

COUNTY OF YORK

MEMORANDUM

DATE: November 5, 2019

TO: York County Board of Supervisors

FROM: Neil A Morgan, County Administrator 

SUBJECT: Construction Timelines

Back Ground

The week of April 22, 2019, I shared a memo with you outlining the way forward created by the Space Study. With the Board's subsequent support of the FY 2020 – 2025 Capital Improvement Plan, staff has made significant progress with a range of actions necessary to implement the various design, construction, and renovation projects. To date, staff has substantially finished the construction of Fire Station 1 on the corner of Dare Road and North Constitution Drive. The Voter Registrar's Office along with Parks and Recreation and the Virginia Cooperative Extension Office have all been successfully moved to leased space in Washington Square. We also anticipate the House on the Hill to be available to the Tourism Office in December. Many other projects are still in progress and are outlined below.

Current Timing and Financial Plan

The following is the updated timeline of selected construction projects:

The current fiscal year, 2020, includes design funds for the Sheriff's Headquarters Building and the Finance Building in Yorktown. Proposals for design services for both of these buildings will be received in November of this year. Barring any unforeseen circumstances, each should be awarded to an architectural firm sometime after the first of the year. Design work has been completed on the Dock Master's Building. Current planning for the Dock Master's Building includes demolition and construction beginning November 2020. Resources are available in the approved CIP for this project.

Final plan review is underway for the Yorktown Library addition / renovation. Staff anticipates receiving construction bids for this project sometime in May with construction to commence approximately September 2020.

The space in the County Administration Building recently vacated by the Registrar and Planning will house HR and Video Services, respectively. These projects will be accomplished with some combination of carry-over / year end or reserve monies.

Attached to this report is a spreadsheet that attempts to capture all of the critical, interrelated dates for the above referenced projects over the next several years. Given the range

of projects, as well as their scale and complexity, you should anticipate updates and changes as schedules, costs, the local economy and limited staff resources will likely require modifications as we progress.

COUNTY OF YORK

MEMORANDUM

DATE: November 5, 2019

TO: York County Board of Supervisors

FROM: Neil Morgan, County Administrator

SUBJECT: Dog Park Facility Study

Background

Some time ago I requested that our Parks & Recreation Advisory Board study the possibility of creating a dog park in York County. This request was based upon several inquiries I had received from citizens advocating for such a facility.

Attached to this memorandum is a copy of the study prepared under the oversight of the Advisory Board. As you can see, it provided a great deal of information, not only about options within York County for a facility, but also about facilities that currently exist in our region. We should all be extremely grateful for the thoughtful work that the Advisory Committee put into this effort.

In addition to the original report, also attached is a summary memorandum from Community Services Director Brian Fuller in which he updates the work of the committee and distills the options for your consideration.

Discussion

When the term “dog park” is discussed, some people imagine a large and expensive facility; however, this is certainly not what I had in mind. You can see in the report that the facility in many localities typically features a fenced enclosure, a walking path, parking, and appropriate pet waste disposal items. In my view, if York County were to develop such a facility, it would need to be convenient to a large percentage of the population, inexpensive to build and operate, and not produce conflict with adjacent neighborhoods.

Of the options produced by the report and further discussed by Mr. Fuller, I have the following additional comments:

The north County currently has access to the dog park at Waller Mill Park. The approved plan for the Huntington Pointe development includes a dog park in the York County portion of the development. Subject to the details of access, i.e., “HOA Policy”, it is possible that this facility would be convenient to much of the central County. If the Board is desirous of pursuing a separate County site for a dog recreation facility, I believe the property immediately adjacent to the soccer fields at Wolf Trap Park would provide the best

option. This property features public parking and bathrooms, and it is estimated that pedestrian access and a fenced facility could be created for \$20,000. It would be reasonably excessive to the bulk of the County population and would generate minimal conflict with adjacent land uses.

Follow-up

I ask that the Board review this report and advise me if you are interested in further information or follow-up action by staff.

Mr. Neil A. Morgan, York County Administrator
P.O. Box 532
Yorktown, VA 23690

Dear Mr. Morgan,

On behalf of my colleagues who have served on the Parks and Recreation Advisory Board (PRAB) since January 2017, we want to thank you for entrusting the study of the issue of an off-leash dog area (or "dog park") to us. While we regret it has taken us longer than expected to complete this task, we are nonetheless grateful for the opportunity and have learned a great deal in the process.

Enclosed in this report are our findings, conclusions, and recommendations concerning this issue. We have used the direction provided in the enclosed Memorandum from you to the Board of Supervisors as our guide and hope that we have addressed the following topics to your satisfaction as you gather information for the Board's consideration:

- inventory of facilities in surrounding localities
- fees (resident/non-resident)
- size of area provided
- rules and regulations
- special amenities
- recommended area for potential use as an off-leash dog area with cost estimate for equipment and fencing that would be required

We have enclosed the above and other material in a three-ring binder as we believe it will prove helpful as additional information and/or revisions are added as needed.

I want to personally thank and commend to you the following PRAB members who have served with me during this time and contributed towards this report. They eagerly examined this issue, reviewed and discussed its many facets, and spent time visiting peninsula dog parks and performing benchmarking research. It was a team effort in every respect.

Mr. David Cooley
Mr. Lucas Brown
Mr. Chris Eckols*
Mr. Tim Grabowski
Ms. Charlene Pierson-Lassiter
Mr. Richard Phillips
Mr. Buck Rodgers*
Mr. Sewell Rowley
Mr. Danny Steadman*
Mr. D'Shawn Wright

*Note: Names with an asterisk * denote members whose terms ended in 2017.

We also want to thank the Treasurer's Office for their kind assistance in providing data on dog licenses including street addresses. This is vital to any recommendation dealing with the optimal location(s) for an off-leash dog area(s) in the county. We also appreciate the time spent by Mr. Richard Sutton, Construction Inspection's Supervisor with the Department of Public Works. He traveled to the top park site prospect locations we ranked to help give us preliminary cost comparisons for providing water to a potential off-leash dog area located at each site. He also helped with the preliminary cost estimate for the recommended site we selected. And, finally, we are indebted to GIS Manager Mr. Claiborn Phillips for the hours of work he spent on this project. His expert assistance and patience with many requested revisions of the maps contained here was greatly needed and appreciated.

Mr. Morgan, in closing, please know that the PRAB stands ready to pursue this issue further in whatever capacity you might desire and direct in the future. Thank you again for extending the PRAB members the privilege of requesting this study from us and for your patience awaiting its completion. Please contact me if you have any questions about this report or if you need additional information.

Sincerely,

Executive Summary

The York Country Parks and Recreation Advisory Board (PRAB) was tasked by Neil Morgan, County Administrator, to discuss and study the potential of opening an off-leash dog park in York County. Working with York County Parks, Recreation, and Tourism (PRT), the PRAB researched and gathered data for the local off-leash dog parks in surrounding counties and cities located here on the peninsula. Additionally, data was also collected for off-leash dog parks outside our local area including some localities in the Richmond and Southside Hampton Roads areas.

The PRAB's discussions and research cover a variety of topics which are presented in this study in the following sections:

- Benchmarking of facilities in surrounding localities
 - Registration fees (resident/non-resident)
 - Size of off-leash areas
 - Park Rules and regulations
 - Special amenities provided
- Preliminary Dog Park Survey Summary and Analysis
- Potential off-leash dog park locations in York County
- Preliminary cost estimate for the PRAB's recommended potential dog park site
- Dog park grant opportunities
- Recommendations by the PRAB

The benchmarking data requested by the County Administrator is summarized in this document. In the back of this notebook, informational materials are shown for many of these facilities under their appropriate location tabs: "Peninsula Parks," "Richmond Area," or "Southside Parks." The PRAB has also included within this document the summary and analysis of a 21-question preliminary dog park survey. Full survey results are shown for each question under the tab entitled, "Preliminary Dog Park Survey Results."

The PRAB recommends that an off-leash dog park be added to York County. Research by the PRAB, along with the benchmarking data collected on nearby dog parks indicate the size of the park should be approximately 1 acre, similar to other dog parks in the Hampton Roads area.

Of the prospect locations studied by the PRAB, we recommend exploring the possibility of adding a dog park at Kiln Creek Park. The PRAB also recommends, depending on future budgets, exploring the option of adding an off-leash dog park on either undeveloped property owned by the county or on property not currently owned by York County. This study was performed with consideration for budget and did not thoroughly explore locations where important amenities would result in additional cost. The PRAB actually began this study by exploring non-park, County-owned parcels of at least one acre in size. The very helpful staff with the York County's office of Geographic Information found a total of 19 sites meeting this criteria. They prepared a list of these tracts, their current zoning, and a map showing their respective locations, which all appear under the "**Non-Park County Parcels**" tab. But after looking briefly at this material, the PRAB quickly concluded that locating a possible dog park on existing park land was the most cost effective approach to pursue. Though existing parks were not master planned for a dog park and therefore do not offer "perfect" space solutions, their inclusion of paved parking lots, utilities, and restroom facilities are huge benefits. The PRAB therefore felt compelled to look hard at existing park sites in hopes of finding a suitable location for a potential off-leash dog park.

Based on the information we have gathered, we believe there is certainly interest and value in having an off-leash dog park in York County. With over 8,000 licensed dogs in the county in 2017, there is a significant number of dogs that could use such an area to socialize, exercise, and enjoy their time with their owners. We hope that the county can provide a wonderful dog park for our furry friends and their owners too.

Benchmarking of Facilities in Surrounding Localities

Here on the Peninsula, Poquoson and James City County are the other localities besides York County that do not operate a fenced off-leash dog area. However, years ago James City County partnered for one that is operated by the City of Williamsburg. Newport News has one dog park and Hampton has two. Southside, Virginia Beach has three dog parks, Suffolk has one, Chesapeake has four, and the city of Norfolk has twelve (six of which are fenced). This study includes data collected for the dog parks listed in the tables below. This study focused primarily on the Peninsula dog parks, and one or more PRAB members visited each one. In addition, various PRAB members gathered benchmarking information from park administrators and/or the internet for these four peninsula parks, as well as four selected Southside parks and four parks operated by localities in the Richmond area. In the tables that follow, these three geographic areas are color coded as follows:

Local Peninsula Dog Parks	Richmond Dog Parks	Southside Dog Parks

Registration Fees

On the peninsula, Sandy Bottom Nature Park, and Waller Mill Park are staffed and are able to register on-site. Fido Field accepts registration at the Riverview Gymnastics Center adjacent to the dog park, as well as other locations. Ridgeway is not staffed and required registration off-site at Hampton Parks and Recreation City Hall or at the Sandy Bottom Nature Center. Dog park registration fees are shown in the table below.

Richmond area dog parks in Henrico and Hanover County do not charge any fee for park entrance.

Southside, as of April 1, 2019, Virginia Beach dog parks and skate parks are open free of charge to all users. Annual registration fees for Chesapeake dog parks are shown in the table below.

Size of Off-leash Areas

Actual size of the off-leash dog areas ranges from 0.6 acres to 1.5 acres for the local dog parks. Ridgeway, Waller Mill, and Fido Field all have two separate fenced areas to allow dogs of different size/temperaments to enjoy their time at the park. Sandy Bottom has a single fenced area for all dogs to use.

Henrico and Hanover County dog parks are sized between 1 and 1.5 acres.

The Southside dog parks located at the four park sites included here range in size from .65 to 2.0 total acres. Chesapeake's Western Branch Dog Park is the only one of the five that does not have separate fenced areas for smaller and larger dogs.

Park Rules and Regulations

Each park has a substantial list of rules and regulations which are detailed on each park’s website and printed brochures. Each park’s rules are listed below. If the County would like to proceed further with this effort, the PRAB will propose a set of park rules and regulations in line with rules from other dog parks that exhibit best practices.

Ridgeway and Sandy Bottom (Hampton)

1. First time visitors to the Bark Park must register with park staff before entering the park.
2. Puppies must be at least four months of age before entering the dog parks.
3. Children must be 12 or older and accompanied by a parent to enter the park. Children are not allowed to run with or chase dogs within the park.
4. Dogs must be accompanied at all times by an adult at least 18 years of age.
5. Female dogs in heat are not allowed.
6. Owners are legally responsible for any bodily injury or property damage caused by their dogs.
7. Owners must clean up after their dogs. Containment bags are onsite.
8. Puppies must be at least 4 months of age.
9. We reserve the right to ask aggressive dogs to leave the park and return at a later date.
10. It is the owner's responsibility to clean up after his or her dog.
11. Have your dog wear a collar with the proper tags and information at all times.
12. Don't feed your dogs in the park.
13. Don't leave your dog unattended in the park. If they are left alone for any length of time, your membership will be suspended for one year to all dog parks.
14. Don't let your dog dig holes in the park, if they do, please fill them in immediately.
15. Don't take your dogs off their leash until they have entered the park.

