I am pleased to inform you that our staff recently participated in the Great American Cleanup, significantly improving our community's cleanliness.

During the event, our team collected 4,900 pounds of trash and retrieved over 30 tires from various locations. This remarkable effort, combined with the County-wide cleanup organized by the County's Department of Public Works, has resulted in the removal of over 15,000 pounds of trash from York County. Additionally, two school beautification projects were successfully completed as part of this initiative. Our employees' dedication and hard work have made a tangible impact on the cleanliness and aesthetics of our communities, further reinforcing our commitment to serving our constituents and preserving our environment.

We want to express our appreciation to all County staff who contributed to the success of this event.
