Public Hearing on Redistricting is March 1

The 2020 Census results indicated a disparity in population growth among the County's five districts. Because of this, the County has proposed a redistricting. The proposal, available to view on the [Board of Supervisors website](#), affects the least number of people and is in keeping with the government's guidance of "compact and contiguous." The Board of Supervisors is holding a Special Public Hearing on this item at 6 p.m. on March 1 in the Board Room of York Hall, 301 Main Street (pictured). Citizens are invited to attend and provide their input on the redistricting proposal. Once finalized, any affected voters will be mailed a new voter card with the location of their new polling place.