York County Parks and Recreation Advisory Board
Dog Park Study

Waller Mill (Williamsburg/JCC)

1. The Dog Park has two areas, one for smaller dogs weighing 30 lbs. or less and an area for larger dogs. To ensure the safety of all the dogs in the park, dogs should be kept in the area that fits their weight category.
2. All members must wear their membership card and lanyard at all times while in the dog park.
3. If you do not have your membership card with you, a name tag must be issued at the boathouse before entering the dog park.
4. Daily users must wear the name tag issued to them at all times while in the dog park.
5. All dogs must be leashed while in Waller Mill Park except when inside the Dog Park fence.
6. The Dog Park gates must be kept closed.
7. No animals other than dogs are allowed in the Dog Park.
8. Aggressive, disruptive, sick, female dogs in heat, and puppies four months old and younger are not permitted in the Dog Park.
9. Only two dogs per handler are allowed. Dogs must be under the handler's control at all times.
10. Dogs are the responsibility and liability of the owner (and the handler, if different than the owner).
11. If an injury occurs, handlers should exchange contact information before leaving the park.
12. A handler must be eighteen (18) years old, but may permit a person who is twelve (12) years or older to participate in the handling of the dog.
13. Children under the age of five (5) years are not allowed within the Dog Park fences at any time.
14. Choke, prong, pinch, and spike collars must be removed before a dog may run free in the Dog Park.
15. Smoking, food, cigarettes and tobacco products, glass containers, and trash are not allowed in the Dog Park. These items may cause harm to the dogs.
16. Do not feed the dogs in or near the Dog Park. This includes training treats.
17. Dogs are not to be left unattended while in any portion of Waller Mill Park, including the Dog Park.
18. Handlers are responsible for cleaning up after their dogs. Waste must be placed in bags provided by the Park and promptly disposed of in the provided containers. Failure to clean up will be cause for termination of further use of the Dog Park.
19. Anyone creating a disturbance or violating the Dog Park or general Waller Mill Park rules may be asked to leave Waller Mill Park and/or relinquish their Dog Park membership. In the event of relinquishment of membership, there shall be no refund of any portion of the membership fee.
20. Park personnel are not responsible to mediate any disputes. Some or all persons involved in a dispute may be directed to leave Waller Mill Park. Further, the City Director of Parks and
21. Recreation may in his/her sole discretion, either temporarily ban person(s) involved in a dispute from either the Dog Park or the entirety of Waller Mill Park. In either case no refund will be made of Dog Park Membership fees.

Fido Field (Newport News)

1. Park is open sunrise to sunset daily.
2. Off-leash in dog park; on-leash everywhere else.
3. Dog must be a member.
4. All dogs shall wear visible licenses and dog park I.D.
5. All dogs must be legally licensed and vaccinated (rabies, distemper, parvovirus, and Bordetella).
6. No more than two dogs per owner / custodian in the area at a time.
7. A basic flat buckle collar or harness is required within the park (no choke, prong, pinch, or spike collars).
8. Puppies under 4 months old are not permitted.
9. Children under the age of 13 are not permitted in the off-leash area. Children ages 13-16 must be accompanied by an adult.
10. Spayed or neutered animals are recommended.
11. Dogs with a known history of dangerous behavior are prohibited.

York County Parks and Recreation Advisory Board
Dog Park Study

12. No dogs in heat.
13. Immediately leash and remove a problem dog (aggression, mounting, etc.).
14. Excessive barking is prohibited. Dogs barking excessively must be removed.
15. Owner / custodian must remain inside, with leash, within view and voice control of their dogs at all times.
16. Owner / custodian is responsible and liable for their dog's behavior.
17. Park users and dog owners / handlers assume all risks.
18. All owners / custodians are responsible for immediately cleaning up and properly disposing of dog excrement in proper receptacles (provided).
19. Owner / custodian must fill any hole created by their dogs.
20. City ordinance prohibits smoking within 100 yards of any recreational facility.
21. No food allowed within the fenced area.
22. Dogs are not permitted inside the Gymnastics Center.

Dorey and Short Pump (Henrico)

1. Dog Park Hours of Operation: Dawn to Dusk
2. All dogs must be leashed when entering and leaving the dog park.
3. All dogs must have current rabies and other vaccinations required by Henrico County, and should be healthy and free of contagious diseases and parasites.
4. All dogs/owners must have available current license tags when using the park.
5. Dog owners/handlers must be within the dog park, carry a leash with them at all times, and must be within view and within voice control of their dogs at all times.
6. Never leave dogs unattended.
7. Handler is limited to a maximum of 2 dogs.
8. Handler must be 16 years of age or older.
9. Children under 9 years old are not allowed in the off-leash dog area and children ages 9- 15 years must be accompanied by an adult.
10. Handlers must "scoop the poop" and fill holes dug by dogs under their control.
11. Dogs under 4 months old and female dogs in heat are prohibited.
12. Spiked collars are prohibited.
13. Smoking in the dog park is prohibited.
14. No food or drinks (dog or human) allowed inside the dog park.
15. No animals other than dogs shall be permitted in the dog park.
16. Dogs must be removed from the off-leash dog area at the first sign of aggression.

Taylor and Pole Green (Hanover)

1. Users of the dog park do so at their own risk. Hanover County shall not be liable for any injury or damage caused by any dog in the dog park.
2. The dog park is for dogs, their owners, and those accompanying them. No other use is allowed. No animals other than dogs are permitted. ☒
3. All dogs must be licensed and vaccinated for rabies. Dogs should wear a visible dog license and rabies tag.
4. Dogs under (4) four months of age and female dogs in heat are not allowed in the park.
5. Dogs must be on a leash when entering and exiting the dog park.
6. Dogs must be under the control of their owner and in view of their owner at all times.
7. Children under (16) sixteen years of age must be accompanied by an adult. It is recommended that children under (5) five years of age not enter the dog park.
8. Each owner is limited to a maximum of two dogs.
9. Owners must pick up and dispose of their dog's waste and fill any holes dug by dogs under their control.

York County Parks and Recreation Advisory Board
Dog Park Study

10. Food, treats, alcohol and the use of tobacco are prohibited.
11. Dogs must be removed from the dog park at the first sign of aggression. Dogs with a history of aggression are prohibited.
12. Owners are responsible for any injuries caused by dogs under their control.
13. All dog bites and serious injuries occurring in the dog park must be reported to Animal Control at (804) 365-6140.
14. Any damage or unsafe conditions should be reported to the Parks and Recreation Department at (804) 365-7150.
15. Those not following the rules will be asked to leave the dog park immediately.

Southside Parks (City Park, Elizabeth River Park, and Western Branch)

1. All dogs must be licensed, vaccinated, and wear a collar with identification and current tags.
2. The responsible party must carry a leash at all times and remain with the dog in the dog park. Leashes should be removed immediately upon entrance to the dog park, and dogs must be leashed when removed from the dog park.
3. Dangerous dogs and vicious dogs as defined in section 1047.1 are prohibited. Dogs must be removed at the first sign of dangerous behavior toward people or other dogs.
4. Dogs that are ill, less than four months of age, an unneutered male over the age of one and female and in heat are prohibited from entering a dog park.
5. The responsible party must clean up and dispose of waste left by their dogs and provide any necessary equipment for removal and disposal.
6. Children under eight years of age are not permitted in the dog park except during approved events or activities sanctioned by the city.
7. No responsible party shall be in possession of more than three dogs at a time within the dog park.
8. Responsible parties must prevent dogs from digging within the dog park and immediately refill any holes.
9. No food, drink, or tobacco products are allowed within the enclosed area of the dog park.
10. Any owner or other person bringing a dog or dogs to the dog park (the "responsible party") shall be legally responsible for any injury, property damage, or other loss caused by the dog or dogs in his or her care.

Virginia Beach (Bayville Farms Park)

1. Don't bring puppies under four months into the park.
2. Don't bring dogs that are sick or female dogs in heat into the park.
3. Don't let your dogs dig holes in the park. If your dog does dig, fill the holes immediately.
4. Don't leave your dogs unattended in the park.
5. Don't bring children under 8 years old into the park.
6. Don't feed your dogs in the park.
7. Don't bring any food into the dog park.
8. Don't remove the leash until you have entered the dog park.

Preliminary Dog Park Survey Summary and Analysis

The York County Parks and Recreation Advisory Board created a preliminary survey to gauge resident interest in an off-leash dog park in York County. The 21-question survey was hosted on Survey Monkey for approximately three weeks between July – August 2017 and had a total of 973 participants. This section of the dog park survey serves as an "executive brief" of the survey results, including an analysis of the results by the Advisory Board. The complete survey questions and responses are also provided (reference Preliminary Dog Park Survey Results).

Q1: What is your zip code?

The majority of those that participated in the survey reside in the middle and lower end of the county – approximately 86% of participants reside in zip codes 23692, 23693 and 23696.

Q2: What is your age?

The ages of survey participants are distributed from 18-75+, as expected – there is a slightly higher percentage of participants that fall into the 45 to 54 years old category. There is nothing particularly interesting about this question or answers.

Q3: How many dogs do you have?

Most participants have either 1 or 2 dogs (83%). About 9% of survey participants do not have a dog at all and 8% have 3 or more dogs. Good to know that over 90% of our survey participants are actually dog owners. It was interesting to see that even those that do not have dogs wanted to provide input for the survey.

Q4: What is the size of your dog(s)?

The distribution of dog sizes was fairly even between all weight categories from 15 pounds or less up to 70+ pounds – about 20-25% for each of the five weight categories. This reinforces the need for multiple fenced areas for dogs of varying sizes and energy levels.

Q5: Where do you currently take your dog(s) to walk, socialize, or exercise?

This question was left completely open-ended for participants to type in responses, which may not have been the best approach. Of the 928 participants, about 637 (68%) mentioned “neighborhood”, “at home”, “in the street”, “backyard” or something similar. People are currently walking their dogs (on-leash) near where they live out of convenience.

Q6: Do you currently visit any of the dog parks in the Hampton Roads area?

About 23% of participants currently visit dog parks in the Hampton Roads area. This means many York County dog owners must travel to other municipalities’ dog parks.

Q7: Which local dog parks have you visited?

About 58% of participants said they have never visited a dog park in the Hampton Roads area. Of the 42% that said they have visited a dog park, approximately 50% of participants had visited Sandy Bottom (Hampton), 24% Fido Field (Newport News), and 7% Waller Mill (Williamsburg). There seems to be a preference for the Sandy Bottom dog park over the others. 58% of participants have never visited a dog park in this area.

York County Parks and Recreation Advisory Board
Dog Park Study

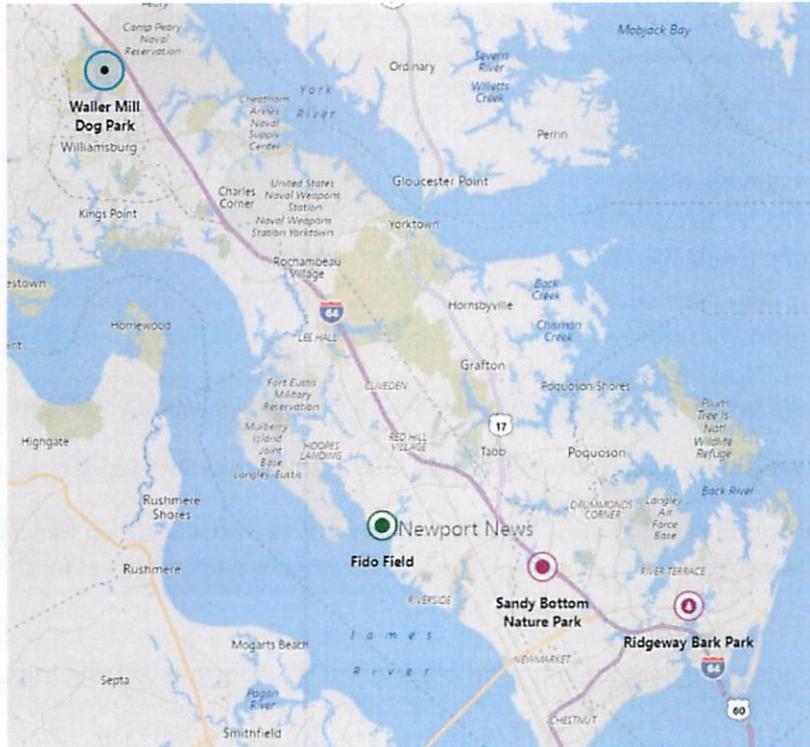

Figure 2 - Map of Peninsula Public Dog Parks

Q8: How frequently do you currently visit dog parks?

71% of participants responded “never” to this question – when coupled with Q7, which indicated that 58% of participants have never visited a local dog park, indicates that some residents, who have visited parks in the past have since decided to not continue going. Of those that answered “never”, about 313 (46%) participants specified that “too far”, “location”, “distance”, “convenience”, or similar answers as the reason why they do not visit dog parks.

Of the remaining 29% who do currently visit dog parks:

- 29% visit once a month or more
- 14% visit once a week or more
- 6% visit twice a week or more
- 4% visit three times a week or more
- Less than 1% visit daily

Distance seems to be biggest deterrence to dog park usage by York County dog owners at sites operated by our neighboring localities. Dog owners seem to use these parks fairly infrequently because of the inconvenience and time spent in travel.

Q9: Are you interested in having an off-leash dog park in York County?

The majority responded yes, they are interested in a dog park. The responses were 83% in favor to 17% not in favor.

Q10: How far would you be willing to drive from home to get to a dog park in York County?

York County Parks and Recreation Advisory Board
Dog Park Study

As expected, a shorter distance to the dog park will increase the number of participants that would be willing to make the trip. The majority (59%) of the participants were willing to drive 15 minutes to get to a dog park. However, more interesting is that 90% of survey participants are willing to make the trip to the park if the park is located up to 10 minutes away. Analysis of the answers to this question indicate that:

- 96% willing to drive 5 minutes
- 90% willing to drive 10 minutes
- 59% willing to drive 15 minutes
- 28% willing to drive 20 minutes
- 16% willing to drive 30 minutes

Location of the dog park seems to have an enormous impact on the number of people that would use the park.

Q11: What types of activities would your dog(s) be interested in at a dog park?

Socializing with other dogs (81%) and exercising (77%) were the top two activities. Dog owners are also interested in socializing with other people (53%). People are interested in socializing opportunities for their dogs and themselves.

Q12: Rank the following dog park amenities in order of most important to least important.

