PURCHASING POLICY
AS APPROVED BY
BOARD OF SUPERVISORS
PROPOSED ORDINANCE NO. 021-13

ARTICLE 1. OVERVIEW

- 1-1. Short Title: This ordinance may be cited as the York County Procurement Policy.
- 1-2. Purpose: The purpose of this policy is to increase public confidence in purchasing by York County, to provide for fair and equitable treatment of all persons involved in public purchasing by the County, to maximize the purchasing value of public funds, to foster competition in the procurement process to the maximum feasible extent, and to provide for a centralized purchasing system of quality and integrity for the County.
- 1-3. Authority: This policy is adopted pursuant to §§ 2.2-4343(10) and 15.2-1231 of the Code of Virginia and is intended to supersede the operation of the Virginia Public Procurement Act as it applies to the procurement actions of the departments, agencies, officers, and employees subject to this policy, except as required by Code of Virginia § 2.2-4343(A)(12).
- 1-4. Intent: This policy is intended to provide for centralized competitive purchasing and covers all purchasing by all departments, officers, elements and employees of the County, including specifically, but not limited to, the York County School Board, the York-Poquoson Department of Social Services, Constitutional Officers, and the York County Library.
- 1-5. Application: Unless otherwise excepted, this policy shall apply to all purchases or contracts for the purpose of procuring goods, services, insurance, and construction involving the expenditure of public funds.
 - 1-5.1. When any procurement involves the expenditure of state or federal assistance, grant, loan, or contract funds the procurement shall be conducted in accordance with the procedures set forth in Article 14 of this policy, or any other mandatory federal or state requirements which are not reflected in this policy if the receipt of such funds is conditioned upon compliance with the mandatory procedures.
 - 1-5.2. This policy shall not prohibit compliance with the terms and conditions of any grant, gift, or bequest that are otherwise consistent with law.
 - 1-5.3. This policy shall not apply to contracts existing on its effective date and such contracts may be performed or extended according to their terms.
- 1-6. Implementation: This policy shall be in effect immediately upon its passage.
- 1-7. Contracts or Purchases Made in Violation of this Policy: Except as provided herein, no official, elected or appointed, nor any employee, shall purchase or contract for any goods, services, insurance, or construction on behalf of the County. Any purchase or contract made contrary to the provisions of this policy shall be void, and the County will not be bound thereby. Any person who makes such a procurement or disposition may be personally liable therefore to the vendor or purchaser of the goods, services, or construction involved. The Purchasing Agent shall not execute a purchase order if such procurement has not been in compliance with this policy and the procedures developed pursuant to it; unless, in the public's best interest, a circumstance warrants issuance of a purchase order, such circumstances to be documented in the procurement record.

- 1-8. **Delegation of Authority to Purchasing Agent:** The Purchasing Agent shall serve as the principal public purchasing official for the County and shall be responsible, under the supervision of the Board, for the procurement of all goods, services, insurance, and construction as well as the management and disposal of surplus materials. The Purchasing Agent may delegate authority to a duly authorized agent or agents. The authority of the Purchasing Agent shall specifically, but without limitation, include the authority to select the method of procurement to be used and the authority to negotiate and execute contracts on behalf of the County for any and all procurements or for the disposition of materials. The Purchasing Agent shall conduct all purchasing activities in accordance with the provisions of this policy.

If deemed by the Purchasing Agent to be in the County's best interest, regulations and procedures may be established that are more stringent than those specified in this policy.

The Purchasing Agent shall prepare forms and administrative regulations for the purpose of implementing the provisions of this policy. Such forms and regulations shall be deemed a part of this policy and shall direct the actions of those to whom this policy applies.

Documentation of competitive pricing or other documentation required by this policy, including a complete copy of the solicitation for competitive bids or proposals, shall be retained along with other papers related to the procurement in the office of the Division of Purchasing. The documentation may be retained electronically as may be permitted by the records retention guidelines promulgated by the Library of Virginia. Such documentation shall be retained until the acquisition of goods is completed or the services have been rendered and after such time may be destroyed in accordance with County and State procedures governing records retention.

The Purchasing Agent shall establish procedures to ensure that County interactions with potential offerors, offerors and selected contractors are conducted in a fair and professional manner. The Purchasing Agent may, for the convenience of the County, maintain a bidders list containing the names of prospective offerors. The maintenance of such list shall not be construed as the acceptance of an obligation to notify any or all of the prospective offerors on such list of procurement transactions by the County.

Whenever a contract, signed by all parties and containing, or incorporating by reference, all applicable terms and conditions is to be used in a procurement, it and all amendments and changes thereto shall be approved as to form by the County Attorney.

ARTICLE 2: SOLICITATION PROCESS

2-1 Process for Competitive Sealed Bidding: The process for Competitive sealed bidding shall include the following elements:

2-1.1 Issuance of a written invitation to bid containing or incorporating by reference specifications and contractual terms and conditions applicable to the procurement. When it is impractical to prepare initially a purchase description to support an award based on price, an invitation to bid may be issued requesting submission of unpriced offers to be followed by an invitation to bid limited to those bidders whose offers have been qualified under the criteria set forth in the first solicitation.

2-1.2 Public notice of the invitation to bid at least ten (10) calendar days prior to the date set for receipt of bids by posting a link to the solicitation on the county's website or by publication in at least one newspaper of general circulation in York County. In addition, bids may be solicited directly from potential offerors.

2-1.3 Public opening and announcement of all bids received.

2-1.4 Evaluation of the bids based on requirements set forth in the invitation and the provisions of this policy. The following non-exhaustive list of factors shall be considered, in addition to price, when determining the lowest responsible bidder and the responsiveness of the bid:

- (a) The ability, capacity, and skill of the bidder to perform the contract or provide the service required.
- (b) Whether the bidder can perform the contract or provide the service promptly, or within the time specified, without delay or interference.
- (c) The character, integrity, reputation, judgment, experience, and efficiency of the bidder.
- (d) The quality of performance of previous contracts or services.
- (e) The previous and existing compliance by the bidder with laws and ordinances relating to the contract or service.
- (f) The sufficiency of financial resources and ability of the bidder to perform the contract or provide the service.
- (g) The quality, availability and adaptability of the goods or services to the particular use required.
- (h) The ability of the bidder to perform future maintenance and service for use of the subject of the contract.
- (i) The number and scope of conditions attached to the bid.
- (j) Any other condition or criteria included in the solicitation, its terms, conditions or the solicitation's instructions.

- 2-1.5 Award to the lowest responsive and responsible bidder. When the terms and conditions of multiple bids are so provided for in the invitation to bid, awards may be made to more than one bidder. In the event only one bid is received and the Purchasing Agent in consultation with the using agency makes a determination that it would not be in the best interest of the County to re-bid the procurement, such determination shall be in writing and shall be provided to the approving authority when approval by other than the Purchasing Agent is required.
- 2-2 Process for Competitive Negotiation: The process for Competitive Negotiation shall include the following elements:
- 2-2.1 Issuance of a written request for proposal (RFP) indicating in general terms what is sought to be procured and containing or incorporating by reference the other applicable contractual terms and conditions, including any unique capabilities or qualifications which will be required of the offeror. In addition, the RFP shall identify and list, in order of importance, the evaluation criteria that will be used in making a decision of award.
- 2-2.1.1 When soliciting for Professional Services, costs for services shall not be a criteria, nor shall the RFP request estimates of man-hours or cost for service. At the discussion stage, nonbinding estimates of total project costs, including but not limited to life-cycle costing and nonbinding estimates of price for services may be discussed.
- 2-2.2 Public notice of the request for proposal at least ten (10) calendar days prior to the date set for receipt of proposals by posting a link to the solicitation on the county's website. In addition, proposals may be solicited directly from potential offerors.
- 2-2.3 Evaluation and Award:
- 2-2.3.1 A panel shall be established by the using agency, and shall consist of a representative of the Purchasing Division, and not less than three County representatives to evaluate proposals and recommend award.
- 2-2.3.2 On the basis of the initial responses to and the evaluation factors identified in the RFP, at least two (2) offerors deemed to be the most qualified, responsible and suitable or having proposed the best solution for which the RFP was issued shall be selected. Individual discussions shall then be had with each such offeror. Repetitive discussions shall be permissible. Offerors shall be encouraged to elaborate on their proposed solution and/or qualifications, scope of work, performance data, or expertise pertinent to the proposed project as well as any alternative concepts. Proprietary information from competing offerors shall not be disclosed to the public or to competitors. Discussions may encompass non-binding estimates of total project costs, including, where appropriate, design, construction, and life cycle costs. Methods to be used in arriving at a price for services may also be discussed. Price of service may be discussed and considered but will not be the sole determining factor in proceeding with negotiations. The evaluation panel shall identify and rank at least two of the offerors with whom the Purchasing representative will negotiate.
- 2-2.3.2.1 For professional services, negotiations shall be led by the Purchasing Division representative, beginning with the offeror ranked first. If a contract sat-

isfactory and advantageous to the County can be negotiated at a price considered fair and reasonable and pursuant to contractual terms and conditions acceptable to the public body, the award shall be made to that offeror. Otherwise, negotiations with the offeror ranked first shall be formally terminated and negotiations conducted with the offeror ranked second, and so on until such a contract can be negotiated at a fair and reasonable price.

