Subject: [EXTERNAL] UPDATE - ACTIVE DEMOLITION: Dominion Energy Yorktown Power Station Decommissioning Update

Good afternoon,

Demolition of our Yorktown Power Station stacks started on Monday, January 20th. A demolition company has removed over twenty feet of walls between the existing notches. It may not be noticeable because the scaffold that is installed for the demolition is lowered as the demolition equipment is moved down.

York County can share original messaging regarding the demolition progress on your social media channels. Dominion Energy continues to monitor our social media channels for posts regarding our Yorktown Power Station demolition.

If you have any questions regarding this project, please let me know.

Thank you