The survey reveals that the most important amenities are: 1) Shaded Area and 2) Multiple fenced areas – both of which should be considered absolutely necessary in any dog park. The next two most important amenities are ranked as: 3) Seating for People and 4) Bathrooms, and although not required, are highly recommended for any dog park. The least important amenities are Secured Badge/Coded Entry and Dog Washing Station, followed extremely closely by Agility Training Equipment and Lights for after dark operation. Of the answer options provided to survey participants, access to water for dogs was not included by neglect. Based on our research, this amenity would have ranked high on the list. Survey participants were also not given a write-in option for this question.

Q13: What is most important to you for a dog park?

At 36%, safety is the number one most important part of a dog park. Second most important was location at 26%, which is also reflected in answers given for Q5, Q8, and Q10. Cleanliness also ranked relatively high at 23%. "Other amenities" was last on the list at just 2%. There were 67 "Other" responses and of these responses, the following was noted:

- Don't want or need a dog park; waste of money; not with tax dollars; other cost issues (30 responses)
- Multiple areas for different sized dogs; dog safety (12 responses)

Q14: What is the temperament of the dog(s) you would bring to a dog park?

The majority of the dogs coming to the park seem to be friendly, social, and high energy dogs. However, a significant number of participants indicated they would be bringing shy (23%) and low energy dogs (16%). Based on the response to this question and typical dog park design, the recommendation would be to have *at least* two separate dog areas – one for friendly, social and high energy dogs and a second for shy/timid and low energy dogs. It may be useful to have several separate areas for shy-timid and low energy dogs so people can enjoy their dogs off leash without fear of altercations and stressful situations.

Q15: How frequently do you think you would visit a dog park in York County?

Only 3% of participants indicated they would visit the park on a daily basis. However, analysis of the rest of the data is interesting:

- 21% would visit 3 times a week or more
- 48% would visit 2 times a week or more
- 80% would visit once a week or more
- 91% would visit once a month or more

The responses to this question indicate the dog park would see a high percentage of regular use by dog owners in York County. About 9% of participants indicated they would never use it or have no need for it as they do not own a dog.

Q16: What time of day would you typically visit the dog park? (Select all that apply)

Dog owners prefer the evenings (65%) or weekends (53%) over mornings (36%) and mid-day (26%) to visit the dog park. With a majority of people indicating desired evening use, lighting for early evening hours may be required.

Q17: Would you be willing to pay a nominal registration fee for use of a dog park in York County?

73% of the survey participants would pay a nominal registration fee for use of a dog park. Charging a registration/entrance fee is the norm for other dog parks in the Hampton Roads areas.

Q18: Would you be willing to do volunteer work for the dog park?

About 538 (55%) of survey participants indicated they would be willing to help with volunteer work and about 130 of them left contact information when they took the survey. Volunteers are willing to assist with activities including helping with fundraising, cleaning, landscaping, and helping to organize events and activities. One particular commenter suggested that her son could participate with volunteering as part of an Eagle Scout project.

Q19: If fundraising efforts involved sale of items, would you consider investing?

Approximately 616 (68%) of participants said they would be willing to consider investing in purchase of promotional gift items to raise funds for the dog park. Calculations on the proposed gift costs and number of willing participants add up to approximately \$21,550 in potential sales of promotional items. Most participants (51%) indicated they would be willing to spend \$25 on a promotional item for fundraising.

Q20: How did you find out about this survey?

The dog park survey was advertised in a variety of ways, including Facebook (group pages, York County Facebook page, Jeff Wassmer on York County 411 page), NextDoor, York County Website, York County email list, flyers posted at pet stores, veterinarian offices, and libraries, in the county, various homeowner association mailing lists, and word of mouth. About 62% of participants heard through social media of some sort.

Q21: Do you have any additional comments?

264 (27%) of the 973 participants had additional comments. (Note: the survey actually indicates 340 responses, but many of these were "no", "no additional comment", "none", "N/A", etc., so the remaining actual comments totaled about 264).

York County Parks and Recreation Advisory Board Dog Park Study

Of the 264 comments,

- 63 (23%) were negative (against the idea of a dog park),
- 25 (9%) were mildly positive,
- 125 (47%) were strongly in favor of developing a dog park in York County, and the remaining 21% of participants were generally neutral on the matter.

It appears that most York County dog owners would like to have a dog park in York County as long as it:

- is nearby
- is safe for owners and dogs
- has the essential amenities
- is properly maintained and managed

However, there are also a number of residents in the county that are against the use of tax dollars for a park that will not benefit them in any way (as they are not dog owners).

Potential Off-leash Dog Park Locations

The PRAB began by briefly looking at non-park land owned by the County. This study has not explored possible dog park locations on any property not owned by York County. A list of nineteen (19) prospect locations with a GIS acreage of 1.0 or greater was provided by the county's Geographic Information staff for the PRAB to consider as potential dog park locations in York County (see **Prospect Dog Park Locations** tab). Additionally, the PRAB requested that staff obtain address data for the issued dog licenses in York County. With helpful assistance from the Treasurer's Office and the Office of Geographic Information, a density map showing both the density of dog licenses issued by the county and the locations of the 19 prospect locations was provided (see **Prospect Dog Park Locations** and **Density of Dog Licenses Issued** tabs).

This study was performed with consideration for budget and did not thoroughly explore locations where important amenities would result in additional cost. So, after looking briefly at this information on County owned non-park parcels, the PRAB quickly concluded that locating a possible dog park on existing park land was the most cost effective approach to pursue. Though existing parks were not master planned for a dog park and therefore do not offer "perfect" space solutions, their inclusion of paved parking lots, utilities, and restroom facilities are huge benefits. The PRAB therefore felt compelled to look hard at existing park sites in hopes of finding a suitable location for a potential off-leash dog park.

And so, the PRAB turned its full focus on County-owned park land with their infrastructure and many amenities already in place. Based on this preference, along with PRAB research and discussions, data gathered from the preliminary dog park survey, location of existing dog parks in the area, and the Density of Dog Licenses map, the PRAB selected the following seven locations to further assess:

1. Wolf Trap Park Option 1 – area West of pond
2. Wolf Trap Park Option 2 – area East of pond
3. Wolf Trap Park Option 3 – open space beside soccer fields
4. Kiln Creek Park Option 1 – wooded area northeast of soccer field
5. Kiln Creek Park Option 2 – grassy area on the corner of Jesse Street and Kiln Creek Parkway
6. The MAC (area northeast of main entrance parking lot)
7. Chisman Creek Park (area south of parking lot)

York County Parks and Recreation Advisory Board
Dog Park Study

Geographic Information staff provided GIS aerial maps for each of these potential locations (see **Prospect Location Maps** tab) for the PRAB to use while evaluating the prospective park locations. PRAB members and staff took time to visit these potential locations to see them in person and evaluate the potential for each to have an off-leash dog park added.

Pros and Cons for each of the prospect locations were discussed and noted:

Wolf Trap Park Option 1

The area West of pond

- Pros
 - Larger area than East Pond (including woods to the West of depicted triangle)
 - Minimal excavating and clearing work required
 - Natural shade
- Cons
 - Far from parking, utilities and restrooms (500+ ft walk along a drainage area)
 - Low-lying area, possibly prone to holding water

Wolf Trap Park Option 2

The area East of pond

- Pros
 - Close to parking, utilities, restrooms
 - Could put in a bench to sit on
 - Natural shade
- Cons
 - Small area – probably not large enough for two separate dog areas
 - Significant work required to clear the site of trees, level ground
 - Would need to access dog park to get into or out of the maintenance building

Wolf Trap Park Option 3

Open Space beside soccer fields

- Pros
 - Huge sized field – large enough for two areas, one for large dogs and one for small dogs
- Cons
 - No shade – potentially difficult to add structure or trees due to clay cap
 - Far from parking, utilities and restrooms (500+ ft)
 - Adjacent to fields used for kids' soccer games and practices

Kiln Creek Park Option 1

The wooded area Northeast of soccer field

- Pros
 - Adequately sized area and good distance from other park users
 - Close to parking, restrooms, playground
 - Walking distance to many potential park users
 - Natural shade
- Cons
 - Significant work required to clear the site of trees, level ground
 - Not centrally located

York County Parks and Recreation Advisory Board
Dog Park Study

- Competition for parking during other events
- Potentially disruptive to homeowners in adjacent development
- School-owned site

Kiln Creek Park Option 2

The grassy area on the corner of Jesse Street and Kiln Creek Parkway

- Pros
 - Adequately sized area
 - Close to parking
 - Walking distance to many potential park users
 - No excavating clearing work required
 - Playground nearby
- Cons
 - Far from restrooms, utilities
 - Not centrally located
 - Little to no existing natural shade
 - Site set aside for additional fire station if needed in the future

McReynolds Athletic Complex (MAC)

- Pros
 - Most centrally located within York County
 - Close to parking
 - Busy area visited by many
 - Close to utilities
 - Natural shade
- Cons
 - Dogs not currently permitted anywhere in the MAC
 - Mixing of dog park with many sporting events
 - May need separate restrooms built for dog owners near dog park area
 - Significant work required to clear the site of trees, level ground

Chisman Creek Park

- Pros
 - Close to parking, utilities, and restrooms
 - Large parking lot already in place
- Cons
 - Little to no existing natural shade
 - Relatively small and narrow area; would need two separate areas for adequate spaces for high and low energy dogs

Based on these pros and cons, the PRAB ranked these prospect locations in order of highest potential to lowest potential as shown below. Sites reviewed, but not recommended as off-leash dog park areas, based on the PRAB's analysis, are not included in the ranking below.

1. Kiln Creek Park Option 1 - wooded area northeast of soccer field
2. Kiln Creek Park Option 2 - grassy area on the corner of Jesse Street and Kiln Creek Parkway
3. *Chisman Creek Park (area south of parking lot)
4. Wolf Trap Park Option 1 – area west of pond.

***IMPORTANT NOTE:** Chisman Creek Park would have to be ruled out from any future consideration due to information the PRAB subsequently received from the Department of Environmental Quality (DEQ). A DEQ representative confirmed that the entire site at Chisman Creek Park has fly ash underneath a protective clay cap. This prohibits the installation of additional fencing, the posts of which would penetrate the protective barrier for the fly ash and risk leaching of this material and possible groundwater contamination. This also applies to the Wolf Trap Park Option 3 area adjacent to the soccer fields, which was already ruled out by the PRAB as one of its top ranked park site options for a possible dog park.

Preliminary Cost Estimate for Recommended Potential Dog Park Site at Kiln Creek Park

Staff and the PRAB obtained rough estimates for fencing and minimum equipment costs as shown below to support the construction of an off-leash dog park at the site located behind the Restroom Building at Kiln Creek Park.

A.	Clearing and Grading Biggest cost for this site, the only location with natural shade, so no shelters needed, just benches.	<u>\$ 25,000</u>
B.	Water Line from Restroom Building Least expensive site for running water lines due to proximity of source in the nearby restroom building. Average water line cost for the four other site options is approximately \$20,000. Note: Includes frost free yard hydrant.	<u>\$ 10,000</u>
C.	Rerouting brown crushed stone path from Foxwood Common Area	<u>\$ 12,000</u>
D.	Fencing, Double-Gated Entries, & Vehicular Maintenance Gates Based on approx. 828' perimeter and 150' + 75' interior for small dogs. 9 gauge core / 8 gauge finish; vinyl clad to blend in better with the wooded surroundings and to be less visible to the neighboring homeowners. <ul style="list-style-type: none"> • Approx. 1,050' of 5' high fence @ \$16/foot = \$ 16,800 • (2) double-gate entries @\$600/ea. = \$1,200 • (2) truck gates for mulch/maintenance @ \$1,200 = \$2,400 	<u>\$ 20,400</u>
E.	Amenities <ul style="list-style-type: none"> 1) Water Fountain Stations for dogs and people: (2) @ \$ 2,500 = \$5,000 2) Dog Waste Bag Receptacles: (3) @ \$250 = \$750 3) Benches w/concrete (6) @ \$1,200 = \$7,200 4) Waste Containers w/concrete (2) @ 1,000 = \$2,000 	<u>\$ 14,950</u>
	Estimated Subtotal:	<u>\$ 82,350</u>
F.	Contingency (approx. 15%)	approx. \$ <u>12,355</u>
	Estimated Total:	<u>\$ 94,705</u>

Dog Park Grants

There are multiple dog park grants and programs available that could potentially help fund the building of an off-leash dog park in York County. Below are just a few that could benefit the County. The PRAB recommends applying to these grants to support the project.

Pet Safe Dog Park Grant

(<http://www.petsafe.net/barkforyourpark/2018-apply>)

"Each spring, PetSafe® invites communities across the country to apply for grants totaling over \$250,000 to build, maintain and enhance off-leash dog parks. Awards are given to 25 communities: five \$25,000 grants to help build new dog parks, ten \$10,000 awards to maintain existing dog parks and ten \$5,000 grants to enhance existing dog parks"

Nutro ROOM TO RUN® Dog Park Appreciation Project

(<https://www.nutro.com/about-us/nutro-community-initiatives>)

"Through the NUTRO™ ROOM TO RUN™ program, we support public, non-profit dog parks and off-leash areas. We support dog parks because they provide a natural oasis for pet enthusiasts and their dogs to connect with the community and bring nature closer to home. Since 2010, the program has helped enhance over 120 dog parks and committed more than 4,000 volunteer hours across North America. Projects included landscaping and adding trees and other shade structures, as well as adding benches, agility equipment, signage and more for the enjoyment of pets and pet parents."

