

COUNTY OF YORK

MEMORANDUM

DATE: June 28, 2024

TO: York County Board of Supervisors

FROM: Mark L. Bellamy Jr., County Administrator 

SUBJECT: Upcoming Planning Commission Meeting – July 10, 2024

At their July 10th Planning Commission meeting members will receive a presentation from Planning staff on text amendment changes, sometimes referred to as housekeeping amendments. While many of the changes will be very generic such as a correction in a County department's name others will be more substantial. Some of the more significant changes would include signage for elections, capping the size of by-right warehousing, and required traffic impact analysis. We believe viewing the meeting would benefit the Board's understanding of the items included in this package prior to it arriving at a Supervisor's meeting. And for this purpose, we would encourage you to watch on July 10th. The meeting begins at 7pm. This is the only item on their agenda.
