**Bruton High Students...**Please consider taking a minute to complete the 4 short questions below. The York County Board of Supervisors is interested in your opinions! Results of this survey will be shared with them and with County School Division officials as well.

**Thanks for your time and participation!**

**Directions:** For each question below, please circle the one choice that seems best to you. Multi-marks cannot be counted.

**1. What tends to stress you out the most?**  
(please circle only one)

- a. Private life (family, friends)
- b. Balancing time and schedule (between schoolwork, extra-curriculars, family, job, etc.)
- c. Grades
- d. College/Future

**Note:** The following three questions are about opioids. Opioids are a class of drugs that include the illegal drug heroin, synthetic opioids such as fentanyl, and pain relievers available legally by prescription. Prescription opioids are powerful, pain-reducing medications that have benefits only when taken as prescribed. But these drugs, when misused and **illegally** taken **without a personal prescription**, are extremely dangerous and can cause serious harm and/or addiction.

**2. Would you be interested in learning more about opioids and how to help someone who has suffered from an opioid overdose?**  
(please circle only one)

- a. Yes
- b. No

**3. What do you think is the most dangerous opioid?**  
(please circle only one)

- a. Carfentanil
- b. Fentanyl
- c. Morphine
- d. Heroin

**4. Do you believe that opioids are a problem for students at your school?** (please circle only one)

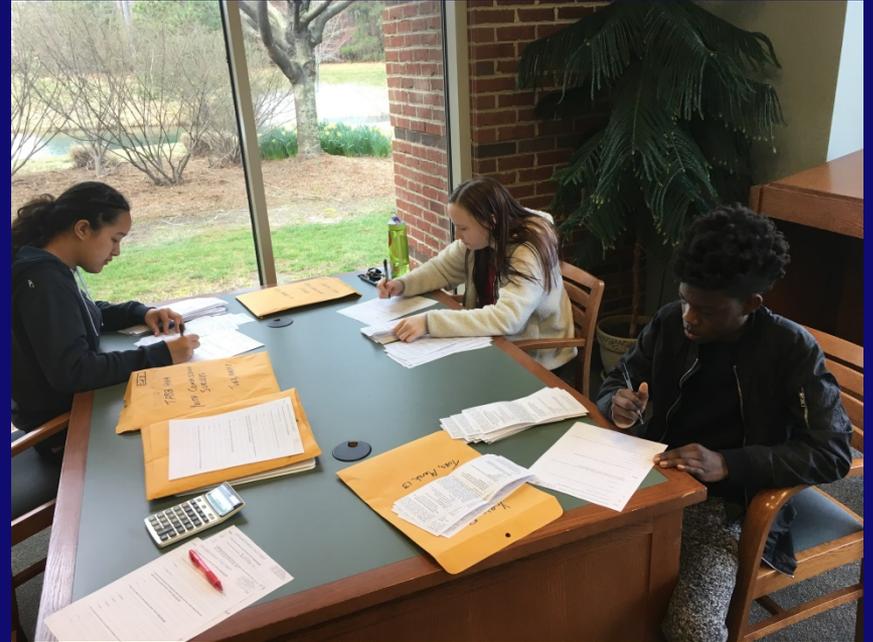

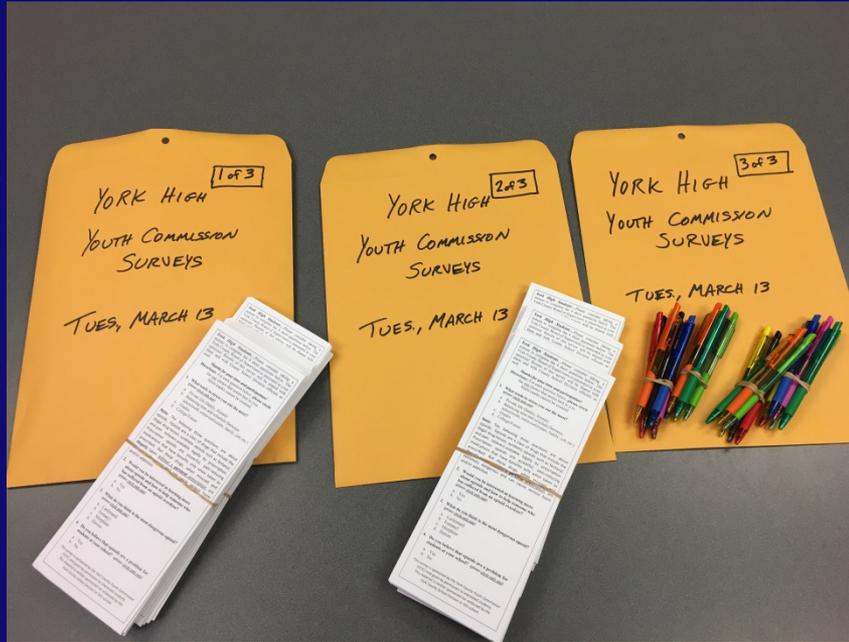

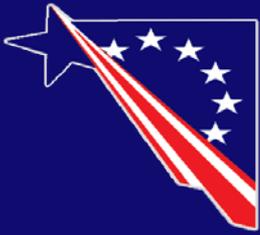

- a. Yes
- b. No

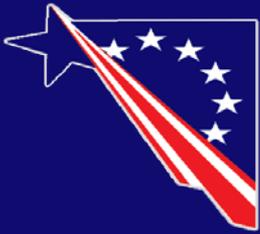

This survey is sponsored by the York County Youth Commission (YCYC) and given by permission to interested students. This material is neither sponsored nor endorsed by the York County School Division or this school.