My Darling Theo Dog Park Fund

(<http://www.mydarlingtheo.org/dpfhowitworks>)

"Grants will be awarded to US based, organized non-profit Dog Park Groups. The fund will be generously supported by monetary donations from the general public. Quarterly My Darling Theo Foundation will have a call for grant submissions and America will vote over the internet, for the winners. The grant will be awarded and distributed to the winning organized non-profit Dog Park Community Group!"

Recommendations by the PRAB

The PRAB recommends that an off-leash dog park be added to York County – 83% of the preliminary dog park survey participants are interested in having one in the county (Question 9). Research by the PRAB, along with the benchmarking data collected on nearby dog parks indicate the size of the park should be approximately 1 acre, similar to Waller Mill dog park and Fido Field dog park.

Location

Of the prospect locations studied by the PRAB, we recommend exploring the possibility of adding the dog park at Kiln Creek Park Option 1 – the wooded area behind the soccer field and restroom building. This location supports a dog park of approximately 0.76 acres in size (see **KCP Recommended Site** tab). The PRAB also recommends, depending on budgets available, to explore the option of adding the off-leash dog park on property not currently owned by York County. This study was performed with high consideration for budget and did not explore locations and amenities that would result in significant upfront costs. Existing park sites provide a cost savings since expensive infrastructure items such as paved parking, restrooms, and water on site have already been completed.

York County Parks and Recreation Advisory Board Dog Park Study

However, because none of the county's existing parks were master planned to include a dog park, each site presents a certain set of limitations, especially location, available area, and/or the amount of natural shade. And so, while significant costs savings at existing parks trumped consideration of other County owned parcels for this study by the PRAB, additional study into other parcels may still be warranted if the County feels the interest and usability of other sites warrants it.

Some location-specific reasons that the PRAB believes Kiln Creek Park Option 1 is the best available park site for locating the off-leash dog park include:

- Questions 5 and 10 from the dog park survey indicated that most people walk their dogs near where they live and that they would not be very willing to travel more than a few minutes to get to a dog park. Locating the park here would give the highest possible amount of foot traffic from York County residents (and nearby Newport News residents) to the dog park.
- Kiln Creek Park is also the closest viable park site to the heavily populated Rte. 134 corridor. That proximity is a very important factor in the PRAB's decision to recommend locating the park at Kiln Creek Park.
- Kiln Creek is located very near to I-64 and would be a great location to bring in additional dog owners from neighboring cities – this also has potential to bring business to the Kiln Creek area because of the number of shops and restaurants.
- During recreational soccer seasons in spring and fall, there is sometimes a field supervisor that already is on-site at Kiln Creek Park during week nights and Saturdays performing checks on the fields that could also assist with monitoring the dog park.
- Many people already bring their dogs to Kiln Creek Park. Numerous visits and drive-bys indicate people tend to walk their dogs to and around the park and let them run off-leash inside the baseball and softball fields, the soccer field, and in the grassy common areas. Having a dedicated space for dogs and dog owners to use should reduce the number of people violating the County's leash law and misusing the athletic fields.
- Existing parking, bathroom facilities, and other nearby amenities like the playground, soccer fields, baseball fields, and 3-mile walking path around Kiln Creek.
- While this site does come with a high cost for clearing and grading, its water line costs are relatively very low. Further, the site provides an abundance of natural shade, far more than any other existing park site in this lower area of the county. That offers by far the most comfortability on hot days for owners and their dogs. It also saves the cost of building shelters as opposed to simply providing benches.

Equipment and Amenities

Question 11 of our survey asked what types of activities they would be interested in at the dog park, and most participants indicated they wanted to socialize and exercise their dogs, as well as socialize with other people. Question 12 ranked dog park amenities desired by the participants. Most were interested in the basic/fundamental amenities of a dog park, so the PRAB does not recommend installing dog agility training equipment at this time. Preliminary cost estimates for fencing and equipment and other items for this site are included in this study (see page 18).

Note: This site at Kiln Creek Park includes a recommended setback of 20' for the dog park fence line from all privately owned property lines and the Kiln Creek Park Common Area as well as from the edge of the woods behind the soccer field. The hope is that this buffer, along with specifying a vinyl clad fence, will help the dog park to blend in to the natural surroundings there and be less visible to neighboring properties and athletic field users alike.

Other Considerations

Question 17 of the dog park survey asked if participants would be willing to pay a nominal registration fee for using the future dog park, and 73% answered yes. Our benchmarking of nearby dog parks in Hampton Roads indicate that the typical fee for registering dogs for the parks is \$10 for the first dog and \$5 for additional dogs, for an annual membership. The PRAB recommends following the same registration fee structure, assuming the dog park amenities and size are as recommended by the PRAB.