- 2-2.3.2.2 For other than professional services, negotiations shall be led by the Purchasing Division representative, and may be conducted simultaneously with different offerors. Award shall be made to the offeror with whom negotiations, in the County's opinion, resulted in the best proposal and provides the best value.
 - 2-2.3.3 When the terms and conditions of multiple awards are so provided for in the request for proposal, awards may be made to more than one offeror.
 - 2-2.3.4 Should the County determine in writing and in its sole discretion that only one offeror is fully qualified or that one offeror is clearly more highly qualified and suitable than the others under consideration, a contract may be negotiated and awarded to that offeror.
 - 2-2.3.5 Multiphase professional services contracts satisfactory and advantageous to the completion of large, phased, or long-term projects may be negotiated and awarded based on a fair and reasonable price for the first phase only, where the completion of the earlier phases is necessary to provide information critical to the negotiation of a fair and reasonable price for succeeding phases. Prior to entering into any such contract, the County shall (i) state the anticipated intended total scope of the project and (ii) determine in writing that the nature of the work is such that the best interests of the public body require awarding the contract.
- 2-3 **Pre-Bid and Pre-Proposal Conferences:** When deemed necessary by the Purchasing Agent, a pre-bid or pre-proposal conference with prospective bidders may be held prior to the date established for submitting a bid or proposal. Such conferences are for the purpose of detecting unclear provisions, removing or editing restrictive language, and in the discretion of the Purchasing Agent identifying alternative specifications, methods or means to the benefit of the County, or for increasing competition or providing greater value for the County. After such conference, when appropriate, the Purchasing Agent may issue a written addendum to the solicitation, clarifying or revising specifications or other submittal and contract requirements. Bidders shall not rely upon any oral instructions.
- 2-4 **Use of brand names:** Unless otherwise provided in the Invitation to Bid, the name of a certain brand, make or manufacturer shall not restrict bidders to the specific brand, make or manufacturer named and shall be deemed to convey the general style, type, character, and quality of the article desired. Any article that the County in its sole discretion determines to be the equal of that specified, considering quality, workmanship, economy of operation, and suitability for the purpose intended, shall be accepted.
- 2-5 **Comments or Questions Regarding Invitations for Bid or Requests for Proposal:** Should a prospective bidder or offeror find any discrepancy in, or omissions from, the

specifications, request for proposal, or other contract documents, or should he be in doubt as to their meaning, he shall at once notify the specified contact person who may issue a written Addendum to the solicitation. The Addendum shall be made available in the same manner as the original solicitation documents were offered. Bidders shall not rely upon any oral instructions.

- 2-6 Offeror's Responsibilities: By submitting a bid or proposal an offeror agrees and warrants that it has examined all contract documents and, if appropriate, the subject of the contract, and where the specifications require a given result to be produced, that the specifications are adequate and the required results can be produced under the specifications in the contract. Omissions from the specifications shall not relieve the offeror from the responsibility of complying with the general terms and intent of the contract as indicated by the specifications. Once the award has been made, failure to have read all the conditions, instructions, and specifications of the contract will not be cause to alter the original bid, quote, or proposal, or for the offeror to request additional compensation.
- 2-7 Signatures on Offers or Bids: The firm, corporation, or individual name of the offeror must be signed to any proposals or bids submitted. In the case of a corporation, the title of the officer signing must be stated and each officer must be duly authorized. In the case of a partnership, the signature of at least one of the partners must follow the firm name using the term "member of the firm" or "general partner."

ARTICLE 3: METHODS OF PROCUREMENT

- 3-1 All contracts with nongovernmental contractors for the purchase or lease of goods, or for the purchase of services, insurance, or construction, shall be awarded after competitive sealed bidding, or competitive negotiation as provided in this section, unless otherwise authorized by law.
- 3-2 Professional services shall be procured by competitive negotiation.
- 3-3 Goods, services other than professional services, and insurance may be procured by competitive sealed bidding or competitive negotiation.
- 3-3.1 Upon a written determination made in advance by the Purchasing Agent that competitive negotiation is either not practicable or not fiscally advantageous, insurance may be procured through a licensed agent or broker selected in the manner provided for the procurement of things other than professional services. The basis for this determination shall be documented in writing.
- 3-4 Construction may be procured only by competitive sealed bidding, except that competitive negotiation may be used in the following instances:
- 3-4.1 On a fixed price design-build basis as provided in Article 13 of this policy; or
- 3-4.2 For the construction of highways and any draining, dredging, excavation, grading or similar work upon real property upon a determination made in advance by the Purchasing Agent and set forth in writing that competitive sealed bidding is either not practicable or not fiscally advantageous to the County, which writing shall document the basis for this determination.
- 3-5 Exceptions to Competition Requirements: Section 3-1 through 3-4.2 of this policy shall not apply and no price competition other than specified in this section is required in the following procurement transactions:
- 3-5.1 The purchase of items under procurement contracts made available to the County by the Commonwealth of Virginia or to purchases made available to the County through other state, federal, or public entities, or through a cooperative purchasing organization establishing cooperative contracts for the public sector and utilizing competitive methods consistent with this policy;

- 3-5.5 Upon a determination by the Purchasing Agent in writing, which writing shall state the basis for such determination, that there is only one source practicably available for that which is to be procured, a contract may be negotiated and awarded to that source without competition. The Purchasing Agent shall conduct appropriate negotiations as to price, delivery, and terms. A record of the sole

source procurement shall be maintained listing the contractor's name, the amount, and qualifying circumstances. The Purchasing Agent shall provide a copy of the written determination to the County Administrator or other appropriate Approving Authority when approval is required by Section 1-10 of this policy.

- 3-5.6 In cases of emergency or exigency provided, however, such procurement shall be made with such competition as is practicable under the circumstances. A written statement by the Purchasing Agent of the basis for the emergency or exigency and for the selection of the particular supplier shall be included in the papers relating to the procurement. The Purchasing Agent shall develop appropriate procedures regarding emergency or exigency purchases. The term "emergency" as used in this subparagraph means a situation where there exists a threat to public health, welfare, or safety or when an unforeseen circumstance causes disruption of an essential service. The term "exigency" as used in this subparagraph means that there is a need to avoid, prevent, or alleviate serious harm or injury, financial or otherwise, to the County, and the use of competitive procurement proposals would prevent or unreasonably delay the procurement action required to address the situation.
- 3-5.7 Agreements or contracts entered into between the County and private parties for cost participation or cost sharing in the extension or construction of public utilities or the provision of other public services. Any such agreements must be approved by the Board.

The Purchasing Agent shall document the basis for any such determination.

The fair and reasonable prices as negotiated shall be used in determining the cost of each job performed, and the sum of all jobs performed in a one-year contract term shall not exceed the maximum threshold amount.
- 3-7.2.1 The maximum threshold amount shall be \$6 million.
- 3-7.2.2 Subject to the maximum threshold amount, no individual job order shall exceed \$500,000.

- 4-4.3 Any bidder or offeror described in subsection 4-4.2 that fails to provide the required information shall not receive an award unless a waiver of this requirement is granted by Purchasing Agent, and documented in the procurement file.
- 4-4.4 Any business entity described in subsection 4-4.1 that enters into a contract with the County pursuant to this policy shall not allow its existence to lapse or its certificate of authority or registration to transact business in the Commonwealth, if so required under Title 13.1 or Title 50, to be revoked or cancelled at any time during the term of the contract.

- 4-5.2 For the purposes of this section, "drug-free workplace" means a site for the performance of work done in connection with a specific contract awarded to a contractor in accordance with this chapter, the employees of whom are prohibited from engaging in the unlawful manufacture, sale, distribution, dispensation, possession or use of any controlled substance or marijuana during the performance of the contract.
- 4-6 Contractor's Classification of Employees; Civil Penalty; Debarment: As required by § 58.1-1900 and 58.1-1902 of the state code:

The Virginia Department of Taxation (the "Department" for purposes of this section 4-6) shall determine whether an individual is an independent contractor by applying Internal Revenue Service guidelines.
- 4-6.2 In the event that the Department notifies the County pursuant to state code §58.1-1902 that an employer has failed to properly classify an individual as an employee under the provisions of state code § [58.1-1900](#), the County shall not award a contract to such employer or to any firm, corporation, or partnership in which the employer has an interest in the following manner:

ARTICLE 5: PREQUALIFICATION**5-1 Prequalification generally; prequalification for construction**

Prospective contractors may be prequalified for particular types of supplies, services, insurance or construction, and consideration of bids or proposals limited to prequalified contractors. The Purchasing Agent shall promulgate written procedures to implement this Article 5.

5-1.1 Any prequalification of prospective contractors for construction by the County shall include:

5-1.1.1 The County's issuance of a Request For Qualifications (RFQ) or a Request For Proposals (RFP) to solicit an application from prospective contractors desiring prequalification. The RFQ or RFP shall set forth the criteria upon which the qualifications of prospective contractors will be evaluated. The RFQ or RFP shall request of prospective contractors only such information as is appropriate for an objective evaluation of all prospective contractors pursuant to such criteria. The form shall allow the prospective contractor seeking prequalification to request, by checking the appropriate box, that all information voluntarily submitted by the contractor pursuant to this subsection shall be considered a trade secret or proprietary information subject to the provisions of subsection D of § [2.2-4342](#) of the State Code.

5-1.1.2 In all instances in which the County requires prequalification of potential contractors for construction projects, advance notice shall be given of the deadline for the submission of prequalification application. The deadline for submission shall be sufficiently in advance of the date set for the submission of bids for such construction to allow the procedures set forth in this Article to be accomplished.

5-1.1.3 At least 30 days prior to the date established for submission of bids or proposals under the procurement of the contract for which the prequalification applies, the County shall advise in writing each contractor who submitted an application whether that contractor has been prequalified. In the event that a contractor is denied prequalification, the written notification to the contractor shall state the reasons for the denial of prequalification and the factual basis of such reasons.

5-1.1.4 A decision by the County denying prequalification under the provisions of this subsection shall be final and conclusive unless the contractor appeals the decision as provided in § [2.2-4357](#) of the State Code.

