Re: Request for recommendation of relocation of end of limited access to west side of Rte. 199 for "Marquis Crossing"

Dear Chairman Sheppard:

EAH, LLC, as owner of the 33-acre parcel at Hwy 199 and Water Country Rd. known as "Marquis Crossing", hereby requests the Board of Supervisors pass a resolution supporting a request to the Commonwealth Transportation Board to relocate the end of limited access on the west side of Rte. 199 from the north end of the property to the south end as depicted on "Attachment A". This relocation is needed to provide the ability to access the property from the existing Marquis Drive and Water Country USA intersections. We appreciate your consideration of this matter.

Sincerely,

Jason Hackmann
EAH, LLC