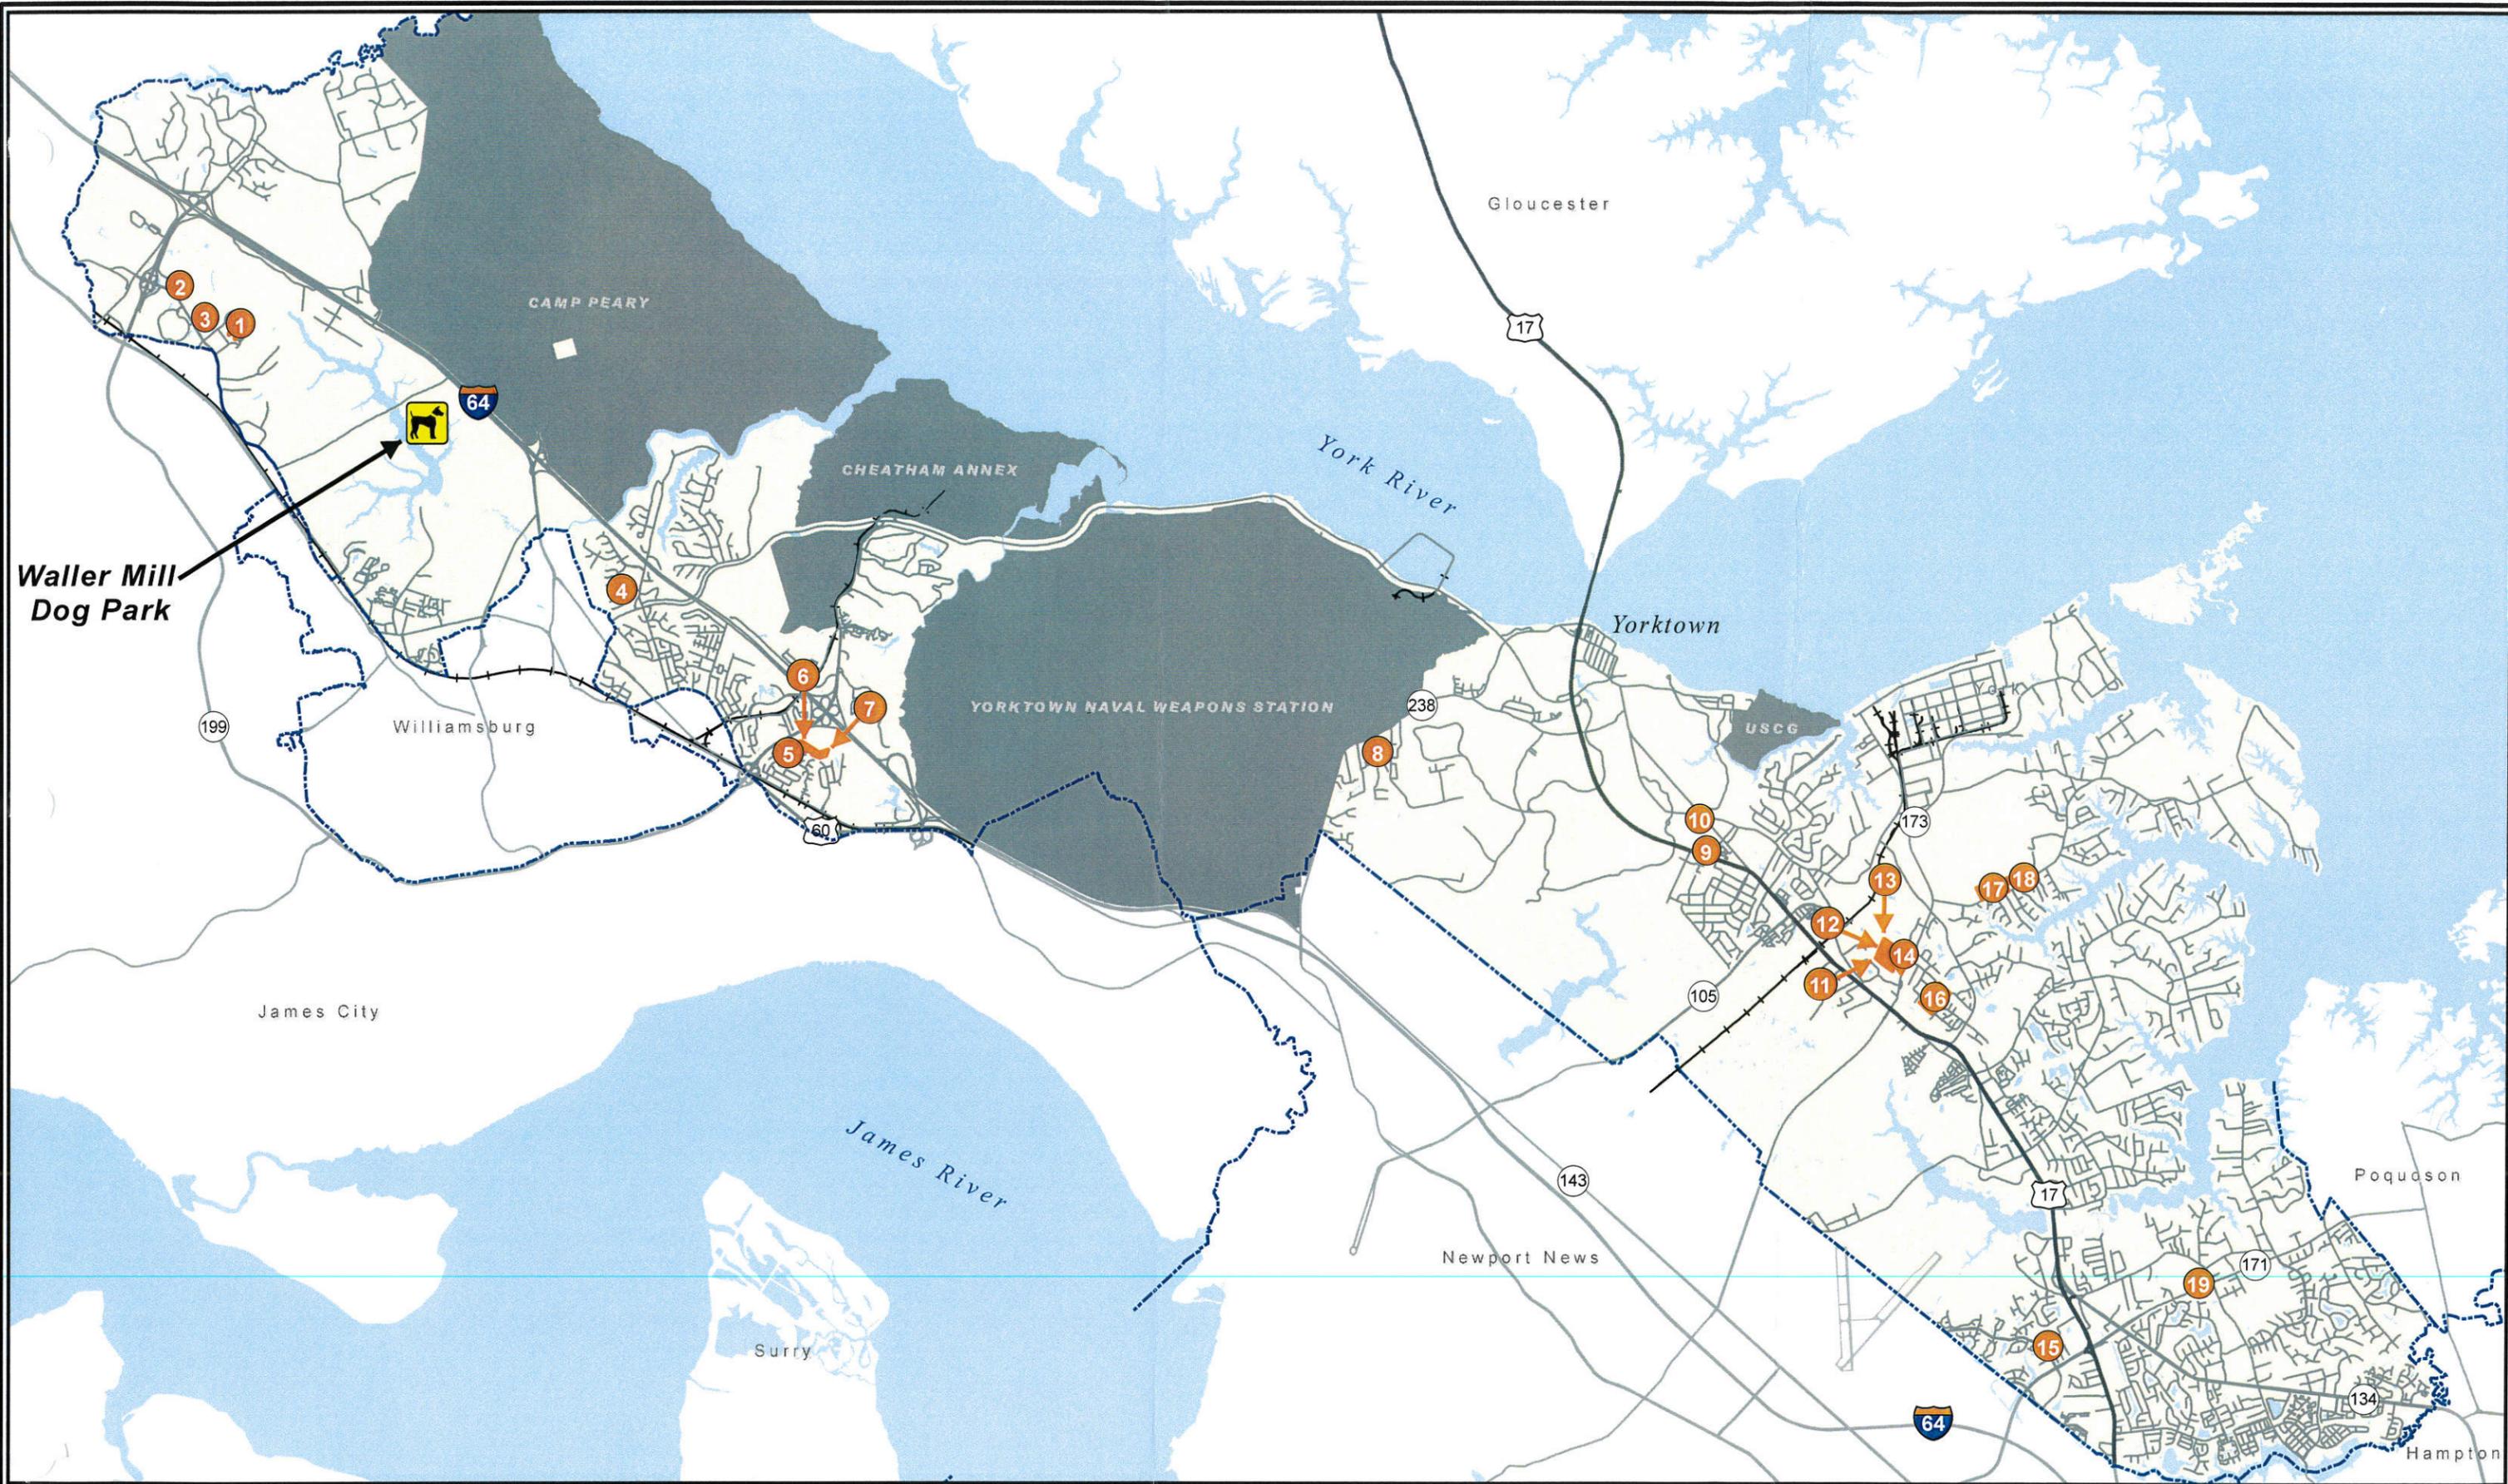

Question 18 responses indicated that over 500 survey participants would be willing to assist with volunteer work at the park, and 130 of those left their contact information. Question 19 responses indicated that survey participants would be willing to purchase promotional items from the County, with a sales total of approximately \$20,000. Based on this positive feedback we received, the PRAB highly recommends the county organize a "Friends" organization to assist with organizing residents to help with fundraising, maintaining and improving the dog park, similar to the "Friends of Hanover Dog Parks" group (<http://www.friendsofhdp.org/>). The PRAB also believes these financial contributors will likely be willing to continue with providing volunteer hours for regular maintenance activities for the park.

The PRAB also would recommend investigating the option of a partnership with the Kiln Creek Homeowners Association for sponsorship of the dog park.

To further assist with funding for the park, the PRAB does recommend the dog park grants listed previously, as well as other possible grant opportunities, are investigated for applicability.

Closing Remarks

Based on the information we have gathered, we believe there is certainly interest and value in having an off-leash dog park in York County. With approximately 8,000 licensed dogs in the County in 2017, there are unquestionably many pets that could use such an area to socialize, exercise, and enjoy their time with their owners. We hope that the County is able to provide a wonderful dog park for our furry friends, and their owners too. If the County chooses to support the off-leash dog park, the PRAB can assist by refining estimates, exploring other non-County owned parcels, developing park rules and regulations, work on grant applications, and assist with organizing volunteers and fundraising.

519	To far away	7/30/2017 9:52 PM
520	Just did the once, it's to far from home	7/30/2017 9:51 PM
521	We should. Mainly because our little Yorkie gets completely overwhelmed by larger dogs.	7/30/2017 9:50 PM
522	Too far away	7/30/2017 9:46 PM
523	No need, back yard and the neighborhood is completely fine. No need to pay more taxes to have to get in our vehicle and drive 5-15 minutes to have our dog play in a lot filled with other dogs that's either the same size as our yard or maybe two - three times the size of it. I see this as only a perk for dog owners in apartments and the apartment complexes should be responsible for dog parks if they allow animals in such confined spaces.	7/30/2017 9:45 PM
524	I didn't know there were any. Those are too far away.	7/30/2017 9:42 PM

97	Just once in a while..maybe twice a year	7/30/2017 11:21 PM
98	No need, back yard and the neighborhood is completely fine. No need to pay more taxes to have to get in our vehicle and drive 5-15 minutes to have our dog play in a lot filled with other dogs that's either the same size as our yard or maybe two - three times the size of it. I see this as only a perk for dog owners in apartments and the apartment complexes should be responsible for dog parks if they allow animals in such confined spaces.	7/30/2017 9:45 PM

#	RESPONSES	DATE
1	This would be a great addition to York county. Great way for dogs to run and play as long as dogs are friendly and up to date in all shots.	8/20/2017 8:26 PM
2	A dog park would be great!	8/20/2017 7:48 PM
3	We need a state of the art dog park!	8/20/2017 6:33 PM
4	Please please please do this!!!	8/20/2017 5:43 PM
5	I would have loved for this to be available when my dogs were younger so I could have socialized them more.	8/20/2017 5:05 PM
6	I think as a taxpayer it's a colossal waste of money for the few individuals involved in this. Surely we can find a much more useful way of spending our tax dollars!	8/20/2017 2:26 PM
7	A dog park would be a good purposeful activity for both people and dogs.	8/20/2017 1:46 PM
8	None	8/20/2017 1:30 PM
9	Hope this survey will result in a dog park. Perhaps, an area in New Quarter Park could be used for this purpose.	8/20/2017 11:09 AM
10	No	8/20/2017 11:09 AM
11	Would not be willing to do fundraising if there is going to be a fee to register to use.	8/20/2017 10:36 AM

21	Good idea. I personally would seldom use it	8/19/2017 3:55 PM
22	It needs to be large enough for large breed dogs to run around. I would recommend a separate area for small breed dogs.	8/19/2017 2:44 PM
23	Would love to have a large shaded (a must in summertime) and fenced dog park for dogs to chase and play in York County. Owners are hesitant to let their dogs run loose in public. 42	If there is a nominal registration fee, there should be an option to bring visitors, also. For example, during the holidays if a visiting family member or friend decides to bring their pet or pets, a registered resident may want to invite that family member or friend to the dog park with them. Also, there should be an option for non-registered visitors, as well. I think the showing of dog records along with a small fee would be beneficial to the already registered participants and the county.	8/18/2017 3:28 PM

67	Please allow children in the dog park! I am a military spouse, and I can't take my dog to the dog park at Sandy Bottom since my daughter was born 4 months ago. I think that babies in carriers should be allowed, or at least at the discretion of the parents.	8/17/2017 6:25 PM
68	Don't see a need for a dog park. Money for development and maintenance could be better spent elsewhere.	8/17/2017 12:29 PM

They even had a kids playground put in next to it so the dogs and kids had and place to play and socialize.	8/16/2017 11:09 AM
86	I am definitely interested in learning more about having a park, details about keeping it up, etc.	8/16/2017 10:35 AM

Dog Park Preliminary Survey

87	I would like there to be a nice fenced area w/shade, seating and access to water for the dogs in which dogs MUST be on a leash. Dogs who are timid, shy, or a little too aggressive might be better suited in a fence/leash only area for socializing (more controlled environment for those that need it).	8/16/2017 10:26 AM
88	I'm very excited at the possibility of this!	8/16/2017 10:22 AM
89	About the "dog washing station", I think a hose is sufficient for hosing off dogs if muddy and to provide drinking water for the dogs....nothing fancy (and costly).	8/16/2017 8:44 AM
90	We need more walking sidewalks in YC for PEOPLE and then their pets so we don't have to drive everywhere and exercise so we can walk without walking on street and risk getting hit by cars	8/16/2017 5:58 AM
91	With so many people with dogs it's probably not a bad idea to have a dog park; however, it should be located far away from other parks. It should be separate. Dog people are a bit of a nuisance and they tend to think everybody loves dogs. Not true. Keep the park separate and charge for entrance. Good luck.	8/16/2017 5:37 AM
92	Do it.	8/16/2017 5:36 AM
93	Please do it!	8/15/2017 5:24 PM
94	I don't have a dog, as evidenced by my answers, but I think a dog park is a good thing for a community. I'm not sure how close a dog park would be to "people areas," but if I'm jogging at a park or playing sports, I would welcome sharing the space with dogs, maybe socializing with them and their owners, too	8/15/2017 2:11 PM
95	I believe people will say and promise (question 18) anything to have a dog park. For a million years dogs have not needed a special place to socialize, they do it when they meet on the street. I love dogs. Have had many over my life but I think the county has many other important services to spend money on than a dog park.	8/15/2017 8:09 AM
96	I would love it if this project becomes reality.	8/14/2017 8:48 PM
97	Na	8/14/2017 10:54 AM
98	Thanks! This would be so great to see!	8/14/2017 10:01 AM
99	I think a dog park would be a great addition to the county for residents to socialize (both for dogs and people). I think common enforceable rules would be necessary for safety and different sized dog areas for different sized dogs would help to reduce problems between large dogs and small dogs.	8/12/2017 3:32 PM
100	There should be a realistic plan to open a dog park, funded by fees and tax payer money, by and for York County residents and not funded by bake sales and silent auctions.	8/12/2017 10:45 AM
101	I hope this works out!	8/12/2017 9:26 AM
102	This is a very poorly constructed survey. It doesn't allow for the possibility of not thinking it's a good idea.	8/11/2017 4:22 PM
103	I have been very impressed with the many dog parks we've visited during our many road trips to many different states. They've been very well run, and we've met lots of responsible dog owners and very happy dogs. We look forward to a new dog park to enjoy in York County.	8/11/2017 3:28 PM

106	A dog park in York County would be fantastic.	8/10/2017 8:50 PM
107	Should consider a central location on currently owned County property that is suitable for an off-leash, fenced facility.	8/10/2017 8:14 PM
108	I'm concerned too many people outside of York Co. Would use the facility and I don't think it will be kept up well. Look closely at other dog parks and see how well they've been maintained. I wonder about dog fights, bites, and owners that don't control their own dogs very well. This is why I don't take my dogs to any of the areas current dog parks.	8/10/2017 1:40 PM
109	No additional comments	8/10/2017 12:27 PM
110	It would be lovely to have a safe, clean area in which our dogs could get some exercise. New Quarter Park would be a good location for those of us in the Williamsburg area. I would not travel to mid or lower county areas.	8/10/2017 11:27 AM

Dog Park Preliminary Survey

111	There are so many animal lovers on this area....would be a great amenity for York County!!!	8/10/2017 8:29 AM
112	We already pay an animal tax, would we pay tax & fee for park? I didn't answer volunteer question, but depending on where park is at as to what I would do.	8/10/2017 5:53 AM
113	PLEASE LOCATE ANY / ALL DOG PARKS WELL AWAY FROM ALL RESIDENTIAL AREAS.	8/9/2017 3:24 PM
114	I don't think this should be a cost item. I have lived in other communities and it was paid for by the county. It improves basic quality of life. The only way I would pay is if the park was policed in such a way that there wouldn't be free loaders, and it was kept clean. \$50 a year per family (not dog) would be my max price point.	8/8/2017 7:55 PM
115	There are many other needs that the county has than spending tax dollars for a dog park. I would think if the county is considering creating a park the first priority would be a park for people, as we are deficient in that area.	8/8/2017 10:52 AM
116	Having this would be great for dogs w socialization and training and be a place others can meet dog owners.	8/8/2017 6:23 AM
117	Nice, professional landscaping would be very important for a nice welcoming unique dog park.	8/7/2017 10:56 PM

120	Because of the nature of York County, I support a dog park located far away (at least 1/2 mile) from neighborhood areas. York County has many places our dogs can go now without a special park.	8/7/2017 11:21 AM

124	I would rather have a pool and sidewalks than a dog park as there are many places to walk and play with your dog	8/6/2017 4:36 PM
125	As previously stated, I have traveled across country multiple times with dog and always look for dog parks where I am touring. I never understood why York town does not have a decent dog park	8/6/2017 4:18 PM

136	Beaches should be available for responsible pet owners who clean up after their pets.	8/5/2017 11:18 AM
137	I am not interested in seeing the Edgehill Community land next to the Clubhouse turned into a York County run dog park. That is a residential area that backs to multiple neighborhoods and expensive homes that having a dog park there would increase parking and traffic issues, would detract from the value of the homes there, and negatively impact the enjoyment of the homeowners whose yards (with animals of their own) that back to the ballfield.	8/5/2017 10:21 AM

