FY2026 Budget Question/Comment Form

What question(s) would you like to ask regarding the FY2025 Budget?	<ul style="list-style-type: none">- \$0.8 million for "external agencies" - why are York County residents having to pay for Williamsburg Area Transit and the Williamsburg Regional Library? - \$50 million for "capital improvement" - Does this include any new buildings (probably unnecessary)desired by the board? - Are the electric vehicle chargers at the Yorktown Library (or anywhere in the county!) paid for by York County citizens? As a person who doesn't want an electric car, I don't want to be paying for charging other people's vehicles! (Not unless they start buying my gas!)
What comment(s) would you like to leave regarding the FY2026 Budget?	Why am I paying property taxes on my vehicle? I already paid taxes on it when I bought it and I have to pay the state to register it. What benefit am I getting out of paying property taxes on my car to the county? Why can't we do away with property tax on vehicles if you're going to raise the tax on my house so much?

FY2026 Budget Question/Comment Form

What question(s) would you like to ask regarding the FY2025 Budget?

Why are we spending an extraordinary amount of money on Tabb High School for a geothermal solution for temperature control. How many years of heating/cooling bills could YCSD pay with that amount of money?
How is it that we are raising our real estate and personal property tax rates at the same time? You just increased our assessments and now will raise our rates. How ironic.

What comment(s) would you like to leave regarding the FY2026 Budget?

No more taxes. Manage better what we give you.

FY2026 Budget Question/Comment Form

What question(s) would you like to ask regarding the FY2025 Budget? Please quit spending. With increased assessments coming please don't raise taxes. That's a double hit. Enough is enough. Please have every dept propose a 10 percent cut and see what they would do.

What comment(s) would you like to leave regarding the FY2026 Budget? See above. You'll have got to do better. You also need term limits for all boards and committees.

FY2026 Budget Question/Comment Form

What comment(s) would you like to leave regarding the FY2026 Budget?

I would like the BOS know that I heartily endorse the proposed tax increase for York County. It is the bare minimum needed to address the needs of the County to maintain the necessities the County's citizens have come to expect: Highly rated schools that have updated technology and facilities that promote learning, adequate numbers of well trained first responders in both the fire and sheriff's departments, improved economic development programs to increase planned industry and commerce for the County, well maintained infrastructure for community health and safety, County recreational facilities that support and improve quality of life, and the list goes on.

I am well aware of the core of residents who want to do anything possible to reduce taxes. No one likes taxes, but we sure do like what they get us. We moved to York County 30 years ago because it was a pretty upscale upper-middle class community and the amenities it offered. So did my neighbors. Don't let a minority of vocal citizens influence a well developed budget for FY2026.
