

# COUNTY OF YORK

## MEMORANDUM

**DATE:** March 29, 2024

**TO:** York County Board of Supervisors

**FROM:** Mark L. Bellamy, Jr., County Administrator

**SUBJECT:** Lighting on Dominion Energy-Yorktown Emissions/Smoke Stack

I want to inform the Board that County staff was recently notified (by Dominion Energy contractor staff) that operation of the lighting on the Dominion Energy-Yorktown emissions/smoke stack will be permanently taken out of service on March 31, 2024. They have indicated that all necessary agencies have been notified. Apparently, this is in preparation for the planned demolition of the emissions/smoke stack.