149	I think this is a great idea. There are so many dog owners in York county and I (as a resident of edgehill) would LOVE to have something like this in my neighborhood!!	8/4/2017 6:32 PM
150	I thinking is a great idea	8/4/2017 6:14 PM
151	Dog walkers have overrun many of the local parks. Sandy Bottoms has dog crap all along the walkways and even the children's play area. Some dog walkers allow their dogs to bark at and leap on other park patrons. Dogs are not being restricted to the enclosed off leash compound. Once dogs have special allowances made for them, their owners usually abuse those allowances. Please talk to the rangers at Sandy Bottoms and go see and smell the rest of Sandy Bottoms before you decide. An area set aside for dog activity will attract more dogs from across the peninsula. I will run out of space, but can address the other parks as well. Same issues. Society has changed.	8/3/2017 8:55 PM
152	This would be a great addition to the County. But I foresee the need for clear rules and a clean up crew.	8/3/2017 10:57 AM
153	I would object to any tax or tourism dollars going towards this project. Support the local meals on wheels or food pantry. And make sure the County is not liable for bite, etc. they should also have a plan for if the nonprofit that does this, cannot fund in future that the County will not pick it up.	8/3/2017 10:36 AM

162	Nice idea! I hope to get another dog soon.	8/2/2017 11:42 AM
163	We have had dogs in the past and would have used a dog park if there was one in York County. Definitely a good idea for dog owners.	8/2/2017 10:27 AM
164	I would be willing to pay for a Season's Pass for our dog, Dogs need the pass, not people, because we all walk the dog. Dogs should be spayed/neutered to participate.	8/2/2017 10:07 AM

176	It would be awesome to have a dog park in York Co - it is badly needed. Newport News, Hampton & Williamsburg all have dog parks that have been around for some time. York Co has dropped the ball on this and been "behind the times". If budget is a constraint, charge users an annual membership fee to access the park. Thank you for finally considering a dog park in York Co!!	8/1/2017 3:26 PM
177	don't think I'd use dog park . We have plenty of space to walk my dog in our own neighborhood.	8/1/2017 2:23 PM
178	Money would be better spent on sidewalks	8/1/2017 1:36 PM
179	We definitely need this dog park for our furry family companions. This dog park should also be built in the main York County area (Grafton, York) because we have nothing for our pets in this area.	8/1/2017 12:54 PM
180	PLEASE bring a dog park to York County! It would be such a valuable asset to the area! Please also require some sort of vetting that dogs are licensed, up to date on shots, and have no history of aggression. Dog parks that don't require these things tend to attract people who want to fight dogs, in my experience.	8/1/2017 11:32 AM
181	There needs to be a means for ensuring dogs that visit the park have proper vaccinations.	8/1/2017 11:24 AM

191	We have had a previous dog that has recently passed away that did not respond well to un-neutered dogs. He was neutered and we never had problems with dogs unless they were still intact. We stopped taking him to Sandy Bottom dog park because of this. I would love to find a park that required all dogs be spayed or neutered to join.	8/1/2017 9:56 AM
192	I rather have bike lanes, and side walks in york county than a dog park.	8/1/2017 8:52 AM
193	I would be happy to volunteer once or twice per month, but I might not be able to volunteer often if the park is too far from my home (York Terrace)	8/1/2017 8:13 AM
194	This seems to be a selected item which should only be paid for by users not all citizens. Need to charge a fee and have the park cleaned daily!	8/1/2017 7:52 AM
195	Good idea	8/1/2017 7:40 AM

Dog Park Preliminary Survey

196	would LOVE to see YC allow dogs at the sports complex behind Wendy's!! It's a great place to walk but no dogs allowed. Just enforce poop bags and let our dogs in!	8/1/2017 7:36 AM
197	In Cheadle Heights, we have a LOT of dogs. We take poop bags and ick up after our dogs, but apparently a lot of people don't and we've been approached several times by irate neighbors who calm down after we show them our bags.	8/1/2017 6:47 AM
198	There should not be a tax funded dog park	8/1/2017 5:32 AM
199	Very important to have 2 fenced areas. 1 for small dogs and 1 for large dogs	8/1/2017 5:05 AM
200	Would be great to have a dog park nearby!	8/1/2017 4:13 AM
201	Thanks for making York County awesome!	8/1/2017 1:26 AM
202	I love my dog and would like to have an place for off leash training. However, many dog owners are irresponsible and dog parks become dangerous areas and a highly contaminated area of easily transmitted parasites. The money should go to something more important, like raising the standards of education. Our children are being taught to the lowest level in York County schools, even threatened with lower grades for trying to work beyond the minimum requirements. The school system needs an overhaul far more than the county needs a dog park.	8/1/2017 12:05 AM
203	Thank you for considering a dog park for york county.	7/31/2017 11:56 PM
204	I love dogs!!!!!!!! ??	7/31/2017 11:04 PM
205	Prefer leashed would travel within York county to get to, would love events, training, etc.	7/31/2017 10:54 PM
206	Please consider the parking aspect Not listed - dog watering stations Type of fencing between areas or distance between "size areas" Please consult local dog trainers as to their needs so they can easily run services at the location. There is a long strip of undeveloped land on the east side of the power lines adjacent to the sports complex (behind Starbucks and Wendy's in a Grafton area) that may be useful as it's near established parking and Hwy 17) I can think of a large piece of land behind a car dealership (owned by the dealership I believe) across from Holy Mackerel Is there an area off of Oriana Rd by the park there that could be used? There is land across the road from Walmart that is undeveloped How about the area behind Wolftrap fields that is undeveloped?	7/31/2017 10:32 PM
207	Yeah I hope we get a dog park	7/31/2017 10:30 PM
208	No	7/31/2017 10:07 PM
209	The lack of sidewalks and pedestrian crossings means there is effectively no place for dog owners to safely walk our dogs. A dog park is sorely needed. Thank You for the consideration.	7/31/2017 9:58 PM
210	No dog park	7/31/2017 9:55 PM
211	I would want to see supervision at all times and rules enforced.	7/31/2017 9:48 PM
212	More important things are needed in Yorktown. Street lights in dark neighborhoods , and police presence would be great	7/31/2017 9:23 PM
213	Sounds like a great idea for dog owners	7/31/2017 9:02 PM
214	Thank you for your efforts!	7/31/2017 8:32 PM
215	I love the idea of a dog park: it being near the McReynolds complex would be cool	7/31/2017 7:59 PM
216	There are plenty of open spaces to excercise dogs. Would not support the use of any tax dollars for this project.	7/31/2017 7:50 PM
217	No	7/31/2017 7:09 PM
218	If this is a county park, the fee should be rolled into the dog license	7/31/2017 7:02 PM
219	No	7/31/2017 7:00 PM
220	I am glad the county thinks about people's pets.	7/31/2017 6:54 PM
221	not poop composting, just poop bags	7/31/2017 6:42 PM
222	I think this is an unnecessary tax payer expense!	7/31/2017 6:37 PM
223	Dog parks have so many injuries occur and spread disease so fast! It also lets anyone bring their aggressive untrained dog to interact with other dogs. This is why more injuries occur here than at doggie daycares. NO DOG PARK	7/31/2017 6:35 PM

Dog Park Preliminary Survey

224	York county has a definite need for a dog park and would be used by most people with dogs. I think a person should have to register and prove rabies certificate.	7/31/2017 6:33 PM
225	Please do not waste taxpayer money on a dog park, when we don't even have a rec center, community pool or sidewalks. All of which Poquoson has.	7/31/2017 6:24 PM
226	Waste of money. Not needed.	7/31/2017 6:20 PM
227	Not a necessity in a York County	7/31/2017 6:13 PM
228	Do not put this park at New Quarter. That park is not conveniently located for most YC citizens.	7/31/2017 5:54 PM
229	I'd like pet registration to include proof of current vaccinations	7/31/2017 5:23 PM
230	Nope	7/31/2017 5:15 PM
231	If this happens, there should be separate areas for small dogs and large dogs. Not saying small dogs can't go into the big dog area if they wanted, but I get scared of bigger dogs around my Small dog. So I would prefer and small dog area only	7/31/2017 4:56 PM
232	Please do not place it by Yorktown beach. There is already too many people and dogs that trash our neighborhood. Thank you!	7/31/2017 4:41 PM
233	No	7/31/2017 4:38 PM
234	It's about time we think about our pets in York County. We need this here. Not all residential areas are conducive to walking or exercising our pets safely.	7/31/2017 4:33 PM
235	My dog goes for four walks a day. I do not take him to dog parks because they are too far away. I would definitely advocate for a dog park in York County	7/31/2017 4:25 PM
236	If dog owners want a dog park - they should pay for the land and maintenance of it. Not the tax payers.	7/31/2017 4:13 PM
237	Any costs need to be covered by participants I am already maxed out on my taxes. We have the battlefields and many areas where people can take their dogs for exercise	7/31/2017 3:57 PM
238	Please do not build a dog park. A splash park for kids or recreational center is much more needed.	7/31/2017 3:43 PM
239	I do, but they are all negative. Please stick to finding ways to fund the beach front.	7/31/2017 3:14 PM
240	N/a	7/31/2017 2:53 PM
241	I think this park should be funded by the users and not with taxpayer money. We have priorities in YC.	7/31/2017 2:45 PM
242	Where would the dog park be located??	7/31/2017 2:24 PM
243	Fund sidewalks bike paths splashpads other human amenities before trying to get stuff for animals for crying out loud!	7/31/2017 2:11 PM
244	I think a fitness trail in New Quarter Park for residents would be far more beneficial than a dog park and used more often.	7/31/2017 1:04 PM
245	I would be much more interested in york county putting in activities for the family. Like better parks, pool, rec center. such as like williamsburg has a rec center and the wisc with lots of activities they may cost but not a lot.	7/31/2017 12:56 PM
246	Nope	7/31/2017 12:42 PM
247	No	7/31/2017 12:15 PM
248	York county does not need a dog park or taxes associated with it, you should spend more time and energy funding the schools properly.	7/31/2017 12:02 PM
249	We really need a safe, clean, area to let dogs run. A 6ft fence area would be nice for dogs that jump.	7/31/2017 10:52 AM
250	The location's area would be my biggest concern, I would not want to bring my kid's out with me to an unsafe area.	7/31/2017 10:50 AM
251	No dog park	7/31/2017 9:28 AM
252	County taxes should not be used for a dog park	7/31/2017 8:10 AM

Dog Park Preliminary Survey

253	I've often thought some of the green space at Kiln Creek would make a good location, ex. Under the power lines are not used for anything but must be maintained	7/31/2017 7:56 AM
254	I would rather see an effort to build a recreation/aquatic center such as the WISC. This would be an asset to all residents and have a positive effect on property values as well as the health of our residents. Yearly membership fees should be accessed.	7/31/2017 7:08 AM
255	Available amenities above the bare minimum for running a county contribute to quality of life here - a dog park fits this category.	7/31/2017 7:00 AM
256	N/A	7/31/2017 6:49 AM
257	Dogs need to be muzzled.	7/31/2017 6:47 AM
258	I would love a dog park in York county. Would pay a nominal fee and be willing to volunteer for upkeep. Biggest concern would be dog safety.	7/31/2017 5:46 AM
259	Just had to put our dog down but we'll get another.	7/31/2017 5:16 AM
260	N/A	7/31/2017 3:41 AM
261	N/a	7/31/2017 12:33 AM
262	It would be a complete waste of time and money. There are many things that could be done other than catering to the few who want one. People don't want to pay for memberships to pools or the beach for parking (to give a couple of examples). So what makes York county think that anyone would want to pay for an entry fee for a dog park especially when there are many free areas to take your dog for a walk. It would be a complete waste which would undoubtedly get moans and groans out of many regarding tax money, staffing, and the upkeep. In other words it would be a complete headache for something that is not worth it.	7/31/2017 12:29 AM
263	Please don't try to build a dog park in York County	7/31/2017 12:25 AM
264	Nope	7/30/2017 11:54 PM
265	The McReynods Sports Complex is the perfect location.	7/30/2017 10:22 PM
266	Dog water fountain and clean up bags are highly important	7/30/2017 10:18 PM
267	No	7/30/2017 10:07 PM
268	No	7/30/2017 10:00 PM
269	I would love to see on in York country!! This would be amazing! Everyone in the dog community always says we want one and wish there was one! It would be great for dog lovers, owners, and dogs!	7/30/2017 9:54 PM
270	No	7/30/2017 9:46 PM
271	There's no need to pay more taxes or even re-allocate funds to obtain this suggestion of a dog park. Especially to have to get in our vehicle and drive 5-15 minutes to have our dog play in a lot filled with other dogs that's either the same size as our yard or maybe two - three times the size of it. I see this as only a perk for dog owners in apartments and the apartment complexes should be responsible for dog parks if they allow animals in such confined spaces, not the county in which most of the taxes are paid by homeowners not apartment renters.	7/30/2017 9:45 PM
272	We should be using tax dollars to support this. We support many other things.	7/30/2017 9:31 PM
273	Thank you YC Supervisors for considering this important issue. Dog owners all over York County are rejoicing at the prospect! You will be helping to keep the county moving forward as a desired place to live as many cities now offer this and prospective residents have this on their requirement list when considering where to buy/rent. Go forward! Woof!	7/30/2017 9:26 PM
274	This is a REALLY BAD IDEA	7/30/2017 9:14 PM
275	I'm not in favor of a dog park being built using tax payers money. The same is true for Rec center, Sidewalks or bike paths. The county already takes enough land from land owners with Right of Way and immanent domain used incorrectly.	7/30/2017 8:57 PM
276	No	7/30/2017 8:46 PM
277	None	7/30/2017 8:24 PM
278	I would love a walking trail that DOGS are allowed on at the athletic sports center near the Wendy's on 17.	7/30/2017 8:22 PM

