	-	-
2034-2038	2,430,000	255,510	7,100,000	3,083,906	-	-
2039-2042	-	-	7,260,000	844,313	6,500,000	26,890,476
Total	<u>\$ 5,675,000</u>	<u>\$ 4,050,548</u>	<u>\$ 16,700,000</u>	<u>\$ 17,888,907</u>	<u>\$ 6,500,000</u>	<u>\$ 26,890,476</u>

On October 27, 2015, the CDA issued convertible capital appreciation revenue bonds in the amount of \$4,404,482 to finance additional public infrastructure improvements located within the District. The 2015 Bonds will initially be issued as capital appreciation bonds and will convert to current interest bonds on September 1, 2021, the "conversion date". Prior to the conversion date, the 2015 Bonds will not pay interest on a current basis, but will increase in value by the accumulation of earned interest from their initial principal amounts on the issue date to the conversion date. Interest will be compounded each March 1 and September 1, commencing March 1, 2016 at a rate of 7.5% according to the table of accreted values. The accreted value at the conversion date will be \$6,773,000. Following the conversion date, interest on the 2015 Bonds will be payable semiannually on each March 1 and September 1, commencing March 1, 2022 at a rate of 7.5%.

9. LEASES

County as Lessee

The County leases certain land, equipment and office space under noncancellable operating lease agreements. A summary of future minimum rental payments under these noncancellable operating leases as of June 30, 2018 is as follows:

<u>Year</u>	<u>Primary Government</u>	<u>Discretely Presented Component Unit - School Division</u>
2019	\$ 442,078	\$ 271,587
2020	428,818	271,587
2021	277,790	271,587
2022	278,993	51,625
2023	280,082	-
2024-2028	1,230,837	-
2029-2033	1,187,000	-
2034-2038	1,187,000	-
2039-2043	1,179,069	-
2044-2048	1,076,950	-
2049-2053	210,000	-
Total minimum lease payments	<u>\$ 7,778,617</u>	<u>\$ 866,386</u>

Rental expenditures for the year ended June 30, 2018 for all operating leases were \$459,174 and \$271,587 for the County and Discretely Presented Component Unit-School Division, respectively.

County as Lessor

The County leases the usage of its communication towers under operating lease agreements. The towers are included in capital assets as communications equipment with a cost of \$9,392,690 and accumulated depreciation of \$9,372,445 for a carrying amount of \$20,245 at June 30, 2018. A summary of the future minimum rental receipts under noncancellable operating leases as of June 30, 2018 is as follows:

<u>Year</u>	<u>Primary Government</u>	<u>Discretely Presented Component Unit - School Division</u>
2019	\$ 352,573	\$ 353,121
2020	340,139	353,121
2021	321,561	353,121
2022	323,929	353,151
2023	322,635	353,151
2024-2028	1,071,889	-
2029-2033	873,781	-
2034-2038	671,020	-
2039-2043	87,079	-
2044-2048	10	-
2049-2053	10	-
Total minimum lease payments	<u>\$ 4,364,626</u>	<u>\$ 1,765,665</u>

Rental revenue receipts for all operating leases were \$527,029 for the County and \$443,571 for the School Division for the year ended June 30, 2018.

COUNTY OF YORK, VIRGINIA
Notes to Basic Financial Statements
June 30, 2018

9. LEASES (Continued)

Capital Leases

The County leases certain equipment and a building under capital lease agreements. In July 2016, the County executed a four-year lease-purchase agreement with Motorola for 800 MHz system upgrades on behalf of York, James City and Gloucester Counties. Also, a Memorandum of Understanding was executed with the County's partner counties that will empower York to act as their fiscal agent for purposes of this contract and committing the local government partners to make their proportional contributions over the next five fiscal years. The total cost of the upgrade is \$10,492,814, and York and James City County's shares are each \$4,736,044 and Gloucester's share is \$1,020,276. A summary of future minimum lease payments under capital leases together with the present value of the net minimum lease payments as of June 30, 2018 is as follows:

<u>Year</u>	Primary Government - Governmental Activities
2019	\$ 525,080
2020	1,488,876
2021	1,455,960
2022	28,000
2023	28,000
2024-2027	<u>56,529</u>
Total minimum lease payments	3,582,445
Less amount representing interest	<u>(158,725)</u>
Present value of principal	<u>\$ 3,423,720</u>

The gross value of capital assets under capital lease agreements is as follows: Governmental Activities - \$8,042,193 (equipment) with Accumulated Depreciation of \$3,402,855.

10. DEFINED BENEFIT PENSION PLANS

Virginia Retirement System

The Virginia Retirement System (VRS) Political Subdivision Retirement Plan is a multi-employer, agent plan. For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the County's Retirement Plan and the York County Schools ("Schools") Professional and Nonprofessional Retirement Plans and the additions to/deductions from the County Retirement Plan's and Schools Professional and Nonprofessional Retirement Plans' net fiduciary position have been determined on the same basis as they were reported by Virginia Retirement System (VRS). For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

COUNTY OF YORK, VIRGINIA
Notes to Basic Financial Statements
June 30, 2018

10. DEFINED BENEFIT PENSION PLANS (Continued)

All full-time, salaried permanent employees of the County and School Division are automatically covered by VRS upon employment. This plan is administered by the Virginia Retirement System (the System) along with plans for other employer groups in the Commonwealth of Virginia. Members earn one month of service credit for each month they are employed and for which they and their employer are paying contributions to VRS. Members are eligible to purchase prior public service, based on specific criteria as defined in the Code of Virginia, as amended. Eligible prior service that may be purchased includes prior public service, active duty military service, certain periods of leave, and previously refunded VRS service.

Within the plan, the System administers three different benefit structures for covered employees – Plan 1, Plan 2, and Hybrid. Each plan has different eligibility and benefit structures as set forth in the table below:

PLAN 1 Retirement Plan Provisions	PLAN 2 Retirement Plan Provisions	HYBRID Retirement Plan Provisions
<p><u>About Plan 1</u> Plan 1 is a defined benefit plan. The retirement benefit is based on a member's age, creditable service and average final compensation at retirement using a formula. Employees are eligible for Plan 1 if their membership date is before July 1, 2010, and they were vested as of January 1, 2013.</p>	<p><u>About Plan 2</u> Plan 2 is a defined benefit plan. The retirement benefit is based on a member's age, creditable service and average final compensation at retirement using a formula. Employees are eligible for Plan 2 if their membership date is on or after July 1, 2010, or their membership date is before July 1, 2010, and they were not vested as of January 1, 2013.</p>	<p><u>About the Hybrid Plan</u> The Hybrid Retirement Plan combines the features of a defined benefit plan and a defined contribution plan. Most members hired on or after January 1, 2014 are in this plan, as well as Plan 1 and Plan 2 members who were eligible and opted into the plan during a special election window. (See "Eligible Members").</p> <ul style="list-style-type: none"> • The defined benefit is based on a member's age, creditable service and average final compensation at retirement using a formula. • The benefit from the defined contribution component of the plan depends on the member and employer contributions made to the plan and the investment performance of those contributions. • In addition to the monthly benefit payment payable from the defined benefit plan at retirement, a member may start receiving distributions from the balance in the defined contribution account, reflecting the contributions, investment gains or losses, and any required fees.

COUNTY OF YORK, VIRGINIA

10. DEFINED BENEFIT PENSION PLANS (Continued)

PLAN 1 Retirement Plan Provisions	PLAN 2 Retirement Plan Provisions	HYBRID Retirement Plan Provisions
<p><u>Retirement Contributions</u> Members contribute up to 5% of their compensation each month to their member contribution account through a pre-tax salary reduction. Some school divisions and political subdivisions elected to phase in the required 5% member contribution; all employees will be paying the full 5% by July 1, 2016. Member contributions are tax-deferred until they are withdrawn as part of a retirement benefit or as a refund. The employer makes a separate actuarially determined contribution to VRS for all covered employees. VRS invests both member and employer contributions to provide funding for the future benefit payment.</p>	<p><u>Retirement Contributions</u> Members contribute up to 5% of their compensation each month to their member contribution account through a pre-tax salary reduction. Some school divisions and political subdivisions elected to phase in the required 5% member contribution; all employees will be paying the full 5% by July 1, 2016.</p>	<p><u>Retirement Contributions</u> A member's retirement benefit is funded through mandatory and voluntary contributions made by the member and the employer to both the defined benefit and the defined contribution components of the plan. Mandatory contributions are based on a percentage of the employee's creditable compensation and are required from both the member and the employer. Additionally, members may choose to make voluntary contributions to the defined contribution component of the plan, and the employer is required to match those voluntary contributions according to specified percentages.</p>
<p><u>Creditable Service</u> Creditable service includes active service. Members earn creditable service for each month they are employed in a covered position. It also may include credit for prior service the member has purchased or additional creditable service the member was granted. A member's total creditable service is one of the factors used to determine their eligibility for retirement and to calculate their retirement benefit. It also may count toward eligibility for the health insurance credit in retirement, if the employer offers the health insurance credit.</p>	<p><u>Creditable Service</u> Same as Plan 1.</p>	<p><u>Creditable Service</u> <u>Defined Benefit Component:</u> Under the defined benefit component of the plan, creditable service includes active service. Members earn creditable service for each month they are employed in a covered position. It also may include credit for prior service the member has purchased or additional creditable service the member was granted. A member's total creditable service is one of the factors used to determine their eligibility for retirement and to calculate their retirement benefit. It also may count toward eligibility for the health insurance credit in retirement, if the employer offers the health insurance credit.</p> <p><u>Defined Contribution Component:</u> Under the defined contribution component, creditable service is used to determine vesting for the employer contribution portion of the plan.</p>

Total Inactive Members	567	221
Active Members	728	293
Total Covered Employees	1,715	699

COUNTY OF YORK, VIRGINIA
Notes to Basic Financial Statements
June 30, 2018

10. DEFINED BENEFIT PENSION PLANS *(Continued)*

2. Contributions

The contribution requirement for active employees is governed by §51.1-145 of the Code, as amended, but may be impacted as a result of funding options provided to school divisions by the Virginia General Assembly. Employees are required to contribute 5.00% of their compensation toward their retirement. Prior to July 1, 2012, all or part of the 5.00% member contribution may have been assumed by the employer. Beginning July 1, 2012 new employees were required to pay the 5% member contribution. In addition, for existing employees, employers were required to begin making the employee pay the 5% member contribution. This could have been phased in over a period of up to 5 years and the employer was required to provide a salary increase equal to the amount of the increase in the employee-paid member contribution.

The County's contractually required contribution rate for the year ended June 30, 2018 was 15.46% of covered employee compensation. This rate was based on an actuarially determined rate from an actuarial valuation as of June 30, 2016.

The School Division's contractually required contribution rate for the year ended June 30, 2018 was 16.32% of covered employee compensation (professional employees). This rate was based on an actuarially determined rate from an actuarial valuation as of June 30, 2015 and reflects the transfer in June 2015 of \$192,884,000 as an accelerated payback of the deferred contribution in the 2010-12 biennium. The actuarial rate for the Professional Plan (Teacher Retirement Plan) was 16.32%. The actuarially determined rate, when combined with employee contributions, was expected to finance the costs of benefits earned by employee during the year, with an additional amount to finance any unfunded accrued liability. Contributions to the pension plan from the School Division were \$10,867,762 and \$9,684,516 for the years ended June 30, 2018 and June 30, 2017, respectively.

In addition, for the Nonprofessional (non-teacher) employees, the School Division is contractually required to contribute the remaining amounts necessary to fund its participation in the VRS using the actuarial basis specified by the Code and approved by the VRS Board of Trustees. The School Division contribution rate for the fiscal year ended 2018 was 5.91% of annual covered payroll. This rate was based on an actuarially determined rate from an actuarial valuation as of June 30, 2015.

These rates, when combined with employee contributions, were expected to finance the costs of benefits earned by employees during the year, with an additional amount to finance any unfunded accrued liability. Contributions to the pension plan from the County were \$4,170,856 and \$3,686,802 for the year ended June 30, 2018 and 2017, respectively. Contributions to the pension plan from the School Division were \$355,364 and \$363,194 for the years ended June 30, 2018 and June 30, 2017, respectively.

COUNTY OF YORK, VIRGINIA
Notes to Basic Financial Statements
June 30, 2018

10. DEFINED BENEFIT PENSION PLANS *(Continued)*

3. Net Pension Liability

The County's net pension liability was measured as of June 30, 2017 and totaled \$14,713,618. The total pension liability used to calculate the net pension liability was determined by an actuarial valuation performed as of June 30, 2016, using updated actuarial assumptions, applied to all periods included in the measurement and rolled forward to the measurement date of June 30, 2017.