5-1.2 The County may deny prequalification to any contractor only if the County finds one of the following:

5-1.2.1 The contractor does not have sufficient financial ability to perform the contract that would result from such procurement. If a bond is required to ensure performance of a contract, evidence that the contractor can acquire a surety bond from a corporation included on the United States Treasury list of acceptable surety corporations in the amount and type required by the County shall be sufficient to establish the financial ability of the contractor to perform the contract resulting from such procurement;

5-1.2.2 The contractor does not have appropriate experience to perform the construction project in question;

5-1.2.3 The contractor or any officer, director or owner thereof has had judgments entered against him within the past ten years for the breach of contracts for governmental or nongovernmental construction, including, but not limited to, design-build or construction management;

- 5-1.2.4 The contractor has been in substantial noncompliance with the terms and conditions of prior construction contracts with a public body without good cause. If the County has not contracted with a contractor in any prior construction contracts, the County may deny prequalification if the contractor has been in substantial noncompliance with the terms and conditions of comparable construction contracts with another public body without good cause. The County shall not utilize this provision to deny prequalification unless the facts underlying such substantial noncompliance were documented in writing in the prior construction project file and such information relating thereto given to the contractor at that time, with the opportunity to respond;
- 5-1.2.5 The contractor or any officer, director, owner, project manager, procurement manager or chief financial official thereof has been convicted within the past ten years of a crime related to governmental or nongovernmental construction or contracting, including, but not limited to, a violation of (i) Article 15 of this policy, (ii) the Virginia Governmental Frauds Act (§ [18.2-498.1](#) et seq.), (iii) Chapter 4.2 (§ [59.1-68.6](#) et seq.) of Title 59.1, or (iv) any substantially similar law of the United States or another state;
- 5-1.2.6 The contractor or any officer, director or owner thereof is currently debarred pursuant to an established debarment procedure from bidding or contracting by any public body, agency of another state or agency of the federal government; and
- 5-1.2.7 The contractor failed to provide to the County in a timely manner any information requested by the County relevant to subdivisions 5-1.3.1 through 5-1.3.6 of this subsection.
- 5-1.3 The provisions of subsections 5-1.2 and 5-1.3 shall not apply to prequalification for contracts let under § [33.2-209](#), [33.2-214](#), or [33.2-221](#) of the State Code

ARTICLE 6: MISCELLANEOUS

- 6-1** Negotiation with lowest responsible bidder: Unless canceled or rejected, a responsive bid from the lowest responsible bidder shall be accepted as submitted, except that if the lowest acceptable bid exceeds available funds, the Purchasing Agent may negotiate with the bidder to obtain a contract price within available funds.
- 6-2** Cancellation or Rejection of Bids.
- 6-2.1** An invitation to bid, a request for proposal, any other solicitation, or any and all bids or proposals received may be canceled or rejected when the Purchasing Agent determines that it is in the best interest of the County to do so. The reasons therefore shall be made a part of the contract file. Any bid which is incomplete, conditional, obscure, or which is not in conformance with the specifications may be rejected or any such irregularities may be waived at the option of the Purchasing Agent provided they do not affect the price, quality, quantity, or delivery schedule for the goods, services, or construction to be procured.
- 6-2.2** No bidder shall be permitted to alter, modify or amend its bid after the time fixed for submission of bids.
- 6-2.3** No bid received after the time fixed for submission of bids shall be opened or considered.
- 6-2.4** No statement or notation whatsoever, written, printed, typed or otherwise set out on any bid or offer envelope, including any addition or deduction in contract price, shall be recognized or considered in the review and tabulation of any bid or offer or for any other purpose.
- 6-2.5** If the solicitation is cancelled prior to the opening of bids or proposals, a bidder or offeror who has already submitted their bid/proposal may request that it be returned, and the sealed document will be returned to them (at their expense). Any remaining submittals not returned to the submitting bidder or offeror shall remain permanently sealed in the procurement file. File retention and disposal shall be in accordance with applicable records destruction policy.
- 6-2.6** If the solicitation is cancelled after the opening of bids or proposals, the documents will not be returned to the bidder or offeror, but shall be re-sealed and retained by the Purchasing Agent in the procurement file. File retention and disposal shall be in accordance with applicable records destruction policy.
- 6-3** Tie Bids: In the case of a tie bid, preference shall be given to goods, services, and construction produced in Virginia or provided by Virginia persons, firms, or corporations (with bidders situated within the County of York given first preference) if such a choice is available; otherwise the tie shall be decided by lot. Where all bidders are Virginia persons, firms, or corporations (or, alternatively, if all bidders are non-Virginia persons, firms, or corporations), the tie shall also be decided by lot. For purposes of this section, a Virginia person, firm or corporation means a person, firm or corporation organized pursuant to Virginia law or maintaining a principal place of business in Virginia.
- 6-4** Withdrawal or Cancellation of Bids.
- 6-4.1** Except as provided in paragraph 6-5.2 below, an offeror may withdraw or cancel a bid or proposal at any time prior to the date set for opening. After such time the offeror or bidder may not withdraw for a period of sixty (60) calendar days, unless otherwise specified in the solicitation document. Any offeror may be required to clarify its offer or bid or acknowledge by written confirmation that the minimum requirements of the specifications are included in the offeror's bid or proposal.

- 6-4.2 A bidder or offeror seeking withdrawal of a bid for construction shall give notice in writing to the Purchasing Agent of his claim of right to withdraw his bid within two business days after the conclusion of the bid opening procedure and shall submit original work papers with such notice.
 - 6-4.3 No bid shall be withdrawn under this section when the result would be the awarding of the contract on another bid of the same bidder or of another bidder in which the ownership of the withdrawing bidder is more than five percent.
 - 6-4.4 If a bid is withdrawn in accordance with this section, the lowest remaining bid shall be deemed to be the low bid.
 - 6-4.5 No bidder who is permitted to withdraw a bid shall, for compensation, supply any material or labor to or perform any subcontract or other work agreement for the person or firm to whom the contract is awarded or otherwise benefit, directly or indirectly, from the performance of the project for which the withdrawn bid was submitted.
 - 6-4.6 The Purchasing Agent shall notify the bidder in writing within five business days of its decision regarding the bidder's request to withdraw its bid. If the Purchasing Agent denies the withdrawal of a bid under the provisions of this section, he shall state in such notice the reasons for his decision and award the contract to such bidder at the bid price, provided such bidder is a responsible and responsive bidder. At the same time that the notice is provided, the Purchasing Agent shall return all work papers and copies thereof that have been submitted by the bidder.
- 6-5 Cost Plus Percentage of Cost Contracts: Contract provisions allowing for “cost plus a percentage of cost” shall be avoided.

ARTICLE 7: SECURITY PROVISIONS

7-1 Retainage on construction contracts

- 7-1.1 In any public contract for construction that provides for progress payments in installments based upon an estimated percentage of completion, the contractor shall be paid at least ninety-five percent of the earned sum when payment is due, with no more than five percent being retained to ensure faithful performance of the contract. All amounts withheld may be included in the final payment.
- 7-1.2 Any subcontract for a public project that provides for similar progress payments shall be subject to the provisions of this section.

7-2 Deposit of certain retained funds on certain contracts; penalty for failure to timely complete

- 7-2.1 The County, when contracting directly with contractors for public contracts of \$200,000 or more for construction of highways, roads, streets, bridges, parking lots, demolition, clearing, grading, excavating, paving, pile driving, miscellaneous drainage structures, and the installation of water, gas, sewer lines and pumping stations where portions of the contract price are to be retained, shall include in the Bid Proposal an option for the contractor to use an escrow account procedure for utilization of the County's retainage funds by so indicating in the space provided in the proposal documents. In the event the contractor elects to use the escrow account procedure, the escrow agreement form included in the solicitation document and Contract shall be executed and submitted to the County within fifteen calendar days after notification. If the escrow agreement form is not submitted within the fifteen-day period, the contractor shall forfeit his rights to the use of the escrow account procedure.
- 7-2.2 In order to have retained funds paid to an escrow agent, the contractor, the escrow agent, and the surety shall execute an escrow agreement in a form acceptable to the county attorney. The contractor's escrow agent shall be a trust company, bank or savings institution with its principal office located in the Commonwealth. The escrow agreement and all regulations adopted by the County shall be substantially the same as that used by the Virginia Department of Transportation.
- 7-2.3 This section shall not apply to public contracts for construction for railroads, public transit systems, runways, dams, foundations, installation or maintenance of power systems for the generation and primary and secondary distribution of electric current ahead of the customer's meter, the installation or maintenance of telephone, telegraph or signal systems for public utilities and the construction or maintenance of solid waste or recycling facilities and treatment plants.
- 7-2.4 Any such public contract for construction with the County, which includes payment of interest on retained funds, may require a provision whereby the contractor, exclusive of reasonable circumstances beyond the control of the contractor stated in the contract, shall pay a specified penalty for each day exceeding the completion date stated in the contract.
- 7-2.5 Any subcontract for such public project that provides for similar progress payments shall be subject to the provisions of this section.

7-3 Public construction contract provisions barring damages for unreasonable delays declared void

- 7-3.1 Any provision contained in any public construction contract that purports to waive, release, or extinguish the rights of a contractor to recover costs or damages for unreasonable delay in performing such contract, either on his behalf or on behalf of his subcontractor if and to the extent the delay is caused by acts or omissions of the County,

- its agents or employees and due to causes within their control shall be void and unenforceable as against public policy.
- 7-3.2 Subsection 7-3.1 shall not be construed to render void any provision of a public construction contract that:
- 7-3.2.1 Allows the County to recover that portion of delay costs caused by the acts or omissions of the contractor, or its subcontractors, agents or employees;
 - 7-3.2.2 Requires notice of any delay by the party claiming the delay;
 - 7-3.2.3 Provides for liquidated damages for delay; or
 - 7-3.2.4 Provides for arbitration or any other procedure designed to settle contract disputes.
- 7-3.3 A contractor making a claim against the County for costs or damages due to the alleged delaying of the contractor in the performance of its work under any public construction contract shall be liable to the County and shall pay it for a percentage of all costs incurred by the County in investigating, analyzing, negotiating, litigating and arbitrating the claim, which percentage shall be equal to the percentage of the contractor's total delay claim that is determined through litigation or arbitration to be false or to have no basis in law or in fact.
- 7-3.4 The County denying a contractor's claim for costs or damages due to the alleged delaying of the contractor in the performance of work under any public construction contract shall be liable to and shall pay such contractor a percentage of all costs incurred by the contractor to investigate, analyze, negotiate, litigate and arbitrate the claim. The percentage paid by the County shall be equal to the percentage of the contractor's total delay claim for which the County's denial is determined through litigation or arbitration to have been made in bad faith.
- 7-4 Bid bonds
- 7-4.1 Except in cases of emergency, all bids or proposals for nontransportation-related construction contracts in excess of \$500,000 or transportation-related projects authorized under Article 2 (§ [33.2-208](#) et seq.) of Chapter 2 of Title 33.2 of the State Code that are in excess of \$250,000 and partially or wholly funded by the Commonwealth shall be accompanied by a bid bond from a surety company selected by the bidder that is authorized to do business in Virginia, as a guarantee that if the contract is awarded to the bidder, he will enter into the contract for the work mentioned in the bid. For transportation-related projects authorized under Article 2 (§ [33.2-208](#) et seq.) of Chapter 2 of Title 33.2 of the State Code and partially or wholly funded by the Commonwealth, such bond shall be in a form and amount satisfactory to the County.
 - 7-5.1.1.2.1 "Labor or materials" shall include public utility services and reasonable rentals of equipment, but only for periods when the equipment rented is actually used at the site.
 - 7-5.2 For nontransportation-related construction contracts in excess of \$100,000 but less than \$500,000, where the bid bond requirements are waived, prospective contractors shall be prequalified for each individual project in accordance with § [2.2-4317 of the State Code](#).

