COMMISSIONER OF REVENUE
YORK COUNTY

Mindi,

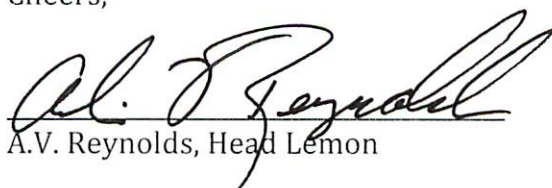

On behalf of all the Larry's Franchise family, I wanted to send our most sincere thank you. You, your staff and in point of fact, every York County employee that I have had the pleasure of coming into contact with has been nothing short of amazing.

One of the primary reasons that we were able to accomplish so much in such a short amount of time is because of the genuine care and hard work that you all provided to us. It has been such a pleasure that I am now considering moving all LHLB operations to include our future manufacturing plant that we are currently preparing to move forward with to York County, as it has been an absolute pleasure to do business here thus far. (I like it so much that I just bought a home in Seaford☺).

We will ensure that we are good neighbors and always have in our culture here that we are located in a very sensitive and historic area. I recognize the gift granted to me to own a business in such a magnificent location that just also happens to be feet away from where it all started for us.

If there is ever anything that my staff or I can do to assist you all in any way, do not hesitate to contact me. Again, Thank you and if you would be so kind, please share this with all the York County employees and officials that have truly been a part of making a dream come true for us.

Cheers,

A.V. Reynolds, Head Lemon