At June 30, 2017, the School Division reported a net pension liability of \$104,715,000 for its proportionate share of the net pension liability of the Teacher Retirement Plan (Professional). The net pension liability was measured as of June 30, 2017 and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. The School Division's proportion of the net pension liability was based on the School Division's actuarially determined employer contributions to the pension plan for the year ended June 30, 2017 relative to the total of the actuarially determined employer contributions for all participating employers. At June 30, 2017, the School Division's proportion was 0.85148% as compared to 0.87024% at June 30, 2016.

In addition, the School Division's net pension liability for the Nonprofessional (non-teacher) Retirement Plan was measured as of June 30, 2017. The total pension liability used to calculate the net pension liability was determined by an actuarial valuation performed as of June 30, 2016, using updated actuarial assumptions, applied to all periods included in the measurement and rolled forward to the measurement date of June 30, 2017. At June 30, 2018, the School Division reported a liability of \$132,600 for the Nonprofessional (non-teacher) Retirement Plan.

4. Pension Expense

For the year ended June 30, 2018, the County recognized pension expense of \$1,114,878.

For the year ended June 30, 2018, the School Division recognized pension expense of \$8,392,000 of the Teacher Retirement Plan (Professional). Since there was a change in proportionate share between June 30, 2016 and June 30, 2017, a portion of the pension expense was related to deferred amounts from changes in proportion and from differences between employer contributions and the proportionate share of employer contributions.

In addition, for the year ended June 30, 2018, the School Division recognized pension expense of \$155,053 for the Nonprofessional (non-teacher) Retirement Plan.

5. Deferred Outflows/Inflows of Resources

At June 30, 2018, the County reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Difference between expected and actual experience	\$ -	\$1,745,246
Difference between projected and actual earnings on pension plan investments	6,690,417	9,352,546
Change in assumptions	-	799,413
Employer contributions subsequent to the measurement date	4,170,856	-
Total	\$ 10,861,273	\$ 11,897,205

\$4,170,856 reported as deferred outflows of resources related to pensions results from the County's contributions subsequent to the measurement date and will be recognized as a reduction of the net pension liability in the year ended June 30, 2019. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

	Deferred Amounts
2019	\$ (2,985,542)
2020	(223,052)
2021	(261,982)
2022	(1,736,212)
Total	\$ (5,206,788)

5. Deferred Outflows/Inflows of Resources

At June 30, 2018, for the Teacher Retirement Plan (Professional), the School Division reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Difference between expected and actual experience	\$ -	\$7,415,000
Change of assumptions	1,528,000	-
Net difference between projected and actual earnings on pension plan investments	-	3,804,000
Changes in proportion and differences between employer contributions and proportionate share of contributions	3,019,000	2,105,000
Employer contributions subsequent to the measurement date	10,867,762	-
Total	\$ 15,414,762	\$ 13,324,000

The \$10,867,762 reported as deferred outflows of resources related to pensions resulting from the School Division's contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ended June 30, 2019. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

	Deferred Amounts
2019	\$ (3,447,000)
2020	301,000
2021	(1,144,000)
2022	(3,837,000)
2023	(650,000)
Total	\$ (8,777,000)

COUNTY OF YORK, VIRGINIA

6. Actuarial Assumptions

County Retirement Plan

The total pension liability for the County Retirement Plan was based on an actuarial valuation as of June 30, 2016, using the Entry Age Normal actuarial cost method and the following assumptions, applied to all periods included in the measurement and rolled forward to the measurement date of June 30, 2017:

Inflation	2.5%
Salary increases, including Inflation	3.5% – 5.35%
Investment rate of return	7.0%, net of pension plan investment expense, including inflation*

* Administrative expenses as a percent of the market value of assets for the last experience study were found to be approximately 0.06% of the market assets for all of the VRS plans. This would provide an assumed investment return rate for GASB purposes of slightly more than the assumed 7.0%. However, since the difference was minimal, and a more conservative 7.0% investment return assumption provided a projected plan net position that exceeded the projected benefit payments, the long-term expected rate of return on investments was assumed to be 7.0% to simplify preparation of pension liabilities.

Mortality rates:

Largest 10 – Non-Hazardous Duty: 20% of deaths are assumed to be service related

Pre-Retirement:

RP-2014 Employee Rates to age 80, Healthy Annuitant Rates at ages 81 and older projected with scale BB to 2020; males 95% of rates; females 105% of rates.

Post-Retirement:

6. Actuarial Assumptions *(Continued)*

Mortality Rates (Pre-retirement, post-retirement healthy, and disabled)	Updated to a more current mortality table – RP-2014 projected to 2020
Retirement Rates	Lowered rates at older ages and changed final retirement from 70 to 75
Withdrawal Rates	Adjusted rates to better fit experience at each year age and service through 9 years of service
Disability Rates	Adjusted rates to better match experience
Salary Scale	No change

Nonprofessional/Non-teacher Retirement Plan

The total pension liability for Nonprofessional Retirement Plan (non-teacher) was based on an actuarial valuation as of June 30, 2016, using the Entry Age Normal actuarial cost method and the following assumptions, applied to all periods included in the measurement and rolled forward to the measurement date of June 30, 2017.

Inflation	2.5%
Salary increases, including Inflation	3.5% – 5.35%
Investment rate of return	7.0%, net of pension plan investment expense, including inflation*

* Administrative expenses as a percent of the market value of assets for the last experience study were found to be approximately 0.06% of the market assets for all of the VRS plans. This would provide an assumed investment return rate for GAAP purposes of slightly more than the assumed 7.0%. However, since the difference was minimal, and a more conservative 7.0% investment return assumption provided a projected plan net position that exceeded the projected benefit payments, the long-term expected rate of return on investments was assumed to be 7.0% to simplify preparation of pension liabilities.

Mortality rates: 15% of deaths are assumed to be service related

Pre-Retirement:

RP-2014 Employee Rates to age 80, Healthy Annuitant Rates at ages 81 and older projected with scale BB to 2020; males 95% of rates; females 105% of rates.

Post-Retirement:

RP-2014 Employee Rates to age 49, Healthy Annuitant Rates at ages 50 and older projected with scale BB to 2020; males set forward 3 years; females 1.0% increase compounded from ages 70 to 90.

Post-Disablement:

RP-2014 Disability Mortality Rates projected with scale BB to 2020; males set forward 2 years, 110% of rates; females 125% of rates.

COUNTY OF YORK, VIRGINIA
Notes to Basic Financial Statements
June 30, 2018

10. DEFINED BENEFIT PENSION PLANS *(Continued)*

6. Actuarial Assumptions *(Continued)*

Mortality Rates (Pre-retirement, post-retirement healthy, and disabled)	Updated to a more current mortality table – RP-2014 projected to 2020
Retirement Rates	Lowered rates at older ages and changed final retirement from 70 to 75
Withdrawal Rates	Adjusted rates to better fit experience at each year age and service through 9 years of service
Disability Rates	Lowered rates
Salary Scale	No change
Line of Duty Disability	Increase rate from 14 to 15%

7. Long-Term Expected Rate of Return

The long-term expected rate of return on pension System investments was determined using a log-normal distribution analysis in which best-estimate ranges of expected future real rates of return (expected returns, net of pension System investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The target asset allocation and best estimate of arithmetic real rates of return for each major asset class are summarized in the following table:

<u>Asset Class (Strategy)</u>	<u>Target Allocation</u>	<u>Arithmetic Long-Term Expected Rate of Return</u>	<u>Weighted Average Long-Term Expected Rate of Return</u>
Public Equity	40.00%	4.54%	1.82%
Fixed Income	15.00%	0.69%	0.10%
Credit Strategies	15.00%	3.96%	0.59%
Real Assets	15.00%	5.76%	0.86%
Private Equity	15.00%	9.53%	1.43%
Total	<u>100.00%</u>		<u>4.80%</u>
Inflation			<u>2.50%</u>
*Expected arithmetic nominal return			<u>7.30%</u>

* The above allocation provides a one-year return of 7.30%. However, one-year returns do not take into account the volatility present in each of the asset classes. In setting the long-term expected return of the system, stochastic projections are employed to model future returns under various economic conditions. The results provide a range of returns over various time periods that ultimately provide a median return of 6.83%, including expected inflation of 2.50%.

COUNTY OF YORK, VIRGINIA
Notes to Basic Financial Statements
June 30, 2018

10. DEFINED BENEFIT PENSION PLANS *(Continued)*

8. Discount Rate

The discount rate used to measure the total pension liability was 7.00%. The projection of cash flows used to determine the discount rate assumed that member contributions will be made per the VRS Statutes and the employer contributions will be made in accordance with the VRS funding policy at rates equal to the difference between actuarially determined contribution rates adopted by the VRS Board of Trustees and the member rate. Through the fiscal year ending June 30, 2019, the rate contributed by the County Retirement Plan, School Division for the VRS Professional/Teacher Retirement Plan and Nonprofessional (non-teacher) Retirement Plan will be subject to the portion of the VRS Board-certified rates that are funded by the Virginia General Assembly. From July 1, 2019 on, participating employers are assumed to contribute 100% of the actuarially determined contribution rates. Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current active and inactive employees. Therefore, the long-term expected rate of return was applied to all periods of projected benefit payments to determine the total pension liability.

9. Sensitivity of the Net Pension Liability to Changes in the Discount Rate

The following presents the County's net pension liability for the using the discount rate of 7.00%, as well as what the net pension liability would be if it were calculated using a discount rate that is one percentage point lower (6.00%) or one percentage point higher (8.00%) than the current rate:

	1.00% Decrease (6.00%)	Current Discount Rate (7.00%)	1.00% Increase (8.00%)
County's Net Pension Liability	\$ 40,461,904	\$ 14,713,618	\$ (6,763,404)

The following presents the School Division's proportionate share of the net pension liability for the Professional/Teacher Retirement Plan using the discount rate of 7.00%, as well as what the School Division's proportionate share of the net pension liability would be if it were calculated using a discount rate that is one percentage point lower (6.00%) or one percentage point higher (8.00%) than the current rate:

	1.00% Decrease (6.00%)	Current Discount Rate (7.00%)	1.00% Increase (8.00%)
School Division's Proportionate Share of the Net Pension Liability for the VRS Teacher Retirement Plan	\$ 156,375,000	\$ 104,715,000	\$ 61,982,000

COUNTY OF YORK, VIRGINIA
Notes to Basic Financial Statements

12. Pension Plan Fiduciary Net Position – Teacher Retirement Plan

Detailed information about the VRS Teacher Retirement Plan's Fiduciary Net Position is available in the separately issued VRS 2017 Comprehensive Annual Financial Report (CAFR). A copy of the 2017 VRS CAFR may be downloaded from the VRS website at <http://www.varetire.org/Pdf/Publications/2017-annual-report.pdf>, or by writing to the System's Chief Financial Officer at P.O. Box 2500, Richmond, VA, 23218-2500.

COUNTY OF YORK, VIRGINIA
Notes to Basic Financial Statements
June 30, 2018

10. DEFINED BENEFIT PENSION PLANS *(Continued)*

York County Public Schools - Optional Plan

Plan Description

Plan Administration – The York County School Division administers the Optional Plan, a single employer defined benefit pension plan, provides pension benefits to non-professional employees of the School Division who were not previously covered by VRS. A fiduciary agent of the School Division administers the optional plan, which provides retirement benefits as well as death and disability benefits. As of June 30, 1992, the optional plan was frozen and the non-professional employees who participated in the plan became fully vested. The non-professional employees now participate in the VRS as noted above. Stand-alone financial reports are not issued for this plan.

Plan Membership – At June 30, 2018, pension plan membership consisted of the following:

Active plan members	11
Retirees and beneficiaries	70
Number of vested terminations	3
	84

Benefits Provided – The School Division provides retirement benefits. Retirement benefits for plan members are calculated as 1.5% of final 3-year average earnings times the member’s years of participation. Plan members may retire at the age of 65 for normal retirement. Plan members may retire at the age of 55 and with 5 years of participation for early retirement. Benefits are reduced actuarially for early commencement.

Contributions – 2.50% of pay contribution was required as a condition of participation; however, no employee contributions were required after June 30, 1992. Employee contributions are accumulated with interest at 5.00%. For the year ended, June 30, 2018, the average active member contribution rate was 0% of annual payroll, and the School Division’s average contribution rate was 0% percent of annual payroll.