 - 7-5.7 Nothing in this section shall preclude the contractor from requiring each subcontractor to furnish a payment bond with surety thereon in the sum of the full amount of the contract with such subcontractor conditioned upon the payment to all persons who have and fulfill contracts that are directly with the subcontractor for performing labor and furnishing materials in the prosecution of the work provided for in the subcontract.
 - 7-5.8 The performance and payment bond requirements of subsection 7-5.1 for transportation-related projects that are valued in excess of \$250,000 but less than \$350,000 may only be waived by the County if the bidder provides evidence, satisfactory to the County, that a surety company has declined an application from the contractor for a performance or payment bond.

7-6 Alternative forms of security

7-6.1 In lieu of a bid, payment, or performance bond, a bidder may furnish a certified check, cashier's check, or cash escrow in the face amount required for the bond.

7-6.2 If approved by the county attorney, a bidder may furnish a personal bond, property bond, or bank or savings institution's letter of credit on certain designated funds in the face amount required for the bid, payment, or performance bond. 7-7 Bonds: In addition to any bonds which may be required by state law, the Purchasing Agent may, in the Agent's sole discretion, require a bid, performance, or payment bond or other specified surety arrangement in any procurement solicitation, provided that for construction or renovation contracts in excess of \$100,000, performance and payment bonds shall be required in the amount of the contract. The requirement for such surety shall be clearly stated in the solicitation.

ARTICLE 8: FREEDOM OF INFORMATION ACT

- 8-1 Freedom of Information Act: With the following exceptions, procurement documents are subject to the Virginia Freedom of Information Act:
- 8-1.1 Cost estimates relating to a proposed procurement transaction prepared by or for the County shall not be open to public inspection.
 - 8-1.2 Bid and proposal records shall be open to public inspection only after award of the contract. Any bidder or offeror may be allowed to inspect the bid or proposal records after bid opening or after the evaluation and negotiation of proposals are completed, and prior to award unless the County decides not to accept any bids or not to accept any of the proposals and to reopen the contract.
 - 8-1.3 Trade secrets or proprietary information submitted to the County are not subject to disclosure if requested by the person submitting such information prior to or upon submission of the data or other materials. Any such request must identify what is to be protected and state the reasons therefor.
 - 8-1.4 Any inspection of procurement transaction records under this section shall be subject to reasonable restrictions imposed by the Purchasing Agent to insure security and integrity of the records.

ARTICLE 9: CONTRACTING WITH FAITH-BASED ORGANIZATIONS

- 9-1 In accordance with the Personal Responsibility and Work Opportunity Reconciliation Act of 1996, P.L. 104-193, to the County shall enter into contracts with faith-based organizations for the purposes described in this section on the same basis as any other nongovernmental source without impairing the religious character of such organization, and without diminishing the religious freedom of the beneficiaries of assistance provided under this section.
- 9-2 For the purposes of this section, "faith-based organization" means a religious organization that is or applies to be a contractor to provide goods or services for programs funded by the block grant provided pursuant to the Personal Responsibility and Work Opportunity Reconciliation Act of 1996, P.L. 104-193.
- 9-3 The County, in procuring goods or services, or in making disbursements pursuant to this section, shall not (i) discriminate against a faith-based organization on the basis of the organization's religious character or (ii) impose conditions that (a) restrict the religious character of the faith-based organization, except as provided in subsection F, or (b) impair, diminish, or discourage the exercise of religious freedom by the recipients of such goods, services, or disbursements.
- 9-4 The County shall ensure that all invitations to bid, requests for proposals, contracts, and purchase orders prominently display a nondiscrimination statement indicating that the public body does not discriminate against faith-based organizations.
- 9-5 A faith-based organization contracting with the County (i) shall not discriminate against any recipient of goods, services, or disbursements made pursuant to a contract authorized by this section on the basis of the recipient's religion, religious belief, or refusal to participate in a religious practice or on the basis of race, age, color, gender, sexual orientation, gender identity, or national origin and (ii) shall be subject to the same rules as other organizations that contract with the County to account for the use of the funds provided; however, if the faith-based organization segregates public funds into separate accounts, only the accounts and programs funded with public funds shall be subject to audit by the County. Nothing in clause (ii) shall be construed to supersede or otherwise override any other applicable state law.
- 9-6 Consistent with the Personal Responsibility and Work Opportunity Reconciliation Act of 1996, P.L. 104-193, funds provided for expenditure pursuant to contracts with the County shall not be spent for religious worship, instruction, or proselytizing; however, this prohibition shall not apply to expenditures pursuant to contracts, if any, for the services of chaplains.
- 9-7 Nothing in this section shall be construed as barring or prohibiting a faith-based organization from any opportunity to make a bid or proposal or contract on the grounds that the faith-based organization has exercised the right, as expressed in 42 U.S.C. (§ 2000 e-1 et seq.), to employ persons of a particular religion.
- 9-8 If an individual, who applies for or receives goods, services, or disbursements provided pursuant to a contract between the County and a faith-based organization, objects to the religious character of the faith-based organization from which the individual receives or

would receive the goods, services, or disbursements, the County shall offer the individual, within a reasonable period of time after the date of his objection, access to equivalent goods, services, or disbursements from an alternative provider.

- 9-9 The County shall provide to each individual who applies for or receives goods, services, or disbursements provided pursuant to a contract between the County and a faith-based organization a notice in bold face type that states: "Neither the County's selection of a charitable or faith-based provider of services nor the expenditure of funds under this contract is an endorsement of the provider's charitable or religious character, practices, or expression. No provider of services may discriminate against you on the basis of religion, a religious belief, or your refusal to actively participate in a religious practice. If you object to a particular provider because of its religious character, you may request assignment to a different provider. If you believe that your rights have been violated, please discuss the complaint with your provider or notify the appropriate person as indicated in this form."

ARTICLE 10 – APPEALS, PROTESTS, DISPUTES, LEGAL ACTIONS**10-1 Suspension and Debarment .**

10-1.1 The Purchasing Agent is authorized, after consultation with the County Attorney, to suspend or debar any offeror for cause from consideration for the award of contracts.

10-1.3 An offeror may be debarred for a period not to exceed three (3) years for activities that may include, but are not necessarily limited to, the following:

10-1.3.1 Conviction for commission of a criminal offense as an incident to obtaining or attempting to obtain a public or private contract or subcontract or in the performance of such contract or subcontract;

10-1.3.2 Conviction under state or federal statutes of embezzlement, theft, forgery, bribery, falsification or destruction of records, receiving stolen property, or any other offense of moral turpitude indicating a lack of business or personal integrity or honesty which currently, seriously, and directly affects responsibility as a County offeror;

10-1.3.3 Conviction under state or federal antitrust statutes arising out of the submission of bids or proposals;

10-1.3.4 Violation of contract provisions of a character which is regarded by the Purchasing Agent to be so serious as to justify a debarment action including, but not limited to:

10-1.3.4.1 Deliberate failure without good cause to perform in accordance with the specifications or within the time limit provided in a contract with the County; or

10-1.3.4.2 A record of failure to perform or of unsatisfactory performance in accordance with the terms of one or more contracts.

10-1.3.5 Any other cause the Purchasing Agent determines to be so serious and compelling as to affect responsibility as a County contractor including debarment by another governmental entity.

10-1.4 Notice of any debarment or suspension shall be provided by the Purchasing Agent to the contractor, stating the reasons for the action taken.

10-1.4.1 The offeror may, within ten (10) days of receiving the notice, appeal the decision in writing to the Purchasing Agent. The written appeal shall include the basis for the appeal.

10-1.4.2 The Purchasing Agent shall consider all information available, and shall issue a decision in writing within ten days stating the reasons for the action taken. The Purchasing Agent's decision shall be final.

10-2 Ineligibility

10-2.1 The Purchasing Agent shall notify any bidder, offeror or contractor refused permission to participate, or disqualified from participation in County solicitations or contracts in writing, stating the reasons for the action taken.

