

# COUNTY OF YORK

## MEMORANDUM

**DATE:** May 8, 2020

**TO:** York County Board of Supervisors

**FROM:** Neil A. Morgan, County Administrator 

**SUBJECT:** Parking Restrictions for Large Commercial, Recreational and Passenger-Carrying Vehicles – Moore’s Creek Drive

Section 15-48 of the York County Code identifies numerous subdivisions and streets in the County where commercial, passenger-carrying, and recreational vehicle parking is prohibited. A resident of Moore’s Creek Drive (Route 1567) has expressed concern about vehicles – particularly boat trailers – parking along this narrow road and possibly impeding emergency vehicle access. Located off of Tide Mill Road in the Tabb area, Moore’s Creek Drive is an approximately 520-foot long residential street serving seven lots occupied by single-family detached homes. The majority of property owners on Moore’s Creek Drive have indicated that they support some type of parking prohibition. In addition, a site visit was conducted by personnel from the Sheriff’s Office and the Department of Fire and Life Safety, who evaluated the situation and agreed that on-street parking of commercial and recreational vehicles could create a problem for emergency vehicles responding to a fire or medical emergency.

The procedures outlined in Section 15-48 require that the Board conduct a preliminary review of such requests to determine if they merit advertisement for public hearing and formal consideration. I recommend that the Board authorize this issue to be advertised for public hearing at the June 16, 2020 meeting. Please let me know by the May 19 meeting (or sooner) whether it is acceptable to advertise and place the proposal on the June 16 agenda.

I will await your direction.