Summary of Significant Accounting Policies

Method Used to Value Investments - Investments are reported at fair value. Short-term investments are recorded at cost, which approximates fair value. Securities traded on a national securities exchange are valued at the last reported sales price on the last business day of the School Division’s fiscal year. Investments that do not have an established market are reported at estimated fair value.

Investments

Investment Policy – The Optional Plan’s policy in regard to the allocation of invested assets is established and may be amended by the School Division Board. It is the policy of the School Division Board to pursue an investment strategy that reduces the risk through the prudent diversification of the portfolio across a broad selection of distinct asset classes. The Optional Plan’s investment policy discourages the use of no-load mutual funds that invest in combinations of stocks and/or bonds.

COUNTY OF YORK, VIRGINIA
Notes to Basic Financial Statements
June 30, 2018

10. DEFINED BENEFIT PENSION PLANS *(Continued)*

Rate of Return – For the year ended June 30, 2018, the annual money-weighted rate of return on pension plan investments, net of pension plan investment expense was 14.26%. The money-weighted return expresses investment performance net of investment expense, adjusted for the changing amounts actually invested.

Net Pension Liability (Asset) of the School Division – Optional Plan

Based on a measurement date of July 1, 2017, the components of the net pension liability (asset) of the School Division’s Optional Plan at June 30, 2018, were as follows:

	Total Pension Liability (a)	Fiduciary Net Position (b)	Net Pension Liability (Asset) (a) – (b)
	<u> </u>	<u> </u>	<u> </u>
Balance – July 1, 2016	\$ 1,925,786	\$ 1,817,914	\$ 107,872
Changes for the fiscal year:			
Service cost	1,385	-	1,385
Interest	127,986	-	127,986
Difference between expected and actual experience	(2,386)	-	(2,386)
Change of assumptions	(36,292)	-	(36,292)
Contributions - employer	-	20,000	(20,000)
Net investment income	-	142,975	(142,975)
Benefit payments	(197,602)	(197,602)	-
Administrative expenses	-	(19,782)	19,782
Net Changes	<u>(106,909)</u>	<u>(54,409)</u>	<u>(52,500)</u>
Balance – June 30, 2017	<u>\$ 1,818,877</u>	<u>\$ 1,763,505</u>	<u>\$ 55,372</u>

COUNTY OF YORK, VIRGINIA
Notes to Basic Financial Statements
June 30, 2018

10. DEFINED BENEFIT PENSION PLANS *(Continued)*

Actuarial Assumptions – The total pension liability was determined by an actuarial valuation as of July 1, 2017, using the following actuarial assumptions applied to all periods included in the measurement:

Interest	7.00%
General Inflation	2.50%
Cost of Living Adjustment (COLA)	2.00%
Salary Scale	N/A

Mortality rates were based on the RP-2014 Blue Collar Mortality Table with Generational Projection using Scale MP.

Discount Rate – From July 1, 2017 on, it is assumed the School Division will contribute 100% of the actuarially determined contribution rates. Based on those assumptions the pension plan’s fiduciary net position was projected to be available to make all projected future benefit payments of current active and inactive employees. Therefore, the long-term expected rate of return was applied to all periods of projected benefit payments to determine the total pension liability. The discount rate used to measure the total pension liability was 7.00%.

Pension Expense and Deferred Outflows/Inflows of Resources

At June 30, 2018, for the Optional Retirement Plan, the School Division reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred Outflows of Resources
Net difference between projected and actual earnings on pension plan investments	\$ 21,758
Total	\$ 21,758

The School Division did not have any contributions subsequent to the measurement date to be reported as a deferred outflow of resources that will be recognized as a reduction of the net pension liability in the year ended June 30, 2019. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

	Deferred Amounts
2019	\$ (4,140)
2020	27,226
2021	3,197
2022	(4,525)
Total	\$ 21,758

COUNTY OF YORK, VIRGINIA
Notes to Basic Financial Statements
June 30, 2018

10. DEFINED BENEFIT PENSION PLANS *(Continued)*

For the year ended June 30, 2018, the School Division recognized pension expense for the Optional Plan of \$(52,715).

Sensitivity of the Net Pension Liability to Changes in the Discount Rate – The following presents the net pension liability of the School Division, calculated using the discount rate of 7.00%, as well as what the School Division’s Optional Plan net pension liability would be if it were calculated using a discount rate that is 1-percentage point lower (6.00%) or 1-percentage-point higher (8.00%) than the current rate:

	1.00% Decrease (6.00%)	Current Discount Rate (7.00%)	1.00% Increase (8.00%)
School Division’s Net Pension Liability (Asset) for the Optional Plan	\$ 190,344	\$ 55,372	\$ (63,268)

11. OTHER POSTEMPLOYMENT BENEFITS (OPEB)

County and School Division OPEB Liability – VRS Plans

The County participates in a cost-sharing multiple employer Group Life Insurance Program and an Employee Health Insurance Credit Program offered by the Virginia Retirement System (“VRS”). The School Division participates in a cost-sharing multiple employer Group Life Insurance Program, a Teacher Employee Health Insurance Credit Program, a Political Subdivision Employee Virginia Disability Program, and a Teacher Employee Virginia Local Disability Program offered by the Virginia Retirement System (“VRS”).

VRS issues a publicly available Comprehensive Annual Financial Report (CAFR) that includes financial statements and required supplementary information for the plans administered by VRS. A copy of the most recent report may be obtained from the VRS website at <http://www.varetire.org>, or by writing to VRS’ Chief Financial Office at P.O. Box 2500, Richmond, Virginia 23218-2500.

The actuarial assumptions and long term expected rate of return are the same for the VRS OPEB programs. As such, the presentation of the actuarial assumptions and long term expected rate of return are combined below. Specific information for the OPEB plans will be presented after this section.

Actuarial Assumptions

The VRS OPEB liability was based on an actuarial valuation as of June 30, 2016, using the Entry Age Normal actuarial cost method and the following assumptions, applied to all periods included in the measurement and rolled forward to the measurement date of June 30, 2017.

Inflation	2.5%
Salary increases, including inflation –	
General state employees	3.5% – 5.35%
Teachers	3.5% – 5.95%
SPORS & VaLORS employees	3.5% – 4.75%
JRS employees	4.5%

COUNTY OF YORK, VIRGINIA
Notes to Basic Financial Statements
June 30, 2018

11. OTHER POSTEMPLOYMENT BENEFITS (Continued)

Locality – General employees	3.5% – 5.35%
Locality – Hazardous Duty employees	3.5% – 4.75%

Investment rate of return 7.0 Percent, net of investment expenses,
including inflation*

* Administrative expenses as a percent of the market value of assets for the last experience study were found to be approximately 0.06% of the market assets for all of the VRS plans. This would provide an assumed investment return rate for GAAP purposes of slightly more than the assumed 7.0%. However, since the difference was minimal, and a more conservative 7.0% investment return assumption provided a projected plan net position that exceeded the projected benefit payments, the long-term expected rate of return on investments was assumed to be 7.0% to simplify preparation of the OPEB liabilities.

Mortality rates – Teachers

Pre-Retirement:

RP-2014 White Collar Employee Rates to age 80, White Collar Healthy Annuitant Rates at ages 81 and older projected with scale BB to 2020.

Post-Retirement:

RP-2014 White Collar Employee Rates to age 49, White Collar Health Annuitant Rates at ages 50 and older projected with scale BB to 2020; males 1% increase compounded from ages 70 to 90; females set back 3 years with 1.5% increase compounded from ages 65 to 70 and 2.0% increase compounded from ages 75 to 90.

Post-Disablement:

RP-2014 Disability Mortality Rates projected with Scale BB to 2020; 115% of rates for males and females.

The actuarial assumptions used in the June 30, 2016 valuation were based on the results of an actuarial experience study for the four-year period from July 1, 2012 through June 30, 2016. Changes to the actuarial assumptions as a result of the experience study are as follows:

Mortality Rates (Pre-retirement, post-retirement healthy, and disabled)	Updated to a more current mortality table – RP-2014 projected to 2020
Retirement Rates	Lowered rates at older ages and changed final retirement from 70 to 75
Withdrawal Rates	Adjusted rates to better fit experience at each year age and service through 9 years of service
Disability Rates	Adjusted rates to better match experience
Salary Scale	No change

COUNTY OF YORK, VIRGINIA
Notes to Basic Financial Statements
June 30, 2018

11. OTHER POSTEMPLOYMENT BENEFITS (Continued)

Mortality rates – Largest and Non-Largest Ten Locality Employers - General Employees

Pre-Retirement:

RP-2014 Employee Rates to age 80, Healthy Annuitant Rates to 81 and older projected with Scale BB to 2020; males 95% of rates; females 105% of rates.

Post-Retirement:

RP-2014 Employee Rates to age 49, Healthy Annuitant Rates at ages 50 and older projected with Scale BB to 2020; males set forward 3 years; females 1.0% increase compounded from ages 70 to 90.

Post-Disablement:

RP-2014 Disability Life Mortality Table projected with scale BB to 2020; males set forward 2 years, 110% of rates; females 125% of rates.

The actuarial assumptions used in the June 30, 2016 valuation were based on the results of an actuarial experience study for the period from July 1, 2012 through June 30, 2016. Changes to the actuarial assumptions as a result of the experience study are as follows:

Mortality Rates (Pre-retirement, post-retirement healthy, and disabled)	Updated to a more current mortality table – RP-2014 projected to 2020
Retirement Rates	Lowered retirement rates at older ages and extended final retirement age from 70 to 75.
Withdrawal Rates	Adjusted termination rates to better fit experience at each age and service year
Disability Rates	Lowered disability rates
Salary Scale	No change
Line of Duty Disability	Increased rate from 14 to 15%

Mortality rates – Largest and Non-Largest Ten Locality Employers – Hazardous Duty Employees

Pre-Retirement:

RP-2014 Employee Rates to age 80, Healthy Annuitant Rates to 81 and older projected with Scale BB to 2020; males 90% of rates; females set forward 1 year.

Post-Retirement:

RP-2014 Employee Rates to age 49, Healthy Annuitant Rates at ages 50 and older projected with Scale BB to 2020; males set forward 1 year with 1.0% increase compounded from ages 70 to 90; females set forward 3 years.

Post-Disablement:

RP-2014 Disability Life Mortality Table projected with scale BB to 2020; males set forward 2 years; unisex using 100% male.

COUNTY OF YORK, VIRGINIA
Notes to Basic Financial Statements
June 30, 2018

11. OTHER POSTEMPLOYMENT BENEFITS *(Continued)*

The actuarial assumptions used in the June 30, 2016 valuation were based on the results of an actuarial experience study for the period from July 1, 2012 through June 30, 2016. Changes to the actuarial assumptions as a result of the experience study are as follows:

Mortality Rates (Pre-retirement, post-retirement healthy, and disabled)	Updated to a more current mortality table – RP-2014 projected to 2020
Retirement Rates	Lowered retirement rates at older ages
Withdrawal Rates	Adjusted termination rates to better fit experience at each age and service year
Disability Rates	Increased disability rates
Salary Scale	No change
Line of Duty Disability	Increased rate from 60 to 70% (Largest); Decreased rate from 60% to 45% (Non-Largest)

Long-Term Expected Rate of Return

The long-term expected rate of return on the System’s investments was determined using a log-normal distribution analysis in which best-estimate ranges of expected future real rates of return (expected returns, net of System’s investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The target asset allocation and best estimate of arithmetic real rates of return for each major asset class are summarized in the following table:

Asset Class (Strategy)	Target Allocation	Arithmetic Long-Term Expected Rate of Return	Weighted Average Long-Term Expected Rate of Return
Public Equity	40.00%	4.54%	1.82%
Fixed Income	15.00%	0.69%	0.10%
Credit Strategies	15.00%	3.96%	0.59%
Real Assets	15.00%	5.76%	0.86%
Private Equity	15.00%	9.53%	1.43%
Total	<u>100.00%</u>		<u>4.80%</u>
Inflation			<u>2.50%</u>
* Expected arithmetic nominal return			<u>7.30%</u>

* The above allocation provides a one-year return of 7.30%. However, one-year returns do not take into account the volatility present in each of the asset classes. In setting the long-term expected return for the system, stochastic projections are employed to model future returns under various economic conditions. The results provide a range of returns over various time periods that ultimately provide a median return of 6.83%, including expected inflation of 2.50%.

11. OTHER POSTEMPLOYMENT BENEFITS *(Continued)*

Virginia Retirement System – Group Life Insurance Program

Plan Description

All full-time, salaried permanent employees of the state agencies, teachers and employees of participating political subdivisions are automatically covered by the VRS Group Life Insurance Program upon employment. This plan is administered by the Virginia Retirement System (the System), along with pensions and other OBEB plans, for public employer groups in the Commonwealth of Virginia.