- 10-2.2 The bidder, offeror or contractor may, within ten (10) days of receiving the notice, appeal the decision in writing to the Purchasing Agent. The written appeal shall include the basis for the appeal.
 - 10-2.3 The Purchasing Agent shall consider all information available, and shall issue a decision in writing within ten days stating the reasons for the action taken. The Purchasing Agent's decision shall be final.
 - 10-2.4 If, upon appeal, it is determined that the action taken was arbitrary or capricious, or not in accordance with the Constitution of Virginia, applicable state law or regulations, the sole relief shall be restoration of eligibility.
- 10-3 Determination of nonresponsibility
- 10-3.1 Following opening of bids or quotes received, the Purchasing Agent shall determine whether the apparent low bidder is responsible.
 - 10-3.2 If the Purchasing Agent so determines, then it may proceed with an award in accordance with this policy.
 - 10-3.3 If the Purchasing Agent determines that the apparent low bidder is not responsible, it shall shall provide notice-to the bidder, stating the reasons for the action taken.
 - 10-3.4 The bidder may, within ten (10) days of receiving the notice, appeal the decision in writing to the Purchasing Agent. The written appeal shall include the basis for the appeal.
 - 10-3.5 The Purchasing Agent shall consider all information available, and shall issue a decision in writing within ten days stating the reasons for the action taken. The Purchasing Agent's decision shall be final.
- 10-4 Protest of award or decision to award
- 10-4.1 All bids and offers are subject to the decision of the Purchasing Agent as to the quality of what is offered, responsiveness of the offer or bid, responsibility of the offeror or bidder, and the qualifications of the offeror or bidder.
 - 10-4.2 A bidder or offeror may protest the award or decision to award by submitting such protest in writing to the Purchasing Agent no later than ten (10) days after the award or the announcement of the decision to award. No protest shall lie for a claim that the selected Bidder is not a responsible Bidder. The written protest shall include the basis for the protest and the relief sought.
 - 10-4.3 The Purchasing Agent shall consider all information available, and shall issue a decision in writing within ten days stating the reasons for the action taken. The Purchasing Agent's decision shall be final.
 - 10-4.4 Every bidder or offeror submitting a bid or proposal agrees, as a condition precedent to the submission, to abide by the Purchasing Agent's decision and all of the provisions of this policy.
- 10-5 Contractual disputes
- 10-5.1 Contractual claims, whether for money or other relief, shall be submitted to the Purchasing Agent in writing no later than 60 days after receipt of final payment; however, written notice of the contractor's intention to file a claim shall be given at the time of the occurrence or at the beginning of the work upon which the claim is based.

- 10-5.2 No written decision denying a claim or addressing issues related to the claim shall be considered a denial of the claim unless the written decision is signed by the Purchasing Agent or his designee. The contractor may not institute legal action prior to receipt of the final written decision on the claim unless the Purchasing Agent fails to render a decision within 90 days of submission of the claim. Failure of the Purchasing Agent to render a decision within 90 days shall not result in the contractor being awarded the relief claimed or in any other relief or penalty. The sole remedy for the Purchasing Agent's failure to render a decision within 90 days shall be the contractor's right to institute immediate legal action.
- 10-5.3 A contractor may not institute legal action prior to receipt of the Purchasing Agent's decision on the claim, unless the Purchasing Agent fails to render such decision within 90 calendar days. A failure of the Purchasing Agent to render a final decision within 90 calendar days shall be deemed a final decision denying the claim by the Purchasing Agent.
- 10-5.4 The decision of the Purchasing Agent shall be final and conclusive unless the contractor appeals within six months of the date of the final decision on the claim by the Purchasing Agent.

10-6 Legal actions

- 10-6.1 A bidder or offeror, actual or prospective, who is refused permission or disqualified from participation in bidding or competitive negotiation, or who is determined not to be a responsible bidder or offeror for a particular contract, may bring an action in the appropriate circuit court challenging that decision, which shall be reversed only if the petitioner establishes that the decision was not (i) an honest exercise of discretion, but rather was arbitrary or capricious; (ii) in accordance with the Constitution of Virginia, applicable state law or regulation, or the terms or conditions of the Invitation to Bid; or (iii) in the case of denial of prequalification, based upon the criteria for denial of prequalification set forth in Article 5 of this policy. In the event the apparent low bidder, having been previously determined by the Purchasing Agent to be not responsible in accordance with [Section 1-9 of this policy](#), is found by the court to be a responsible bidder, the court may direct the Purchasing Agent to award the contract to such bidder in accordance with the requirements of this section and the Invitation to Bid.
- 10-6.2 A bidder denied withdrawal of a bid under Section 6-5 of this policy may bring an action in the appropriate circuit court challenging that decision, which shall be reversed only if the bidder establishes that the decision of the Purchasing Agent was not (i) an honest exercise of discretion, but rather was arbitrary or capricious or (ii) in accordance with the Constitution of Virginia, applicable state law or regulation, or the terms or conditions of the Invitation to Bid.
- 10-6.3 A bidder, offeror or contractor, or a potential bidder or offeror on a contract negotiated on a sole source or emergency basis in the manner provided in Article 3 of this policy, whose protest of an award or decision to award under Section 10-3 of this policy is denied, may bring an action in the appropriate circuit court challenging a proposed award or the award of a contract, which shall be reversed only if the petitioner establishes that the proposed award or the award is not (i) an honest exercise of discretion,

- but rather is arbitrary or capricious or (ii) in accordance with the Constitution of Virginia, applicable state law or regulation, or the terms and conditions of the Invitation to Bid or Request for Proposal.
- 10-6.4 If injunctive relief is granted, the court, upon request of the Purchasing Agent , shall require the posting of reasonable security to protect the Purchasing Agent .
- 10-6.5 A contractor may bring an action involving a contract dispute with the Purchasing Agent in the appropriate circuit court.
- 10-6.6 A bidder, offeror or contractor need not utilize administrative procedures adopted by the Purchasing Agent, if available, but if any such procedures are invoked by the bidder, offeror or contractor, the procedures shall be exhausted prior to instituting legal action concerning the same procurement transaction unless the Purchasing Agent agrees otherwise.
- 10-6.7 Nothing herein shall be construed to prevent the Purchasing Agent or the County from instituting legal action against a contractor.
- 10-7 Alternative dispute resolution: The Purchasing Agent may enter into agreements to submit disputes arising from contracts entered into pursuant to this chapter to arbitration and utilize mediation and other alternative dispute resolution procedures. Alternative dispute resolution procedures entered into by school boards shall be nonbinding.

ARTICLE 11: DISPOSITION OF SURPLUS PROPERTY**11-1 Sale of Surplus Property.**

11-1.1 The Purchasing Agent shall have the responsibility for disposal of County surplus, worn out, or obsolete items. The Purchasing Agent shall have the authority to transfer such surplus stock to other internal and external departments and public bodies and agencies. All property not so transferred shall be exchanged, traded in on new items, salvaged, destroyed, or sold as deemed appropriate by the Purchasing Agent. Notwithstanding the foregoing, any library books purchased for circulation by the York County public Library which have been declared to be surplus by the York County Librarian may be donated by the Librarian to the York County Friends of the Library, or to any similar organization the main function of which is to support the activities of the York County public library system. The Librarian shall keep a record of all books so donated for review upon request by the Purchasing Agent.

11-1.2 The York County School Division may donate such obsolete educational technology hardware and software and other obsolete personal property to a Virginia nonprofit organization which is exempt from taxation under § 501 (c) (3) of the Internal Revenue Code. Such donations shall be coordinated with the Purchasing Agent.

11-1.3 In general, the sale of surplus property may be made through competitive methods to include, but not limited to, public auction, sealed bids, or an appropriate website to the highest bidder. The sale of property having an estimated value of \$500 or less shall not require a competitive process. Individual items may be scrapped, if in the opinion of the Purchasing Agent, the cost of storage and sale exceeds the value of the item. The Board, upon the request of the Purchasing Agent, may make a special dispensation of any individual item if, in the opinion of the Board, such dispensation is in the public interest.

11-2 Participation at County Auctions: County and School employees are prohibited from bidding on surplus property sold for their respective entity. Central Purchasing staff are prohibited from purchasing any surplus property from either entity, regardless of disposal method used.

ARTICLE 12: PUBLIC-PRIVATE EDUCATION FACILITIES AND INFRA-STRUCTURE ACT

12-1 Introduction: The Public-Private Education Facilities and Infrastructure Act of 2002 (the "PPEA") grants the County of York (the "County"), a responsible public entity as defined in the PPEA, the authority to enter public-private agreements for the development of a wide range of projects for public use if the County determines there is a public need for the project and that private involvement may provide the project to the public in a timely or cost-effective fashion. Individually negotiated comprehensive agreements between an operator, as defined in the PPEA, and the County will define the respective rights and obligations of the County and the private operator. Although guidance with regard to the application of the PPEA is provided herein, it will be incumbent upon the County and all private entities to comply with the provisions of the PPEA.

In order for a project to come under the PPEA, it must meet the definition of a "qualifying project." The PPEA contains a broad definition of qualifying project that includes public buildings and facilities of all types; for example:

- 12-1.1 An education facility, including, but not limited to, a school building (including any stadium or other facility primarily used for school events), any functionally-related and subordinate facility and land to a school building, and any depreciable property provided for use in a school facility that is operated as part of the public school system or as an institution of higher education;
- 12-1.2 A building or facility for principal use by any public entity;
- 12-1.3 Improvements, together with equipment, necessary to enhance public safety and security of buildings to be principally used by a public entity;
- 12-1.4 Utility and telecommunications and other communications infrastructure;
- 12-1.5 A recreational facility;
- 12-1.6 Certain service contracts; or
- 12-1.7 Technology Applications.
- 12-1.8 The PPEA establishes requirements to which the County must adhere when reviewing and approving proposals received pursuant to the PPEA. In addition, the PPEA specifies the criteria that must be used to select a proposal and the contents of the comprehensive agreement detailing the relationship between the County and the private entity.
- 12-1.9 The individual designated by the County Administrator to serve as the point of contact for implementation of procedures, to receive proposals submitted under the PPEA and to respond to inquiries regarding the PPEA or this adopted policy shall be the designated County Purchasing Agent.

