All-

Mr. Shepperd mentioned that we should add the “Fish Swim Play” to our website at the BoS meeting the other night. I had already asked staff to add this to our pages and we have it on the Tourism site. I have also asked that they contact the developer to have the NPS Beach Picnic Area and the Yorktown Beach added as points.

Please let me know if you have any questions.

Brian

Hey Brian,
Per your request, we have added the link and logo to the website and it's live on our tourism site.

On the home page, there is now a link to it under “See & Do” top navigation – beneath “On the Water” – which means it also appears on the teal bar for that page.

<https://www.visityorktown.org/276/On-the-Water>

We also added the logo with a link to the site on our Outdoor Fun page all the way at the bottom.

<https://www.visityorktown.org/163/Outdoor-Fun>

Have you been to the link? It's really just an interactive map.
www.fishswimplay.com

Here's York County at a glance (I think I read there are seven access points outlined in that massive report) – I see five I recognize: New Quarter Park, Riverwalk Piers, Colonial National Historical Park, Back Creek Park, Old Wormley Creek Landing

We should incorporate this into our websites some way if you think it is best to do. I know this will be a living site so we should have them add things that may be missing.

Thanks
Brian

Subject: Final Regional Public Access Report

All,

The final document for the *Regional Strategic Plan for Public Access to Waterways* is available to download on our [website](#).

The report as well as FishSwimPlay.com were [presented to the HRPDC board](#) this afternoon and the site is now officially launched. We also had some press on it yesterday on WVEC which you can view [here](#).

The brochures and business cards will be going to print soon. We will have them available for localities at the next Regional Environmental Committee meeting in May. If any other groups are interested in getting some brochures, let me know, and we can coordinate once they come in.

If you would like to help us promote [FishSwimPlay](http://FishSwimPlay.com) either on your website or through social media (or both), I am attaching logos that you can use for that purpose.

Thank you all again for your support on this project. We will stay in touch as we continue to keep the website updated.

Sara
