FY2026 Budget Question/Comment Form

What comment(s) would you like to leave regarding the FY2026 Budget? I am glad to see there will finally be some tax increases as someone who has lived here for 10 years. York County falls short in investing in community infrastructure and that isn't good for attracting people to live here. Case in point, sidewalks are a rarity in York County. Also, there is an embarrassing amount of trailers for educating our children rather than building space. My own child had 5th grade in one of those trailers. It is not a great working or learning experience. There needs to be more for the citizens who live here. The investment in public safety is higher than it needs to be. I would like to see more invested in the public schools and library. Knowledge is power and both schools and libraries are integral to that.

FY2026 Budget Question/Comment Form

What comment(s) would you like to leave regarding the FY2026 Budget?

I am opposed to the Proposed FY2026 Real Estate Tax Increase. We had a big increase in real estate assessments last year which caused everyone to pay considerable more in taxes. This has been a terrible year, inflation wise. Everyone has had to cut back. The County needs to do the same! This definitely isn't the right time to stick everyone with more payout in taxes. Also, right now there are too many unknowns, such as how much are tariffs going to hurt everyone financially.

FY2026 Budget Question/Comment Form

What question(s) would you like to ask regarding the FY2025 Budget? How can you justify a tax increase in these uncertain times? President Trump has made us all uneasy with his government down-sizing and his proposed tariffs.

What comment(s) would you like to leave regarding the FY2026 Budget? Please postpone any tax increases until the national financial situation becomes more stable.