12-2 General Provisions

- 12-2.1 Proposal Submission - A proposal may be either solicited by the County or delivered by a private entity on an unsolicited basis. In either case, the proposal shall be clearly identified as a "PPEA Proposal". To be considered, one original and nine (9) copies of any unsolicited proposal must be submitted along with the applicable fee to the Purchasing Agent, 120 Alexander Hamilton Boulevard, P.O. Box 532, 23690, Yorktown, Virginia. Proposers may be required to follow a two-part proposal submission process consisting of a conceptual phase and a detailed phase, as described herein. The County may discontinue its evaluation of any proposal at any time during the conceptual or detailed phase.

The PPEA allows private entities to include innovative financing methods, including the imposition of user fees or service payments, in a proposal. Such financing arrangements may include the issuance of debt instruments, equity securities, or other securities or obligations. Proposals may include, if applicable, the portion of the tax-exempt private activity bond limitation amount to be allocated annually to the Commonwealth of Virginia pursuant to the Economic Growth and Tax Relief Reconciliation Act of 2001 for the development of education facilities using public-private partnerships.

Proposals should be prepared simply and economically, providing a concise description of the proposer's capabilities to complete the proposed qualifying project and the benefits to be derived from the project by the County. Project benefits to be considered are those occurring during the construction, renovation, expansion or improvement phase and during the life cycle of the project. Proposals also should include a comprehensive scope of work and a financial plan for the project, containing enough detail to allow an analysis by the County of the financial feasibility of the proposed project. Any facility, building, infrastructure, or improvement included in a proposal shall be identified specifically or conceptually. The County may request, in writing, clarification to the submission.

The PPEA is intended to encourage proposals from the private sector that offer the provision of private financing in support of the proposed public project and the assumption of commensurate risk by the private operator, but also benefits to the operator through innovative approaches to project financing, development and use. However, while substantial private sector involvement is encouraged, qualifying facilities will still be devoted primarily to public use and typically involve facilities critical to the public health, safety and welfare. Accordingly, staff shall continue to exercise full and proper due diligence in the evaluation and selection of operators for these projects. In this regard, the qualifications, capabilities, resources, and other attributes of a prospective operator and its whole team shall be carefully examined for every project. In addition, operators proposing projects shall be held strictly accountable for representations or other information provided regarding their qualifications, experience, or other contents of their proposals, including all specific aspects of proposed plans to be performed by the operator.

12-2.2 Affected Jurisdictions - Any private entity requesting approval from or submitting a conceptual or detailed proposal to the County must provide any affected jurisdiction with a copy of the private entity's request or proposal by certified mail, express delivery or hand delivery within 5 business days after the County decides to accept the proposal. Any affected jurisdiction shall have 60 days from the receipt of the request or proposal to submit written comments to the County and to indicate whether the proposed qualifying project is compatible with the (i) jurisdiction's comprehensive plan, (ii) jurisdiction's infrastructure development plans, and (iii) capital improvements budget or other government spending plan. Comments received within the 60-day period shall be given consideration by the County.

12-2.3 Proposal Review Fee - The PPEA authorizes the County to charge a reasonable fee to cover the costs of processing, reviewing, and evaluating proposals.

12-2.3.1 A fee of \$1,000 shall accompany the initial proposal to cover staff time to determine whether it is a qualifying project with a reasonable expectation of

satisfying the criteria of 56-575.4 C of public need or benefit, reasonable estimated cost, and timely acquisition of the project. Such sum shall be paid with certified funds.

12-2.3.2 If the County determines that the proposal is a qualifying project as described above, and to proceed with publication and further stages of review, the County may impose additional review fees if the County reasonably anticipates incurring costs in excess of the initial fee. Additional fees may include the reasonable cost of staff time, attorney's fees, and fees for financial, engineering, and other necessary advisors or consultants. The County will notify the private entity of the amount of such additional fees as and when it anticipates incurring such costs. The private entity shall pay such additional fees before the County will continue to process, review, and evaluate the proposal.

12-2.3.3 The County will refund any portion of fees paid in excess of its costs associated with evaluating the proposal.

12-2.4 Freedom of Information Act - Generally, proposal documents submitted by private entities are subject to the Virginia Freedom of Information Act ("FOIA"). In accordance with § 2.2-3705.1(12) and 2.2-3705.6 of FOIA, such documents are releasable if requested, except to the extent that they relate to (a) confidential proprietary information submitted to the County under a promise of confidentiality or (b) memoranda, working papers or other records related to proposals if making public such records would adversely affect the financial interest of the County or the private entity or the bargaining position of either party. Proprietary, commercial or financial information, balance sheets, financial statements, or trade secrets provided by a private entity as evidence of its qualifications are not considered procurement records. Once a comprehensive agreement has been entered into, and the process of bargaining of all phases or aspects of the comprehensive agreement is complete, the responsible public entity shall make the procurement records available upon request in accordance with § 2.2-4342.

When the private entity seeks a promise of confidentiality from the County as to proprietary information under (a) above, the private entity must (i) invoke the exclusion when the data or materials are submitted to the County or before such submission, (ii) identify the data and materials for which protection from disclosure is sought, and (iii) state why the exclusion from disclosure is necessary. The County will not protect any portion of a proposal from disclosure if the entire proposal has been designated confidential by the proposer without reasonably differentiating between the proprietary and non-proprietary information contained therein.

Upon receipt of a request that designated portions of a proposal be protected from disclosure as confidential and proprietary, the County shall determine whether such protection is appropriate under applicable law and, if appropriate, the scope of such appropriate protection, and shall communicate its determination to the private entity. If the determination regarding protection or the scope thereof differs from the private entity's request, then the County will accord the private entity a reasonable opportunity to clarify and justify its request. Upon a final determination by the County to accord less protection than requested by the private entity, the private entity may withdraw its proposal.

12-2.5 Use of Public Funds - Virginia constitutional and statutory requirements and County ordinances and policies as they apply to appropriation and expenditure of public funds apply to any comprehensive agreement entered into under the PPEA.

Accordingly, the processes and procedural requirements associated with the expenditure or obligation of public funds shall be incorporated into planning for any PPEA project or projects and shall be in compliance with the County's Fiscal Policies as adopted by the Board.

- 12-2.6 Applicability of Other Laws - Nothing in the PPEA shall affect the duty of the County to comply with all other applicable law not in conflict with the PPEA. Article 6 Ethics in Public Contracting of the Virginia Public Procurement Act (the VPPA) is hereby incorporated herein by reference. Otherwise, the applicability of the VPPA is as set forth in the PPEA and herein.

12-3 Solicited Proposals

The County may invite bids or proposals from private entities to acquire, design, construct, improve, renovate, expand, equip, maintain or operate qualifying projects. The County may use a two-part process consisting of an initial conceptual phase and a detailed phase. The County will set forth in the solicitation the format and supporting information that is required to be submitted, consistent with the provisions of the PPEA.

The solicitation will specify, but not necessarily be limited to, information and documents that must accompany each proposal and the factors that will be used in evaluating the submitted proposals. The solicitation will be posted in such public areas as are normally used for posting of the County's notices, including the County's website. The solicitation will also contain or incorporate by reference other applicable terms and conditions, including any unique capabilities or qualifications that will be required of the private entities submitting proposals. Pre-proposal conferences may be held as deemed appropriate by the County.

12-4 Unsolicited Proposals

The PPEA permits the County to receive and evaluate unsolicited proposals from private entities to acquire, design, construct, improve, renovate, expand, equip, maintain, or operate a qualifying project.

The County may publicize its needs and may encourage or notify interested parties to submit proposals subject to the terms and conditions of the PPEA. When such proposals are received without issuance of a solicitation, the proposal shall be treated as an unsolicited proposal.

To ensure the County receives the best value for any qualifying project, the County will seek and encourage competing unsolicited proposals.

12-4.1 Decision to Accept and Consider Unsolicited Proposal; Notice

12-4.1.1 Upon receipt of any unsolicited proposal or group of proposals and payment of any required fee by the proposer or proposers, the County will determine whether to accept the unsolicited proposal for publication and conceptual-phase consideration. If the County determines not to accept the proposal and not to proceed to publication and conceptual-phase consideration, staff

will return the proposal, together with all fees and accompanying documentation, to the proposer.

- 12-4.1.2 If the County chooses to accept an unsolicited proposal for conceptual-phase consideration, staff shall post a notice in a public area regularly used by the County for posting of public notices and on the County website for a period of not less than 45 days. The County shall also publish the same notice at least once in a newspaper of general circulation in the County and advertise the notice in the Virginia Business Opportunities publication and post a copy of the notice on the Commonwealth's electronic procurement website to notify any parties that may be interested in submitting competing unsolicited proposals. Interested parties shall have adequate time as specified in the notice, but in no event less than 45 days from the date the notice is published to submit competing unsolicited proposals. The notice shall state that the County (i) has received and accepted an unsolicited proposal under the PPEA, (ii) intends to evaluate the proposal, (iii) may negotiate a comprehensive agreement with the proposer based on the proposal, and (iv) will accept for simultaneous consideration any competing unsolicited proposals that comply with the procedures adopted by the County and the PPEA. The notice also shall summarize the proposed qualifying project or projects, and identify their proposed locations.

12-4.2 Initial Review at the Conceptual Stage

- 12-4.2.1 Only proposals complying with the requirements of the PPEA that contain sufficient information for a meaningful evaluation and that are provided in an appropriate format will be considered by the County for further review at the conceptual stage. Unsolicited proposals at the conceptual stage shall include the information described in subsection 12-5 of this policy.

- 12-4.2.2 The County will determine at this initial stage of review whether it will proceed to evaluate the unsolicited proposals using either method i. or ii. below:

- 12-4.2.2.1 Procedures normally used by the County for the evaluation of bids resulting from "competitive sealed bidding" with award to the lowest responsive and responsible private entity. Evaluation may include special qualifications of private entities, life cycle costing, value analysis, and any other criteria such as inspection, testing, quality, workmanship, delivery, and suitability for a particular purpose, which are helpful in determining acceptability. Awards may be made to more than one private entity. The County may reject any or all proposals at any time and for any reason.

