

COUNTY OF YORK

MEMORANDUM

DATE: August 26, 2024
TO: York County Board of Supervisors
FROM: Mark L. Bellamy, Jr., County Administrator
SUBJECT: Impact Aid and Auditorium Renovations

For your general awareness, Dr. Shandor and I have had a conversation about using Impact Aid to facilitate the renovations at select high school auditoriums. The use of Impact Aid requires the Board of Supervisors' concurrence. Impact Aid provides financial assistance to local school systems that are heavily impacted by the presence of military dependent students.

In the event you would like to tour any of these facilities, please let us know, and we can make the arrangements. I would expect additional information on this request in the near term.
