NEW FOURTH FULL-LENGTH TRAVEL LANE COMPLETED ON WESTBOUND VICTORY BOULEVARD (ROUTE 171)

Construction on westbound right-turn lane extension on Victory Boulevard (Route 171) between George Washington Memorial Highway (Route 17) and Kiln Creek Parkway completed

YORK COUNTY— The Victory Boulevard (Route 171) Widening Project reached a milestone this week with the completion and opening of a fourth full-length westbound travel lane to traffic on Victory Boulevard between Kiln Creek Parkway and George Washington Memorial Highway (Route 17) in York County.

In March 2025, contractor crews with the Virginia Department of Transportation (VDOT) began extending an existing westbound right-turn lane at Kiln Creek Parkway to connect with an existing acceleration lane at the Walmart Supercenter entrance at the corner of Victory Boulevard and George Washington Memorial Highway. This extension creates a fourth full-length travel lane designed to improve safety by lengthening the weave area for motorists traveling to the Kiln Creek community, businesses at the Pavilion at Kiln Creek or the Interstate 64 interchange.

The turn lane extension is part of the ongoing \$4.69 million construction project to widen Victory Boulevard from five to six lanes between George Washington Memorial Highway and Hampton Highway (Route 134). The project includes construction of a third eastbound travel lane between George Washington Memorial Highway and Hampton Highway, a second left-turn lane on eastbound Victory Boulevard to Hampton Highway, traffic signal modifications and a new storm sewer system. Construction is estimated to be complete as early as spring 2026.

For more information on the project, visit the VDOT website at: <https://www.vdot.virginia.gov/projects/hampton-roads-district/route-171-victory-boulevard-widening/>

A fourth full-length westbound travel lane is now open on Victory Boulevard (Route 171) between George Washington Memorial Highway (Route 17) and Kiln Creek Parkway in York County.