- 12-4.2.2.2 Procedures normally used by the County for the evaluation of proposals resulting from the procurement of other than professional services through "competitive negotiation" as follows: Selection shall be typically made of two private entities deemed to be fully qualified and best suited among those submitting proposals. Negotiations shall then be conducted with each of the private entities so selected. Price shall be considered, but need not be the sole determining factor. After negotiations have been conducted with each private entity so selected,

the County shall select the private entity, which, in its opinion, has made the best proposal. Awards may be made to more than one private entity. Should the public body determine in writing and in its sole discretion that only one private entity is fully qualified, or that one private entity is clearly more highly qualified than the others under consideration, negotiations may be limited to that private entity. The County may reject any or all proposals at any time and for any reason.

12-4.2.2.2.1 The County may proceed using competitive negotiation procedures described in b. above only if it makes a written determination that doing so is likely to be advantageous to the County and the public based upon either (i) the probable scope, complexity or urgency of need, or (ii) the risk sharing, added value, increase in funding or economic benefit from the project would otherwise not be available.

12-4.2.3 In reviewing the proposals, the County shall engage the services of qualified professionals, including as may appear appropriate an architect, professional engineer or certified public accountant not employed by the County to provide an independent analysis regarding the specifics, advantages, disadvantages, and long-term and short-term costs of the proposed project, unless the board of supervisors determines that such analysis shall be performed by County employees.

12-4.2.4 After reviewing the original proposal and any competing unsolicited proposals submitted during the notice period, the County may determine:

- not to proceed further with any proposal,
- to proceed to the detailed phase of review with the original proposal,
- to proceed to the detailed phase with a competing proposal, or
- to proceed to the detailed phase with multiple proposals.

12-5 Proposal Preparation and Submission: Format for Submissions at the Conceptual Stage: Proposals at the conceptual stage shall contain the following information in the following format plus any additional information as the County may reasonably request to comply with the requirements of the PPEA:

12-5.1 Qualifications and Experience

12-5.1.1 Identify the legal structure of the firm or consortium of firms making the proposal. Identify the organizational structure for the project, the management approach, and how each partner and major subcontractor (over \$100,000) in the structure fits into the overall team. All members of the operator's team, including major subcontractors known to the proposer must be identified at the time a proposal is submitted for the Conceptual Stage. Identified team members, including major subcontractors, may not be substituted or replaced once a project is approved and comprehensive agreement entered into, without the written approval of the County. Include the status of the Virginia license of each partner, proposer, contractor, and major subcontractor.

12-5.1.2 Describe the experience of the firm or consortium of firms making the proposal, the key principals and project managers involved in the proposed project including experience with projects of comparable size and complexity, including

- prior experience bringing similar projects to completion on budget and in compliance with design, land use, service and other standards. Describe the past safety performance record and current safety capabilities of the firm or consortium of firms. ARTICLE 13: DESIGN-BUILD;

13.1. Design-Build: A design-build contract is a contract between a public body and another party in which the party contracting with the public body agrees to both design and build the structure, or other item specified in the contract. A two-step process is used to establish a contract. The procedures are as follows.

13.1.1 Step 1

13.1.1.1. The issuance of a Request For Qualifications (RFQ) to seek Statements of Qualifications (SOQ). The method of issuance of the RFQ and receipt of SOQ responses shall be consistent with the methods used for Request For Proposals.

13.1.1.2. Based on the criteria specified in the RFQ, SOQs will be evaluated by an Evaluation Panel ("Panel"). The panel will select up to five of the highest ranked firms deemed qualified and suitable for the project, and only those selected will be eligible to participate in Step 2 of the selection process. If less than five firms are deemed qualified and suitable for the project, then that number shall be eligible to participate in Step 2.

13.1.1.3. At least 30 days prior to the date established for the submission of proposals (Step 2), the County shall advise in writing each offeror which sought prequalification whether that offeror has been prequalified. 13.1.2.2. Offerors shall submit a Technical Proposal to the Contract Officer in the manner specified in the RFP solicitation.

13.1.2.3. Based on the criteria specified in the RFP, Technical Proposals will be evaluated by an Evaluation Panel ("Panel"). 13.1.2.4. Based on the above adjustments, the offerors may resubmit a revised Technical Proposal, as well as a Cost Proposal to the Contract Officer.

13.1.2.5. The Panel will re-evaluate the Technical Proposals and agree to a consensus ranking.

13.1.2.6. The Contract Officer shall open the Cost Proposals and provide the cost information to the Panel.

13.1.2.7. The Panel will consider all information available to select the firm that has provided the best value for the project.

13.1.2.8. Award shall be made to the firm who is fully qualified and determined to have provided the best value in response to the RFP.

ARTICLE 14: STATE AND FEDERALLY FUNDED PROCUREMENTS

- 14.1. Purpose: This policy communicates the County of York's methods for the procurement of goods and services obtained with federal grants and sets forth the requirements provided by the Office of Management and Budget (OMB) Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards, Final Rule Title 2 of the Code of Federal Regulations; 2 CFR 200.

OMB Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards, Final Rule Title 2 of the Code of Federal Regulations; 2 CFR 200 supersedes and streamlines requirements from OMB Circulars A-21, A-87, A-110, A-122, A-89, A-102, A-133 and the guidance in Circular A-50 on Single Audit Act follow-up. 2 CFR 200, also referred to as the "Super Circular", consolidates the guidance previously contained in the aforementioned citations into a streamlined format that aims to improve both the clarity and accessibility of the guidance.

The effective date of 2 CFR 200 is December 26, 2014. Fiscal policies and OMB Circulars A-87, A-110, A-122, and A-133 requirement are still in effect for funding distributed *prior* to December 26, 2014. Funding awarded after December 26, 2014 must be in compliance with 2 CFR 200.

- 14.2. Cash Management: The County will comply with applicable methods and procedures for payment that minimize the time elapsing between the transfer of funds and disbursement by the County. However, if the County receives an advance in federal grant funds, the County will remit interest earned on the advanced payment quarterly to the federal agency consistent with 2 C.F.R. 200.305(b)(9).

14.2.1 Payment Methods

- 14.2.1.1. *Reimbursements:* The County will request reimbursement for actual expenditures incurred under the federal grants as necessary.

Consistent with state and federal requirements, the County will maintain source documentations supporting the federal expenditures (invoices, time sheets, payroll stubs, etc.) and will make sure documentation is available for review upon request.

- 14.2.1.2. *Reimbursements of actual expenditures do not require interest calculations.*
Advances: To the extent the County receives advance payments of federal grant funds, the County will strive to expend the federal funds on allowable expenditures as expeditiously as possible.

The County will hold federal advance payments in interest-bearing accounts, unless an allowable exception applies. The County will begin to calculate interest earned on cash balances once funds are deposited into the County's account.

The County will remit interest earned on grant funds annually to the U.S. Department of Health and Human Services Payment Management System (regardless of the federal awarding agency for the grant) through an electronic medium using either Automated Clearing House (ACH) network or a Fedwire Funds Service payment. 2 C.F.R. 200.305(b)(9). The County may retain up to \$500 of interest per year.

14.3. Conflict of Interest: In accordance with 2 C.F.R 200.18(c)(1), no employee, officer, or agent may participate in the selection, award, or administration of a contract supported by a federal award if he or she has real or apparent conflict of interest. Such a conflict of interest would arise when the employee, officer, or agent, any member of his or her immediate family, his or her partner, or an organization which employs or is about to employ any of the parties indicated herein, has a financial or other interest in or a tangible personal benefit from a firm considered for a contract. The officers, employees, and agents of the County may neither solicit nor accept gratuities, favors, or anything of monetary value from contractors or parties to subcontracts, unless the gift is an unsolicited item of nominal value.

14.4. General Procurement Standards

14.4.1. Procurement procedures will avoid acquisition of unnecessary or duplicative items and promote cost-effective use of shared services by entering into state and local intergovernmental agreements for procurement or use of common or shared goods and services where appropriate. Departments are encouraged to use Federal excess and surplus property in lieu of purchasing new equipment and property whenever such use is feasible and reduces project costs. In addition, departments are encouraged to use value engineering clauses in contracts for construction projects of sufficient size to offer reasonable opportunities for cost reductions.

14.4.2. The County of York will award contracts only to responsible contractors possessing the ability to perform successfully under the terms and conditions of a proposed procurement. Consideration will be given to such matters as:

- Contractor integrity,
- Compliance with public policy,
- Record of past performance, and
- Financial and technical resources.

14.4.3. The County of York will maintain records sufficient to detail the history of procurement. These records will include, but are not limited to:

- Rationale for the method of procurement,
- Selection of contract type,
- Basis for contractor selection or rejection, and
- The basis for the contract price.

14.4.4. Time and material contracts [For major construction only; 2 CFR 200.318(j)]: the County of York may use time and material type contracts only after a determination that no other contract is suitable and if the contract includes a ceiling price that the contractor exceeds at its own risk.

14.4.5. All procurement transactions must be conducted in a manner providing full and open competition consistent with the standards provided in section 200.319 of 2 CFR 200. In order to ensure objective contractor performance and eliminate unfair competitive advantage, contractors that develop or draft specifications, requirements, statements of work or invitations for bids or requests for proposals must be excluded from competing from such procurements.

The County of York procurement transactions will contain no requirements that unduly restrict competition as specified in 2 CFR 200.319(a) and (b).

The County of York procurement procedures will ensure that all solicitations:

- Incorporate a clear and accurate description of the technical requirements for the material, product, or service to be procured in a manner that does not unduly restrict competition; and,
- Identify all requirements which the offerors must fulfill and all other factors to be used in evaluating bids or proposals.

The County of York will ensure that all prequalified lists of persons, firms, or products which are used in acquiring goods and services are current and include enough qualified sources to ensure maximum open and free completion. The County of York will not preclude potential bidders from qualifying during the solicitation period.