In addition to the Basic Group Life Insurance benefit, members are also eligible to elect additional coverage for themselves as well as a spouse or dependent children through the Optional Group Life Insurance Program. For members who elect the optional group life insurance coverage, the insurer bills employers directly for the premiums. Employers deduct these premiums from members' paychecks and pay the premiums to the insurer. Since this is a separate and fully insured program, it is not included as part of the Group Life Insurance Program OPEB.

The specific information for Group Life Insurance Program OPEB, including eligibility, coverage and benefits is set out in the table below:

GROUP LIFE INSURANCE PROGRAM PLAN PROVISIONS
<p>Eligible Employees</p> <p>The Group Life Insurance Program was established July 1, 1960, for state employees, teachers and employees of political subdivisions that elect the program, including the following employers that do not participate in VRS for retirement:</p> <ul style="list-style-type: none"> • City of Richmond • City of Portsmouth • City of Roanoke • City of Norfolk • Roanoke City Schools Board <p>Basic group life insurance coverage is automatic upon employment. Coverage end for employees who leave their position before retirement eligibility or who take a refund of their member contributions and accrued interest.</p>
<p>Benefit Amounts</p> <p>The benefits payable under the Group Life Insurance Program have several components.</p> <ul style="list-style-type: none"> • <u>Natural Death Benefit</u> – The natural death benefit is equal to the employee's covered compensation rounded to the next highest thousand and then doubled. • <u>Accidental Death Benefit</u> – The accidental death benefit is double the natural death benefit. • <u>Other Benefit Provisions</u> – In addition to the basic natural and accidental death benefits, the program provides additional benefits provided under specific circumstances. These include: <ul style="list-style-type: none"> ○ Accidental dismemberment benefit ○ Safety belt benefit ○ Repatriation benefit ○ Felonious assault benefit ○ Accelerated death benefit option

11. OTHER POSTEMPLOYMENT BENEFITS (Continued)

GROUP LIFE INSURANCE PROGRAM PLAN PROVISIONS (Continued)
<p>Reduction in benefit Amounts The benefit amounts provided to members covered under the Group Life Insurance Program are subject to a reduction factor. The benefit amount reduces by 25% on January 1 following one calendar year of separation. The benefit amount reduces by an additional 25% on each subsequent January 1 until it reaches 25% of its original value.</p>
<p>Minimum Benefit Amount and Cost-of-Living Adjustment (COLA) For covered members with at least 30 years of creditable service, there is a minimum benefit payable under the Group Life Insurance Program. The minimum benefit was set at \$8,000 by statute. This amount is increased annually based on the VRS Plan 2 cost-of-living adjustment and is currently \$8,111.</p>

Contributions

The contribution requirements for the Group Life Insurance Program are governed by §51.1-506 and §51.1-508 of the Code of Virginia, as amended, but may be impacted as a result of funding provided to state agencies and school divisions by the Virginia General Assembly. The total rate for the Group Life Insurance Program was 1.31% of covered employee compensation. This was allocated into an employee and an employer component using a 60/40 split. The employee component was 0.79% (1.31% X 60%) and the employer component was 0.52% (1.31% X 40%). Employers may elect to pay all or part of the employee contribution; however the employer must pay all of the employer contribution. Each employer's contractually required employer contribution rate for the year ended June 30, 2018 was 0.52% of covered employee compensation. This rate was based on an actuarially determined rate from an actuarial valuation as of June 30, 2015. The actuarially determined rate, when combined with employee contributions, was expected to finance the costs of benefits payable during the year, with an additional amount to finance any unfunded accrued liability. Contributions to the Group Life Insurance Program from the County were \$213,240 and \$201,745 for the years ended June 30, 2018 and June 30, 2017, respectively. Contribution to the Group Life Insurance Program from the School Division for nonprofessional employees were \$33,613 and \$33,621 for the years ended June 30, 2018 and June 30, 2017, respectively. Contributions to the Group Life Insurance Program from the School Division for professional employees were \$353,658 and \$349,251 for the years ended June 30, 2018 and June 30, 2017, respectively.

GLI OPEB Liabilities, GLI OPEB Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to the Group Life Insurance Program OPEB

At June 30, 2018, the County reported a liability of \$3,165,000 for its proportionate share of the Net GLI OPEB Liability. At June 30, 2018, the School Division reported a liability of \$527,000 for its proportionate share of the Net GLI OPEB Liability for nonprofessional employees. At June 30, 2018, the School Division reported a liability of \$5,479,000 for its proportionate share of the Net GLI OPEB Liability for professional employees. The Net GLI OPEB Liability was measured as of June 30, 2017 and the total GLI OPEB liability used to calculate the Net GLI OPEB Liability was determined by an actuarial valuation as of that date. The covered employer's proportion of the Net GLI OPEB Liability was based on the covered employer's actuarially determined employer contributions to the Group Life Insurance Program for the year ended June 30, 2017 relative to the total of the actuarially determined employer contributions for all participating employers. At June 30, 2017, the participating employer's proportion was

COUNTY OF YORK, VIRGINIA
Notes to Basic Financial Statements
June 30, 2018

11. OTHER POSTEMPLOYMENT BENEFITS (Continued)

0.21034% as compared to 0.21170% at June 30, 2016. At June 30, 2017, the participating employer's proportion was 0.03505% as compared to 0.03606% at June 30, 2016 for nonprofessional employees. At June 30, 2017, the participating employer's proportion was 0.36412% as compared to 0.37029% at June 30, 2016 for professional employees.

For the year ended June 30, 2018, the County recognized GLI OPEB expense of \$31,000. For the year ended June 30, 2018, the School Division recognized GLI OPEB expense of \$3,000 for nonprofessional employees. For the year ended June 30, 2018, the School Division recognized GLI OPEB expense of \$44,000 for professional employees. Since there was a change in proportionate share between measurement dates, a portion of the GLI OPEB expense was related to deferred amounts from changes in proportion.

At June 30, 2018, the County reported deferred outflows of resources and deferred inflows of resources related to the GLI OPEB from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Difference between expected and actual experience	\$ -	\$ 70,000
Net difference between projected and actual earnings on GLI OPEB program investments	-	119,000
Change in assumptions	-	163,000
Changes in proportionate share	-	20,000
Employer contributions subsequent to the measurement date	213,240	-
Total	\$ 213,240	\$ 372,000

\$213,240 reported as deferred outflows of resources related to the GLI OPEB resulting from the employer's contributions subsequent to the measurement date will be recognized as a reduction of the Net GLI OPEB Liability in the Fiscal Year ending June 30, 2019 for employees. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to the GLI OPEB will be recognized in the GLI OPEB expense in future reporting periods as follows:

	Deferred Amounts
2019	\$ 77,000
2020	77,000
2021	77,000
2022	77,000
2023	47,000
Thereafter	17,000
Total	\$ 372,000

COUNTY OF YORK, VIRGINIA

Thereafter	(38,000)
Total	\$ (701,000)

Net GLI OPEB Liability

The net OPEB liability (NOL) for the Group Life Insurance Program represents the program's total OPEB liability determined in accordance with GAAP, less the associated fiduciary net position. As of June 30, 2017, NOL amounts for the Group Life Insurance Program is as follows (amounts expressed in thousands):

COUNTY OF YORK, VIRGINIA
Notes to Basic Financial Statements
June 30, 2018

11. OTHER POSTEMPLOYMENT BENEFITS *(Continued)*

	Group Life Insurance OPEB Program
Total GLI OPEB Liability	\$ 2,942,426
Plan Fiduciary Net Position	1,437,586
Employer's Net GLI OPEB Liability	\$ 1,504,840
Plan Fiduciary Net Position as a Percentage of the Total GLI OPEB Liability	
	48.86%

The total GLI OPEB liability is calculated by the System's actuary, and each plan's fiduciary net position is reported in the System's financial statements. The net GLI OPEB liability is disclosed in accordance with the requirements of GASB Statement No. 74 in the System's notes to the financial statements and required supplementary information.

Discount Rate

The discount rate used to measure the total GLI OPEB liability was 7.00%. The projection of cash flows used to determine the discount rate assumed that member contributions will be made per the VRS guidance and the employer contributions will be made in accordance with the VRS funding policy at rates equal to the difference between actuarially determined contribution rates adopted by the VRS Board of Trustees and the member rate. Through the fiscal year ending June 30, 2019, the rate contributed by the entity for the GLI OPEB will be subject to the portion of the VRS Board-certified rates that are funded by the Virginia General Assembly. From July 1, 2019 on, employers are assumed to contribute 100% of the actuarially determined contribution rates. Based on those assumptions, the GLI OPEB's fiduciary net position was projected to be available to make all projected future benefit payments of eligible employees. Therefore the long-term expected rate of return was applied to all periods of projected benefit payments to determine the total GLI OPEB liability.

Sensitivity of the Employer's Proportionate Share of the Net GLI OPEB Liability to Changes in the Discount Rate

The following presents the employer's proportionate share of the net GLI OPEB liability for County employees using the discount rate of 7.00%, as well as what the employer's proportionate share of the net GLI OPEB liability would be if it were calculated using a discount rate that is one percentage point lower (6.00%) or one percentage point higher (8.00%) than the current rate:

	1.00% Decrease (6.00%)	Current Discount Rate (7.00%)	1.00% Increase (8.00%)
County's Proportionate Share of the Group Life Insurance Program Net OPEB Liability	\$ 4,094,000	\$ 3,165,000	\$ 2,412,000

Virginia Retirement System – Health Insurance Credit Program

Plan Description

The Health Insurance Credit Program is a multiple-employer, agent defined benefit plan that provides a credit toward the cost of health insurance coverage for retired political subdivision employees of participating employers. All full-time, salaried permanent employees of participating political subdivisions are automatically covered by the VRS Political Subdivision Health Insurance Credit Program upon employment. This plan is administered by the Virginia Retirement System (the System), along with pension and other OPEB plans, for public employer groups in the Commonwealth of Virginia. Members earn one month of service credit toward the benefit for each month they are employed and for which their employer pays contributions to VRS. The health insurance credit is a tax-free reimbursement in an amount set by the General Assembly for each year of service credit against qualified health insurance premiums retirees pay for single coverage, excluding any portion covering the spouse or dependents. The credit cannot exceed the amount of the premiums and ends upon the retiree's death. The specific information about the Political Subdivision Health Insurance Credit Program OPEB, including eligibility, coverage, and benefits is set out in the table below:

<p>Benefit Amounts</p> <p>The Teacher Employee Retiree Health Insurance Credit Program provides the following benefits for eligible employees:</p> <ul style="list-style-type: none">• <u>At Retirement</u> – For Teacher and other professional school employees who retire, the monthly benefit is \$4.00 per year of service per month with no cap on the benefit amount.• <u>Disability Retirement</u> – For Teacher and other professional school employees who retire on disability or go on long-term disability under the Virginia Local Disability Program (VLDP), the monthly benefit is either:<ul style="list-style-type: none">○ \$4.00 per month, multiplied by twice the amount of service credit, or○ \$4.00 per month, multiplied by the amount of service earned had the employee been active until age 60, whichever is lower.
<p>Health Insurance Credit Program Notes:</p> <ul style="list-style-type: none">• The monthly Health Insurance Credit benefit cannot exceed the individual premium amount.• Employees who retire after being on long-term disability under VLDP must have at least 15 year of service credit to qualify for the health insurance credit as a retiree.

Contributions

The contribution requirement for active employees is governed by §51.1-1402(E) of the *Code of Virginia*, as amended, but may be impacted as a result of funding provided to school divisions by the Virginia General Assembly. The County's contractually required employer contribution rate for the year ended June 30, 2018 was 0.19% of covered employee compensation for employees in the VRS Health Insurance Credit Program. Each school division's contractually required employer contribution rate for the year ended June 30, 2018 was 1.23% of covered employee compensation for employees in the VRS Teacher Employee Health Insurance Credit Program. This rate was based on an actuarially determined rate from an actuarial valuation as of June 30, 2015. The actuarially determined rate was expected to finance the costs of benefits earned by employees during the year, with an additional amount to finance any unfunded accrued liability. Contributions from the County to the VRS Health Insurance Credit Program were \$54,191 and \$51,206 for the years ended June 30, 2018 and June 30, 2017, respectively. Contributions from the school division to the VRS Teacher Employee Health Insurance Credit Program were \$832,471 and \$743,350 for the years ended June 30, 2018 and June 30, 2017, respectively.