Dog Park Preliminary Survey

279	Don't waste the money, it will on cost the tax payers more in the long run. Think about putting money back into what the county employees have lost over the years. Thank you	7/30/2017 8:21 PM
280	Currently it will take patrolling and someone to make sure that are not aggressive dogs there. Safety of kids in Park. You need to consider kids not allowed until 13. Verification of shots to protect pets	7/30/2017 7:56 PM
281	No	7/30/2017 7:45 PM
282	Need sidewalks first	7/30/2017 7:36 PM
283	Great example: Barker Field in Richmond It's functional, not fancy, and free. A model to follow.	7/30/2017 7:29 PM
284	No	7/30/2017 7:25 PM
285	No	7/30/2017 7:15 PM
286	Make a clean up your dogs own waste or be removed from facility.	7/30/2017 7:04 PM
287	A dog park would be a great asset to the community, it would keep our money in the county as opposed to going to Newport News or Williamsburg.	7/30/2017 7:03 PM
288	I do not own a dog, nor will I ever and I do not want tax money used to cover the cost. Non dog owners should not be taxed for such a thing. If you own a dog it your responsibility to exercise them, not mine.	7/30/2017 6:54 PM
289	As a former foster mom for a local rescue, I think it is extremely important for owners and dogs to have time together to Bond and to Train. A big reason why dogs are sent to shelters or returned to rescues is lack of socialization and lack of training. I think this would be an asset to YC. They say a tired dog is a good dog and I think it would be so beneficial to have inexpensive agility equipment for the dogs to be able to work all their muscles. I have seen dog parks where the equipment is built out of wood and I've also seen some pretty nice agility equipment a apartment complex in NN. Their equipment was bright and very appealing to the eyes.	7/30/2017 6:50 PM
290	No	7/30/2017 6:48 PM
291	A dog park is not really a priority for me. Even though I don't ride bikes, I would prefer bike paths, as I see a good number of bicyclists on narrow roads. At the same time, I know bike paths are far more costly than a dog park.	7/30/2017 6:46 PM
292	This would be amazing!!!	7/30/2017 6:40 PM
293	None	7/30/2017 6:30 PM
294	No dog park using taxpayer dollars!	7/30/2017 6:23 PM
295	Can't wait to see where this goes!!	7/30/2017 6:15 PM
296	Dog parks should be funded by users fees and fund raisers, not tax payers!	7/30/2017 6:12 PM
297	We are very much in need of this in our county!	7/30/2017 6:01 PM
298	Allow areas for dogs that are aggressive to play as well. I.e.- section that has areas where dogs could play individually. Also make vaccine requirements to assure dangerous illnesses (Canine Influenza, Kennel Cough, Rabies etc... is not being transmitted	7/30/2017 5:50 PM
299	There is a need for a dog park in York County for those of us that don't have fenced yards - condos and town homes don't have large yards for exercising their dogs.	7/30/2017 5:46 PM
300	I think a dog park would be a wonderful asset to York County. I am willing to pay a registration fee.	7/30/2017 5:40 PM
301	Please don't waste taxpayer money with a dog park.	7/30/2017 5:37 PM
302	Again worst use of tax payer funds. If someone gets a dog, they should have enough yard and neighborhood to walk and exercise it. If not, they shouldn't have a dog. We are not quite a city yet, a far cry from it, so why push this is issue? There are plenty of DOG parks in the area!	7/30/2017 5:22 PM
303	This could be a great idea for county residents	7/30/2017 5:20 PM
304	I personally do not think the County should be funding a dog park. There are many other things the County could fund to benefit many more citizens than a dog park.	7/30/2017 5:15 PM
305	We need sidewalks in the county more than a dog park. If money is going to be spent I would rather see it spent on something EVERY family can benefit from. Not everyone has a dog.	7/30/2017 4:57 PM

Dog Park Preliminary Survey

306	Not really	7/30/2017 4:50 PM
307	Although I would likely not use such a facility, I have been to some in other cities and seen those who do. I think it is a great idea but my dog isn't well socialized or interested in running around and playing.	7/30/2017 4:48 PM
308	Dog parks are a liability...think there are better things we can spend our money on- walking trails, bike trails, community pool, etc.	7/30/2017 4:43 PM
309	I do not think the county needs a dog park. I think there is a lot of cons to having one. I do not think they are safe for the dogs nor the owners. The best behaved animal can turn on you. Bottom line they are animals and animals are unpredictable ask any Pediatrician an they will tell you that dog injuries to children is the number one over all other injuries.	7/30/2017 4:40 PM
310	I do believe a dog park is a worthwhile investment, if the county approves maybe it can be an all around park like the one in Newport News	7/30/2017 4:39 PM
311	Don't raise my taxes	7/30/2017 4:35 PM
312	Please build it, dog owners in the county would really like this for their animals.	7/30/2017 4:35 PM
313	Think a dog park is long overdue and an amazing idea!!	7/30/2017 4:33 PM
314	I am not in favor of a dog park. I think the county has better things to spend money on. People do not control their dogs on leash much less off leash: "My dog is friendly and under control" as it threatens another dog. They do not clean up after their dogs.	7/30/2017 4:32 PM
315	All dogs should be fully vaccinated for distemper, parvo, bordatella and rabies and show proof of a negative intestinal parasite test within the last year. There should be a one strike and your out as far as dog to dog bites or dog to human bites. Little dogs and big dogs should have separate areas. Not sure how any of this would be enforced though.	7/30/2017 4:26 PM
316	York county should take the \$5 spent for a dog license and put it toward a dog park. Show the county residents that they truly care about their residents	7/30/2017 4:22 PM
317	There are plenty of these facilities through out the region. Please don't waste our tax dollars on something a majority of the county can't or won't use. Example, York County sports complex.	7/30/2017 4:15 PM
318	Great idea!	7/30/2017 4:13 PM
319	this would be a great Eagle project.	7/30/2017 4:06 PM
320	This is not something that should be considered for the County. This comes as a result of stack'em up housing. Keep city activities in the city!	7/30/2017 4:02 PM
321	None	7/30/2017 4:00 PM
322	Good luck! I think it is a good idea. It's just that my husband and I, and our dog are old. ??	7/30/2017 3:57 PM
323	Lot of other things would be better for York County such as sidewalks and bike paths.	7/30/2017 3:55 PM
324	Free to york county residents	7/30/2017 3:43 PM
325	There are other activities that would be better	7/30/2017 3:33 PM
326	A waste of Yorkcounty tax dollars. Where would this dog park go? Who would staff and clean it long term... like a 5 year plan that that county requires.	7/30/2017 3:29 PM
327	Na	7/30/2017 3:27 PM
328	While I do not mind the idea of a dog park at all, I do not wish for my taxes to pay for it. Planners need to finance this dog park via other methods.	7/30/2017 3:24 PM
329	N/a	7/30/2017 3:21 PM
330	I'm not a big fan of dog parks, but i know of others who are, and believe they would be of benefit to this area.	7/30/2017 3:21 PM
331	No	7/30/2017 3:19 PM
332	This would be a wonderful addition to our community.	7/30/2017 3:16 PM
333	Great idea!	7/30/2017 3:15 PM

Dog Park Preliminary Survey

- 334 Instead of creating an entire park for dogs why not create dog areas at local parks. We have many parks which are under used by residents and adding areas would allow us to better use what we have. A few locations don't allow dogs but creating areas for them could be beneficial and allow residents an area near their residence. 7/30/2017 3:09 PM
- 335 Great idea!! Especially for those of us who live in Seaford. There are no sidewalks and it's too dangerous to walk dogs on Seaford Rd. 7/30/2017 3:08 PM
- 336 Please do not waste our tax dollars on this 7/30/2017 3:08 PM
- 337 I wouldn't do this if the county can't have the Sheriff's office send someone by a couple times a day, especially during the busier times. People are as nuts over their dogs as they are their kids. 7/30/2017 3:03 PM
- 338 Waste of money. Do not do it. 7/30/2017 3:02 PM
- 339 I don't think we need a dog park. There are several parks and areas to walk dogs as it is. There are also several dog parks around the area, just not directly here 7/30/2017 2:58 PM
- 340 With all the things the county needs to do this should be the absolute lowest priority of money spent. 7/30/2017 12:20 PM

Ridgway Park is a haven for dog lovers! The newly renovated dog park area offers over an acre of secure area for dog owners to come and let their pets run off leash. There is covered and open seating within the enclosures for the comfort of owners enjoying the park with their pet friends and a covered shelter outside for those who wish to enjoy the view of the surrounding natural waterways. Both the small dog enclosure and the all dog enclosure are ADA accessible and have water fountains for both pets and people.

Bark Park patrons must register their dogs with Parks and Recreation prior to bringing their pet to the park. **Registration costs \$10.00 per year, per dog for unlimited use of the park.** All dogs must be current on vaccinations and have a city license. A complete list of dog owner guidelines is provided when you register at either of the locations listed.

Ridgway Park is surrounded by both natural tidal waterway and a fresh water pond. Patrons can observe many species of waterfowl and marine creatures in their natural habitat. As stewards of the environment, everyone is reminded to keep the "wild" in "wildlife" and not feed the ducks and geese that call Ridgway Park home.

Ridgway Park and the Hampton Bark Park are open to the public from 7:00 am until sunset every day.

WALLER MILL DOG PARK Rules & Regulations

To provide a safe and well-maintained park for you and your dog to enjoy, the following rules have been established. The Waller Mill Dog Park is a joint venture between the City of Williamsburg and James City County. Annual membership is available for Williamsburg and James City County residents.

If you have any questions regarding the Dog Park rules, please contact Waller Mill Park at (757) 259-3778. Use of the Dog Park shall be at your own risk.

BEFORE Entering the Dog Park:

- Register your dog(s) at the Operations Building.
- The following information must be provided:
 1. The name, age, address, telephone number, and email address of the owner of the dog.
 2. The name, age, address, telephone number, and email address of any person who does not own the dog, but has custody of the dog.
 3. The name, approximate age, and breed of the dog
 4. Dog license registration with the City or County of residence.
 5. Rabies certificate.
- Each dog allowed to enter the Dog Park must have a current dog license and a current rabies vaccination as well as any other vaccinations required by law.
- The annual registration rate for Williamsburg and James City County residents is \$27.00 for the first dog, and \$10.00 for each additional dog. The annual non-resident registration rate is \$62.00 for the first dog, and \$25.00 for each additional dog. Annual membership includes yearly entrance pass.
- The daily use rate is \$2.00 per dog and all owners must provide the required registration information. This rate does not include the entrance rate into Waller Mill Park.
- A signature must be on file for each owner and handler before use of the dog park.

UPON Entering the Dog Park:

- The Dog Park has two areas, one for smaller dogs weighing 30 pounds or less and an area for larger dogs. To ensure the safety of all the dogs in the park, dogs should be kept in the area that fits their weight category.
- All members must wear their membership card and lanyard at all times while in the dog park. If you do not have your membership card with you, a nametag must be issued at the boathouse before entering the dog park. I understand that my dog park membership will be issued with a gate card that includes my entrance rate until which time my membership expires. I also understand that in order to receive the benefit of the gate card, I will need to

have it with me or be subject to the regular rate. Replacement rate for membership card or gate card is \$5 each.

- Daily users must wear the nametag issued to them at all times while in the dog park.
- I understand that by my use of the Waller Mill Dog Park, staff may ask for my registration information and identification, and I hereby agree to provide that information upon request. Failure to provide this information may result in my being asked to leave the dog park until such time as I can produce this documentation.
- All dogs must be leashed while in Waller Mill Park except when inside the Dog Park fence.
- The Dog Park gates must be kept closed.
- No animals other than dogs are allowed in the Dog Park.
- Aggressive, disruptive, sick, female dogs in heat, and puppies four months old and younger are not permitted in the Dog Park.
- Only two dogs per handler are allowed. Dogs must be under the handler's control at all times.
- Dogs are the responsibility and liability of the owner (and the handler, if different than the owner).
- If an injury occurs, handlers should exchange contact information before leaving the park.
- A handler must be eighteen (18) years old, but may permit a person who is twelve (12) years or older to participate in the handling of the dog.
- Children under the age of five (5) years are not allowed within the Dog Park fences at any time.
- Choke, prong, pinch, and spike collars must be removed before a dog may run free in the Dog Park.
- Smoking, food, cigarettes and tobacco products, glass containers, and trash are not allowed in the Dog Park. These items may cause harm to the dogs.
- Do not feed the dogs in or near the Dog Park. This includes training treats.
- Dogs are not to be left unattended while in any portion of Waller Mill Park, including the Dog Park.
- Handlers are responsible for cleaning up after their dogs. Waste must be placed in bags provided by the Park and promptly disposed of in the provided containers. Failure to clean up will be cause for termination of further use of the Dog Park.
- Anyone creating a disturbance or violating the Dog Park or general Waller Mill Park rules may be asked to leave Waller Mill Park and/or relinquish their Dog Park membership. In the event of relinquishment of membership, there shall be no refund of any portion of the membership rate.
- Park personnel are not responsible to mediate any disputes. Some or all persons involved in a dispute may be directed to leave Waller Mill Park. Further, the City Director of Parks and Recreation may in his/her sole discretion, either temporarily ban person(s) involved in a dispute from either the Dog Park or the entirety of Waller Mill Park. In either case no refund will be made of Dog Park Membership rates.

County Of Henrico Virginia Dog Parks

County Of Henrico VA dog parks are a fun place for both you and your pet to get in some exercise and play time. County Of Henrico Virginia Dog parks are designed mostly with your dog in mind. It's a place where they can exercise in a controlled environment, off their leash, while being supervised by their owners. County Of Henrico VA dog parks provide a safe, entertaining place for your dog to be itself and enjoy their play-time.

County Of Henrico Virginia dog parks are a park, within a park, usually surrounded by a 4'-6' fence that allows your dog to stay safe inside while they are playing. This area usually has double-gated fences for you to easily enter and exit with your pet. Most County Of Henrico VA dog parks were created in citified areas where their owners stressed a need for their dogs to have a safe environment to play in and run around off their leashes.

