**Re: Application to Extend Special Use Permit No. UP-942-19 (the "SUP")
1801 Penniman Road (Route 641), York County, Virginia (the "Property")
Our matter number 0175254**

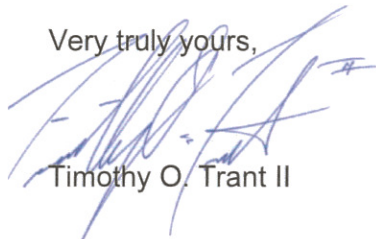

Dear Mr. Cross:

I represent KDC Solar Kings Creek, LLC in connection with the above-referenced SUP. Unfortunately it has taken us much longer than anticipated to position the Property for development of the solar facility due to a variety of factors including acquisition of the Property, resolving matters of title, completing the requisite pre-closing analyses, performing necessary environmental reviews, and coordination with PJM and Dominion Energy.

Please know that we are working diligently towards land acquisition with the EVRIFA, plan preparation, and project commencement but, unfortunately, it could be three more years before construction commences. Accordingly, we are requesting an extension of the time period to establish the use under the SUP to July 1, 2024. Enclosed a check in the amount of \$100.00 which represents the fee associated with such requests.

Thank you for your consideration of this request. Please do not hesitate to contact me if you have any questions.

Very truly yours,

Timothy O. Trant II