Health Insurance Credit Program OPEB Liabilities, Health Insurance Credit Program OPEB Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Health Insurance Credit Program OPEB

At June 30, 2018, the County reported a Health Insurance Credit Program Net OPEB liability of \$362,942. At June 30, 2018, the School Division reported a liability of \$10,765,000 for its proportionate share of the VRS Teacher Employee Health Insurance Credit Program Net OPEB Liability. The Net VRS Teacher Employee Health Insurance Credit Program OPEB Liability was measured as of June 30, 2017 and the total VRS Teacher Employee Health Insurance Credit Program OPEB liability used to calculate the Net VRS Teacher Employee Health Insurance Credit Program OPEB Liability was determined by an actuarial valuation as of that date.

COUNTY OF YORK, VIRGINIA
Notes to Basic Financial Statements
June 30, 2018

11. OTHER POSTEMPLOYMENT BENEFITS (Continued)

The School Division's proportion of the Net VRS Teacher Employee Health Insurance Credit Program OPEB Liability was based on the school division's actuarially determined employer contributions to the VRS Teacher Employee Health Insurance Credit Program OPEB plan for the year ended June 30, 2017 relative to the total of the actuarially determined employer contributions for all participating employers. At June 30, 2017, the school division's proportion of the VRS Teacher Employee Health Insurance Credit Program was 0.84856% as compared to 0.87019% at June 30, 2016.

For the year ended June 30, 2018, the County recognized VRS Health Insurance Credit Program OPEB expense of \$38,040. Since there was a change in proportionate share between June 30, 2016 and June 30, 2017 a portion of the VRS Health Insurance Credit Program Net OPEB expense was related to deferred amounts from changes in proportion.

At June 30, 2018, the County reported deferred outflows of resources and deferred inflows of resources related to the VRS Health Insurance Credit Program OPEB from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Net difference between projected and actual earnings on HIC OPEB program investments	\$ -	\$ 28,596
Change in assumptions	-	37,726
Employer contributions subsequent to the measurement date	54,191	-
Total	\$ 54,191	\$ 66,322

\$54,191 reported as deferred outflows of resources related to the HIC OPEB resulting from the County's contributions subsequent to the measurement date will be recognized as a reduction of the Net HIC OPEB Liability in the Fiscal Year ending June 30, 2019. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to the HIC OPEB will be recognized in the HIC OPEB expense in future reporting periods as follows:

	Deferred Amounts
2019	\$ (14,214)
2020	(14,214)
2021	(14,214)
2022	(14,214)
2023	(7,065)
Thereafter	(2,401)
Total	\$ (66,322)

COUNTY OF YORK, VIRGINIA
Notes to Basic Financial Statements
June 30, 2018

11. OTHER POSTEMPLOYMENT BENEFITS (Continued)

For the year ended June 30, 2018, the school division recognized VRS Teacher Employee Health Insurance Credit Program OPEB expense of \$840,000. Since there was a change in proportionate share between June 30, 2016 and June 30, 2017 a portion of the VRS Teacher Employee Health Insurance Credit Program Net OPEB expense was related to deferred amounts from changes in proportion.

At June 30, 2018, the school division reported deferred outflows of resources and deferred inflows of resources related to the VRS Teacher Employee Health Insurance Credit Program OPEB from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Net difference between projected and actual earnings on OPEB plan investments	\$ -	\$ 19,000
Changes of assumptions	-	111,000
Changes in proportionate share	-	238,000
Employer contributions subsequent to the measurement date	832,471	-
Total	\$ 832,471	\$ 368,000

\$832,471 reported as deferred outflows of resources related to the Teacher Employee HIC OPEB resulting from the school division's contributions subsequent to the measurement date will be recognized as a reduction of the Net Teacher Employee HIC OPEB Liability in the Fiscal Year ending June 30, 2019. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to the Teacher Employee HIC OPEB will be recognized in the Teacher Employee HIC OPEB expense in future reporting periods as follows:

	Deferred Amounts
2019	\$ (58,000)
2020	(58,000)
2021	(58,000)
2022	(58,000)
2023	(53,000)
Thereafter	(83,000)
Total	\$ (368,000)

Net HIC OPEB Liability

The net OPEB liability (NOL) for the County's Health Insurance Credit Program represents the program's total OPEB liability determined in accordance with GAAP, less the associated fiduciary net position. As of June 30, 2017, NOL amounts for the VRS Health Insurance Credit Program is as follows (amounts expressed in thousands):

COUNTY OF YORK, VIRGINIA
Notes to Basic Financial Statements
June 30, 2018

Virginia Retirement System – Political Subdivision Virginia Local Disability Program

Plan Description

All full-time, salaried general employees; including local law enforcement officers, firefighters, or emergency medical technicians of political subdivisions who do not provide enhanced hazardous duty benefits; who are in the VRS Hybrid Retirement Plan benefit structure and whose employer has not elected to opt out of the VRS-sponsored program are automatically covered by the VRS Political Subdivision Employee Virginia Local Disability Program. This plan is administered by the Virginia Retirement System (the System), along with pension and other OPEB plans, for eligible public employer groups in the Commonwealth of Virginia. Political subdivisions are required by Title 51.1 of the Code of Virginia, as amended to provide short-term and long-term disability benefits for their Hybrid employees either through a local plan or through the Virginia Local Disability Program (VLDP).

The specific information for each plan and the eligibility for covered groups within each plan are set out in the table below:

POLITICAL SUBDIVISION EMPLOYEE VIRGINIA LOCAL DISABILITY PROGRAM (VLDP) PLAN PROVISIONS
<p>Eligible Employees</p> <p>The Political Subdivision Employee Virginia Local Disability Program was implemented January 1, 2014 to provide short-term and long-term disability benefits for non-work-related and work-related disabilities for employees with Hybrid retirement benefits</p> <p>Eligible employees are enrolled automatically upon employment, unless their employer has elected to provide comparable coverage. They include:</p> <ul style="list-style-type: none"> • Full-time general employees; including local law enforcement officers, firefighters, or emergency medical technicians who do not have enhanced hazardous duty benefits; of public political subdivisions covered under VRS.

11. OTHER POSTEMPLOYMENT BENEFITS *(Continued)*

Benefit Amounts

The Political Subdivision Employee Virginia Disability Local Program (VLDP) provides the following benefits for eligible employees:

Short-Term Disability –

- The program provides a short-term disability benefit beginning after a seven-calendar-day waiting period from the first day of disability. Employees become eligible for non-work-related short-term disability coverage after one year of continuous participation in VLDP with their current employer.
- During the first five years of continuous participation in VLDP with their current employer, employees are eligible for 60% of their pre-disability income if they go out on non-work-related or work-related disability.
- Once the eligibility period is satisfied, employees are eligible for higher income replacement levels

Long-Term Disability –

- The VLDP program provides a long-term disability benefit beginning after 125 workdays of short-term disability. Members are eligible if they are unable to work at all or are working fewer than 20 hours per week.
- Members approved for long-term disability will receive 60% of their pre-disability income. If approved for work-related long-term disability, the VLDP benefit will be offset by the workers' compensation benefit. Members will not receive a VLDP benefit if their workers' compensation benefit is greater than the VLDP benefit.

Virginia Local Disability Program Notes:

- Members approved for short-term or long-term disability at age 60 or older will be eligible for a benefit, provided they remain medically eligible.
- VLDP Long-Term Care Plan is a self-funded program that assists with the cost of covered long-term care services.

Contributions

The contribution requirement for active Hybrid employees is governed by §51.1-1178(C) of the *Code of Virginia*, as amended, but may be impacted as a result of funding provided to political subdivisions by the Virginia General Assembly. Each political subdivision's contractually required employer contribution rate for the year ended June 30, 2018 was 0.60% of covered employee compensation for employees in the VRS Political Subdivision Employee Virginia Local Disability Program. This rate was based on an actuarially determined rate from an actuarial valuation as of June 30, 2015. The actuarially determined rate was expected to finance the costs of benefits earned by employees during the year, with an additional amount to finance any unfunded accrued liability. Contributions from the political subdivision to the VRS Political Subdivision Employee Virginia Local Disability Program were \$8,070 and \$6,402 for the years ended June 30, 2018 and June 30, 2017, respectively.

11. OTHER POSTEMPLOYMENT BENEFITS (Continued)

Political Subdivision Employee Virginia Local Disability Program OPEB Liabilities, Political Subdivision Employee Virginia Local Disability Program OPEB Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Political Subdivision Employee Virginia Local Disability Program OPEB

At June 30, 2018, the political subdivision reported a liability of \$3,000 for its proportionate share of the VRS Political Subdivision Employee Virginia Local Disability Program Net OPEB Liability. The Net VRS Political Subdivision Employee Virginia Local Disability Program OPEB Liability was measured as of June 30, 2017 and the total VRS Political Subdivision Employee Virginia Local Disability Program OPEB liability used to calculate the Net VRS Political Subdivision Employee Virginia Local Disability Program OPEB Liability was determined by an actuarial valuation as of that date. The political subdivision's proportion of the Net VRS Political Subdivision Employee Virginia Local Disability Program OPEB Liability was based on the political subdivision's actuarially determined employer contributions to the VRS Political Subdivision Employee Virginia Local Disability Program OPEB plan for the year ended June 30, 2017 relative to the total of the actuarially determined employer contributions for all participating employers. At June 30, 2017, the political subdivision's proportion of the VRS Political Subdivision Employee Virginia Local Disability Program was 0.58111% as compared to 0.60790%.

For the year ended June 30, 2018, the political subdivision recognized VRS Political Subdivision Employee Virginia Local Disability Program OPEB expense of \$6,000. Since there was a change in proportionate share between June 30, 2016 and June 30, 2017 a portion of the VRS Political Subdivision Employee Virginia Local Disability Program Net OPEB expense was related to deferred amounts from changes in proportion.

At June 30, 2018, the political subdivision reported deferred outflows of resources and deferred inflows of resources related to the VRS Political Subdivision Employee Virginia Local Disability Program OPEB from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Changes of assumptions	-	1,000
Employer costs subsequent to the measurement date	8,070	-
Total	\$ 8,070	\$ 1,000

\$8,070 reported as deferred outflows of resources related to the Political Subdivision Employee VLDP OPEB resulting from the political subdivision's contributions subsequent to the measurement date will be recognized as a reduction of the Net Political Subdivision Employee VLDP OPEB Liability in the Fiscal Year ending June 30, 2019. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to the Political Subdivision Employee VLDP OPEB will be recognized in the Political Subdivision Employee VLDP OPEB expense in future reporting periods as follows:

COUNTY OF YORK, VIRGINIA

11. OTHER POSTEMPLOYMENT BENEFITS *(Continued)*

	Deferred Amounts
2019	\$ (1,000)
Total	\$ (1,000)

Net Political Subdivision Employee VLDP OPEB Liability

The net OPEB liability (NOL) for the Political Subdivision Employee Virginia Local Disability Program represents the program's total OPEB liability determined in accordance with GASB Statement No. 74, less the associated fiduciary net position. As of June 30, 2017, NOL amounts for the VRS Political Subdivision Employee Virginia Local Disability Program is as follows (amounts expressed in thousands):

	Political Subdivision Employee VLDP OPEB Plan
Total Political Subdivision VLDP OPEB Liability	\$ 914,000
Plan Fiduciary Net Position	351,000
Political Subdivision Net VLDP OPEB Liability	\$ 563,000
Plan Fiduciary Net Position as a Percentage of the Total Political Subdivision VLDP OPEB Liability	0.31%

The total Political Subdivision Employee VLDP OPEB liability is calculated by the System's actuary, and the plan's fiduciary net position is reported in the System's financial statements. The net Political Subdivision Employee VLDP OPEB liability is disclosed in accordance with the requirements of GASB Statement No. 74 in the System's notes to the financial statements and required supplementary information.

Discount Rate

The discount rate used to measure the total Political Subdivision Employee VLDP OPEB was 7.00%. The projection of cash flows used to determine the discount rate assumed that employer contributions will be made in accordance with the VRS funding policy at rates equal to the actuarially determined contribution rates adopted by the VRS Board of Trustees. Through the fiscal year ending June 30, 2019, the rate contributed by the political subdivision for the VRS Political Subdivision Employee Virginia Local Disability Program will be subject to the portion of the VRS Board-certified rates that are funded by the Virginia General Assembly. From July 1, 2019 on, all agencies are assumed to contribute 100% of the actuarially determined contribution rates. Based on those assumptions, the Political Subdivision Employee VLDP OPEB plan's fiduciary net position was projected to be available to make all projected future benefit payments of current active and inactive employees. Therefore the long-term expected rate of return was applied to all periods of projected benefit payments to determine the total Political Subdivision Employee VLDP OPEB liability.