[Free Dog Parks County Of Henrico VA Click Here](#)

An off-leash County Of Henrico VA dog parks provide an area where you and your pet can get together and socialize with other pets and their owners. County Of Henrico Virginia dog parks offers a safe space for both you and your dog to relax and have fun without them getting off of their leash or into any kind of trouble while inside the park. When your dog is wearing a leash they tend to become territorial. County Of Henrico VA dog parks allow them to roam free and experience nature in a whole new way.

Studies have shown that owners who take their dogs to County Of Henrico Virginia dog parks find it easier to mingle with other people. County Of Henrico VA dog parks are sort of a conversation starter for people who have something in common.

County Of Henrico Virginia dog parks are usually set in an area of the park where the noise from the animals can be contained to some extent. As always, there is a rule with County Of Henrico VA dog parks that children should not be allowed inside while other dogs they are unfamiliar with are off of their leashes. If you bring your child with you then you could stand right outside the fence with them while your County Of Henrico Virginia dog plays inside.

[Pet Friendly Parks County Of Henrico Virginia Click Here](#)

Even though County Of Henrico VA dogs parks are safe, your dog must be supervised at all times. Often when people are conversing with each other they may lose track of what their pets are doing. County Of Henrico Virginia dog parks are a good way for your dog to socialize with other dogs, but any signs that the dogs are uneasy with each other should be taken into consideration. Always make sure that you can read these signs where your dog may feel threatened in any way. A dog owner should be ready to intervene at all times, if the need were to arise. Some County Of Henrico VA dog parks even have separate areas for smaller and larger dogs. While many argue that County Of Henrico Virginia dog parks should be segregated according to size, this has yet to be determined.

When visiting County Of Henrico VA dog parks in the summertime, be sure that your dog is protected by shade and carry a bottle of water with you so they may have a drink or two. In the winter dogs do not notice the change in cold weather conditions. If the temperatures dip too low however, be sure to keep them inside. The County Of Henrico Virginia dog parks will still be there when the weather warms up again.

Dorey Park and Recreation Center

2999 Darbytown Road | Henrico, VA 23231 | (804) 652-1440 | Dorey@henrico.us

Description

Available for rent, Dorey Recreation Center is an ideal facility for various size gatherings, celebrations, meetings, or retreats. Dorey Recreation Center is located within beautiful Dorey Park. The park includes a large pond with walking trail, meandering walkways through the woods, a playground, and open space as well as a gazebo and picnic shelters. Dorey Park also has an off-leash dog park, 1 acre in size, with 5 foot enclosed fence with two areas – one for small dogs and the other for larger dogs. A variety of classes and events are offered for both children and adults throughout the year.

Dorey Welcome Center

Dorey Welcome Center (inside the recreation center) serves as a restroom facility and welcome area for the Dorey Park trail connector and the Henrico County portion of the Virginia Capital Trail. The center has expanded hours, visitor information, and exhibits highlighting the park and Henrico history.

Dorey Park Connector Trail

 Dorey is connected to the Virginia Capital Trail! The 0.4 mile connector trail begins near Dorey's dog park and passes near the disc golf course leading to the Virginia Capital Trail. This will give trail users access to restrooms and additional services at Dorey Recreation Center/Welcome Center.

Dorey Disc Golf Course

Looking for a new sport to play? Test your skills at our 18 hole disc golf course! This game is similar to traditional golf, but uses a flying "frisbee-like" disc. One point is counted whenever the disc is thrown and when a penalty is incurred. The object is to get the lowest score. For more information or to schedule a tournament or outing, call 501-5127.

Horse Ring & Trails

Dorey Park features approximately five miles of trails designed for horseback riding. A horse ring is available for public use during the week. Horse shows are held by a variety of organizations. Organizations wishing to use the facility for shows may call 501-5127 to make reservations.

VDGIF Urban Trout Fishing Program

The Virginia Department of Game and Inland Fisheries (VDGIF) is responsible for managing the lake fisheries. Dorey Park is included in the Urban Trout Program of VDGIF. The lake receives annual stockings of channel catfish. From November through February, the lake is stocked with catchable-size trout. Anglers are reminded that a trout license is required in addition to a fishing license between November 1 and April 30. Juveniles under age 16 do not need a license. For more information, call the Fisheries Division at (540) 829-6580.

COUNTY OF YORK

MEMORANDUM

DATE: October 7, 2019

TO: Neil A. Morgan, County Administrator

FROM: Brian Fuller, Director of Community Services *BF*

SUBJECT: Off-Leash Dog Area on County Property

This memo is to provide an update to the County Administrator on an off-leash dog area in the County. The Parks and Recreation Advisory Board (PRAB) completed a report to advise him and the Board of Supervisors on alternatives for their consideration.

Background

The County Administrator requested that the Parks and Recreation Advisory Board conduct a study of an off-leash dog area on County property in December of 2016. He asked the PRAB to study facilities in the area, fees, size, rules, and special amenities. The PRAB completed their study in May of 2019 and submitted the report to the Director of Community Services for his review. This memo will serve as the Director's recommendation to the County Administrator for his consideration. The PRAB's study is included, as well as, their executive summary. It should also be noted that additional information has come to light since the conclusion of their research and was considered in making this recommendation. The PRAB did an excellent job of gathering information on the existing off-leash areas as well as conducting a survey to gauge public support for such a space in the County.

Review

In reviewing the PRAB's report and recommendation for an off-leash area, I considered all of their findings, as well as, how some could be modified to provide better alternatives. Also, I became aware of the proposed Huntington Pointe development after the PRAB report was completed. This development is off Denbigh Boulevard, in Newport News and York County, and the developer is proposing to build walking trails and a dog park in their development in York County. In discussions with the Department of Planning and Development Services, the developer has indicated that they would be open to York County residents using these areas.

While the PRAB's study primarily addresses the needs in the lower end of the County, providing facilities in the upper County should also be considered. If a dog park were to be built in the lower County, a similar area should be considered at New Quarter Park for

the resident of the upper County. Also, a new trend in off-leash areas is emerging in some localities where they are designating areas as off-leash areas, but not providing any fencing or amenities. While this is a new trend, these areas are usually in large parks where space is available, and the dogs do not compete with other park users.

Considerations

After reviewing all of the information available, I considered four viable options:

1. Constructing an off-leash area at Kiln Creek Park in the wooded area (The PRAB's recommendation)
2. Creating an off-leash area at Wolf Trap Park using portable fencing
3. Waiting for the Huntington Pointe Development to be built
4. Not developing any off-leash area at this time on County property

Option 1 – Kiln Creek Park

This option was the preferred option by the PRAB. Clearing and grading of trees would have to take place, and this option is estimated to cost \$94,700. This park is also at one end of the County and not centrally located to a majority of the citizens.

Option 2 – Wolf Trap Park

The PRAB disregarded this option as traditional fencing would not be allowed because of the clay cap and flyash at this park. I recommend reconsidering this park and area by using temporary fencing that could be moved around the site. The fencing would not penetrate the cap and would also prevent overuse of an area by rotating areas. Wolf Trap Park is centrally located in the lower end of the County, and the cost would be considerably less than having to clear wooded areas. Also, the fencing could be moved to other parks if there was a desire to rotate areas.

Option 3 – Huntington Pointe

While this park has not been developed yet, the developer has expressed a willingness to allow the public to use the trails and dog park area. This development is currently under construction, and the developer is working with the County on finalizing a proposal for walking trails and a dog park in the York County portion of the project. This development is approximately four miles from Wolf Trap Park and conveniently located near the lower end of the County.

Option 4 – No off-leash area

While this may not seem like an option at all, sometimes doing nothing is the wisest decision when the circumstances are still changing, and the desires of the citizens are not clear. While the survey results were favorable for having a dog park, does it represent the desires of the citizens? Since ninety-one percent of the respondents to the survey were

dog owners, you can only infer that dog owners are favorable of having a dog park, just as you could conclude that if asked skateboarders would be in favor of having a skatepark.

Recommendation

My recommendation is to explore working with the developer in Huntington Pointe to create an agreement with them to ensure York County citizens can use their trails and dog park. I would simultaneously work on designing and pricing for New Quarter Park and the area for Wolf Trap Park in case the Huntington Pointe development did not work out. If Huntington Pointe did not materialize, then the Board could consider if they would like to move forward with areas at Wolf Trap Park and New Quarter Park.

Please let me know if you have any questions or would like me or the PRAB to do any additional work.

York County Parks and Recreation Advisory Board
Dog Park Study

Executive Summary

The York Country Parks and Recreation Advisory Board (PRAB) was tasked by Neil Morgan, County Administrator, to discuss and study the potential of opening an off-leash dog park in York County. Working with York County Parks, Recreation, and Tourism (PRT), the PRAB researched and gathered data for the local off-leash dog parks in surrounding counties and cities located here on the peninsula. Additionally, data was also collected for off-leash dog parks outside our local area including some localities in the Richmond and Southside Hampton Roads areas.

The PRAB's discussions and research cover a variety of topics which are presented in this study in the following sections:

- Benchmarking of facilities in surrounding localities
 - Registration fees (resident/non-resident)
 - Size of off-leash areas
 - Park Rules and regulations
 - Special amenities provided
- Preliminary Dog Park Survey Summary and Analysis
- Potential off-leash dog park locations in York County
- Preliminary cost estimate for the PRAB's recommended potential dog park site
- Dog park grant opportunities
- Recommendations by the PRAB

The benchmarking data requested by the County Administrator is summarized in this document. In the back of this notebook, informational materials are shown for many of these facilities under their appropriate location tabs: "Peninsula Parks," "Richmond Area," or "Southside Parks." The PRAB has also included within this document the summary and analysis of a 21-question preliminary dog park survey. Full survey results are shown for each question under the tab entitled, "Preliminary Dog Park Survey Results."

The PRAB recommends that an off-leash dog park be added to York County. Research by the PRAB, along with the benchmarking data collected on nearby dog parks indicate the size of the park should be approximately 1 acre, similar to other dog parks in the Hampton Roads area.

Of the prospect locations studied by the PRAB, we recommend exploring the possibility of adding a dog park at Kiln Creek Park. The PRAB also recommends, depending on future budgets, exploring the option of adding an off-leash dog park on either undeveloped property owned by the county or on property not currently owned by York County. This study was performed with consideration for budget and did not thoroughly explore locations where important amenities would result in additional cost. The PRAB actually began this study by exploring non-park, County-owned parcels of at least one acre in size. The very helpful staff with the York County's office of Geographic Information found a total of 19 sites meeting this criteria. They prepared a list of these tracts, their current zoning, and a map showing their respective locations, which all appear under the "Non-Park County Parcels" tab. But after looking briefly at this material, the PRAB quickly concluded that locating a possible dog park on existing park land was the most cost effective approach to pursue. Though existing parks were not master planned for a dog park and therefore do not offer "perfect" space solutions, their inclusion of paved parking lots, utilities, and restroom facilities are huge benefits. The PRAB therefore felt compelled to look hard at existing park sites in hopes of finding a suitable location for a potential off-leash dog park.

Based on the information we have gathered, we believe there is certainly interest and value in having an off-leash dog park in York County. With over 8,000 licensed dogs in the county in 2017, there is a significant number of dogs that could use such an area to socialize, exercise, and enjoy their time with their owners. We hope that the county can provide a wonderful dog park for our furry friends and their owners too.

COUNTY OF YORK

MEMORANDUM

DATE: November 5, 2019
TO: York County Board of Supervisors
FROM: Neil Morgan, County Administrator 
SUBJECT: Notification of CIP Procurement Between \$50,000 and \$100,000

In accordance with the Board's policy for the procurement of items in the County's approved Capital Improvements Program (CIP) involving the procurement of goods and services costing between \$50,000 and \$100,000, notification is hereby given for the procurement of three sewer vacuum pumps.

Background

The Public Works department is doing an upgrade to the Dandy Vacuum station, and needs to purchase three Busch 630 vacuum pumps to replace the original 430 vacuum pumps.

Procurement

Central Purchasing obtained competitive bids, and issued a Purchase Order to the lowest responsive/responsible bidder, Busch LLC, in the amount of \$67,760. Funds are available in the previously approved FY2020-FY2025 Adopted Capital Improvements Program.

COUNTY OF YORK

MEMORANDUM

DATE: November 5, 2019
TO: York County Board of Supervisors
FROM: Neil Morgan, County Administrator 
SUBJECT: Notification of CIP Procurement Between \$50,000 and \$100,000

In accordance with the Board's policy for the procurement of items in the County's approved Capital Improvements Program (CIP) involving the procurement of goods and services costing between \$50,000 and \$100,000, notification is hereby given for procurement of engineering services for development of roadway construction plans for improvements within a VDOT right-of-way.

Background

Through the State Revenue Sharing Program, the County and VDOT will equally share the cost to create plans to improve an access drive (within VDOT right-of-way) near Heavens Way and Victory Boulevard, for acceptance into the VDOT system, to include a cul-de-sac at its eastern terminus. The anticipated improvements will include a 24' wide paved section with 6' grass shoulders, with open graded drainage and ditches, as feasible. In addition, four entrances will be improved to VDOT private entrance standards. Due to limited slope, the project may require the design of piped stormwater conveyance.

Procurement

Through a previous procurement exercise, a multi-year/multi-task contract was established with A. Morton Thomas and Associates for VDOT Revenue Sharing Projects. Per that contract, fees are negotiated for each individual project. The professional fees for this project shall not exceed \$97,770.45. The County and VDOT will share in the cost. Funds are available in the previously approved Fy2020-FY2025 Adopted Capital Improvements Program ("Highway & Other Transportation Improvements").
