

# COUNTY OF YORK

## MEMORANDUM

**DATE:** January 5, 2026  
**TO:** York County Board of Supervisors  
**FROM:** Mark L. Bellamy, Jr., County Administrator  
**SUBJECT:** Website Refresh Launch

Public Affairs is pleased to share the launch of our next **website refresh**, a project designed to elevate the County's online presence, improve usability, and enhance overall experience for residents, businesses, and visitors. As part of this initiative, County staff will benefit from a refreshed *Navigator* Intranet page, making it easier to access internal resources and stay informed. This refresh introduces modernized color palettes and improves visual consistency across several key County websites, while maintaining the familiar navigation structure our users rely on. On Thursday, December 18, the following sites debuted the updated designs:

- <https://www.yorkcounty.gov> – Our primary government website will feature cleaner layouts, refreshed department headers, and improved accessibility elements.
- <http://www.yesorkcounty.com>– Our Economic Development website will receive an upgraded look and feel that better reflects our business-forward, community-focused brand.
- <https://www.yorkcounty.gov/library>– The Library site will launch with a bright, inviting design that showcases updated colors, improved interior layouts, and clearer pathways to services and resources.

As part of our current contract, York County is eligible for a design refresh every three to four years at no additional cost. With four years having passed since our last major update, this project falls within that scheduled no-cost renewal cycle.

Navigation on all sites remains largely the same, with only minor adjustments to streamline user flow and improve searchability. These updates are designed to be seamless for returning users while offering a more contemporary and visually engaging experience. Screenshots of the refreshed designs are included with this memorandum for your information.

If you have any questions, please feel free to contact Public Affairs.