11. OTHER POSTEMPLOYMENT BENEFITS (Continued)

Contributions

The contribution requirement for active Hybrid employees is governed by §51.1-1178(C) of the *Code of Virginia*, as amended, but may be impacted as a result of funding provided to school divisions by the Virginia General Assembly. Each school division's contractually required employer contribution rate for the year ended June 30, 2018 was 0.31% of covered employee compensation for employees in the VRS Teacher Employee Virginia Local Disability Program. This rate was based on an actuarially determined rate from an actuarial valuation as of June 30, 2015. The actuarially determined rate was expected to finance the costs of benefits earned by employees during the year, with an additional amount to finance any unfunded accrued liability.

Contributions from the school division to the VRS Teacher Employee Virginia Local Disability Program were \$31,234 and \$25,458 for the years ended June 30, 2018 and June 30, 2017, respectively.

Teacher Employee Virginia Local Disability Program OPEB Liabilities, Teacher Employee Virginia Local Disability Program OPEB Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Teacher Employee Virginia Local Disability Program OPEB

At June 30, 2018, the school division reported a liability of \$17,000 for its proportionate share of the VRS Teacher Employee Virginia Local Disability Program Net OPEB Liability. The Net VRS Teacher Employee Virginia Local Disability Program OPEB Liability was measured as of June 30, 2017 and the total VRS Teacher Employee Virginia Local Disability Program OPEB liability used to calculate the Net VRS Teacher Employee Virginia Local Disability Program OPEB Liability was determined by an actuarial valuation as of that date. The school division's proportion of the Net VRS Teacher Employee Virginia Local Disability Program OPEB Liability was based on the school division's actuarially determined employer contributions to the VRS Teacher Employee Virginia Local Disability Program OPEB plan for the year ended June 30, 2017 relative to the total of the actuarially determined employer contributions for all participating employers. At June 30, 2017, the school division's proportion of the VRS Teacher Employee Virginia Local Disability Program was 2.91011% as compared to 3.40239%.

For the year ended June 30, 2018, the school division recognized VRS Teacher Employee Virginia Local Disability Program OPEB expense of \$18,000. Since there was a change in proportionate share between June 30, 2016 and June 30, 2017 a portion of the VRS Teacher Employee Virginia Local Disability Program Net OPEB expense was related to deferred amounts from changes in proportion.

At June 30, 2018, the school division reported deferred outflows of resources and deferred inflows of resources related to the VRS Teacher Employee Virginia Local Disability Program OPEB from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Changes of assumptions	2,000	-
Employer costs subsequent to the measurement date	31,234	-
Total	\$ 33,234	\$ -

COUNTY OF YORK, VIRGINIA
Notes to Basic Financial Statements

	1.00% Decrease (6.00%)	Current Discount Rate (7.00%)	1.00% Increase (8.00%)
School Division's Proportionate Share of the Group Life Insurance Program Net OPEB Liability	\$ 2,000	\$ 17,000	\$ 15,000

County and School Division OPEB Liability – Health and Dental Insurance

Plan Description

The County and School Division's OPEB plan are each single-employer defined benefit plans administered by the County and School Division. At July 1, 2017, the County had 739 active members and the School Division had 1,737 active members of the plan.

In accordance with Article 8, Chapter 15, Title 15.2 of the Code of Virginia, the County and School Division have elected to establish a pooled trust for the purpose of accumulating and investing assets to fund Other Post-Employment Benefits. The School Division in accordance with this election has joined the Virginia Pooled OPEB Trust Fund (Trust Fund), an irrevocable trust, with the purpose to fund other post-employment benefits. The Trust Fund issues separate financial statements, which can be obtained by requesting a copy from the plan administrator, VML/VACo Finance, 919 E. Main Street, Suite 1100, Richmond, Virginia 23219.

Benefits Provided

Employees retiring after January 1, 2002 and having twenty or more years of service with the County and receiving a VRS annuity will qualify for a health insurance premium contribution from the County. The retiree's VRS annuity may be either a full or reduced benefit. The amount of the County's contribution shall be equal to 50% of the retiree's total monthly health insurance premium subject to the following provision: the County's 50% contribution will be reduced by the amount of any health insurance credit that the retiree may qualify for under the VRS program (retiring employees who have fifteen years of service with the VRS will qualify for the VRS Retiree Health Insurance Credit Program). At June 30, 2018, 100 retirees were participating in this program. For the School Division, 63 retirees were participating in this program.

COUNTY OF YORK, VIRGINIA
Notes to Basic Financial Statements
June 30, 2018

11. OTHER POSTEMPLOYMENT BENEFITS *(Continued)*

The School Division provides post-retirement health care benefits, in accordance with School Division policy, to all employees who retire from York County Public Schools with 100 days of accumulated sick leave, 10 years of service and a minimum of 24 months participation in the health insurance program immediately prior to retirement. At June 30, 2018, one retiree was participating in this program. The School Division pays a monthly contribution of \$25 toward the health care program premium for a total period of time not to exceed 10 years or until retiree is eligible for Medicare, whichever occurs first.

Contributions

Contribution requirements are established and may be amended by the Board of Supervisors and School Board. The required contributions were actuarially determined and are based upon projected pay-as-you-go financing requirements. The actuarially determined contribution at June 30, 2018 was \$73,133 and \$210,522 for the County and School Division, respectively.

OPEB Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB

At June 30, 2018, the County reported an OPEB asset of \$2,024,975 for its share of the Net OPEB Liability. The Net OPEB Liability was measured as of June 30, 2018 and the total OPEB liability used to calculate the Net OPEB Liability was determined by an actuarial valuation as of July 1, 2017. The covered employer's proportion of the Net OPEB Liability was based on the covered employer's actuarially determined employer contributions to the Program for the year ended June 30, 2018 relative to the total of the actuarially determined employer contributions.

For the year ended June 30, 2018, the County recognized OPEB expense of \$125,506. OPEB expense was calculated as follows:

	OPEB Expense
Service cost	\$ 299,500
Interest	1,539,270
Administrative expenses	9,596
Expected Investment Return Net of Investment Expenses	(576,727)
Recognition of Deferred Inflows/Outflows of Resources	
Economic/demographic gains or losses	861,906
Assumption changes or inputs	(1,968,139)
Investment gains or losses	(39,900)
OPEB Expense	\$ 125,506

At June 30, 2018, the County reported deferred outflows of resources and deferred inflows of resources related to OPEB from the following sources:

COUNTY OF YORK, VIRGINIA
Notes to Basic Financial Statements

2023	1,106,233
Thereafter	2,323,082
Total	\$ 8,013,848

For the year ended June 30, 2018, the School Division recognized OPEB expense of \$134,451. At June 30, 2018, the School Division reported deferred outflows of resources and deferred inflows of resources related to OPEB from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Net difference between projected and actual earnings on OPEB plan investments	\$ -	\$ 125,598
Total	\$ -	\$ 125,598

COUNTY OF YORK, VIRGINIA
Notes to Basic Financial Statements
June 30, 2018

11. OTHER POSTEMPLOYMENT BENEFITS (OPEB) (Continued)

Other amounts reported as deferred outflows of resources and deferred inflows of resources related to the OPEB will be recognized in OPEB expense in future reporting periods as follows:

	Deferred Amounts
2019	\$ (31,400)
2020	(31,400)
2021	(31,400)
2022	(31,398)
Total	\$ (125,598)

Net OPEB Liability – The components of the net OPEB liability(asset) for the year ended June 30, 2018 were as follows:

Total OPEB liability	\$ 7,178,689
Plan fiduciary net position	\$ 9,203,664
Net OPEB liability (asset)	\$ (2,024,975)
Fiduciary net position as a percent of total OPEB liability	128.21%

Actuarial Methods and Assumptions - Projections of benefits for financial reporting purposes are based on the substantive plan in effect at the time of valuation and on the pattern of sharing of costs between the employer and plan members. The projection of benefits for financial reporting purposes does not explicitly incorporate the potential effects of legal or contractual funding limitations on the pattern of cost sharing between the employer and plan members in the future. Actuarial calculations reflect a long-term perspective. Consistent with that perspective, actuarial methods and assumptions used include techniques that are designed to reduce short-term volatility in actuarial accrued liabilities and the actuarial value of assets.

In the County’s June 30, 2018 actuarial valuation, the projected unit credit method was used. The actuarial assumptions included a 7.0% investment rate of return (annual returns net of both investment and non-actuarial administrative expenses), general inflation of 2.5% and an annual healthcare cost trend rate of 6.4% for Pre-Medicare eligible, grading to a rate of 4.2% for fiscal year ending June 30, 2088 and 6.6% for Post-Medicare eligible, grading to a rate of 4.2% for fiscal year ending June 30, 2085. The dental cost trend rate assumption per year is 4.2%.

Long-Term Expected Rate of Return

Rate of Return – For the year ended June 30, 2018, the annual money-weighted rate of return on cash flows on the plan investments, net of OPEB plan investment expense was 9.46%. The money-weighted return expresses investment performance net of investment expense, adjusted for the changing amounts actually invested.

COUNTY OF YORK, VIRGINIA
Notes to Basic Financial Statements
June 30, 2018

11. OTHER POSTEMPLOYMENT BENEFITS (OPEB) (Continued)

The long-term expected rate of return on OPEB investments was determined by taking the annual average long-term future inflation and real return components, with each component being reasonable in our professional opinion, including the anticipated effects of return volatility and correlation among various asset classes. The data used in the assessment of reasonability were the 2017 Horizon Survey of Capital Market Assumptions (consensus 10-year real returns) and the 2018 Social Security Trustees Report (inflation). The target asset allocation and best estimate of arithmetic real rates of return for each major asset class are summarized in the following table:

<u>Asset Class (Strategy)</u>	<u>Target Allocation</u>	<u>Long-Term Expected Arithmetic Real Rate of Return</u>	<u>Long-Term Expected Geometric Real Rate of Return</u>
Core Fixed Income	19.60%	1.17%	0.99%
High Yield Bonds	1.40%	3.38%	2.77%
Large Cap US Equities	26.00%	5.53%	4.14%

COUNTY OF YORK, VIRGINIA
Notes to Basic Financial Statements
June 30, 2018

11. OTHER POSTEMPLOYMENT BENEFITS (OPEB) (Continued)

Discount Rate – The discount rate used to measure the total OPEB liability was 7.00%. The projection of cash flows used to determine the discount rate assumed that employer contributions will be made at current contribution rates. The Plan's Fiduciary Net Position was projected to be available to make all projected future benefit payments of current active and inactive employees. The long-term expected rate of return on plan investments is 7.0%. Therefore, the discount rate for calculating the Total OPEB Liability is equal to the long-term expected rate of return.

Changes in Net OPEB Liability (Asset) – County

	Total OPEB Liability (a)	Fiduciary Net Position (b)	Net OPEB Liability (Asset) (a) – (b)
Balance – July 1, 2017	\$ 15,103,269	\$ 8,056,758	\$ 7,046,511
Changes for the fiscal year:			
Service cost	299,500	-	299,500
Interest	1,539,270	-	1,539,270
Changes in assumptions	(15,941,922)	-	(15,941,922)
Effect of Economic/Demographic Gains or Losses	6,981,442	-	6,981,442
Contribution – employer	-	1,183,144	(1,183,144)
Net investment income	-	776,228	(776,228)
Benefit payments	(802,870)	(802,870)	-
Administrative expenses	-	(9,596)	9,596
Other changes	-	-	-
Net Changes	<u>(7,924,580)</u>	<u>1,146,906</u>	<u>(9,071,486)</u>
Balance – June 30, 2018	<u>\$ 7,178,689</u>	<u>\$ 9,203,664</u>	<u>\$ (2,024,975)</u>

Sensitivity of the Net Pension Liability to Changes in the Discount Rate – The following presents the net OPEB liability of the County, calculated using the discount rate of 7.00%, as well as what the net OPEB liability would be if it were calculated using a discount rate that is 1-percentage point lower (6.00%) or 1-percentage-point higher (8.00%) than the current rate:

	1.00% Decrease (6.00%)	Current Discount Rate (7.00%)	1.00% Increase (8.00%)
Net OPEB Asset	\$ (1,800,534)	\$ (2,024,975)	\$ (2,280,478)

Net OPEB Liability (Asset)	\$ (2,817,654)	\$ (2,302,804)	\$ (1,701,648)

12. DEFERRED COMPENSATION PLAN

The County offers its employees a deferred compensation plan created in accordance with Internal Revenue Code Section 457. The plan, available to all County employees, permits them to defer a portion of their salary until future years. Participation in the plan is optional. The deferred compensation is not available to employees until termination, retirement, death or unforeseeable emergency. All amounts of compensation deferred under the plan, all property and rights purchased with those amounts, and all income attributable to those amounts, property or rights are held in trust for the participants. Investments are managed by the plan’s trustee under one or a combination of 21 investment options. The participants make the choice of the investment options.