- 14.5 Methods of Procurement: The procurement of goods and services with funding from federal grants must use one of the following methods:
- 14.5.1 Micro-purchases (purchases of \$1-\$3,000): Procurement by micro-purchase is the acquisition of supplies or services, the aggregate dollar amount of which does not exceed \$3,000 (or \$2,000 in the case of acquisitions for construction subject to the Davis-Bacon Act). To the extent practicable, the County of York will distribute micro-purchases equitably among qualified suppliers. Micro-purchases may be awarded without soliciting competitive quotations if the County considers the price to be reasonable.
- 14.5.2 Small purchases (purchases of \$3,001 - \$10,000): Small purchase procedures are those relatively simple and informal procurement methods for securing services, supplies, or other property that do not cost more than \$10,000. If small purchase procedures are used, price or rate written quotations must be obtained from an adequate number of qualified sources.
- 14.5.3 All purchases \$10,000 or greater must follow the County's Purchasing Policy.
- 14.5.4 Noncompetitive Proposals (Sole Source): Procurement by noncompetitive proposals is procurement through solicitation of a proposal from only one source and may be used only when one or more of the following circumstances apply:
- a. The item is available only from a single source; or
 - b. The public exigency or emergency for the requirement will not permit a delay resulting from competitive solicitation; or
 - c. The Federal awarding agency or pass-through entity expressly authorizes noncompetitive proposals in response to a written request from the non-Federal entity; or
 - d. After solicitation of a number of sources, competition is determined inadequate.
- 14.6 Contracting with Small and Minority Businesses, Women's Business Enterprises, and Labor Surplus Area Firms: The County of York will take necessary affirmative steps in accordance with 2 CFR 200.321(b) to ensure that minority businesses, women's business enterprises, and labor surplus firms are used when possible.
- 14.7 Contract Cost and Price
- 14.7.1 The County of York will perform a cost or price analysis in connection with every procurement action in excess of the Simplified Acquisition Threshold (\$150,000) including contract modifications. The method and degree of analysis is dependent on the facts surrounding the particular procurement situation, but as a starting point, the County will make independent estimates before receiving bids or proposals.
- 14.7.2 Where applicable, the County will negotiate profit as a separate element of the price for each contract in which there is no price competition and in all cases where cost analysis is performed. To establish a fair and reasonable profit, consideration will be

- given to the complexity of the work to be performed, the risk borne by the contractor, the contractor's investment, the amount of subcontracting, the quality of its record of past performance, and industry profit rates in the surrounding geographical area for similar work.
- 14.7.3 Costs or prices based on estimated costs for contacts under the Federal award are allowable only to the extent that costs incurred or cost estimates included in negotiated prices would be allowable for the County under Subpart E – Cost Principles of the Uniform Administrative Guidance 2 CFR Part 200.
- 14.7.4 The cost plus a percentage of cost and percentage of construction cost methods of contracting are not allowable.
- 14.8 Procurement Review (2 CFR 200.324)
- 14.8.1 The County of York will make available, upon request by the Federal awarding agency or passing-through entity, technical specifications on proposed procurements where the Federal awarding agency or pass-through entity believes such review is needed to ensure that the item or service specified is the one being proposed for acquisition.
- 14.8.2 The County of York will make available upon request, for the Federal awarding agency or passing-through entity pre-procurement review, procurement documents, such as requests for proposals or invitations for bids, or independent cost estimates when the circumstances detailed in 200.323(b) apply.
- 14.9 Geographical Preferences: The County must conduct procurements in a manner that prohibits the use of statutorily or administratively imposed state, local, or tribal geographical preferences in the evaluation of bids or proposals, except in those cases where applicable federal statutes expressly mandate or encourage geographic preference. When contracting for architectural and engineering (A/E) services, geographic location may be a selection criterion provided its application leaves an appropriate number of qualified firms, given the nature and size of the project, to compete for the contract.
- 14.10 Allowability of Costs: When determining how the County will spend its grant funds, departments will review the proposed cost to determine whether it is an allowable use of federal grant funds *before* obligating and spending those funds on the proposed good or service. All costs supported by federal grant funds must meet the standards outlined in 2 C.F.R. Part 200, Subpart E, which are provided in the bulleted list below. Departments must consider these factors when making an allowability determination.
- 14.10.1 Be Necessary and Reasonable for the performance of the federal award. Department must consider these elements when determining the reasonableness of a cost. A cost is reasonable if, in its nature and amount, it does not exceed that which would be incurred by a prudent person under the circumstances prevailing at the time the decision to incur the cost was made. For example, reasonable means that sound business practices were followed, and purchases were comparable to market prices.
- When determining reasonableness of a cost, considerations must be given to:
- Whether the cost is a type generally recognized as ordinary and necessary for the operation of the County or the proper and efficient performance of the federal award.
 - The restraints or requirements imposed by factors, such as: sound business practices; arm's length bargaining; federal, state, and other laws and regulations; and terms and conditions of the federal award.
 - Market prices for comparable goods or services for the geographic area
 - Whether the individuals concerned acted with prudence in the circumstances considering their responsibilities to the County, its employees, the public at

large, and the federal government.

- Whether the County significantly deviates from its established practices and policies regarding the incurrence of costs, which may unjustifiably increase the federal award's cost. 2 C.F.R. 200.404.

When determining whether a cost is necessary, consideration may be given to:

- Whether the cost is needed for the proper and efficient performance of the grant program.
- Whether the cost is identified in the approved budget or application.
- Whether the cost aligns with identified needs based on results and findings from a needs assessment.
- Whether the cost addresses program goals and objectives and is based on program data.

- 14.10.2 Allocable to the federal award. A cost is allocable to the federal award if the goods or services involved are chargeable or assignable to the federal award in accordance with the relative benefit received. This means that the federal grant program derived a benefit in proportion to the funds charged by the program. 2 C.F.R. 220.405
- 14.10.3 Consistent with policies and procedures that apply uniformly to both federally-financed and other activities of the County.
- 14.10.4 Conform to any limitations or exclusions set forth as cost principles in Part 200 or in the terms and conditions of the federal award.
- 14.10.5 Consistent treatment. A cost cannot be assigned to a federal award as a direct cost if any other cost incurred for the same purpose in like circumstances has been assigned as an indirect cost under another award.
- 14.10.6 Adequately documented. All expenditures must be properly documented.
- 14.10.7 Be determined in accordance with general accepted accounting principles (GAAP), unless provided otherwise in Part 200.
- 14.10.8 Not included as a match or cost-share, unless the specific federal program authorizes federal costs to be treated as such.
- 14.10.9 Be the net of all applicable credits.
- 14.11 Selected Items of Cost: Part 200 examines the allowability of 55 specific cost items (commonly referred to as Selected Items of Cost) at 2 C.F.R. 200.420-200.475. Do not assume that an item is allowable because it is specifically listed in the regulation as it may be unallowable despite its inclusion in the selected items of cost section. The expenditure may be unallowable for a number of reasons, including: the express language of the regulation states the item is unallowable; the terms and conditions of the grant deem the item unallowable; or state/local restrictions dictate that the item is unallowable. The item may also be unallowable because it does not meet one of the cost principles, such as being reasonable because it is considered too expensive. If an item is unallowable for any of these reasons, federal funds cannot be used to purchase it.

Likewise, it is possible for the state and/or County of put additional requirements on a specific item of cost. Under such circumstances, the stricter requirements must be met for a cost to be allowable. Departments must consult federal, State, and County requirements when spending federal funds.

- 14.12 Contract Specifications: All contracts made by the non-Federal entity under the Federal award must contain provisions covering the following, as applicable:
- a) Contracts for more than the simplified acquisition threshold currently set at \$150,000 must address administrative, contractual, or legal remedies in instances where contractors violate or breach contract terms, and provide for such sanctions and penalties as

- appropriate.
- b) All contracts in excess of \$10,000 must address termination for cause and for convenience by the non-Federal entity including the manner by which it will be affected and the basis for settlement.
 - c) Except as otherwise provided under 41 CFR Part 60, all contracts that meet the definition of “federally assisted construction contract” must include the equal opportunity clause provided under 41 CFR 60-1.4(b), in accordance with Executive Order 11246, “Equal Employment Opportunity” (30 FR 12319, 12935, 3 CFR Part 1964-1965 Comp., p.339), as amended by Executive Order 11375, “Amending Executive Order 11246 Relating to Equal Employment Opportunity,” and implementing regulations at 41 CFR part 60, “Office of Federal Contract Compliance Programs, Equal Employment Opportunity, Department of Labor.”
 - d) When required by Federal program legislation, all prime construction contracts in excess of \$2,000 awarded by non-Federal entities must include a provision for compliance with the Davis-Bacon Act as supplemented by Department of Labor regulations.
 - e) Where applicable, all contracts awarded by the non-Federal entity in excess of \$100,000 that involve the employment of mechanics or laborers must include a provision for compliance with 40 U.S.C. 3702 and 3704, as supplemented by Department of Labor regulations.
 - f) If the Federal award meets the definition of “funding agreement” under 37 CFR 401.2 (a) and the recipient or subrecipient wishes to enter into a contract with a small business firm or nonprofit organization regarding the substitution of parties, assignment or performance of experimental, developmental, or research work under that “funding agreement”, the recipient or subrecipient must comply with the requirements of 37 CFR Part 401 , “Rights to Inventions Made by Nonprofit Organizations and Small Business Firms Under Government Grants, Contracts and Cooperative Agreements,” and by any implementing regulations issued by the awarding agency.
 - g) Contracts and subgrants of amounts in excess of \$150,000 must contain a provision that requires the non-Federal award to agree to comply with all applicable standards, orders or regulations issued pursuant to the Clean Air Act and the Federal Water Pollution Control Act as amended.
 - h) Mandatory standards issued in compliance with the Energy Policy and Conservation Act
 - i) Debarment and Suspension—A contract award must not be made to parties listed on the government-wide Excluded Parties List System in the System for Award Management (SAM), in accordance with the OMB guidelines.
 - j) Byrd Anti-Lobbying Amendment (31.U.S.C.1352) Contractors that apply or bid for an award of \$100,000 or more must file the required certification.