The School Division offers its employees a deferred compensation plan created in accordance with Internal Revenue Code Section 403(b). The plan, available to all School employees, permits them to defer a portion of their salary until future years. Participation in the plan is optional. The deferred compensation is not available to employees until separation from service, retirement, death, disability, financial hardship and/or reaching age 59½. The School Division offers a selection of investment options to participants. All earnings on the invested funds compound tax-free until withdrawn from the account.

The County offered to its employees a retirement health savings plan, which was available to all full-time, regular County employees who have worked in that capacity for at least one full year. Participation in the plan was optional and employees could be reimbursed for qualified medical expenses, in accordance with Internal Revenue Service Publication 502, for themselves, spouse, and dependents upon separation or retirement from the County. In March 2007, the County was notified of an IRS ruling that due to its elective features, disallowed the County’s plan design to continue and consequently, new elections to the existing plan are no longer accepted. The existing plan preserves the favorable tax treatments for elections and contributions prior to December 31, 2007. Investments are managed by the plan’s trustee under one or a combination of 9 investment options.

	<u>\$ 6,162,269</u>	<u>\$ 9,348,405</u>

Risk Management

The County and the School Division are exposed to various risks of loss related to torts, theft of, damage to, and destruction of assets; errors and omissions; injuries to and health and dental benefits for employees; and natural disasters. The County and the School Division maintain comprehensive property and casualty policies, commercial general liability policies, comprehensive liability, vehicle fleet policies and coverages for errors and omissions, and employer's liability and certain other risks with commercial insurance companies.

The County reports all of its risk management activities except those related to health and dental benefits in its General Fund. The General Fund retains the full risk for unemployment compensation and up to \$400,000 with no aggregate, for each workers' compensation occurrence. All claims for retained risks are paid from General Fund resources. Risks related to health and dental benefits for employees and retirees are reported in an Internal Service Fund. The County's risk for each health care claim is \$250,000 per year.

COUNTY OF YORK, VIRGINIA
Notes to Basic Financial Statements
June 30, 2018

13. COMMITMENTS AND CONTINGENT LIABILITIES (Continued)

The School Division reports all of its risk management activities in its Operating Fund except those related to health and dental benefits. The School Operating Fund retains the full risk for unemployment compensation, and up to \$500,000, with no aggregate, for each worker's compensation occurrence. All claims for retained risks are paid from Operating Fund resources. Risks related to health and dental benefits for employees and retirees are reported in an Internal Service Fund. The School Division's risk for each health care claim is \$300,000.

All unemployment and workers' compensation claims are paid through a third-party administrator through resources from the General and School Operating Funds, and health care claims are paid through a third-party administrator through each entity's Internal Service Fund. For all retained risks, claims expenditures and liabilities are reported when it is probable that a loss has occurred and the amount of loss can be reasonably estimated. These losses include an estimate of claims that have been incurred but not reported. Settled claims have not exceeded the amount of insurance coverage in any of the past seven fiscal years.

The County's health care liability at June 30 has been included in claims payable in the County's internal service funds. The County had available \$5,884,723 for health care and dental claims and \$1,491,649 for workers' compensation claims at June 30, 2018, which is considered sufficient.

Changes in the reported amounts for both workers' compensations and health and dental claims resulted from the following:

	<u>2018</u>	<u>2017</u>
Accrued liability/committed fund balance, beginning of fiscal year	\$ 4,895,671	\$ 5,606,543
Claims and changes in estimates	13,057,593	11,789,794
Claims payments	<u>(10,576,892)</u>	<u>(12,500,666)</u>
Accrued liability/committed fund balance, end of fiscal year	<u>\$ 7,376,372</u>	<u>\$ 4,895,671</u>

The School Division health care claim liability at June 30 has been included in claims payable in the School Division's internal service fund. The School Division had available \$894,450 for health care claims and \$2,969,079 for workers' compensation claims at June 30, 2018, which is considered sufficient to cover pending claims and incurred but not reported claims that may arise. Changes in the reported amounts since June 30, 2016 resulted from the following:

	<u>2018</u>	<u>2017</u>
Accrued liability/committed fund balance, beginning of fiscal year	\$ 4,485,163	\$ 5,695,668
Claims and changes in estimates	281,714	343,795
Claims payment	<u>(903,348)</u>	<u>(1,554,300)</u>
Accrued liability/committed fund balance, end of fiscal year	<u>\$ 3,863,529</u>	<u>\$ 4,485,163</u>

COUNTY OF YORK, VIRGINIA
Notes to Basic Financial Statements
June 30, 2018

13. COMMITMENTS AND CONTINGENT LIABILITIES (Continued)

Consent Order

A Special Order has been issued under the authority of the Code Section 62.1-44.15(8a) between the State Water Control Board and the Hampton Roads Sanitation District, the Cities of Chesapeake, Hampton, Newport News, Norfolk, Poquoson, Portsmouth, Suffolk, Virginia Beach and Williamsburg; the counties of Gloucester, Isle of Wight, and York; the James City Service Authority; and the town of Smithfield for the purpose of resolving certain alleged violations of environmental laws and regulations. The goal of the Order by Consent is to eliminate all sanitary sewer overflows. As part of the Special Order by Consent, all parties have agreed to a Regional Technical Standard that requires detailed flow modeling, collection of real time rainfall data, peak flow threshold calculations, projected 10 year, 24 hour peak flows, comprehensive sewer system field inspections and testing and the development of a regional and a locality sanitary sewer hydraulic model.

Litigation

The County is a defendant in various lawsuits and although the outcome of these lawsuits is not presently determinable, in the opinion of the County's counsel, a possible claim or assessment does exist. Management estimates that the outcome will not have a material adverse effect on the financial condition of the County.

14. RESTATEMENT OF PRIOR PERIOD NET POSITION

For fiscal year 2018, the County has adopted GASB Statement No. 75, *Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions*. The implementation of GASB 75 required the reporting of OPEB expense, liabilities and related deferred outflows and inflows of resources on a full accrual basis of accounting. As a result, net position as of July 1, 2017, has been adjusted accordingly in the government-wide statements and the governmental and proprietary fund statements, respectively:

	Governmental Activities	Business-type Activities	Total Net Position
Balance, as previously reported, June 30, 2017	\$ 42,210,472	\$ 117,505,659	\$ 159,716,131
Adjustments:			
Net OPEB liability	(10,181,764)	(1,033,391)	(11,215,155)
Deferred outflows	249,965	21,455	271,420
Net OPEB Obligation	<u>380,274</u>	<u>-</u>	<u>380,274</u>
Total adjustments	<u>(9,551,525)</u>	<u>(1,011,936)</u>	<u>(10,563,461)</u>
Balance, as restated, June 30, 2017	<u>\$ 32,658,947</u>	<u>\$ 116,493,723</u>	<u>\$ 149,152,670</u>

	Sewer Utility	Nonmajor Enterprise Funds	Internal Service Funds
Balance, as previously reported, June 30, 2017	\$ 100,169,278	\$ 17,336,381	\$ 6,780,361
Adjustments:			
Net OPEB liability	(867,669)	(165,722)	(176,855)
Deferred outflows	<u>17,628</u>	<u>3,827</u>	<u>3,943</u>
Total adjustments	<u>(850,041)</u>	<u>(161,895)</u>	<u>(172,912)</u>
Balance, as restated, June 30, 2017	<u>\$ 99,319,237</u>	<u>\$ 17,174,486</u>	<u>\$ 6,607,449</u>

COUNTY OF YORK, VIRGINIA
Notes to Basic Financial Statements
June 30, 2018

14. RESTATEMENT OF PRIOR PERIOD NET POSITION (Continued)

During the year ended June 30, 2018, the School Division implemented Government Accounting Standards Board (GASB) Statement No. 75, *Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions*.

Implementation of GASB Statement No. 75 established standards for recognizing net OPEB liabilities, deferred outflows and inflows, and OPEB expense. This inclusion of the OPEB liabilities in the financial statements caused a restatement of prior period net position for fiscal year ended June 30, 2017. This restatement decreased prior period net position, added a net OPEB liability, as well as deferred inflow and deferred outflow. The total effect of the restatement for the School Division decreased net position by \$20,073,748.

	Governmental Activities
Net position as previously reported, June 30, 2017	\$ 57,294,697
Net OPEB liability	(16,414,848)
Deferred outflows - contributions subsequent to the measurement date	1,141,000
OPEB asset	(4,799,900)
Net position as restated, June 30, 2017	\$ 37,220,949

**REQUIRED SUPPLEMENTARY INFORMATION –
BUDGET COMPARISON SCHEDULE**

GENERAL FUND

To account for revenues and expenditures of the County not accounted for in other funds. Revenues are primarily derived from general property taxes, other local taxes, licenses, permits and fees, revenues from the Commonwealth of Virginia and federal grants.

A significant part of the General Fund's revenues is provided to the School Division to fund operations and transferred to other funds to meet debt service requirements, assist with the operations of Virginia Public Assistance and fund capital projects.

COUNTY OF YORK, VIRGINIA
Notes to Required Supplementary Information
June 30, 2018

1. BUDGETARY DATA

Annual budget requests for the ensuing fiscal year are submitted to the County Administrator by department or agency heads during the second quarter of the fiscal year. The County Administrator reviews the requests and meetings are held with department heads and agencies for discussion. After work sessions with the Board of Supervisors and public hearings, the budget is amended as necessary and an appropriations resolution by functional level is adopted. The budget is required to be adopted by a majority vote of the Board of Supervisors prior to the end of the current fiscal year.

The budgetary data reported in the required supplementary information reflects the approved County Budget as adopted by the Board of Supervisors for the year ended June 30, 2018, as amended. The budget may be amended by the Board of Supervisors through supplemental appropriations or transfers as necessary. The legal level of budgetary control rests at the fund level with the exception of the General Fund, which is appropriated at the functional level. In addition, the County Code provides that the County Administrator may transfer funds within appropriation functions. These transfers may be made to allow the disbursement of funds for unanticipated costs incurred in daily County operations.

The budgets are prepared on a basis consistent with the modified accrual basis of accounting. The General Fund's budget is adopted on a basis consistent with accounting principles generally accepted in the United States of America. According to the County Code, unexpended appropriations lapse at the end of the fiscal year. Encumbered balances, grants and donations, capital and maintenance, and other balances for specific purposes may be reappropriated in the following year by the Board of Supervisors.

The General, Special Revenue, Debt Service, Capital Projects, and Proprietary funds have legally adopted budgets, except those with only depreciation (the York Sanitary District Fund, the Upper County Utility Fund, and the Sanitary District No. 2 Fund).

2. PENSION DATA

The supplemental information presented is intended to help users assess each system's funding status on a going concern basis, assess progress made in accumulating assets to pay benefits when due, and make comparisons with other public employee retirement systems. Information pertaining to the retirement systems can be found in the notes to the financial statements.

Changes of benefit terms – There have been no actuarially material changes to the System benefit provisions since the prior actuarial valuation. The 2014 valuation includes Hybrid Retirement Plan members for the first time. The hybrid plan applies to most new employees hired on or after January 1, 2014 and not covered by enhanced hazardous duty benefits. Because this is a fairly new benefit and the number of participants was relatively small, the impact on the liabilities as of the measurement date of June 30, 2017 are not material.

Changes of assumptions – The following changes in actuarial assumptions were made effective June 30, 2016 based on the most recent experience study of the System for the four-year period ending June 30, 2016:

COUNTY OF YORK, VIRGINIA
Notes to Required Supplementary Information
June 30, 2018

2. PENSION DATA (Continued)

Largest 10 – Non-Hazardous Duty:

Mortality Rates (Pre-retirement, post-retirement healthy, and disabled)	Updated to a more current mortality table – RP-2014 projected to 2020
Retirement Rates	Lowered rates at older ages and changed final retirement from 70 to 75
Withdrawal Rates	Adjusted rates to better fit experience at each year age and service through 9 years of service
Disability Rates	Lowered rates
Salary Scale	No change
Line of Duty Disability	Increase rate from 14% to 20%

All Others (Non 10 Largest) – Non-Hazardous Duty:

Mortality Rates (Pre-retirement, post-retirement healthy, and disabled)	Updated to a more current mortality table – RP-2014 projected to 2020
Retirement Rates	Lowered rates at older ages and changed final retirement from 70 to 75
Withdrawal Rates	Adjusted rates to better fit experience at each year age and service through 9 years of service
Disability Rates	Lowered rates
Salary Scale	No change
Line of Duty Disability	Increase rate from 14% to 15%

Largest 10 – Hazardous Duty:

Mortality Rates (Pre-retirement, post-retirement healthy, and disabled)	Updated to a more current mortality table – RP-2014 projected to 2020
Retirement Rates	Lowered rates at older ages
Withdrawal Rates	Adjusted rates to better fit experience
Disability Rates	Increased rates
Salary Scale	No change
Line of Duty Disability	Increased rate from 60% to 70%

All Others (Non 10 Largest) – Hazardous Duty:

Mortality Rates (Pre-retirement, post-retirement healthy, and disabled)	Updated to a more current mortality table – RP-2014 projected to 2020
Retirement Rates	Increased age 50 rates, and lowered rates at older ages
Withdrawal Rates	Adjusted rates to better fit experience at each year age and service through 9 years of service
Disability Rates	Adjusted rates to better fit experience
Salary Scale	No change
Line of Duty Disability	Decreased rate from 60% to 45%

COUNTY OF YORK, VIRGINIA
Notes to Required Supplementary Information

3. OTHER POSTEMPLOYMENT BENEFITS GLI and HIC (OPEB) DATA

Changes of benefit terms – There have been no actuarially material changes to the System benefit provisions since the prior actuarial valuation.

Changes of assumptions – The following changes in actuarial assumptions were made effective June 30, 2016 based on the most recent experience study of the System for the four-year period ending June 30, 2016:

Largest 10 – General Employees:

Mortality Rates (Pre-retirement, post-retirement healthy, and disabled)	Updated to a more current mortality table – RP-2014 projected to 2020
Retirement Rates	Lowered rates at older ages and extended final retirement age from 70 to 75
Withdrawal Rates	Adjusted termination rates to better fit experience at each year age and service year
Disability Rates	Lowered rates
Salary Scale	No change
Line of Duty Disability	Increase rate from 14% to 20%

Non-Largest – General Employees:

Mortality Rates (Pre-retirement, post-retirement healthy, and disabled)	Updated to a more current mortality table – RP-2014 projected to 2020
Retirement Rates	Lowered rates at older ages and extended final retirement age from 70 to 75
Withdrawal Rates	Adjusted termination rates to better fit experience at each year age and service year
Disability Rates	Lowered rates
Salary Scale	No change
Line of Duty Disability	Increase rate from 14% to 15%

Largest 10 – Hazardous Duty:

Mortality Rates (Pre-retirement, post-retirement healthy, and disabled)	Updated to a more current mortality table – RP-2014 projected to 2020
Retirement Rates	Lowered retirement rates at older ages
Withdrawal Rates	Adjusted termination rates to better fit experience at each year age and service year
Disability Rates	Increased rates
Salary Scale	No change
Line of Duty Disability	Increased rate from 60% to 70%

COUNTY OF YORK, VIRGINIA
Notes to Required Supplementary Information
June 30, 2018

3. OTHER POSTEMPLOYMENT BENEFITS HIC (OPEB) DATA (Continued)

Non-Largest – Hazardous Duty:

Mortality Rates (Pre-retirement, post-retirement healthy, and disabled)	Updated to a more current mortality table – RP-2014 projected to 2020
Retirement Rates	Increased age 50 rates, and lowered rates at older ages
Withdrawal Rates	Adjusted termination rates to better fit experience at each year age and service year
Disability Rates	Adjusted rates to better fit experience
Salary Scale	No change
Line of Duty Disability	Decreased rate from 60% to 45%

4. OTHER POSTEMPLOYMENT BENEFITS (OPEB) DATA

Actuarial valuations involve estimates of the value of reported amounts and assumptions about the probability of events far into the future. Actuarially determined amounts are subject to continual revision as actual results are compared to past expectations and new estimates are made about the future. The required schedule of funding progress presents multi-year trend information about whether the actuarial value of the plan assets is increasing or decreasing over time relative to the actuarial accrued liability for benefits. Information pertaining to the OPEB plans can be found in the notes to the financial statements.

The County and School Division pre-fund benefits through contributions to the trust. The current funding policy is to contribute the Actuarially Determined Contribution as calculated by the actuary. The Actuarially Determined Contribution is the sum of the current year’s normal cost plus an amount necessary to amortize the unfunded liability over a closed period. The following methods and assumptions were used to calculate the Actuarially Determined Contribution for the fiscal year ending June 30, 2018.

Actuarial cost method:	Projected Unit Credit
Amortization method:	Level percentage of payroll, layered over 30 years
Asset valuation method:	Market value
Inflation:	2.5 percent
Payroll growth:	3.0 percent
Discount rate:	7.0 percent
Medical cost trend:	Pre-65 is 6.4 percent graded to 4.2 percent for fiscal year ending June 30, 2088 Post-65 is 6.6 percent graded to 4.2 percent for fiscal year ending June 30, 2085
Dental cost trend:	4.2 percent

THIS PAGE LEFT BLANK INTENTIONALLY

NONMAJOR GOVERNMENTAL FUNDS

Special Revenue Funds:

Children and Family Services Fund - accounts for the receipt and disbursement of federal and local funds for the Head Start and USDA Food Service Programs.

Virginia Public Assistance Fund - accounts for the rendering of economic aid to qualifying citizens.

Law Library Fund - accounts for the receipt and disbursement of funds for the Law Library.

Community Development Authority Revenue Account Fund - accounts for the incremental tax revenues generated by the Marquis Lifestyle Center and paid to the Authority's trustee and for the payment to the County for services provided to the facilities in the project area.

Debt Service Funds:

County Fund - accounts for the receipt and payment of bonds and loans issued for the construction and maintenance of County facilities and equipment.

Education Fund - accounts for the receipt and payment of bonds and loans issued for the construction and maintenance of educational facilities and equipment. This fund is a major governmental fund; however, it is shown here for budgetary comparison purposes.

Capital Project Funds:

Stormwater Fund - accounts for revenue and expenditures related to the drainage maintenance projects.

Yorktown Capital Improvements Fund - accounts for revenue and expenditures related to capital improvements in the historical Yorktown area. This fund is a major governmental fund; however, it is shown here for budgetary comparison purposes.

County Capital Fund - accounts for revenue and expenditures related to construction or acquisition of facilities and equipment in the general governmental areas such as facilities maintenance, public safety, and parks and recreation. This fund is a major governmental fund; however, it is shown here for budgetary comparison purposes.

STATISTICAL SECTION

This part of the County's comprehensive annual financial report presents detailed information as a context for understanding what the information in the financial statements, note disclosures and required supplementary information says about the County's overall financial health.

Contents:

Financial Trends (pages L-3, L-4, L-5, L-6, L-7 and L-8)

These schedules contain trend information to help the reader understand how the County's financial performance and well-being have changed over time.

Revenue Capacity (pages L-9, L-10, L-11 and L-12)

These schedules contain information to help the reader assess the County's most significant local revenue source, the property tax.

Debt Capacity (pages L-13, L-14, and L-15)

These schedules present information to help the reader assess the affordability of the County's current levels of outstanding debt and the County's ability to issue additional debt in the future.

Demographic and Economic Information (pages L-16 and L-17)

These schedules offer demographic and economic indicators to help the reader understand how the environment within which the County's financial activities take place.

Operating Information (pages L-18, L-19 and L-20)

These schedules contain service and infrastructure data to help the reader understand how the information in the County's financial report relates to the services the County provides and the activities it performs.

Source: County Commissioner of Revenue.

Note: Values are net of tax exempt property. Property in the County is reassessed every two years. Property is assessed on a calendar year basis and at actual value; therefore, the assessed values are equal to actual value. Tax rates are per \$100 of assessed value. Calendar year 2012 reflects an amendment to the Virginia State Code, which exempted CPC (Certified Pollution Control) equipment. Calendar year 2017 included a change to the boat tax in that all boats are taxed at \$.00000001/\$100; previously boats less than 5 tons were taxed in the same class as personal property.

COUNTY OF YORK, VIRGINIA

Property Tax Rates
Last Ten Fiscal Years

Fiscal Year	Real Estate (1) (2) (3)	Personal Property (1) (4)	Mobile Home (1) (3)	Boats > 5 Tons (1) (5)	Total Direct Tax Rate
2018	\$ 0.795	\$ 4.00	\$ 0.795	\$ 0.000000001	\$ 0.9827

2011	0.6575	4.00	0.6575	1.00	0.8232
2010	0.6575	4.00	0.6575	1.00	0.8211
2009	0.6575	4.00	0.6575	1.00	0.8123

(1) Tax rate per \$100 of assessed valuation.

(2) The amount designated for school operating is \$0.587 per \$100 of valuation for fiscal year 2018.

(3) The tax rate, 1st half/2nd half, if different.

(4) The tax rate per \$100 of assessed valuation for Disabled American Veterans has been \$1.00 since 2008.

(5) Effective for calendar year 2017, all boats are taxed at \$.000000001/\$100. The boat tax rate has been effectively eliminated on all classes of boats.

Note: The County has no overlapping taxes with other governments.

Report of Independent Auditor on Internal Control over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with Government Auditing Standards

To the Honorable Members of the Board of Supervisors
County of York, Virginia

We have audited, in accordance with the auditing standards generally accepted in the United States of America, the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, and the *Specifications for Audits of Counties, Cities, and Towns* issued by the Auditor of Public Accounts of the Commonwealth of Virginia, the financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the County of York, Virginia (the "County"), as of and for the year ended June 30, 2018, and the related notes to the financial statements, which collectively comprise the County's basic financial statements, and have issued our report thereon dated November 30, 2018. That report recognizes that the County implemented a new accounting standard effective July 1, 2017.

Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered the County's internal control over financial reporting ("internal control") to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the County's internal control. Accordingly, we do not express an opinion on the effectiveness of the County's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the County's financial statements will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or, significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the County's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that is required to be reported under *Government Auditing Standards* or the *Specifications for Audits of Counties, Cities, and Towns*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Cheryl Bekant LLP

Virginia Beach, Virginia
November 30, 2018

**Report of Independent Auditor on Compliance for Each Major
Federal Program and on Internal Control over Compliance
Required by the Uniform Guidance**

To the Honorable Members of the Board of Supervisors
County of York, Virginia

Report on Compliance for Each Major Federal Program

We have audited the County of York, Virginia's (the "County") compliance with the types of compliance requirements described in the *OMB Compliance Supplement* that could have a direct and material effect on each of the County's major federal programs for the year ended June 30, 2018. The County's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with the requirements of laws, regulations, contracts, and grants applicable to its federal programs.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each of the County's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States of America; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* ("Uniform Guidance"). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the County's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of the County's compliance.

Opinion on Each Major Federal Program

In our opinion, the County complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2018.

Report on Internal Control over Compliance

Management of the County is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the County's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the County of York, Virginia's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

COUNTY OF YORK, VIRGINIA
Notes to Schedule of Expenditures of Federal Awards
June 30, 2018

1. GENERAL

The accompanying Schedule of Expenditures of Federal Awards (the Schedule) presents the activity of all federal awards of the County. The County's reporting entity is defined in Note 1 to the basic financial statements. All amounts expended directly from federal agencies as well as monies passed through other government agencies are included on the Schedule.

2. BASIS OF ACCOUNTING

The accompanying Schedule is presented using the modified accrual basis of accounting, which is described in Note 1 to the County's basic financial statements.

3. SUBRECIPIENTS

Of the federal expenditures presented in the Schedule, the County provided no federal awards to a subrecipient during the year ended June 30, 2018.

4. UNIFORM GRANT GUIDANCE

The Uniform Administrative Requirements, Cost Principles, and Audit Requirement for Federal Awards, which is effective for new grants, issued after December 26, 2014, included changes to how indirect costs are awarded. In an effort to relieve administrative burden, the Office of Management and Budget (OMB) specified that non-federal entities that have never received a negotiated indirect cost rate may elect to charge a de minimis cost rate of 10 percent of modified total direct costs, which may be used indefinitely. The County elected not to apply the de minimis rate for fiscal year 2018.

COUNTY OF YORK, VIRGINIA
